Supervisor Power: I would answer that, Mr. Chairman, that in so far as I am concerned, there has been no delay, except what should be in accordance with conservative action on the part of this Finance Committee in handling the City's funds. We have set aside \$275,000 to construct the tracks in the tunnel, which has been available, as the Chief and yourself and members of this Board know. There has been no delay, in so far as our recommendation is concerned, in getting the funds available to go through that tunnel. But I repeat, the wise thing to do is to deal with the entire problem, because I say those people, if we take them through the tunnel, will be confronted with this situation: suppose we only build as far as Van Ness and Market at this time, and supposing then the same argument that you make now regarding by representing the municipality, instead of being looked upon as representing the United Railroads, were advanced—suppose you come forward with that argument when the plan of double tracking from Van Ness to Third street is up, and then you place members of this Board who do not favor that double tracking from Van Ness to Third, perhaps, in the same light that some of us are placed in now, that do not favor double tracking from Church to Van Ness. The result would be that these people, if the same argument is made, and this Board should take action on double tracking Market, then we know there is going to be a referendum on it, and we know then these people are only going to get service to Van Ness and Market—

The Mayor: Why worry about that thing now?

Supervisor Power: I am not worrying about it, but trying to deal with this thing as one problem, and I think that is the way it should be. You are insisting on our carrying out the mandate of the people, that I claim has been carried out. The intention of the building of the Church street road was, to my way of thinking, to give service to these people, whether it be by double tracks, or, on Market street on the tracks of the United Railroads. I contend here that

with the expenditure of \$641,000 instead of \$575,000 that you say—with the expenditure of this \$143,000 about the estimate for the Church street road, that we have carried out the mandates of the people, in so far as the bond expenditure is concerned. The next thing is to give this service to those people as quickly as we possibly can, and with the least possible future expense, in view of our previous expenditures on the Church street road. That is what I think, and that is my position, and that is why I have taken the stand here that I do not think we can do that—give them the expenditures that we should necessarily, if we expend an additional \$119,000.

Supervisor Wolfe: Is the chair going to discuss this matter further?

The Mayor: With the Board's permission, I catch Mr. Power's position, but I would like to answer Mr. Gallagher in regard to his question about the chartering and owning of the ship, and Mr. Power's question about solving the whole problem at once. If I could only charter or own, and I had to choose between the two, I would own. If I could both charter and own, I would both charter and own. And when I got through with the charter, I would then proceed with the ownership.

Now, with Mr. Power's proposition of trying to solve it all, if he were a ship owner or an automobile builder—

Supervisor Power: I am the son of a ship builder.

Supervisor Gallagher: He is worse than that.

Supervisor Power: That merely indicates that I am making more money in tires than Andy is in gasoline.

The Mayor: Simply, Mr. Power, because you aspire to own the whole of the Pierce Arrow factory, or the whole of the Ford factory, or the whole of the Overland factory, is that any reason why you should stand still while you are trying to plan for the ownership of those great big factories? Why would you not continue going just as fast as you could, step by step, and ultimately own the Pierce Arrow factory, starting from your own business?

Supervisor Power: I must answer that.

Supervisor Wolfe: For further advertisement, see small bills, Mr. President.

Supervisor Power: I want to repeat that I think the wise thing to do is to go along conservatively. I take it that if you had a ship that there was a suit over, that you would probably prefer to enter into a charter of that

ship, and rather feel that you had possession of it than to take chances on that suit. Our chances here for being reversed on the suit may be nil. But I think the wise thing to do on this is at least to enter into an agreement pending the final decision of the Supreme Court of the United States on our rights to the use of the street—to put those four tracks down.

Supervisor Wolfe: That is the best point you have made, Supervisor.

(The question was called for from the floor.)

The Mayor: The question before you, gentlemen, is, Shall further consideration of the final passage of this resolution be deferred until a week from next Monday. That is, the question is on the postponement. Call the roll, Mr. Clerk.

(Roll Call. Ayes—Supervisors Gallagher, Hayden, Hynes, Nolan, Power—five. Noes—Supervisors Brandon, Deasy, Hilmer, Hocks, Kortick, Lahoney, McLeran, Nelson, Walsh, Welch, Wolfe—eleven.)

The Mayor: The motion is lost. The question now before the Board is on the final passage of the resolution. Are you ready for the question? Call the roll, Mr. Clerk.

Supervisor Nelson: Will there be any question about this being illegal, Mr. Chairman, it being after 12 o'clock?

The Mayor: No. I have asked the City Attorney about that.

Supervisor Power: Before we take a vote on this, I would ask that the record taken here be made a part of the journal of our proceedings.

Supervisor Gallagher: The whole thing?

Supervisor Power: Yes.

Supervisor Gallagher: I think that can be cleared up after the vote.

Supervisor Power: I think it ought to be settled now, or ought to be eliminated, for the reason that the members of the Finance Committee are on record here in regard to this matter, and I think the record should be properly preserved. We want our reasons in the record.

The Clerk: Do I understand that you want it printed in the journal, or just have the transcript preserved?

Supervisor Walsh: I think it should be printed in the journal.

The Mayor: It is an excellent record and will be serviceable in the future.

Supervisor Power: I suggest that the record be printed in full.

The Clerk: It will be printed in full in the journal.

The Mayor: Proceed with the roll call on the motion, Mr. Clerk. The motion is on final passage of the resolution.

(Roll Call. Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Nelson, Nolan, Power, Walsh, Welch, Wolfe—sixteen.)

Explanation of Vote.

Supervisor Power said:

I am voting Aye after a majority of the Board has deemed it advisable to defeat my motion to delay final passage for one week. I deemed this delay very advisable in view of the statement I made to the Board of Supervisors relative to the finances of the Municipal Railways, and the further fact that the United Railroads officials seem desirous of allowing the use of their tracks on Market street, but I bow to the will of the majority and vote for the resolution, although I do so somewhat against my better judgment.

The Clerk: Sixteen ayes and two absent, Mr. Mayor.

The Mayor: The ayes have it, and it is so ordered.

ADJOURNMENT.

There being no further business the Board adjourned.

J. S. DUNNIGAN,

Mayor to Sell Auxiliary Water System Pipe.

Whereas, The Board of Public Works has filed a letter reading, in part, as follows:

February 1, 1917.

Board of Supervisors,

Gentlemen: By Resolution No. 50799 (Second Series), adopted January 29, 1917, the Board of Public Works recommends that the Board of Supervisors authorize his Honor the Mayor to sell at public auction the following material now stored in the Pipe Yard of this Department at Sixth and Hubbell streets on space required for railway materials during the construction of further railway extensions:

Approximately 45 tons Class A bell and spigot cast-iron pipe.

This class of pipe will not be required in any of the proposed extensions of the "Fire Protection System."

The proceeds of the sale of the pipe to be credited to the 1908 Fire Protection Bond Fund.

Very respectfully,

BOARD OF PUBLIC WORKS.

(Signed) By F. J. CHURCHILL,
Secretary.

Therefore be it

Resolved, That the Mayor is hereby authorized and requested to sell said pipe at public auction.

Board of Public Works to Pave Between Rails of Ocean Shore Railway.

The following motion of Supervisor Power heretofore made and laid over for consideration until this meeting was taken up, and on being informed that work was already commenced, said resolution was withdrawn, to-wit:

"That Board of Public Works repair Twelfth street alongside the rails and between tracks where needed and charge cost to the Ocean Shore Railroad Company."

Amending Building Law Relating to Use of Gas Heaters.

On motion of Supervisor McLeran: Resolution No. 4491, Ordinance No. — (New Series), as follows:

Amending Ordinance No. 1008 (New Series) known as the "Building Law" of the City and County of San Francisco by adding a new section thereto, and to be designated Section 252A.

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. Ordinance No. 1008 (New Series) known as the "Building Law" is hereby amended by adding a new section thereto, as follows:

Section 252A. Gas grates or gas logs shall not be placed in any building elsewhere than in a fireplace constructed as described in this Ordinance or in a recess constructed with not less than four-inch back, breasts, top and bottom of solid masonry. If placed in a fireplace they shall be connected to a brick or terra cotta chimney. If placed in a recess they shall be vented with a terra cotta vent as prescribed in this Ordinance or connected to a chimney. And it is further provided that any gas appliance other than a gas grate or gas log recessed in or attached to the wall or partition of any building or room, where such gas appliance is intended to be used for heating the building or room, shall be installed as provided for gas logs or gas grates. Except that in the case of gas appliances used for heating the building or room, if the flame is enclosed in a cast iron box in lieu of the masonry backing required in this section a ventilating space of not less than 1 inch in thickness may be used. Such ventilated air space shall be built of No. 24 galvanized iron and set not less than 1 inch from all woodwork.

And further provided in the case of heating appliances which use an illuminating flame and are directly connected with the outside air by not less than a 3-inch air intake the cast iron fire box and vent herein required may be omitted. And it is absolutely prohibited to use any type of Bunsen flame in any heating appliance except as hereinbefore provided.

The use of gas burners, gas registers, auxiliary gas heaters when located in the floor of any building or room or outside the fire pot of any heating furnace when used for heating any building or room are hereby prohibited if the products of combustion

are allowed to escape into the room except where an illuminating flame is used. All such heating devices shall be installed as provided for gas grates.

No gas water heater or gas water boiler shall be placed in any recess unless the front of the recess is either open or freely vented at the top and bottom; such recess shall be completely lined with metal lath and plaster or asbestos covered with galvanized iron and shall have not less than six (6) inches clearance all around said heater. In every room provided with gas appliances there shall be provided an air inlet independent of doors and windows.

Section 2. This Ordinance shall take effect immediately.

Closing and Abandonment of Portions of Jefferson and Tonquin Streets.

Supervisor Welch presented:

Resolution No. 14210 (New Series), as follows:

Whereas, This Board has by Resolution No. 14052 (New Series) declared its intention to close and abandon portions of Jefferson and Tonquin streets hereinafter more particularly described; and

Whereas, Proper notice of said Resolution and of said proposed closing and abandonment of said portions of said streets was duly given by the Board of Public Works of said City and County by publication and posting in the manner provided by Section 3 of Chapter III of Article VI of the Charter of this City and County; and

Whereas, More than ten (10) days have elapsed after the expiration of the time of publication of said notice; and

Whereas, No objections to the said closing and abandonment of said portions of Jefferson and Tonquin streets were made or delivered to the Clerk of this Board within said period of ten (10) days, or at all; and

Whereas, It is the opinion of this Board that the public interest and convenience will be conserved by the closing and abandonment of said portions of said Jefferson and Tonquin streets; and

Whereas, The said work is for closing up of said portions of said Jefferson and Tonquin streets, and it

appears that no assessment is necessary therefor; now therefore, be it

Resolved, That the said closing and abandonment of said portions of said Jefferson and Tonquin streets be, and the same are hereby ordered, and the said portions of said Jefferson and Tonquin streets be, and the same are hereby closed and abandoned as public streets;

That said portions of said Jefferson and Tonquin streets hereinabove referred to are more particularly bounded and described as follows:

Parcel "A." Commencing at the point of intersection of the easterly line of Webster street and the southerly line of Tonquin street; thence easterly along the southerly line of Tonquin street 412.5 feet to the westerly line of Buchanan street; thence northerly along the westerly line of Buchanan street 68.75 feet to the northerly line of Tonquin street; thence westerly along the northerly line of Tonquin street 412.5 feet to the easterly line of Webster street; thence southerly along the easterly line of Webster street 68.75 feet to the southerly line of Tonquin street, the point of commencement.

Parcel "B." Commencing at the point of intersection of the easterly line of Webster street and the southerly line of Jefferson street; thence easterly along the southerly line of Jefferson street 98.309 feet to the southwesterly line of the proposed Marina Boulevard; thence northwesterly along the southwesterly line of the proposed Marina Boulevard 92.878 feet to the northerly line of Jefferson street; thence westerly along the northerly line of Jefferson street 35.862 feet to the easterly line of Webster street; thence southerly along the easterly line of Webster street 68.75 feet to the southerly line of Jefferson street, the point of commencement.

Parcel "C." Commencing at the point of intersection of the westerly line of Buchanan street and the southerly line of Jefferson street; thence westerly along the southerly line of Jefferson street, 179.096 feet to the northeasterly line of the proposed Marina Boulevard; thence northwesterly along the northeasterly line of the proposed Marina Boulevard 92.878 feet to the northerly line of Jefferson street; thence easterly along the northerly line of Jefferson street 241.543 feet to the westerly line of Buchanan street; thence southerly along the westerly line of Buchanan street 68.75 feet to the southerly line of Jefferson street, the point of commencement.

Further Resolved, That the Clerk of this Board transmit a certified

copy of this Resolution to the Board of Public Works, and that the Board of Public Works be instructed to proceed thereafter as required by law.

Adopted by the following vote:

Ayes—Supervisors Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

Absent—Supervisors Brandon, Gallagher—2.

Extension of Time.

Supervisor Welch presented:

Resolution No. 14211 (New Series), as follows:

Resolved, That Federal Construction Company is hereby granted an extension of sixty days' time from May 4, 1917, within which to complete contract for the improvement of Harold avenue, between Ocean and Grafton avenues.

This *first* extension of time is granted upon the recommendation of the Board of Public Works, for the reason that the sewer is completed, and a portion of the concrete curbs and concrete base has been constructed, and contractor is now engaged in grading in rock between Holloway and Grafton avenues.

Adopted by the following vote:

Ayes—Supervisors Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

Absent—Supervisors Brandon, Gallagher—2.

Also, Resolution No. 14212 (New Series), as follows:

Resolved, That Owen McHugh is hereby granted an extension of ninety days from April 28, 1917, within which to complete contract for the improvement of Balboa street, between Twenty-eighth and Twenty-ninth avenues, under public contract.

This *second* extension of time is recommended by the Board of Public Works for the reason that the grading has been done, with the exception of a small amount on the north side. At present no work is being done, but the petitioner is at work on another public contract two blocks to the west on Balboa street, and the two contracts are being handled as one.

Adopted by the following vote:

Ayes—Supervisors Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

Absent—Supervisors Brandon, Gallagher—2.

Approval of Map, Claremont Court.

Supervisor Welch presented:

Resolution No. 14213 (New Series), as follows:

Whereas, The Board of Public Works did by Resolution No. 50853 (Second Series), approve map entitled "Map of Blocks 2975, 2988 and 2989, Claremont Court Parcel 2, San Francisco, California", now, therefore

Resolved, That the map entitled "Map of Blocks 2975, 2988 and 2989, Claremont Court Parcel 2, San Francisco", is hereby approved, in accordance with the provisions of the Charter of the City and County of San Francisco, and in compliance with the provisions of an Act entitled "An Act to amend sections one, two, three, four, six, eight and nine of an Act requiring the recording of maps of subdivisions of lands into lots for the purpose of sale and prescribing the conditions on which such maps be recorded and prohibiting the selling or offering for sale of land by reference to said maps unless the same are recorded", approved March 15, 1907, and repealing conflicting acts. (Approved June 11, 1913; in effect August 10, 1913.)

Adopted by the following vote:

Ayes—Supervisors Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

Absent—Supervisors Brandon, Gallagher—2.

Approving Bond Covering Unpaid Taxes, Claremont Court.

Supervisor Welch presented:

Resolution No. 14214 (New Series), as follows:

Resolved, That the bond filed with this Board by Alfred L. Meyerstein and G. H. Umbesen in the sum of One Thousand Dollars, which sum is hereby fixed by this Board and conditional upon the payment of all taxes which are now a lien and not yet payable against the tract of land shown on map entitled "Blocks 2975, 2988 and 2989, Claremont Court, Parcel 2, San Francisco, California", is hereby approved and the Clerk of this Board is hereby directed to endorse a certificate on said map, that a bond has been filed with this Board as provided in Section 3 of an Act entitled "An Act to amend sections one, two, three, four, six, eight and nine of an Act requiring the recording of maps of subdivisions of land into lots for the purpose of sale and prescribing the conditions on which such maps may be recorded and prohibiting the selling or offering for sale of land by reference to said maps unless the same are recorded", approved March

15, 1907, and repealing conflicting Acts. (Approved June 11, 1913; in effect August 10, 1913.)

Adopted by the following vote:

Grades be changed and established at points and elevations as above shown.

The Board of Supervisors hereby declares that no assessment district is necessary as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this Resolution of Intention.

Adopted by the following vote:

Ayes—Supervisors Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

Absent—Supervisors Brandon, Gallagher—2.

Garbage Disposal.

Considering and hearing resolutions and motions as follows, fixed for 3 p. m. this day, proceeded:

Resolution No. — (New Series), as follows:

Resolved, That the City and County of San Francisco immediately pay the balance due on the purchase price of the Sanitary Reduction Works, to-wit: the sum of fifty thousand (\$50,000) dollars, and that thereupon the City shall take possession of said plant, and

Resolved, That the City Engineer and the Board of Public Works are hereby directed to place the said Sanitary Reduction Works in sanitary condition and operate the same, and further

Resolved, That the Clerk of this Board is hereby directed to prepare the necessary resolutions and ordinances to carry out the purposes of this resolution.

Substitute for the Whole.

Supervisor Mulvihill offered the following substitute for the whole:

Resolution No. — (New Series), as follows:

Whereas, The two proposals for disposal of garbage now pending before the Board of Supervisors contemplate dumping of refuse in certain sections, and

Whereas, The dumping of garbage is an antiquated and obnoxious method of disposing of garbage, and the present incinerator operated by the Sanitary Reduction Works is a nuisance by reason of the smoke, offensive odors and fumes; and scavenger wagons gathering in the neighborhood of the Potrero District cause great annoyance and is a menace to the health of the immediate neighborhood, and

Whereas, the cities of Los Angeles, San Diego and St. Louis are disposing of garbage very satisfactorily by segregation of wet and dry refuse, and incinerating the dry garbage and converting the wet garbage into use by reduction process and

Whereas, The method of segregating garbage in San Francisco might be successfully and economically followed after careful and thorough investigation, and without additional expense to the householder.

Resolved, That the pending bids for the disposal of garbage be and they are hereby rejected, and certified checks be returned to the makers thereof; and be it

Further Resolved, That his Honor the Mayor is hereby requested to appoint a special committee, consisting of three Supervisors and the Health Officer, to investigate and report upon the feasibility and desirability of instituting the separate garbage collection and the disposal of the wet and dry garbage by such process as will avoid nuisance to the people and injury to property in any part of San Francisco.

Question being on the substitute for the whole.

Privilege of the Floor.

Hiram W. Johnson Jr., in answer to a statement by one of the members of the Board to the effect that the city should not tie itself up with a contract at this time, when experiments in Los Angeles and other cities of the United States are demonstrating that valuable by-products are being obtained from the reduction of garbage, stated: "This proposed contract is not a finality. We are only acting on the bid at the present time. When the City Attorney prepares the contract my client is agreeable that a provision shall be inserted therein to the effect that the said contract may be annulled or revoked at any time the city officials feel that our method constitutes a public nuisance or that the city can better advantage itself by handling the incineration or reduction of garbage itself."

But, he said, Seattle has tried a number of experiments. It has tried sea dumping. It has tried incineration and at one time had five incinerators working, but it has finally come to the method we now propose as the most satisfactory and economical method of garbage disposal.

F. P. Smith, 1523 Twenty-eighth avenue, Oakland, also addressed in criticism of Supervisor Gallagher, alleging on his part discrimination against himself as a former bidder and favoritism toward Mr. Johnson's client. Mr. Smith was duly sworn as

to his remarks in this regard and a stenographic report of his statement is on file in the Clerk's office.

Wm. Humphreys, attorney, representing property owners opposed to the continued operation of the present Sanitary Reduction Works, also addressed the Board. He asked the Board to redeem its promise and close down the present incinerator. "I am sorry," he said, "that any criticism should be made against the character of any member of the Board of Supervisors. I believe you are doing the very best you can for the welfare of this community in the difficult problem you have before you. There has never been a time when we were not accorded fair and honest treatment by the members of this Board—by Mr. Gallagher in particular. And anything you do in this regard we cannot feel but that it will be based upon the honest opinion of honest men."

E. P. Jones, representing the City Engineer's office, explained the position of the City Engineer's office regarding the pending bid, and the result of his investigation in Seattle.

A. G. Boggs also addressed the Board.

M. Butnell was also granted the privilege of the floor. He called attention to the latest methods that have been devised for obtaining valuable by-products from garbage. The British army kitchens, he said, at this time are making glycerine out of army kitchen garbage. He warned the Board against entering into a garbage or street sweepings contract of such a nature that the city could not avail itself of the valuable advantages of prospective developments in this line of investigation.

Mr. Murry, representing the Western Meat Company, renewed his protest made at a previous meeting against dumping garbage east of Third street.

Motion.

Supervisor Mulvihill moved that his resolution be segregated and a vote be taken on the latter part.

So ordered.

Adopted.

Thereupon, the following was adopted:

Resolved, That the pending bid for the disposal of garbage is hereby rejected and the Clerk is directed to return certified check to maker thereof.

Ayes—Supervisors Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Walsh, Welch—10.

Noes—Supervisors Brandon, Gallagher, McLeran, Nelson, Power, Wolfe—6.

Absent—Supervisors Nolan, Suhr—2.

Notice of Reconsideration.

Before the foregoing result was announced, Supervisor Gallagher changed

his vote from *No* to *Aye* and gave notice that he would move for a reconsideration at 3 p. m. next meeting and requested that there be a call of the Board.

Consideration of Laundry Ordinance.

Supervisor Hayden declared that he expected to be out of town for a few days and, therefore, requested that the Laundry Ordinance be put on the Health Committee calendar for Thursday, April 26, 1917, at which time he will be able to attend.

Supervisor Power's Explanation Regarding Board of Public Works Pay Roll.

Supervisor Power stated that a statement in the newspapers regarding a difference between the Board of Public Works and the Board of Supervisors regarding the holding up of the Board of Works pay roll called for some explanation. The pay roll referred to, he said, was not presented to the Finance Committee at all by the Board of Public Works. The Civil Service Commission submitted it to the Finance Committee after receiving it from the Board of Public Works. We make this statement in order that the Finance Committee will not be held liable to delay in payment. Half of Mr. Levy's salary was taken from the Municipal Railway Fund, and for that reason we held it up.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

San Francisco Land at Hunters Point to be Offered U. S. Government for Navy Base.

Supervisor Kortick presented:
Resolution No. 14216 (New Series),
as follows:

Whereas, The City and County of San Francisco is the owner of two blocks of land located within the district desired to be secured by the Government of the United States for the purpose of establishing a Naval Base; therefore,

Resolved, By the Board of Supervisors of said City and County that whenever said Government of the United States declares its intention to locate the proposed Naval Base at Hunter's Point that the City and County will convey to it its title in and to said lands without cost and without conditions.

Adopted by the following vote:

Ayes—Supervisors Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

Absent—Supervisors Brandon, Gallagher—2.

Municipal Concert.

Supervisor Brandon presented:

Resolution No. 14218 (New Series),
as follows:

Resolved, That the Exposition auditorium be reserved on Thursday evening, April 26, 1917, for the purpose of holding a Municipal Orchestra concert under the usual conditions and supervision of the Auditorium Committee.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Holmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nolan, Power, Walsh, Welch, Wolfe—16.

Absent—Supervisors Nolan, Suhr—2.

Flag Pole on Twin Peaks.

Supervisor Power presented:

Resolution No. 14219 (New Series),
as follows:

Whereas, There is available at the Exposition site one or two massive flag poles which might be secured by the City, and

Whereas, If same were secured and placed on Twin Peaks with the American flag flying therefrom, and

Whereas, If reflectors were so erected that the light was concentrated on the flag it would produce a most inspiring sight; therefore be it

Resolved, That the Lighting Committee of this Board be and is instructed to make the necessary arrangements to secure one or more of said poles, secure the flag and have the necessary light installed.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nolan, Power, Walsh, Welch, Wolfe—16.

Absent—Supervisors Nolan, Suhr—2.

Contributions for Soldiers.

Supervisor Mulvihill presented:

Resolution No. — (New Series),
as follows:

Whereas, An important duty devolves upon the people of San Francisco to see that the members of the National Guard, the Naval Reserve and the young men enlisting in the United States service are supplied with all the material things necessary for their comfort and welfare, and

Whereas, The dependent families of our enlisted men should be looked after as to the placing of members of the families in available positions, and also see that they receive the needed comforts and necessities of life, therefore be it

Resolved, That the Mayor be requested to appoint a committee of one hundred citizens for the purpose of

soliciting contributions for the use of the enlisted men and their dependent families, and said committee to have full charge and direction in the expenditure of the funds.

Referred to Public Welfare Committee.

ADJOURNMENT.

There being no further business, the Board at the hour of 6:50 p. m. adjourned.

J. S. DUNNIGAN,
Clerk.

Approved by the Board of Supervisors April 23, 1917.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing are true and correct copies of the Journal of Proceedings of said Board of the dates thereon stated, and approved as above recited.

San Francisco's Co-operation in War Measures.

Mayor Rolph presented letters from President Wilson and Assistant Secretary of War Ingraham thanking him for the co-operation pledged by the people of San Francisco at the mass meeting last week and asking him to convey his thanks to the people.

The letters follow:

The White House, Washington.

April 11, 1917.

My Dear Mayor Rolph:

I am greatly heartened and cheered by the message which you transmitted to me from the people of San Francisco, and I hope that you will convey to them an expression of my deep appreciation of their pledge of loyalty.

Thanking you warmly for your courtesy, I am,

Cordially and sincerely yours,

(Signed) WOODROW WILSON.

War Department, Washington.

Mr. James Rolph, Jr., Mayor of the City of San Francisco, San Francisco, California.

Dear Sir:

I beg leave to acknowledge the receipt of your communication of recent date and to thank you for the generous offer of the municipal government of San Francisco. The Department appreciates the patriotic spirit of San Francisco, and assures you that your communication has been preserved for reference should need arise.

Faithfully yours,

(Signed) WM. M. INGRAHAM,

Assistant Secretary of War.

Card From President.

The White House,
Washington.

The President thanks you cordially for the good will which prompted your

kind message, which has helped to reassure him and keep him in heart.

Read and ordered printed in the *Journal*.

Privilege of the Floor.

Commander B. G. Barthalow, U. S. N., was presented by his Honor Mayor Rolph. He said: "I called on the Board with a request from Secretary of the Navy Josephus Daniels that the city co-operate in obtaining recruits for the Navy."

The Public Welfare Committee of the Board will meet with Barthalow next Thursday to discuss plans to increase the naval enlistment in San Francisco.

Communications.

The following matters were presented, read, ordered printed in the *Journal* and referred to the *Public Welfare Committee*:

San Francisco, Cal.,

April 16, 1917.

Hon. Board of Supervisors, City Hall, San Francisco.

Gentlemen: I am handing you herewith copies of two telegrams relating to the desire of the people of San Francisco to co-operate with the National Government during the present crisis. The first is a telegram sent by the Mayor to Honorable Josephus Daniels, Secretary of the Navy. The second is his reply thereto received by the Mayor.

These copies of telegrams are placed in your hands in order that the telegrams from Secretary Daniels may be referred to the proper committee of your Board.

Yours very truly,

EDWARD RAINEY,
Secretary to the Mayor.

Telegrams.

San Francisco, April 6, 1917.

Secretary of the Navy,
Washington, D. C.

The Municipal Government of San Francisco is anxious to cooperate with the National Government in this crisis, and, as Mayor of the City of San Francisco, I offer the assistance of the City Administration for any services that you may require.

JAMES ROLPH, JR.,

Mayor of the City and County of San Francisco.

Washington, D. C., April 13, 1917.

Hon. James Rolph, Jr.,

Mayor of City and County of San Francisco, Calif.

Department thanks you for your patriotic offer of April sixth to co-operate with National Government. Department believes best method for citizens of your City to co-operate at this time is to aid in obtaining recruits for the Navy and suggests that you and the City Administration lead

in this most important work. Your offer has been referred to Lieutenant Commander B. G. Barthalow, Recruiting Inspector, 703 Market street, San Francisco, with instructions to confer with you.

JOSEPHUS DANIELS.

HEARING OF APPEALS.

Thomas Avenue.

Hearing of appeal of property owners from the action and decision of the Board of Public Works in overruling the protest of property owners against the improvement of Thomas avenue, between Railroad avenue and Lane street, and the improvement of Underwood avenue and Lane street by construction of stone sidewalks of the full official width, fixed for 3 p. m. this day.

Privilege of the Floor.

J. A. Olsen, Attorney, representing protesting property owners, protested against the assessment on the ground that present conditions do not warrant improvements at this time.

Mr. Spiegel, property owner, opposed any further delay in the improvement.

Adopted.

Whereupon, the following resolution was adopted:

Denial of Appeal, Thomas Avenue.

Supervisor Welch presented:

Resolution No. 14242 (New Series), as follows:

Resolved, That the appeal of property owners from the action and decision of the Board of Public Works in overruling the protest of property owners against the improvement of Thomas avenue between Railroad avenue and Lane street, and the improvement of Underwood avenue between Railroad avenue and Lane street by the construction of artificial stone sidewalks of the full official width be and the same is hereby denied.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

PRESENTATION OF PROPOSALS.

3 p. m.

Water Bonds.

Bonds offered are municipal bonds of the City and County of San Francisco and described as follows:

Water Bonds, issue of 1910, to the amount of \$11,090,000, comprising 11,090 bonds of \$1000 denomination maturing each year as follows: 210 bonds in 1920 to 1925 inclusive, 234 bonds in 1926, 255 bonds in 1927 to 1934 inclusive, 250 bonds in 1935, 255 bonds in 1936 to 1959 inclusive, 240 bonds in 1960, 255 bonds in 1961 and

1962, 226 bonds in 1963 and 210 bonds in 1964.

The bonds offered bear interest at the rate of $4\frac{1}{2}$ per cent payable semi-annually, principal and interest payable at the office of the Treasurer of the City and County of San Francisco, or, at the option of the holder, at the fiscal agency of the City and County in the City of New York. Said bonds, under the law, are exempt from all taxation in the State of California.

Bid.

The following bid and communication were presented, read by the Clerk and referred to the Finance Committee:

1. Anglo London and Paris Bank, certified check \$10,000.

Communication.

Communication — From H. Warfield, President of "The Common People's Party," stating that he intended to bid for \$10 bonds as per Section 10, Article XII, page 173, of the Charter, but was surprised to find that bonds of \$1000 denomination were offered.

Leaves of Absence to Civil Service Employees Who Enlist.

The following was presented and read:

Whereas, In the present crisis through which our country is passing many of the Civil Service employees of the City and County of San Francisco, as well as those whose names are upon the eligible registers of this Commission, may desire to offer their services to the military departments of either the State or Nation; therefore be it

Resolved, That all Civil Service employees of the City and County of San Francisco who enlist in the military service of either the State or Nation be and they are hereby granted an indefinite leave of absence from their respective positions, which leave shall be terminated upon the request of said employee, who will thereupon be restored to his or her position; and be it further

Resolved, That all Civil Service eligibles enlisting in the military service of the State or National be and they are hereby granted exempt waivers to all calls made upon their respective eligible lists, and shall maintain their respective places on said lists during their said service without penalty.

(Adopted by the Civil Service Commission of San Francisco at its regular meeting held April 2, 1917.)

Read and ordered printed in Journal.

REPORTS OF COMMITTEES.

The following committees, by their respective chairmen, presented reports

on various matters referred, which reports were received, read and ordered placed on file:

Fire Committee, by Supervisor Deasy, Chairman.

Streets Committee, by Supervisor Suhr, Acting Chairman.

Section 252A. Gas grates or gas logs shall not be placed in any building elsewhere than in a fireplace constructed as described in this Ordinance or in a recess constructed with not less than four-inch back, breasts, top and bottom of solid masonry. If placed in a fireplace they shall be connected to a brick or terra cotta chimney. If placed in a recess they shall be vented with a terra cotta vent as prescribed in this Ordinance or connected to a chimney. And it is further provided

that any gas appliance other than a gas grate or gas log recessed in or attached to the wall or partition of any building or room, where such gas appliance is intended to be used for heating the building or room, shall be installed as provided for gas logs or gas grates. Except that in the case of gas appliances used for heating the building or room, if the flame is enclosed in a cast iron box in lieu of the masonry backing required in this section a ventilating space of not less than 1 inch in thickness may be used. Such ventilated air space shall be built of No. 24 galvanized iron and set not less than 1 inch from all woodwork.

And further provided in the case of heating appliances which use an illuminating flame and are directly connected with the outside air by not less than a 3-inch air intake the cast iron fire box and vent herein required may be omitted. And it is absolutely prohibited to use any type of Bunsen flame in any heating appliance except as hereinbefore provided.

The use of gas burners, gas registers, auxiliary gas heaters when located in the floor of any building or room or outside the fire pot of any heating furnace when used for heating any building or room are hereby prohibited if the products of combustion are allowed to escape into the room except where an illuminating flame is used. All such heating devices shall be installed as provided for gas grates.

No gas water heater or gas water boiler shall be placed in any recess unless the front of the recess is either open or freely vented at the top and bottom; such recess shall be completely lined with metal lath and plaster or asbestos covered with galvanized iron and shall have not less than six (6) inches clearance all around said heater. In every room provided with gas appliances there shall be provided an air inlet independent of doors and windows.

Section 2. This Ordinance shall take effect immediately.

Intention to Change Grades.

Supervisor Welch presented:

Resolution No. 14234 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points herein-after specified and at the elevations above city base, as hereinafter stated, in accordance with Resolution No. 52111 (Second Series) of the Board of Public Works adopted April 4, 1917, and written recommendation of said Board, filed April 5, 1917, to-wit:

Eighteenth Street.

Northerly line of, at Illinois street, at 3 feet. (The same being the present official grade.)

Southerly line of, at Illinois street, at 3.50 feet. (The same being the present official grade.)

180 feet westerly from Illinois street, at 10 feet.

Nineteenth Street.

Northerly line of, at Illinois street,

at 9.60 feet. (The same being the present official grade.)

Southerly line of, at Illinois street, at 10.60 feet. (The same being the present official grade.)

180 feet westerly from Illinois street, at 20 feet.

Southerly line of, at Third street, at 20 feet. (The same being the present official grade.)

On Eighteenth and Nineteenth streets, between Illinois and Third streets, be changed and established to conform to true gradients between the grade elevations above given therefor.

The Board of Supervisors hereby declares that no assessment district is necessary as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this Resolution of Intention.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch—16.

Noes—Supervisors Brandon, Gallagher, McLeran, Nolan—4.

Absent—Supervisor Hayden—1.

Thereupon the following pending resolutions and subsidiary motions were taken up and disposed of as follows:

Supervisor Walsh's Resolution.

Resolution No. — (New Series), as follows:

Resolved, That the City and County of San Francisco immediately pay the balance due on the purchase price of the Sanitary Reduction Works, to-wit: the sum of fifty thousand (\$50,000) dollars, and that thereupon the City shall take possession of said plant, and

Resolved, That the City Engineer and the Board of Public Works are hereby directed to place the said Sanitary Reduction Works in sanitary condition and operate the same, and further

Resolved, That the Clerk of this Board is hereby directed to prepare the necessary resolutions and ordinances to carry out the purposes of this resolution.

Supervisor Power's Amendment.

Supervisor Power moved as an amendment that the Board of Supervisors declare itself as opposed to the policy of dumping garbage.

Supervisor McLeran's Amendment to the Amendment.

Supervisor McLeran moved as an amendment to the amendment that his report be adopted.

Supervisor Mulvihill's Substitute for the Whole.

Supervisor Mulvihill offered the following substitute for the whole:

Resolution No. — (New Series), as follows:

Whereas, The two proposals for disposal of garbage now pending before the Board of Supervisors contemplate dumping of refuse in certain sections, and

Whereas, The dumping of garbage is an antiquated and obnoxious method of disposing of garbage, and the present incinerator operated by the Sanitary Reduction Works is a nuisance by reason of the smoke, offensive odors and fumes; and scavenger wagons gathering in the neighborhood of the Potrero District cause great annoyance and is a menace to the health of the immediate neighborhood, and

Whereas, the cities of Los Angeles, San Diego and St. Louis are disposing of garbage very satisfactorily by segregation of wet and dry refuse, and incinerating the dry garbage and converting the wet garbage into use by reduction process and

Whereas, The method of segregating garbage in San Francisco might be successfully and economically followed after careful and thorough in-

vestigation, and without additional expense to the householder; and be it

Further Resolved, That his Honor the Mayor is hereby requested to appoint a special committee, consisting of three Supervisors and the Health Officer, to investigate and report upon the feasibility and desirability of instituting the separate garbage collection and the disposal of the wet and dry garbage by such process as will avoid nuisance to the people and injury to property in any part of San Francisco.

Motion.

Supervisor Brandon moved that the entire subject-matter be re-referred to the Public Health Committee.

Motion *lost* by the following vote:

Ayes—Supervisors Brandon, Deasy, Hilmer, Hocks, Hines, Lahaney, Nelson, Suhr—8.

Noes—Supervisors Gallagher, Kortick, McLeran, Mulvihill, Nolan, Power, Walsh, Welch—8.

Absent—Supervisors Hayden, Wolfe—2.

Substitute Resolution Defeated.

The question then being on the balance of Supervisor Mulvihill's resolution as segregated, the same was *refused adoption* by the following vote:

Ayes—Supervisors Lahaney, Mulvihill—2.

Noes—Supervisors Brandon, Deasy, Gallagher, Hocks, Hynes, Kortick, McLeran, Nelson, Power, Suhr, Walsh, Welch—12.

Absent—Supervisors Hayden, Hilmer, Nolan, Wolfe—4.

Motions Withdrawn.

Thereupon, Supervisors Power and McLeran, with the consent of their seconds, withdrew their pending motions.

Consideration of Supervisor Walsh's Resolution.

Thereupon, the original resolution presented by Supervisor Walsh was taken up.

Privilege of the Floor.

E. P. Jones, Assistant City Engineer, was granted the privilege of the floor. In reply to a question as to the cost of putting Supervisor Walsh's plan in effect he said: "To overhaul the plant will cost approximately \$60,000; fuel oil for operating will cost about \$75 per day, or \$125,000 to \$150,000 per year. This does not include labor. Cost for incineration will be about \$1 per ton.

Resolution Defeated.

Thereupon, the question being taken on Supervisor Walsh's resolution, the same was *refused passage* by the following vote:

Ayes—Supervisors McLeran, Walsh, Welch—3.

Noes—Supervisors Brandon, Deasy, Gallagher, Hocks, Hynes, Lahaney,

Mulvihill, Nelson, Nolan, Power, Suhr—11.

Absent—Supervisors Hayden, Hilmer, Kortick, Wolfe—4.

Supervisor Gallagher's Motion.

Supervisor Gallagher thereupon moved that the Mayor be authorized to appoint a committee of five to make as thorough a study of the problem as possible and report back at the very earliest possible date. It being understood that there will be no expense to the city.

Motion *carried* by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hocks, Lahaney, McLeran, Nelson, Nolan, Power, Suhr, Walsh, Welch—12.

No—Supervisor Hynes—1.

Absent—Supervisors Hayden, Hilmer, Kortick, Mulvihill, Wolfe—5.

Supervisor Mulvihill's Motion.

Thereupon, Supervisor Mulvihill moved that the committee so appointed consist of three members of this Board, the City Engineer, the Health Officer and the City Attorney.

Motion *lost* by the following vote:

Ayes—Supervisors Deasy, Hocks, Hynes, Lahaney, Mulvihill, Nelson—6.

Noes—Supervisors Brandon, Gallagher, McLeran, Nolan, Power, Suhr, Walsh, Welch—8.

Absent—Supervisors Hayden, Hilmer, Kortick, Wolfe—4.

Laundry License Ordinance.

Supervisor Gallagher said: "In view of the fact that the Judiciary Committee has had pending before it for over six months an ordinance introduced by me placing a license fee of \$1000 a year on laundries, I move that I be permitted to withdraw said proposed ordinance from consideration and that same be returned to me."

Motion *carried*.

Flags in Public Parks.

Supervisor Nelson presented:

Resolution No. 14244 (New Series), as follows:

Whereas, it is the duty of every citizen to express his determination to support the United States Government in the present crisis, and encourage others to do the same, and such expression of loyalty can be best evidenced by flying the flag of our country, and

Whereas, all departments of the city government should take the lead in this patriotic demonstration; therefore, be it

Resolved, That the Park Commissioners are hereby requested to provide for and fly the flag at Union Square and all other parks within their jurisdiction.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch—16.

San Francisco, April 9, 1917.
Board of Supervisors, San Francisco, Cal.

Gentlemen: In accordance with the provisions of Article XI, Chapter XI, Section 9 of the Charter, and of Ordinance No. 4138 (New Series), directing the sale of a strip of City land on Sloat Boulevard, formerly constituting a part of said boulevard, the undersigned, Mayor, Assessor and chairman of the Finance Committee of the Board of Supervisors of the City and County of San Francisco, constituting the appraisers designated by the said section of the Charter and the above named ordinance, do hereby appraise and find the value of the property described in said Ordinance No. 4138 (New Series) to be the sum of twenty-five thousand two hundred and thirty (\$25,230) dollars.

Respectfully submitted,
JAMES ROLPH, JR.,
Mayor.

JOHN GINTY,
Assessor.
JAMES E. POWER,
Chairman of Finance Committee.

SPECIAL ORDERS—3 P. M.

Dust Proof Railroad Car Ordinance.

The following bill and motion, laid over from a previous meeting and made a Special Order of Business for 3 p. m. this day, was taken up and again laid over for four weeks.

Bill No. —, Prohibiting the receiving or the delivery of any kind by railroads and other common carriers, within a certain portion of the City and County, and prohibiting the receiving or delivering, within said portion of the City and County, of coal, lime, cement, brick, rock, sand or other substance wholly or partially pulverized or from which dust or fine particles may escape, except in containers.

APPEAL FROM STREET ASSESSMENT.

De Haro and Twentieth Streets.

Hearing the appeal of property owners from the assessment issued for the improvement of the crossing of De Haro street and Twentieth street fixed for 3 p. m. this day.

Privilege of the Floor.

The privilege of the floor was granted to protesting property own-

ers who complained of the excessive price asked for the work.

M. Healy, representing the Board of Public Works, explained that the price was the lowest bid, and that the protest as to that should be made before the contract was awarded.

Adopted.

Whereupon, the following resolution was presented by Supervisor Welch and adopted:

Appeal Denied.

Thereupon, Supervisor Welch presented:

Resolution No. 14269 (New Series), as follows:

Resolved, That the appeal of the property owners from the assessment for improving the crossing at Twentieth and De Haro streets be denied, and the assessment confirmed.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch—16.

Absent—Supervisors Gallagher, Wolfe—2.

Standardization of Salaries.

Supervisor Power presented:

Resolution No. 14253 (New Series), as follows:

Whereas, an inspection of the pay rolls of the City will disclose that wide discrepancies exist in the salaries paid to Civil Service employees in different departments for services practically identical; that many employees performing arduous duties are receiving less salaries than those performing less services and that there is an absence of any standardization by which services and compensation can be measured; therefore

Resolved, That the Civil Service Commission be requested, at its earliest convenience, to prepare and submit a plan for the standardization of services, the grading of positions and a schedule of salaries to be paid to all Civil Service employees, together with recommendations as to the means to be taken to make its plan effectual.

Bread Ordinance.

Bill No. — Ordinance No. — (New Series), as follows:

Amending Section 1 of Ordinance No. 2698 (New Series), entitled, "Regulating the sale of bread, meat, coal, milk, cream, butter, ice, hay, straw, grain, mill feed and other commodities and merchandise, requiring inspection by the Sealer of Weights and Measures and providing a penalty for the violation thereof," which amendment provides as follows: That Section 1 of Ordinance No. 2698 (New Series) is hereby amended to read as follows:

Bread.

Section 1. Every loaf of bread made, or procured for the purpose of sale, sold, offered for sale, or exposed for sale in the City and County of San Francisco, shall weigh twelve (12) ounces avoirdupois (except as hereinafter provided), and such loaf shall be considered to be the standard loaf in the City and County of San Francisco. Bread may also be made or procured for the purpose of sale, sold or offered or exposed for sale in double loaves, weighing twenty-four (24) ounces avoirdupois, triple loaves weighing thirty-six (36) ounces avoirdupois, quadruple loaves weighing forty-eight (48) ounces avoirdupois, quintuple loaves weighing sixty (60) ounces avoirdupois and sextuple loaves weighing seventy-two (72) ounces avoirdupois, and in

no other way. A tolerance of two (2) ounces, avoirdupois weight, above the standard weight as herein fixed, shall be allowed on any or all twelve (12) ounce loaves, and a tolerance of four (4) ounces avoirdupois weight above the standard weight as herein fixed, shall be allowed on any and all twenty-four (24), thirty-six (36), forty-eight (48), sixty (60) or seventy-two (72) ounce loaves.

Every maker, baker or manufacturer of bread, every proprietor of a bakery or bakeshop, and every seller of bread in the City and County of San Francisco, shall keep scales and weights, suitable for the weighing of bread, in a conspicuous place in the bakery or bakeshop or store, and shall, whenever requested by the buyer and in the buyer's presence, weigh the loaf or loaves of bread sold or offered for sale.

Section 2. This ordinance shall take effect immediately.

Mayor to Lease Building for Emergency Hospital Garage.

On motion of Supervisor McLeran: Resolution No. 14254 (New Series), as follows:

Resolved, That his Honor the Mayor be and is hereby authorized and requested to enter into a lease in behalf of the City and County with F. L. Zipp for the certain property belonging to said owner, and situate on the northerly line of Ivy avenue, 109 feet 10 inches westerly from the westerly line of Polk street, and immediately adjoining the Emergency Hospital, which is required by the city for hospital garage purposes, upon the following conditions, to-wit:

1. The owner shall erect a garage building on said premises in accordance with plans and specifications prepared by the Board of Public Works, at his own cost and liability, estimated to cost \$2500.

2. The term of lease to the city shall be for a period of ten years at a monthly rental of \$40.00, the city assuming the expense of all water, gas, electricity or other utility used upon the premises, and make all necessary repairs except repairs to roof and repairs by damage caused through fire or the elements.

3. The city shall have the option at any time during the life of the said lease to purchase said land and improvements, the cost of the land, if purchased within the first five years to be \$1800, plus the actual cost of the improvements; should the city elect to purchase after the first five years, the cost of the land shall be the sum of \$2000 plus the cost of the building.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy,

Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Walsh, Welch, Wolfe—17.

Section 3. This ordinance shall take effect immediately.

Resolution Authorizing Execution of Deed By the Mayor and the Clerk of the Board of Supervisors of the City and County of San Francisco to the Western Pacific Railroad Company, a Corporation.

On motion of Supervisor Welch:
Resolution No. — (New Series), as follows:

Whereas, This Board on Monday, the 17th day of April, 1911 (after proceedings theretofore had pursuant to the provisions of Chapter III of Article VI of the Charter of the City and County of San Francisco) duly adopted Resolution No. 7673 (New

Series) closing and abandoning a portion of Texas street and Twenty-second street as in said resolution described; and

Whereas, On the 19th day of April, 1911, said resolution was duly approved by the Mayor of the City and County of San Francisco; and

Whereas, The Western Pacific Railroad Company, a corporation, owns a portion of the real property affected by the said closing and abandoning of said portions of Texas street and Twenty-second street, more particularly described in said resolution, being a portion of the real property affected by the opening of the new street hereinafter referred to; and

Whereas, The Western Pacific Railroad Company, a corporation, has made, executed and delivered to the City Attorney of the City and County of San Francisco its certain deed conveying a perpetual easement and right of way over, on and across portions of the property to be opened in lieu of said portions of Texas street and Twenty-second street closed and abandoned by said Resolution No. 7673 (New Series) as aforesaid for the uses and purposes of public streets in the City and County of San Francisco; and

Whereas, The said new streets so laid out and dedicated to the City and County of San Francisco and described in the deed from the Western Pacific Railroad Company, a corporation, to the City and County of San Francisco, as aforesaid, will and does constitute ample compensation to said City and County for its deed to the portions of said Texas street and said Twenty-second street closed and abandoned as aforesaid and will be of much greater practical value both to the City and County of San Francisco and to the general public.

Now, therefore, the Mayor and the Clerk of the Board of Supervisors of the City and County of San Francisco in the name of said City and County are hereby authorized and directed to execute a deed conveying all the right, title and interest of said City and County in and to the lots, pieces or parcels of land hereinafter more particularly described, formerly portions of Texas street and Twenty-second street closed and abandoned as aforesaid. The deed herein authorized to be executed by the Mayor and the Board of Supervisors of this City and County is not to be delivered or recorded until after the recordation of the deed from the Western Pacific Railroad Company, a corporation, to the City and County of San Francisco now in the custody of the City Attorney in escrow as aforesaid. The property to be described in the deed

herein authorized to be executed is situated, lying and being in the City and County of San Francisco, State of California, and more particularly described as follows, to-wit:

Beginning at the intersection of the southerly line of Twenty-second street with the easterly line of Texas street; thence easterly along said southerly line of Twenty-second street a distance of 71.9 feet to a point; thence on a straight line northwesterly to a point on the northerly line of Twenty-second street distant thereon 27.89 feet easterly from said easterly line of Texas street; thence westerly along said northerly line of Twenty-second street a distance of 27.89 feet to said easterly line of Texas street; thence northerly along said easterly line of Texas street a distance of 41.84 feet to a point; thence in a straight line northwesterly to a point on the westerly line of Texas street distant thereon 161.85 feet northerly from the northerly line of Twenty-second street; thence southerly along said westerly line of Texas street a distance of 161.85 feet to said northerly line of Twenty-second street; thence westerly along said northerly line of Twenty-second street to a point distant thereon 73.44 feet easterly from the easterly line of Missouri street; thence southeasterly on a straight line to a point on the southerly line of Twenty-second street distant thereon 112.97 feet easterly from said easterly line of Missouri street; thence easterly along said southerly line of Twenty-second street a distance of 87.03 feet to the westerly line of Texas street; thence southerly along said westerly line of Texas street a distance of 145.25 feet to a point; thence in a straight line southeasterly to a point on the easterly line of Texas street distant thereon 278.8 feet southerly from the southerly line of Twenty-second street; thence northerly along said easterly line of Texas street 278.8 feet to the point of beginning.

All reference made in the above descriptions as to intersections, lines, points and distances on streets refer to the same as existed prior to the closing and abandonment of portions of Texas and Twenty-second streets, as adopted by Resolution No. 7673 (New Series) of the Board of Supervisors of the City and County of San Francisco.

Blasting Permit.

On motion of Supervisor Welch:

Resolution No. — (New Series), as follows:

Resolved, That J. P. Holland is hereby granted permission, revocable at will of the Board of Supervisors, to explode blasts on Hampshire street, between Division and Alameda streets,

for a period not exceeding ninety days from date of approval of this resolution; provided said permittee shall execute and file a good and sufficient bond in the sum of \$..... as fixed by the Board of Public Works, and approved by his Honor the Mayor, in accordance with Ordinance No. 1204; provided, also, that blasts shall be exploded only between the hours of 7 a. m. and 6 p. m., and that the work of blasting shall be performed to the satisfaction, and under the supervision of the Board of Public Works, and that if any of the conditions of this resolution be violated by the said J. P. Holland, then the privileges and all rights accruing thereunder shall immediately become null and void.

Extension of Time.

Supervisor Welch presented:

Resolution No. 14256 (New Series), as follows:

Resolved, That the City Street Improvement Company is hereby granted an extension of sixty days' time from and after May 14, 1917, within which to complete contract for the improvement of Quesada avenue, between Lane street and a line 225 feet east-erly.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the work has been delayed on account of the inclement weather.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Nolan—1.

Also, Resolution No. 14257 (New Series), as follows:

Resolved, That J. J. Dowling, as agent for the property owners is hereby granted an extension of ninety days' time from and after May 24th, 1917, within which to complete contract for the improvement of Twentieth avenue, between Moraga and Quintara streets, and crossing of Moraga street.

This *second* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the grading, the sewer and the concrete curbs have been constructed, but the work has been delayed by the operations of the United Railroads in reconstructing its track work. This track work has not been completed.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran,

Mulvihill, Nelson, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Nolan—1.

Also, Resolution No. 14258 (New Series), as follows:

Resolved, That Owen McHugh is hereby granted an extension of ninety days' time from and after April 28, 1917, within which to complete contract for the improvement of Twentieth avenue between Lawton and Moraga streets, under public contract.

This *second* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the work is completed with the exception of cleaning up, and the extension of time is required in order that the contract be alive until after the period of protesting the assessment.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Nolan—1.

Also, Resolution No. 14259 (New Series), as follows:

Resolved, That Federal Construction Company is hereby granted an extension of ninety days' time from and after May 21, 1917, within which to complete contract for improving Mangels avenue between Hamburg and Genesee streets, including the crossing of Genesee street.

This *second* extension of time is granted upon the recommendation of the Board of Public Works, for the reason that the work is completed with the exception of the vitrified brick center and the asphalt wearing surface. The work has been delayed on account of the difficulty of obtaining the proper paving brick.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Nolan—1.

Also, Resolution No. 14260 (New Series), as follows:

Resolved, That Federal Construction Company is hereby granted an extension of ninety days' time from and after May 21, 1917, within which to complete contract for the improvement of Genesee street between Sun-yside and Joost avenues.

This *second* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the work is completed, with the exception of the vitrified brick pavement, and the contractors

have had considerable trouble in obtaining paving brick.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Nolan—1.

Also, Resolution No. 14261 (New Series), as follows:

Resolved, That D. O. Church Company is hereby granted an extension of thirty days' time from May 3, 1917, within which to complete contract for curbing and paving Twentieth street between Hampshire street and Potrero avenue.

This *first* extension of time is granted upon the recommendation of the Board of Public Works, for the reason that the City Engineer reports a line and grade diagram has been ordered, and that the contractor has assured the City Engineer that this work will be completed within the additional time requested herein.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Nolan—1.

Also, Resolution No. 14262 (New Series), as follows:

Resolved, That F. R. Ritchie is hereby granted an extension of thirty days' time from May 3, 1917, within which to complete contract for the improvement of Sanchez street between Nineteenth and Twentieth streets, including the crossing of Sanchez and Cumberland streets, and of Cumberland street between Sanchez and Noe streets, under public contract.

This *third* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the concrete wall and paving have been completed, and more than 50 per cent of the sidewalks have been completed. Contractor has been prosecuting the work diligently.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Nolan—1.

Also, Resolution No. 14263 (New Series), as follows:

Resolved, That A. E. Buckman be granted an extension of 60 days' time from April 23, 1917, within which to complete contract for the improvement of Twenty-fifth avenue between Balboa and Cabrillo streets, including the crossings, upon the recommendation of the Board of Public Works.

This *fourth* extension of time is recommended for the reason that the work is 95 per cent completed.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Nolan—1.

Also, Resolution No. 14264 (New Series), as follows:

Resolved, That Raisch Improvement Co., assignee, is hereby granted an extension of thirty days' time from and after May 10, 1917, within which to complete contract for the improvement of Irving street between Forty-second and Forty-third avenues, and crossing of Forty-second avenue.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the grading and concrete curbs have been completed and petitioner is laying the concrete foundation for the pavement.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Nolan—1.

Also, Resolution No. 14265 (New Series), as follows:

Resolved, That Thos. S. Hutton is hereby granted an extension of sixty days' time from May 11, 1917, within which to complete contract for the improvement of Ocean avenue from Howth street to a line 500 feet westerly, including the intersection of Ocean avenue and Howth street.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the work is completed with the exception of the asphalt covering and the artificial sidewalks on the angular corners of the crossing of Ocean avenue and Howth street.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Nolan—1.

Increase of Salary for Municipal Railway Employees.

Supervisor Gallagher presented the following resolution and moved its *adoption under suspension of the rules*:

Resolution No. — (New Series), as follows:

Whereas, the excessive cost of food-stuffs and necessities of life falls with the heaviest burden upon men who work for the lowest wages, and,

Whereas, the laborers in the employ of the City Government have had their wages increased from \$3.00 to \$3.50 per day, and

Whereas, the platform men and the track laborers of the Municipal Railway are in identically the same position with other workmen when their wages do not meet their living expenses; therefore, be it

Resolved, That the Board of Supervisors does hereby recommend that the Board of Public Works increase the wages of the platform men and the laborers of the Municipal Railway system in the same manner that day laborers' wages have been increased.

Referred.

Supervisor Hayden moved as an amendment reference to Finance Committee, Public Utilities Committee, the Board of Public Works and the Mayor for a joint conference and report at Monday's meeting.

Cultivation of City's Lands.

Supervisor McLeran presented:

Resolution No. 14271 (New Series), as follows:

Whereas, the Federal Government has been urging upon the people of this country the advisability of cultivating every available piece of land for truck gardening, and in consequence many private land owners have permitted the free use to energetic persons of their unused properties for such purposes; therefore, be it

Resolved, That the people of our city living in close proximity to the many unused pieces of city land, and not having sufficient facilities in their resident properties, are hereby permitted during this time and for a limited period the use of said unused city lots for the purpose of planting and cultivating so-called truck gardens, to the end that it may assist many deserving and energetic families in the high cost of living, as well as educating our children in an industrious and healthy vocation; and be it further

Resolved, That the Board of Education and the Fire Commission, having supervision over their respective properties, are hereby requested to join in granting such permission.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch—17.

The following were presented and read by the Clerk:

San Francisco, Cal.,

April 26th, 1917.

Hon. Board of Supervisors of the City and County of San Francisco, City Hall, San Francisco.

Gentlemen:

I beg to announce that in accordance with provisions of Ordinance No. 4138 (New Series), and the provisions of Article 2, Chapter II, Section 9 of the Charter of the City and County of San Francisco, I have conducted a sale of the property described in said ordinance, formerly constituting a part of Sloat boulevard.

But one offer was received at said sale, to-wit: the offer of the San Francisco Electric Railways of this City and County, to purchase the said property for the sum of \$25,230. A check

in the amount of 10 per cent of said offer was received at the time said offer was made.

I have accordingly sold the said property to the San Francisco Electric Railways for the said sum of \$25,230, and hereby submit said sale for your confirmation, in accordance with the provisions of the Charter.

I transmit with this letter the original offer received from the San Francisco Electric Railways, together with the deposit check for \$2,523.

Yours very truly,

JAMES ROLPH JR., Mayor.

San Francisco Electric Railways,
Crocker Building.

San Francisco, April 24, 1917.

Hon. James Rolph Jr., Mayor of the
City and County of San Francisco.

Dear Sir:

Subject to the terms and provisions of Ordinance No. 4138 (New Series) of the Board of Supervisors of the City and County of San Francisco, and the terms and provisions of the notice published in accordance with the requirements of said ordinance, the undersigned hereby offers to purchase from the City and County of San Francisco all the real property described in said Ordinance No. 4138 (New Series) belonging to the City and County of San Francisco and formerly constituting a part of Sloat boulevard, for the sum of \$25,230.

A check in the amount of \$2,523, being ten per cent of the amount bid, as required by said ordinance and notice, accompanies this offer. Said check is deposited with the understanding that the same will be returned if this offer is not accepted, and in the event that this offer is accepted will be returned at the time when full consideration for said property is paid by the undersigned.

Respectfully submitted,
SAN FRANCISCO ELECTRIC RAILWAYS. By GEO. K. FORD, President.

Water Service, Columbia Heights District.

Daniel O'Brien, Assistant City Attorney, was granted the privilege of the floor and addressed the Board. He declared that the City Attorney's office was considering a complaint from the property owners in the Columbia Heights District that one Ferraris, who has been supplying them with water, has threatened to discontinue the service at 12 o'clock tonight for the reason that he is losing money by continuing to supply them at the present rates. If Mr. Ferraris can collect \$50 or \$60 additional per month he will continue the service, otherwise no.

Mr. Jones, Assistant City Engineer, also addressed the Board. He said

that he saw no way to prevent the contemplated action, as he believed Mr. Ferraris is acting within his legal rights.

Motions.

Supervisor Power said that the majority of the Finance Committee would agree to appropriate \$50 for one month pending investigation and adjustment of the matter, and he made a motion to that effect.

Supervisor McLeran moved as an amendment that matter be referred to Water Service Committee.

Supervisor Mulvihill moved reference to Finance Committee.

Supervisor Gallagher moved as a substitute that the City Attorney be requested to act for the Board on behalf of the water consumers and take steps to prevent shutting off their water supply until that question can be gone into with a view of settlement. If the City Attorney cannot act in his official capacity, we request him to act in his regular capacity as an attorney, or secure an attorney for these consumers.

Motion carried by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—17.

Absent—Supervisor Welch—1.

Communication From City Attorney.

Subsequently during the meeting the following was presented, read and ordered filed:

April 30, 1917.

Hon. Board of Supervisors, San Francisco, Cal.

Gentlemen:

I beg to report that in accordance with the resolution adopted by your honorable Board this day, as follows:

"Moved that the City Attorney be requested to act for this Board on behalf of the water consumers and take steps to prevent the shutting off of the water supply in Columbia Heights, Rivers Tract, until they can be brought together with a view of a settlement. If the City Attorney cannot act in his official capacity we request him to act in his regular capacity as an attorney or secure an attorney for these consumers."

That I have taken the matter of the prevention of the shutting off of the said water supply with Mr. Ferraris, the owner of said water system, and he has agreed with me to continue supplying the consumers in the Columbia Heights with water for at least another month.

In the meantime an effort will be made by me as Assistant City Attor-

ney to insure the permanent continuance of the water supply in said district.

Respectfully,

DANIEL S. O'BRIEN,
Assistant City Attorney.

City Attorney's Opinion on Referendum on Exchange of Lands For Aquatic Park.

The following was presented, read by Clerk and *ordered spread in Journal*:

Dear Sirs:

I am in receipt of a communication of April 25th, from the Clerk of your Honorable Board which reads as follows:

"I have been requested to obtain from you a construction of Sections 2 and 3, Chapter IV, Article XI of the Charter, in the following respects:

"1. Does the 'Ordinance' specified in Section 2 mean an ordinance passed by the Supervisors prior to the submission by a referendum by the Board of Supervisors or one-third of the Supervisors, or is it intended that any *proposed* ordinance may be submitted to the electors, as provided in the section?

"2. Does the sixty-day limitation for the filing of a referendum by the electors, as provided in Section 3, also apply to the submission of an ordinance by the Supervisors or one-third of the Supervisors, as required by Section 2?"

Opinion.

First Question: In my opinion, Section 2 of Chapter IV, Article XI, has in contemplation a *proposed* ordinance which either a majority of the Supervisors, or one-third of the members thereof, or the Mayor, desires submitted to the people at an election, to determine whether or not it shall become a law of the City and County. The section reads as follows:

"Any ordinance which the Supervisors are empowered to pass may be submitted by a majority of the Board at a general election or at a special election called for the purpose, said election to be held not less than thirty days from the date of the call. Any such ordinance may be proposed by one-third of the Supervisors or by the Mayor, and when so proposed shall be submitted to the electors at the next succeeding general election."

The only distinction made by the section between an ordinance submitted to the people by a majority of the Supervisors and one submitted by one-third of the members thereof, or by the Mayor, is the election at which the same may be voted upon. If a majority of the Supervisors desire to submit an ordinance, the Supervisors have the choice of submitting it at a general election or a special election called for that purpose. If one-third

or more of the Supervisors and less than a majority, or the Mayor desires to submit an ordinance to the people, it can only be submitted at the succeeding general election. The submission by the Supervisors of a proposed ordinance is not materially different than the submission by the electors of a proposed ordinance by means of the initiative. The proposition submitted is whether or not the proposed ordinance shall become a law of the City and County.

While the language of Section 2 is by no means clear and certain, it is my opinion from a reading of the whole of Chapter IV that the construction which I have placed upon Section 2 is the proper one. Of course, the appropriate term for a proposed legislative act which, when it has been finally passed and approved, becomes an ordinance of the City and County, is the term "bill." (See Sections 8, 9, 12, 13, 14, 15 and 16, Chapter I, Article II.) It is apparent, however, from a reading of not only Chapter IV, but likewise Chapter III of Article XI, the latter pertaining to the initiative, the term "Ordinance" has been used not only to designate legislative acts which have not been finally passed and therefore are not ordinances in the strict sense in which the term "Ordinance" is used in the sections of the Charter which are found in Chapter I, Article II, but also has been used to designate "bills" which have not been finally passed or approved.

The phrase "any ordinance which the Supervisors are empowered to pass may be submitted" (Section 2) also leads to the conclusion that the framer of the chapter had in mind a *proposed* legislative act. If it had been intended to provide that an ordinance which had been *passed* by the Supervisors might thereafter be submitted by the Supervisors to the people for their ratification or rejection the words "any ordinance passed by the Supervisors may be submitted" would doubtlessly have been used. The words "which the Supervisors are empowered to pass" rather indicates that the framer of this section had in mind a legislative act in its formative stage. The initiative and referendum are merely the *means* by which legislation is brought about by the electors themselves.

In addition, if we were to construe Section 2 as referring to an ordinance which had been passed by the Supervisors, there is no provision for staying the operation of the ordinance pending the period between the time of its final adoption and the election for the reason that the provisions of the referendum as contained in Chapter IV does not provide for such a

stay other than when the referendum is asked by the electors under the provision of Section 3 of an ordinance granting a public utility franchise or privilege, or authorizing the lease or sale of lands, or authorizing the purchase of lands of more than \$50,000 in value. We would thus have this incongruous situation: A legislative act is finally passed by the Supervisors, approved by the Mayor and goes into effect. The Supervisors refer the ordinance to the people for their ratification or rejection. Pending the election the ordinance, however, is in operation. Public and private rights are fixed and determined by the ordinance, although the ordinance may be rejected at the polls.

In every law which I have read pertaining to the referendum, accomplished either by the action of the legislative body or by petition of electors, a stay of the operation of the proposed legislative act is provided for until the election has been held.

Section 7, Chapter IV, Article XI, provides:

"If a majority of the votes cast on any ordinance or measure so referred to the electors, as herein provided, shall be in favor thereof, it shall go into effect ten days after the determination of the official count; otherwise it shall be repealed and rejected."

The last part of the section uses the words "repealed and rejected" which might be said to indicate that it contemplated an ordinance that had already gone into effect. The section, however, has reference to ordinances mentioned both in Sections 2 and 3, and I am of the opinion that the language of Section 7 itself does not indicate that an ordinance *passed* by the Supervisors is to be submitted rather than a *proposed* one. It is certain that an ordinance proposed by the Mayor or by one-third of the members of the Supervisors would not be "repealed" if the electors failed to ratify it. It would, however, be rejected. An ordinance granting a franchise or privilege, or authorizing the lease or sale of lands, or authorizing the purchase of lands of more than \$50,000 in value which is submitted to the people upon a petition being filed with the requisite number of signatures would be a *passed* ordinance, and in case a majority of the electors voted against the ordinance, the ordinance would be both "repealed" and "rejected."

Inasmuch as the language applies both to a proposed ordinance and an ordinance passed by the Supervisors, I am of the opinion that the language itself does not throw light upon the question as to whether an ordinance

submitted by a majority of the Supervisors should be a proposed ordinance, or one that has been passed by the Supervisors.

It is for these reasons that I have arrived at the conclusion that it is only a proposed legislative act that is contemplated by Section 2.

Second Question: As already indicated, the 60-day limitation provided in Section 3 does not apply to the submission of an ordinance by the Supervisors as provided in Section 2 of the chapter and article. Section 3 reads as follows:

"No ordinance passed by the Supervisors granting any public utility franchise or privilege, or authorizing the lease or sale of any lands, or authorizing the purchase of lands of more than fifty thousand dollars in value shall go into effect until the expiration of sixty days from the date it becomes final: (a) by approval of the Mayor; (b) or without his approval by the expiration of the time prescribed by this Charter within which he may disapprove it; or (c) by its passage by the Board of Supervisors over his objections in the event of such disapproval. At the end of such sixty days such ordinance shall be in force and effect, unless within such period there shall be filed with the Election Commissioners a petition signed by registered voters equal in number to five per cent of the entire vote cast for Mayor at the last preceding regular municipal election, requesting that such ordinance be submitted to the electors. In case such petition is filed, such ordinance shall not go into effect until approved by a majority of the voters voting thereon at a general or special election."

The 60-day limitation is a limitation upon the time that certain ordinances enumerated in Section 3 shall go into effect, namely, ordinance granting utility franchises or privileges or authorizing the lease or sale of lands, or authorizing the purchase of lands of more than \$50,000 in value. An ordinance passed by the Supervisors, other than an ordinance of those classes particularly enumerated in the Charter as to which the time of their going into effect is otherwise fixed by the Charter itself, goes into effect at the time specified by the Supervisors in the ordinance, or, if no provision is made in the ordinance as to the time it shall go into effect, then ten days after its approval. (See Section 15, Chapter I, Article II, of the Charter.)

The purpose of the 60-day limitation in Section 3 is to permit the electors, if they so desire, to file a petition requesting that an ordinance of a certain class apparently deemed of great

public importance be submitted to the electors, and since Section 3 limits the stay to those ordinances specified in the section, it has no application to ordinances other than these.

Respectfully,
GEORGE LULL,
 City Attorney.

Resolution Authorizing Execution of Deed By the Mayor and the Clerk of the Board of Supervisors of the City and County of San Francisco to the Western Pacific Railroad Company, a Corporation.

Resolution No. 14281 (New Series), as follows:

Whereas, This Board on Monday, the 17th day of April, 1911 (after proceedings theretofore had pursuant to the provisions of Chapter III of Article VI of the Charter of the City and County of San Francisco) duly adopted Resolution No. 7673 (New Series) closing and abandoning a portion of Texas street and Twenty-second street as in said resolution described; and

Whereas, On the 19th day of April, 1911, said resolution was duly approved by the Mayor of the City and County of San Francisco; and

Whereas, The Western Pacific Railroad Company, a corporation, owns a portion of the real property affected by the said closing and abandoning of said portions of Texas street and Twenty-second street, more particularly described in said resolution, being a portion of the real property affected by the opening of the new street hereinafter referred to; and

Whereas, The Western Pacific Railroad Company, a corporation, has made, executed and delivered to the City Attorney of the City and County of San Francisco its certain deed conveying a perpetual easement and right of way over, on and across

portions of the property to be opened in lieu of said portions of Texas street and Twenty-second street closed and abandoned by said Resolution No. 7673 (New Series) as aforesaid for the uses and purposes of public streets in the City and County of San Francisco; and

Whereas, The said new streets so laid out and dedicated to the City and County of San Francisco and described in the deed from the Western Pacific Railroad Company, a corporation, to the City and County of San Francisco, as aforesaid, will and does constitute ample compensation to said City and County for its deed to the portions of said Texas street and said Twenty-second street closed and abandoned as aforesaid and will be of much greater practical value both to the City and County of San Francisco and to the general public.

Now, therefore, the Mayor and the Clerk of the Board of Supervisors of the City and County of San Francisco in the name of said City and County are hereby authorized and directed to execute a deed conveying all the right, title and interest of said City and County in and to the lots, pieces or parcels of land hereinafter more particularly described, formerly portions of Texas street and Twenty-second street closed and abandoned as aforesaid. The deed herein authorized to be executed by the Mayor and the Board of Supervisors of this City and County is not to be delivered or recorded until after the recordation of the deed from the Western Pacific Railroad Company, a corporation, to the City and County of San Francisco now in the custody of the City Attorney in escrow as aforesaid. The property to be described in the deed herein authorized to be executed is situated, lying and being in the City and County of San Francisco, State of California, and more particularly described as follows, to-wit:

Beginning at the intersection of the southerly line of Twenty-second street with the easterly line of Texas street; thence easterly along said southerly line of Twenty-second street a distance of 71.9 feet to a point; thence on a straight line northwesterly to a point on the northerly line of Twenty-second street distant thereon 27.89 feet easterly from said easterly line of Texas street; thence westerly along said northerly line of Twenty-second street a distance of 27.89 feet to said easterly line of Texas street; thence northerly along said easterly line of Texas street a distance of 41.84 feet to a point; thence in a straight line northwesterly to a point on the westerly line of Texas street distant thereon 161.85 feet northerly from the

northerly line of Twenty-second street; thence southerly along said westerly line of Texas street a distance of 161.85 feet to said northerly line of Twenty-second street; thence westerly along said northerly line of Twenty-second street to a point distant thereon 73.44 feet easterly from the easterly line of Missouri street; thence southeasterly on a straight line to a point on the southerly line of Twenty-second street distant thereon 112.97 feet easterly from said easterly line of Missouri street; thence easterly along said southerly line of Twenty-second street a distance of 87.03 feet to the westerly line of Texas street; thence southerly along said westerly line of Texas street a distance of 145.25 feet to a point; thence in a straight line southeasterly to a point on the easterly line of Texas street distant thereon 278.8 feet southerly from the southerly line of Twenty-second street; thence northerly along said easterly line of Texas street 278.8 feet to the point of beginning.

All reference made in the above descriptions as to intersections, lines, points and distances on streets refer to the same as existed prior to the closing and abandonment of portions of Texas and Twenty-second streets, as adopted by Resolution No. 7673 (New Series) of the Board of Supervisors of the City and County of San Francisco.

Extension of Time.

Supervisor Welch presented:

Resolution No. 14292 (New Series), as follows:

Resolved, That State Improvement Company is hereby granted an extension of ninety days from May 12, 1917, within which to complete the improvement of Santiago street, between Twenty-third and Twenty-fourth avenues, and the crossing of Twenty-fourth avenue, under public contract.

This *third* extension of time is granted upon the recommendation of the Board of Public Works for the reason that work on this contract has not been started, and cannot be started until Twenty-fourth avenue, between Santiago and Taraval streets are paved. This latter contract was let to petitioner at the same time as the Santiago street contract, and furnished the only means of approach. Petitioner is experiencing difficulty in securing rock to finish the Twenty-fourth avenue contract.

Closing Portion of Chenery Street.

Supervisor Welch presented:

Resolution No. 14293 (New Series), as follows:

Closing and abandoning a portion of Chenery street easterly from Diamond street.

Whereas, This Board has by Resolution No. 14107 (New Series) declared its intention to close and abandon a portion of Chenery street easterly from Diamond street, in the City and County of San Francisco, hereinafter more particularly described; and

Whereas, Proper notice of said resolution and of said proposed closing and abandonment of said portion of said street was duly given by the Board of Public Works of said City and County by publication and posting in the manner provided by Section 3, Chapter III, Article VI, of the Charter of this City and County; and

Whereas, More than ten (10) days have elapsed after the expiration of the time of publication of said notice; and

Whereas, No objections to the said closing and abandonment of said portion of said street were made or delivered to the Clerk of this Board within said period of ten (10) days or at all; and

Whereas, It is the opinion of this Board that the public interest and convenience will be conserved by the closing and abandonment of said portion of said street; and

Whereas, The said work is for closing up said portion of said street and it appears to this Board that no assessment is necessary therefor; now therefore be it

Resolved, That the said closing and abandonment of said portion of said street be and the same is hereby closed and abandoned as a public street hereinabove referred to and more particularly bounded and described as follows, to-wit:

Beginning at a point on the easterly line of Diamond street, distant thereon 200 feet northerly from the northerly line of Wilder street, and running thence northerly along the easterly line of Diamond street 17.762 feet; thence northerly on a curve to the left of 132.38 foot radius, tangent to the preceding course, central angle 14° 03' 34", a distance of 32.484 feet to the northerly line of Chenery street; thence deflecting 102° 55' 04" to the right from the tangent to the preceding curve and running easterly

along the northerly line of Chenery street 68.063 feet to the boundary line between Subdivision No. 1 of the Castro Street Addition and the Fairmount Extension Homestead; thence deflecting $18^{\circ} 16' 30''$ to the right and running southeasterly along said boundary line 159.418 feet to the southerly line of Chenery street; thence deflecting $161^{\circ} 43' 30''$ to the right and running westerly along the southerly line of Chenery street 216.470 feet to the point of beginning.

Be it further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Board of Public Works and that the Board of Public Works be instructed to proceed thereafter as required by law and the Clerk is hereby directed to advertise this resolution in the "Daily Journal of Commerce" as required by law.

Accepting Deed From Sierra and San Francisco Power Company to Lands for Marina Boulevard.

Supervisor Brandon presented:

Resolution No. 14294 (New Series), as follows:

Upon the recommendation of the City Engineer and City Attorney:

Resolved, That the following offer of the Sierra and San Francisco Power Company to convey lands to the City and County of San Francisco for the construction of the Marina Boulevard be and it is hereby accepted according to its terms and conditions. Said offer is in words and figures as follows:

San Francisco, California,
March, 1917.

Board of Supervisors of the City and County of San Francisco.
Gentlemen:

The undersigned, Sierra and San Francisco Power Company, hereby offers, in consideration of the acceptance by the City and County of San Francisco of the conditions herein imposed, to convey to said City and County, in fee simple, the following described property for the purposes of the Marina Boulevard project:

"A."

Parcel 1. Commencing at a point on the westerly line of Laguna street 43.672 feet northerly from the northerly line of Beach street and running thence southerly along the westerly line of Laguna street 43.672 feet to the northerly line of Beach street; thence at right angles westerly along the northerly line of Beach street 412.50 feet to the easterly line of

Buchanan street; thence at right angles northerly along the easterly line of Buchanan street 43.672 feet; thence deflecting to the right $116^{\circ} 25' 20''$, 27.916 feet; thence deflecting to the left $26^{\circ} 25' 20''$, 362.50 feet; thence deflecting to the left $26^{\circ} 25' 20''$, 27.916 feet to the westerly line of Laguna street and point of commencement, being a portion of Western Addition Block No. 251.

Containing 13,201 square feet, more or less.

"B."

Parcel 2. Commencing at a point on the southerly line of Beach street, distant thereon 125 feet westerly from the westerly line of Laguna street; thence westerly along the southerly line of Beach street extended 287 feet 6 inches to the easterly line of Buchanan street; thence northerly along the easterly line of Buchanan street 68 feet 9 inches; thence easterly along a line 68 feet 9 inches at right angles northerly from and parallel with the aforesaid southerly line of Beach street 287 feet 6 inches; thence southerly at right angles to the last described line 68 feet 9 inches to a point on the southerly line of Beach street, 125 feet westerly from the westerly line of Laguna street, the point of commencement. Containing 19,766 square feet, more or less.

Said conveyances to be made by sufficient deeds, and title to be free and clear of all encumbrances.

This offer is made subject to the following conditions, the acceptance of which will constitute consideration for the same:

(1) That the City and County of San Francisco shall by appropriate proceedings close all that portion of Jefferson street lying between Buchanan and Laguna streets, comprising 28,359 square feet, and deed the same to the undersigned in exchange for the property hereinabove described.

(2) The City and County of San Francisco shall, without expense to the undersigned, complete or cause to be completed the street work on said proposed Marina Boulevard comprising within its limits the property hereinabove described, and the undersigned shall not be called upon to pay any part of the expense of said improvement, nor in the future shall the undersigned, its successors or assigns, ever be charged or assessed, nor shall any lien ever be created against the adjoining property for the reconstruction or maintenance of said boulevard.

(3) It is understood that said property is under the lien of two mortgages or deeds of trust, executed by the undersigned to the United States Mortgage and Trust Company and to the Columbia Trust Company, of New

York, and it will be necessary, in order to carry out this offer, for the undersigned to obtain the release of said property from the lien of said mortgages. It is therefore agreed that the undersigned will use its best endeavors to obtain the release of said property from said lien, but if this cannot be done, then the undersigned will be absolved from this agreement and no damages will be claimed by reason of the fact that said undersigned will not be able to carry out this offer.

(4) That the said Sierra and San Francisco Power Company, its successors or assigns, will at all times have a right to place pipes in the ground underneath the said boulevard for any purpose that may be desirable in connection with the operation of its steam plant, located on Lot No. 250 and adjoining said boulevard, provided said pipes are so placed as not to interfere with the use of the boulevard as such, except during the time when such necessary excavations are being made for the purposes herein provided, it being understood that proper methods will be employed so as not to obstruct the use of the boulevard during such construction work.

Upon the acceptance of this offer by resolution of the Board of Supervisors and due notification of the same, the undersigned will proceed and use its best endeavors to obtain the release of said property from underneath the lien of the mortgages or deeds of trust hereinabove referred to, and upon receipt of the same, if executed, will deposit said releases together with a grant, bargain and sale deed, conveying the property hereinabove described, with the Mercantile Trust Company, or some other escrow depository to be agreed upon, with instructions to said depository to deliver said deed and said releases to the City and County of San Francisco upon the receipt of a good and sufficient deed conveying clear title to the undersigned to the said portion of what is now Jefferson street, lying between Buchanan and Laguna streets, and a certificate from the City Engineer that the street work on the said Marina Boulevard has been completed and paid for, together with a statement that said street has been accepted by the City.

This offer is made in pursuance of a resolution of the Board of Directors of the Sierra and San Francisco Power Company, duly adopted at a meeting of said directors held on the 30th day of March, 1917, and the officers whose names are hereunto subscribed are by said resolution duly authorized and directed to sign the same.

Respectfully submitted,

SIERRA AND SAN FRANCISCO
POWER COMPANY.

By

Resolved further, that the above acceptance and agreement to the condition that the City shall convey to the Sierra and San Francisco Power Company lands now constitution a part of Jefferson street, lying between Buchanan and Laguna streets, shall be subject to the condition that the said company actually procure the release of mortgages referred to in paragraph 3 of said agreement, and if it should prove impossible to procure the said releases, then in such event there shall be no obligation upon the City and County of San Francisco to convey the said land lying within the Jefferson street which is proposed to be closed.

Be it further Resolved, that the City Attorney be and is hereby authorized and directed to prepare the necessary instruments and superintend the exchange of the hereinabove described property so as to protect the title acquired by the City in the premises.

Adopted by the following vote:

Intention to Close Portion of Jefferson Street.

Supervisor Brandon presented:

Resolution No. 14295 (New Series), as follows:

Whereas, in accordance with an agreement hereinbefore made with the Sierra and San Francisco Power Company, which agreement is set forth in Resolution No. 14294 (New Series), the City and County of San Francisco is obligated as part of the consideration for the conveyance, to wit, of property herein described to close as a public street and deed to the Sierra and San Francisco Power Company all that portion of Jefferson street lying between Buchanan and Laguna streets, and

Whereas, public interest and convenience would be conserved by closing and abandonment of said portion of Jefferson street; now therefore, be it

Resolved, That it is the intention of the Board of Supervisors to close and abandon all that portion of Jefferson street lying between Buchanan and Laguna streets, and more particularly described as follows:

"C."

Beginning at the point of intersection of the easterly line of Buchanan street with the southerly line of Jefferson street, and running thence easterly along the southerly line of Jefferson street four hundred and twelve feet, six inches (412' 6") to the point at which said southerly line of Jefferson street intersects the westerly line of Laguna street; thence at right angles and northerly sixty-eight and sev-

enty-five hundredths (68.75) feet to the point of intersection of the westerly line of Laguna and the northerly line of Jefferson street; thence at right angles westerly along said northerly line of Jefferson street four hundred and twelve feet, six inches (412' 6") to the point at which said northerly line of Jefferson street intersects the easterly line of Buchanan street; thence at right angles southerly sixty-eight and seventy-five hundredths (68.75) feet to the point of commencement. Be it further

Resolved, That the Board of Public Works is hereby authorized and directed to give notice of the closing and abandonment of said portion of Jefferson street as above described, in accordance with provisions of law relating to the closing of public streets in this City and County.

Mayor to Enter Agreement With Southern Pacific Company for Extension of Tenth Street.

Supervisor Brandon presented:

Resolution No. 14301 (New Series), as follows:

Resolved, That the Mayor of the City and County of San Francisco is hereby authorized and empowered to sign and execute in the name of the City and County of San Francisco, and for its benefit, the following agreement, to-wit:

This agreement made and entered into this — day of April 1917, by and between the City and County of

San Francisco, a municipal corporation, the party of the first part, and the Southern Pacific Company, a corporation, United Railroads of San Francisco, a corporation, Emily J. Horn and Edward L. Soule, doing business as Edward L. Soule Company, the parties of the second part.

Whereas, The party of the first part is desirous of opening and extending Tenth street to Potrero avenue, through a portion of Potrero Nuevo Block 68, across lands now owned by the Southern Pacific Company, a corporation, and Emily J. Horn, parties of the second part, and

Whereas, Edward L. Soule, doing business as Edward L. Soule Company, has leased from the Southern Pacific Company, a corporation, and Emily J. Horn, the land over which it is proposed to open and extend Tenth street, and

Whereas, The United Railroads of San Francisco, a corporation, a party of the second part, is the owner of lands having a frontage of one hundred ninety-one feet (191') six inches (6") on the westerly line of Hampshire street between Alameda and Division streets, and

Whereas, The Southern Pacific Company, a corporation, is the owner of lands having a frontage of fifty-eight feet (58') seven inches (7") on the westerly line of Hampshire street between Alameda and Division streets;

Now, therefore, in consideration of the mutual promises of the parties hereto, it is hereby mutually agreed as follows:

That the City and County of San Francisco, said party of the first part, will inaugurate and carry to completion proceedings for the closing and abandonment of that portion of Hampshire street, described as follows:

Description of Hampshire street, between Alameda street and Division street, to be closed:

Commencing at the point of intersection of the northerly line of Alameda street and the westerly line of Hampshire street, and running thence easterly along the northerly line of Alameda street if extended and produced 80 feet to the easterly line of Hampshire street; thence at right angles northerly and running parallel to and distant 200 feet westerly from the westerly line of Potrero avenue, 250 feet to the southerly line of Division street; thence at right angles westerly and running along the southerly line of Division street, if extended and produced, 80 feet to the westerly line of Hampshire street; thence at right angles southerly, and running parallel to, and distant 200 feet easterly from,

the easterly line of York street, 250 feet to the northerly line of Alameda street and the point of commencement, being all of Hampshire street between Alameda street and Division street.

The Southern Pacific Company, a corporation, party of the second part, hereby agrees to grant to the City and County of San Francisco, a municipal corporation, party of the first part, a perpetual easement for street purposes, to-wit: the extension of Tenth street, over and upon the following described property:

Commencing at the point of intersection of the southerly line of Division street and the westerly line of Potrero avenue and running thence southerly along the westerly line of Potrero avenue 33 feet; thence deflecting to the right an angle of $90^{\circ} 50' 23''$ and running westerly a distance of 65.797 feet; thence deflecting to the right an angle of $48^{\circ} 38' 07''$ and running northwesterly a distance of 42.145 feet; to the southerly line of Division street; thence deflecting to the right $130^{\circ} 31' 30''$ and running easterly along the southerly line of Division street 93.17 feet to the point of beginning; being a portion of Potrero Block No. 68.

The Southern Pacific Company, a corporation, party of the second part, hereby agrees to convey to the City and County of San Francisco, a municipal corporation, party of the first part, a perpetual easement for the use and purpose of a public street, to-wit: the extension of Tenth street, the following described real property:

Commencing at a point on the westerly line of Potrero avenue, distant thereon 33 feet southerly from the southerly line of Division street and running thence southerly along the westerly line of Potrero avenue a distance of 53.50 feet; thence deflecting to the right $94^{\circ} 42' 58''$ and running westerly a distance of 20.756 feet; thence deflecting to the right an angle of $44^{\circ} 45' 32''$ and running northwesterly a distance of 69.412 feet; thence deflecting to the right an angle of $131^{\circ} 21' 53''$ and running easterly a distance of 65.797 feet; to the point of commencement. Intention to Close Portions of Hampshire Street in the City and County of San Francisco, State of California.

Also, Resolution No. 14302 (New Series), as follows:

Whereas, Public interest and convenience require, and would be conserved, by the closing of portions of Hampshire street, in the City and County of San Francisco, State of California, hereinafter more particularly described; therefore be it

Resolved, That it is the intention of the Board of Supervisors to close and abandon portions of Hampshire street, a public street in the City and County of San Francisco, and more particularly described as follows, to-wit:

Description of Hampshire street, between Alameda street and Division street, to be closed:

Commencing at the point of intersection of the northerly line of Alameda street and the westerly line of Hampshire street and running thence easterly along the northerly line of Alameda street if extended and produced 80 feet to the easterly line of Hampshire street; thence at right angles northerly and running parallel to and distant 200 feet westerly from the westerly line of Potrero avenue, 250 feet to the southerly line of Division street; thence at right angles westerly and running along the southerly line of Division street, if extended and produced, 80 feet to the westerly line of Hampshire street; thence at right angles southerly, and running parallel to, and distant 200 feet easterly from, the easterly line of York street, 250 feet to the northerly line of Alameda street and the point of commencement, being all of Hampshire street, between Alameda street and Division street.

Said closing up of said portion of Hampshire street, between Alameda and Division streets, shall be done and made in a manner and in accordance with the provisions of Section 2 of Chapter III, Article VI of the Charter as amended, and the sections of said chapter and article following said Section 2.

Be it further Resolved, That the damage, cost and expense of said closing up of said portion of Hampshire street, between Alameda and Division streets, be paid out of the revenue of the City and County of San Francisco.

And the Clerk is hereby directed to transmit to the Board of Public Works a certified copy of this resolution, and the Board of Public Works is hereby directed to give notice of said contemplated closing and abandoning of said portion of said street in the manner provided by law, and to cause notice to be published as required by law.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahanev, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—17.

Absent—Supervisor Welch—1.

Intention of the Board of Supervisors of the City and County of San Francisco to Close Certain Parts of Pierce, Steiner, Fillmore, Francisco, Bay, North Point, Beach and Jefferson Streets.

Supervisor Brandon presented:

Resolution No. 14303 (New Series), as follows:

Whereas, A petition has been filed with the Board of Supervisors of the

City and County of San Francisco, State of California, by the property owners owning all of the frontage upon those certain parts of Pierce, Steiner, Fillmore, Francisco, Bay, North Point, Beach and Jefferson streets, hereinafter more particularly described, praying that said certain parts of said last named streets be closed and abandoned, and

Whereas, New streets to be approved and accepted by said Board of Supervisors will be dedicated to public use and conveyed in fee by said property owners to said City and County of San Francisco, for a more particular description of which said new public streets reference is hereby made to said petition, and to a map or plan of said streets filed with said petition with the Clerk of said Board of Supervisors, and

Whereas, The area of the said new streets to be conveyed by said petitioners to said City and County of San Francisco exceeds the area of the said parts of said streets to be closed and abandoned, and

Whereas, Public interest and convenience require, and it is advisable, that said parts of said public streets as hereinafter particularly described, be closed and abandoned, and

Whereas, All of the property on both sides of, and adjacent to, the said parts of said public streets prayed to be closed by said petition, is owned in fee by said petitioners, and

Whereas, It is the intention of said Board of Supervisors, by ordinance or resolution, to hereafter convey by deed the interest of said City and County of San Francisco in said parts of said streets so abandoned or closed, to the owners of the lands adjacent thereto or fronting on such streets as prayed for in said petition, in such manner as said Board of Supervisors shall deem that equity requires, and

Whereas, The closing of said parts of said public streets, as prayed for in said petition, will not cause any damage to said City and County, or to any of its property, but, on the contrary, will result in the sale and development and upbuilding of a large tract of land now undeveloped and vacant, and

Whereas, It appears that there will be no damages, costs or expenses in connection with said closing or abandonment of the portions of the streets as herein set forth, now, therefore, be it

Spur Track Permit.

On motion of Supervisor Kortick:

Bill No. 4529, Ordinance No. — (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors to Edward L. Soule Co., its successors and assigns to lay down, construct, maintain and operate a spur track from the tracks of the Southern Pacific Company along the following route:

Beginning at a point 15 feet 3 inches from west curb line of Potrero avenue, thence in a westerly direction along Division street and across Hampshire street to a tangent point about 504.45 feet from the starting point on present Southern Pacific spur track that serves the Pacific Gas and Electric Company's substation at present.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Permission, revocable at will of the Board of Supervisors is hereby granted to Edward L. Soule Co., its successors and assigns, to lay down, construct, maintain and operate a spur track along the following route:

Beginning at a point 15 feet 3 inches from west curb line of Potrero avenue; thence in a westerly direction along Division street, and across

Hampshire street to a tangent point about 504.45 feet from the starting point on present Southern Pacific spur track that serves the Pacific Gas & Electric Company's substation at present.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series), of the Board of Supervisors, approved October 12, 1906, and particular reference is hereby made to Section 8 of this Ordinance, reading as follows:

"The railway operating any spur track on any public street or property hereafter constructed in the City and County shall, upon demand of the person, firm or corporation for the use or benefit of which such spur track is operated, place upon such spur track the freight cars of any railway which has, in this City and County, track connections with the operating railway, such cars so placed to be used for receipt and delivery of freight in carloads only. And the operating railway shall receive and deliver the cars of the connecting railway over, at and upon such connecting track in the performance of such switching service for such persons, firms or corporations; and such railway shall perform such service without undue delay or discrimination. The operating railway shall perform such service for the same charge or rate that it charges for corresponding service for its own cars upon the track for like purposes. The provisions of this section shall apply only to such portions of such spur tracks as are not constructed, maintained or operated upon or across private land, and no permit for a spur track shall hereafter be granted by the Board of Supervisors which does not specifically contain the provision and conditions of this section."

Provided, That said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's Office; and that any and all expenses connected with the installation of the track, setting back of the curbs, restoration of pavements and any additional requirements for surface drainage be paid for by the applicant.

Provided, That no car shall at any time be allowed to stand on said track so as to block the roadway of a street, or block or obstruct a street crossing, to exceed five minutes.

Provided Edward L. Soule Company, its successors and assigns, shall erect and maintain an arc light where directed by the Lighting Committee of the Board of Supervisors.

Section 2. This Ordinance shall take effect immediately.

Mayor to Appoint Committee of One Hundred Citizens to Solicit Contributions for Enlisted Men.

Supervisor Mulvihill presented:
Resolution No. 14307 (New Series), as follows:

Whereas, An important duty devolves upon the people of San Francisco to see that the members of the National Guard, the Naval Reserve and the young men enlisting in the United States' Service are supplied with all the material things necessary for their comfort and welfare, and,

Whereas, The dependent families of our enlisted men should be looked after as to the placing of members of the families in available positions, and also see that they receive the needed comforts and necessities of life; therefore be it

Resolved, That the Mayor be requested to appoint a committee of one hundred citizens for the purpose of soliciting contributions for the use of the enlisted men and their dependent families, and said committee to have full charge and direction in the expenditure of the funds.

Adopted by the following vote:

Mayor to Issue Recruiting Proclamation.

Supervisor Mulvihill presented:
Resolution No. 14308 (New Series), as follows:

Whereas, The Honorable Josephus Daniels, Secretary of the Navy, in reply to a recent telegram from His Honor, the Mayor, stating that the Municipal Government of San Francisco is anxious to co-operate with the National Government during the present crisis, and offering the assistance of the City Administration for any services that may be required, has said, that in his opinion the best assistance that the citizens of San Francisco can render at the present time is to aid in securing recruits for the Navy, and

Whereas, It appears that there is urgent need for approximately 30,000 men to bring the United States Navy up to its full strength as fixed by law, with strong indications that Congress will amend the law so as to provide for 50,000 additional men, making a shortage of approximately 80,000 men, therefore be it

Resolved, That His Honor, the Mayor, be requested, after consultation with Lieut.-Commander B. G. Barthalow, Recruiting Officer for the Navy, in charge of the Western Department, to issue a proclamation calling attention to the situation, and

urging all young men who are qualified, to show their patriotism by enlisting in the U. S. Navy, and that the press and other agencies of publicity be requested to give this appeal the fullest and widest possible circulation.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—17.

Absent—Supervisor Welch—1.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Extensions of Time.

Supervisor Brandon presented:

Resolution No. 14312 (New Series), as follows:

Resolved, That State Improvement Company is hereby granted an extension of ninety days' time from May 12, 1917, within which to complete contract for the improvement of Twenty-fourth avenue, between Santiago and Taraval streets.

This *third* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the contractor has completed the grading, sewer, curbs and sidewalks, and the only work remaining to be done is that of laying a broken rock pavement. The material for this pavement is obtained from the quarry in the vicinity of Thirteenth avenue and Quintara streets, but the product of this quarry is now being used by the Federal Government, and none of it is available for street work.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—17.

Absent—Supervisor Welch—1.

Also, Resolution No. 14313 (New Series), as follows:

Resolved, That J. G. Harney is hereby granted an extension of forty-five days' time from May 11, 1917, within which to complete contract for the improvement of Forty-sixth avenue, between Lincoln Way and Irving street.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that petitioner has been delayed in the performance of the work by reason of a scarcity of rock.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran,

Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—17.

Absent—Supervisor Welch—1.

Modification of Espionage Bill.

Supervisor Hayden presented:

Resolution No. 14309 (New Series), as follows:

Whereas, There is pending before the Congress of the United States a law that if enacted will confer upon the President the power to completely muzzle the press and the citizens of the country; and subjects the citizens to ten years' imprisonment for violation of any censorship order, and

Whereas, The President has publicly announced that he is not in favor of any law that will prohibit a just criticism of his administration, or the acts thereof, by the press, and

Whereas, Military information that may be of use to the enemies of the United States, and treasonable utterances, are a proper subject for a censorship law, and no other limitation should be placed upon the right of free speech, and the press, now therefore be it

Resolved, That the Congress of the United States is hereby requested to modify said proposed law, so as to protect the liberty of free speech, and be it further

Resolved, That a copy of this resolution be sent to our Senators and Representatives from California.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—16.

No—Supervisor Gallagher—1.

Absent—Supervisor Welch—1.

Observance of Independence Day.

Supervisor Hilmer presented:

Resolution No. 14310 (New Series), as follows:

Resolved, That his Honor the Mayor be and is hereby requested to appoint a committee, to consist of as many members as he in his judgment may deem fit, for the proper observance of Independence Day, July 4, 1917.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—17.

Absent—Supervisor Welch—1.

Clerk to Publish Notice of Confirmation of Sale of City Lands, Formerly Part of Sloat Boulevard.

Supervisor Nolan presented:

Resolution No. 14311 (New Series), as follows:

MONDAY, APRIL 30, 1917.

Resolved, That the Clerk of the Board of Supervisors be directed to publish the notice required by the Charter prior to the confirmation of the sale of city lands, formerly constituting a part of Sloat Boulevard, for a period of not less than twenty days, such confirmation to come before the Board on the 28th day of May, 1917.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—17.

Spur Track Permit.

Bill No. 4529, Ordinance No. 4184 (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors to Edward L. Soule Co., its successors and assigns to lay down, construct, maintain and operate a spur track from the tracks of the Southern Pacific Company along the following route:

Beginning at a point 15 feet 3 inches from west curb line of Potrero avenue, thence in a westerly direction along Division street and across Hampshire street to a tangent point about 504.45 feet from the starting point on present Southern Pacific spur track that serves the Pacific Gas and Electric Company's substation at present.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Permission, revocable at will of the Board of Supervisors is hereby granted to Edward L. Soule Co., its successors and assigns, to lay down, construct, maintain and operate a spur track along the following route:

Beginning at a point 15 feet 3 inches from west curb line of Potrero avenue; thence in a westerly direction along Division street, and across Hampshire street to a tangent point about 504.45 feet from the starting point on present Southern Pacific spur track that serves the Pacific Gas & Electric Company's substation at present.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series), of the Board of Supervisors, approved October 12, 1906, and particular reference is hereby made to Section 8 of this Ordinance, reading as follows:

"The railway operating any spur track on any public street or property hereafter constructed in the City and County shall, upon demand of the person, firm or corporation for the use or benefit of which such spur track is operated, place upon such spur track the freight cars of any railway which has, in this City and County, track connections with the operating railway, such cars so placed to be used for receipt and delivery of freight in carloads only. And the operating railway shall receive and deliver the cars of the connecting railway over, at and upon such connecting track in the performance of such switching service for such persons, firms or cor-

porations; and such railway shall perform such service without undue delay or discrimination. The operating railway shall perform such service for the same charge or rate that it charges for corresponding service for its own cars upon the track for like purposes. The provisions of this section shall apply only to such portions of such spur tracks as are not constructed, maintained or operated upon or across private land, and no permit for a spur track shall hereafter be granted by the Board of Supervisors which does not specifically contain the provision and conditions of this section."

Provided, That said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's Office; and that any and all expenses connected with the installation of the track, setting back of the curbs, restoration of pavements and any additional requirements for surface drainage be paid for by the applicant.

Provided, That no car shall at any time be allowed to stand on said track so as to block the roadway of a street, or block or obstruct a street crossing, to exceed five minutes.

Provided Edward L. Soule Company, its successors and assigns, shall erect and maintain an arc light where directed by the Lighting Committee of the Board of Supervisors.

Section 2. This Ordinance shall take effect immediately.

Spur Track Permits.

Supervisor Kortick presented:

Bill No. 4535 (New Series), entitled, Granting permission, revocable at will of the Board of Supervisors, to National Paper and Products Company, its successors and assigns, to lay down, construct, maintain and operate a spur track from the Empire spur, located on State property at the southeast corner of Francisco and Montgomery streets, thence over and across Montgomery street to the property at the southwest corner of Francisco and Montgomery streets, as shown on blue print filed April 24, 1917.

Also, Bill No. 4536, Ordinance No. — (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors, to Sugarman Iron and Metal Company, its successors and assigns, to lay down, construct, maintain and operate a spur track as follows:

Commencing at a point in the existing spur track of the Southern Pacific Company in Bluxome street, said point being thirty (30) feet more or less at right angles northeasterly from the northeasterly line of Fifth street and twenty-three (23) feet at right angles southeasterly from the northwesterly line of Bluxome street; thence southwesterly and on a curve to the right and along said Bluxome street and crossing said Fifth street and entering private property.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at

will of the Board of Supervisors, is hereby granted to Sugarman Iron and Metal Company, its successors and assigns, to lay down, construct, maintain and operate a spur track as follows:

Commencing at a point in the spur track of the Southern Pacific Company in Bluxome street, said point being thirty (30) feet, more or less, at right angles northeasterly from the northeasterly line of Fifth street, and twenty-three (23) feet at right angles southeasterly from the northwesterly line of Bluxome street; thence southwesterly and on a curve to the right and along said Bluxome street and crossing said Fifth street and entering private property.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and particular reference is hereby made to Section 8 of this ordinance, reading as follows:

"The railway operating any spur track on any public street or property hereafter constructed in the City and County shall, upon demand of the person, firm or corporation for the use or benefit of which such spur track is operated, place upon such spur track the freight cars of any railway which has, in this City and County, track connections with the operating railway, such cars so placed to be used for the receipt and delivery of freight in carloads only. And the operating railway shall receive and deliver the cars of the connecting railway over, at and upon such connecting track in the performance of such switching service for such persons, firms or corporations; and such railway shall perform such service without undue delay or discrimination. The operating railway shall perform such service for the same charge or rate that it charges for corresponding service for its own cars upon the track for like purpose. The provisions of this section shall apply only to such portions of such spur tracks as are not constructed, maintained or operated upon or across private land, and no permit for a spur track shall hereafter be granted by the Board of Supervisors which does not specifically contain the provisions and conditions of this section."

Provided, That said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office; and that any and all expense connected with the installation of the track, setting back of the curbs, restoration of pavements and any additional requirements for surface drainage be paid for by the applicant.

Provided, That no car shall at any

time be allowed to stand on said track so as to block the roadway of a street, or block or obstruct a street crossing, to exceed five minutes.

Provided, That cars switched over this track shall be used for the receipt and delivery of freight for the permittee only.

Provided, That no car shall be taken over said spur track between the hours of 6 a. m. and 6 p. m.

Provided, Sugarman Iron and Metal Company, its successors and assigns, shall erect and maintain an arc light on Bluxome street, where directed by the Lighting Committee.

Section 2. This ordinance shall take effect immediately.

Parcel No. 15.

Beginning at the point of intersection of the southwesterly line of Evans avenue with the southeasterly line of Alvord street and running thence southwesterly along the southeasterly line of Alvord street 280 feet to the southwesterly line of Fairfax avenue, produced, southeasterly; thence at right angles southeasterly 16 feet; thence at right angles northeasterly 280 feet to the southwesterly line of Evans avenue; thence at right angles northwesterly along the southwesterly line of Evans avenue 16 feet to the point of beginning; being portion of South San Francisco Block 109 (Assessor's Block 4612).

That all of the lots, interests, rights and claims above described are suitable, adaptable and necessary for the public use, to-wit: for lands for the construction, extension and widening of a street or boulevard from the intersection of Hawes street and Hudson avenue easterly to the intersection of Alvord street and Evans avenue in the City and County of San Francisco.

The City Attorney is hereby instructed to commence proceedings in eminent domain against the owners of said lots, pieces, parcels or tracts of land and any and all interests therein and all rights and claims thereto, for the condemnation thereof, for the use of the City and County of San Francisco, as aforesaid.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Registrar's Appropriation for Military Draft.

Supervisor Nelson presented:

Resolution No. 14346 (New Series), as follows:

Whereas, the President of the United States is about to issue his proclamation, orders and directions providing for the registration in the various states of the United States and the several respective subdivisions of such states, of all persons liable to be called or conscripted for the performance of military duty in the service of the United States; and

Whereas, the President is authorized, or will be authorized, to call upon all public officers to assist in the execution of the laws of the United States, and the orders, rules and regulations of the federal government or its officers, with relation to the aforesaid matter; and

Whereas, it is expected that the person or persons charged with procuring such registration in the City and County of San Francisco will designate the Registrar of Voters of said City and County as the chief officer to conduct such registration, and require the appointment of proper clerks or deputies to conduct such registration, duly sworn substantially in the manner in which the registration of voters is usually conducted and carried on, subject only to such modifications as the federal laws or regulations in their behalf shall require; and

Whereas, such registration is to take place in the voting precincts of said City and County; and

Whereas, it appears that in order to be ready for the effective conduct of such federal registration, that the Registrar of Voters, immediately and summarily take preliminary steps and proceedings to locate registration places for such federal registration, so that the same may be ready in time to conduct such registration at the time which shall be designated; and

Whereas, it is necessary in advance of such registration for the Board of Supervisors to authorize the expenditure of the moneys of the City and County necessary to the proper preparation for and conduct of such registration and the recapitulation and proper return of the same; now, therefore

Resolved, By the Board of Supervisors of the City and County of San Francisco, that the Registrar of Voters of the said City and County is hereby authorized immediately to cause the location of all necessary places of registration, for such registration, and to erect all booths and secure all stores and other places necessary to the proper conduct of such federal registration, and for such purpose, to proceed in an immediate and summary manner and the Registrar of Voters is to appoint and administer the proper oath of office to all clerks, deputies or persons selected or designated to conduct such registration as may be required for the proper conduct of such registration, and to cause to be printed all matter necessary for the proper conduct of such registration and take any and all steps to the complete and effective conduct and completion of such federal registration; and the said Registrar of Voters is authorized to make any and all contracts necessary to the conduct of such registration wherever he shall deem that contracts are necessary or advisable and he shall deem there is sufficient time available for entering into such contracts, and may otherwise perform such service without contracts, in the manner he shall deem most advantageous to the City and County in such respect, and generally to do and perform all acts necessary to the effective and complete conduct of such registration, and except as to the necessary preliminary proceedings by way of locating such registration places and securing stores or proper places therefor, or erecting booths therefor, the said Registrar of Voters shall take charge of such registration upon the direction, in writing, of the person or persons designated by Act of Congress, or the rules and regulations or orders or proclamations of the President, or the federal government, or any of its officers, relating to such federal registration, to have charge or control of such registration in San Francisco. That the Registrar of Voters shall make requisition upon the Civil Service Commission of the City and County of San Francisco to furnish as many civil service clerks or deputies as it may desire to furnish and certify as competent for such purpose and who shall report for such service and duty to the Registrar of Voters at or before a time specified by the said Registrar of Voters in such requisition. And the Registrar of Voters shall appoint other and additional persons necessary to the effective conduct of such federal registration. That the persons so appointed shall be entitled to compen-

sation from the public treasury provided for ordinary clerks in the Department of Elections except in cases where such appointees will volunteer their services without compensation, but the volunteering of services without compensation shall not compel or require the Registrar of Voters to accept the service of any person not deemed competent by him. That all the expenses which shall be incurred by the Registrar of Voters in the conduct and completion of such federal registration shall be paid upon demands upon the treasury of the City and County, in the usual form for demands in the Department of Elections and upon payrolls made and certified and passed by the Civil Service Commission in the manner usual in the Department of Elections, and upon the presentation of such demands and payrolls certified by the Registrar of Voters to be correct, the Board of Election Commissioners, or a majority thereof, shall allow the same in the usual manner for allowance of such demands and payrolls in the Department of Elections and thereupon the Auditor of the City and County of San Francisco shall audit all such demands and payrolls and the Treasurer of the City and County of San Francisco shall thereupon pay all warrants drawn for the payment of such demands and payrolls, or salaries, out of the funds appropriated for elections for the fiscal year 1916-1917, and so much of the said moneys and funds as are necessary, or shall be necessary to the full payment of all such demands or warrants, is hereby reappropriated from such funds to and appropriated for the payment of all such demands, warrants or payrolls.

Approved by the Board of Supervisors May 21, 1917.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated, and approved as above recited.

JOHN S. DUNNIGAN,

Clerk of the Board of Supervisors,
City and County of San Francisco.

Privilege of the Floor.

Thos. V. Cator, President of the Board of Election Commissioners, was granted the privilege of the floor and addressed the Board as to the necessity of the passage of the measure at this time.

Adopted.

Whereupon, the foregoing resolution was *adopted* by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Referendum on Market and Produce Lot Exchange.

Supervisor Nolan called for action on his resolution providing for a referendum on the proposed exchange of Market and Produce lots for land of Southern Pacific Company at the foot of Van Ness avenue.

Supervisor Hayden raised the point of order that Nolan's resolution had been laid on the table pending decision of Judge Seawell on action now before him relating to the subject. "That case," *Supervisor Hayden* said, "is still pending according to information furnished me by City Attorney."

Ruling: Point of order well taken. Opening Streets, City Land Association.

Supervisor Walsh requested a report on his resolution providing for the opening of streets in the City Land Association Tract into Junipero Serra boulevard.

ADJOURNMENT.

There being no further business the Board at 5:05 p. m. adjourned.

J. S. DUNNIGAN,
Clerk.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

FRIDAY EVENING, MAY 11, 1917,
8 P. M.

In Board of Supervisors, Friday,
May 11, 1917, 8 p. m.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Quorum present.

His Honor Mayor Rolph presiding.

Bond Issue for Schools.

In accordance with motion made at last meeting the Board of Supervisors met in special session for the purpose of considering the recommendation of the Joint Committee on Finance and Education, Parks and Playgrounds that Supervisor McLeran's resolution providing for a bond issue for school construction be adopted.

Communications.

The following matters were presented and read by the Clerk:

Communication—From the Associated Bank of San Francisco, representing the Hibernia Savings and Loan Society, German Savings and Loan Society, Savings Union Bank and Trust Company, Anglo-California Trust Company, Bank of Italy, Columbus Savings and Loan Society, French-American Bank of Savings, Banca Popolare Fugazi, Humboldt Savings Bank, Italian-American Bank, Mission Savings Bank, Mutual Savings Bank and Security Savings Bank, requesting that in consideration of school building program of Board of Education that only the most urgent items be considered and that these be financed from the proceeds of a special tax levy of not to exceed 15 cents, instead of from a bond issue.

Communication — From Cyrus Pierce and Company, Bond and Investment Company, requesting that school building program be cut down to buildings only that are absolutely

necessary and that payment therefor be made from a special tax instead of from a bond issue and declaring it impossible to sell bonds in the present condition of the market.

Communication—From Blyth, Witter & Company, declaring that the issuance of any large quantity of school bonds at this time would be very harmful to the city's credit and suggesting that necessary school buildings be constructed out of current revenue rather than through a bond issue.

Communication—From the Peralta Heights Improvement Club, endorsing plan of a special tax for schools, so as to obviate expense of bond election and interest on bonds.

Communication—From the San Francisco Real Estate Board, endorsing the pay-as-you-go plan for school construction and declaring that present market conditions are not favorable for floating additional municipal bonds of this city.

Privilege of the Floor.

F. H. Coburn, representing the Associated Savings Banks of San Francisco, was granted the privilege of the floor and addressed the Board. He said, in part: At a meeting of the Associated Banks of San Francisco, composed of representatives of the Hibernia and German Savings and Loan Societies, Savings Union and Trust Company, Anglo-California Trust Company, Bank of Italy, Columbus Savings and Loan Society, French-American Bank of Savings, Banca Popolare Fugazi, Humboldt Savings Bank, Italian-American Bank, Mission Savings Bank, Mutual Savings Bank and Security Savings Bank, the resolutions just read were adopted. The extraordinary condition of the financial world which has been created by the war, he said, demands retrenchment in every direction. In view of these circumstances it is the opinion of the Associated Banks of San Francisco that the pay-as-you-go plan of financing school construction be adopted and that a tax levy of 15 cents on each \$100 of assessed valuation be levied instead of a bond issue. If

the proposal of the Department of Education to authorize a bond issue of \$3,500,000 for new schools were adopted, he said, the authorized indebtedness of the City and County would exceed the limit of 7 per cent of assessed valuation allowed by the banking laws of New York and Massachusetts, which states are the heaviest investors in California municipal bonds outside of California, and San Francisco bonds would thereafter be illegal investments for the savings banks of those states. The liquidation which would follow as a result of exceeding this 7 per cent limit would materially depress the market price of San Francisco bonds and very materially interfere with the sale of bonds already authorized for the completion of the Hetch Hetchy water project.

The point of the matter is that if New York and Massachusetts does not want to invest in San Francisco bonds that fact would immediately become generally known in the bond market and it would be difficult for people handling San Francisco bonds to dispose of them. In other words, the field for San Francisco bonds would become more restricted. If \$1,600,000 will ease the situation as regards the urgent needs of the school department until this period of uncertainty is past, it might, I say, be better to take into consideration at this time, pending the floating of the seven billion government loan, the advisability of a special tax of 15 cents for that purpose rather than a bond issue.

In reply to a question from his Honor Mayor Rolph, Mr. Coburn declared that no one had solicited the banks to send him here. Mr. Drum had brought it to his attention, saying that the information as to the matter had come through the New York Bureau of Municipal Research. To the further question of Mayor Rolph, Mr. Coburn replied that 5 per cent school bonds in his opinion could be sold.

Louis F. Mooser, representing the San Francisco Real Estate Board. He said in part: I am here representing the San Francisco Real Estate Board to say that that Board has approved the proposed special tax of 15 cents in lieu of a bond issue of \$3,500,000 at this time. There should be a similar tax next year and the following year until the amount required has been obtained. We do not care particularly what New York or Massachusetts does. My opinion is that \$3,500,000 school bonds can be sold in San Francisco. Irrespective of what New York or Massachusetts does, the bonds can be

sold here. I do think, however, in view of the conditions now before this country, that San Francisco ought to think twice before going into the matter of bond issues. From considerations of economy there should be no bond issues at this time. As I say it will take from \$300,000 to \$350,000 at the first of the year to provide for interest and sinking funds for bonds. The delay caused by preparatory work of providing for bond issues and for printing and selling bonds will amount, at least, to six months. It will be fully one year before a bond fund will be available and before one school building can be started. Under the special tax plan the money will be immediately available. There will be no loss of time in proceeding with what is urgently needed and there will be no loss to the taxpayer for interest on bonds. That is our object in presenting this suggestion to the Board of Supervisors. The San Francisco Real Estate Board, he said, is not opposed to increasing school facilities; it is simply the method by which money is to be raised for this purpose that induces it to make this suggestion.

In reply to a question from Supervisor Gallagher as to whether the Real Estate Board ever favored any bond issue, Mr. Mooser replied that the Real Estate Board favored the Exposition bonds, the Spring Valley bonds and the 18 millions of bonds after the fire.

I expect that the tax rate will not be increased. Would favor 15 cents additional to present rate, however, rather than a bond issue at this time.

W. B. Holton, representing the New York Bureau of Municipal Research, also addressed the Board. He said in part: Supervisor Power stated before the Home Industry League at a recent luncheon that 15 cents could be set aside for school construction without increasing the present tax rate. We believe that that can be done. We believe in the pay-as-you-go policy for school construction. Not that we don't believe in the urgent need of better school facilities, but that by the method of pay-as-you-go your immediate and urgent needs can be cared for; \$1,625,000 will eliminate all the urgent requirements of the school department and relieve the present condition of overcrowding. This is not a question of the needs of the school department, but purely a question of finance. The money that will become immediately available from a 15-cent tax this year and 15 cents next year, together with money from the Southern Pacific

Company for Market and Produce lots will put schools in fair condition. The bond issue method is very involved. There is a question as to how the people will vote on a bond issue. If sold there is the question of market conditions when offered for sale.

E. Lastreto, representing the Board of Governors of the Civic League of Improvement Clubs. He said in part: We are recommending at this time a special tax of 30 cents for school construction purposes. Not, he said, that we have abandoned our idea of the necessity of a bond issue for schools, but for the reason that we deem it expedient to delay it at this time for fear of defeat under present circumstances.

John Phillips, representing the North Beach Promotion Association, also addressed the Board. He favored a bond issue of seven and one-half million dollars. He declared that if the members of the Board would investigate the condition of the schools for defective children in the Telegraph Hill district they would be convinced of the necessity for doing something at once.

J. B. Zimdars, representing the Mission Promotion Association, said that he spoke in behalf of the great voting population of the Mission District and declared that a bond issue of seven and one-half million dollars for schools would not be one cent too much. The San Francisco Real Estate Board and the Civic League, he said, do not represent one-third of the voting population of San Francisco. A three and one-half million dollar bond issue will only take care of our temporary needs.

J. W. Harrison, representing the Anglo & London-Paris Bank, was granted the privilege of the floor. He said in part: On April 16 the Board of Supervisors asked for bids for the purchase of \$11,090,000 Hetch Hetchy water bonds. The Anglo & London-Paris Bank, representing Blyth. Witter Company, Wm. A. Reed and Harris Trust and Savings Bank, have been awarded \$1,640,000 of said bonds at their bid price of \$1,641,148, the remainder have been placed in the hands of the Treasurer subject to the option of the Anglo & London-Paris Bank and to be taken up by said bank at a premium of \$5 a bond for \$5,000,000 of said bonds and a premium of \$10 a bond for the remaining \$4,450,000. Of the \$1,640,000 taken we have sold to date \$375,000 and we are offering the remainder at a \$4.35 and \$4.40 basis. That price is 5 points cheaper than bonds were selling in the bond market six weeks

ago. We are at the end of our string in the matter; the floating of the United States government bonds at this time intensifies the condition.

If you now offer school bonds we will not be able to take up our option and Hetch Hetchy will have to wait or the schools will have to wait.

Our purpose here is to enlighten you on the present condition. There may be some improvement in the bond market to permit the exercise of our option, but the situation is unprecedented.

In reply to the query from his Honor the Mayor, Mr. Harrison said: I do not believe that you could sell three and one-half million dollars school bonds at this time. You may do it, he said; it is not a question of the security of investment money; it is the feeling among savings banks—they don't know what call will be made by individuals for money for purchase of government bonds.

As regards our option, the present agitation for school bonds is not helping us any. The government loan must first be gotten out of the way. The serious financial condition of this country has not yet been reached.

In reply to his Honor the Mayor's question What would you do as a citizen? he said: As a citizen, and not as a representative of a bond house, having the interest of San Francisco at heart, I would vote for the tax levy. Next year as a representative of a bond house I would want you to issue bonds.

Mr. Blyth of Blyth, Witter Company also addressed the Board. He said in part: If you issue more bonds at this time and go over the 7 per cent limit and make bonds illegal investments for New York and Massachusetts you will cause these bonds to be thrown on the market in competition with the others held and issued. In that event the Anglo & London-Paris Bank would probably have to decline to take up its option on the remaining \$9,000,000 of Hetch Hetchy bonds.

Geo. Skaller, representing the Civic League of Improvement Clubs, also addressed the Board. He declared that he favored the tax levy because there was some question as to whether or not a bond issue would carry.

Bruce Cornwall, representing the New York Bureau of Municipal Research, also addressed the Board. In reply to a question of his Honor Mayor Rolph as to whether he would favor 15 cents additional to present rate for schools, he said: I favor 15 cents additional providing all extravagances are cut out.

Geo. Gallagher, President of the Board of Education. He said in part: I came here tonight in a quandary at a call from the New York Bureau of Municipal Research. I am sorry we reduced our proposed bond issue to three and one-half million dollars. I am stronger now than before for the seven and one-half million issue. We never ought to agree to reduce it. We agreed to take three and one-half million bond issue plus 10 cents in the budget. We need one and one-half million right off the reel, but not eliminating the bond issue. We want three and one-half million plus 10 cents in the rate. We are giving our best blood now for the trenches. We are sending the flower of our manhood to training camps that they may be fit to become the country's first line of defense. The school boys are the country's second line. We claim the right and duty to educate them and prepare them for first line duty when the time comes.

Miss Agnes Regan, School Director, also addressed the Board. She said in part: We cannot "pay as we go" until we pay what we owe.

Among numerous other instances of inadequate school facilities mentioned she stated that there were seventy portables maintained in San Francisco, seven rented rooms, seventeen schools have classes in auditoriums. Some classes were cared for in lunch rooms, hallways and other unsuitable places. Among schools with vacant rooms she mentioned Richmond, one vacant class room; Mission, three or four vacant rooms, due to recent opening of a parish school; in the Western Addition three vacant rooms in the Denman School; Pacific Heights, three; Redding, three. In these elementary schools, she said, there is no room for growth.

Regarding high schools she said: We have fewer high schools than Oakland and one-half as many as Los Angeles. Lowell High School will have reached its capacity within one year. Additional classrooms for the Commercial School will have to be provided in the old library building. One section of San Francisco is without any high school at all.

The bond issue, she declared, is the only way to correct this condition. What we really need is a seven and one-half million issue, then the pay-as-you-go plan will take care of the situation in a proper and adequate manner.

Mr. Roncovieri, Superintendent of Schools, also addressed the Board. There is no question, he said, as to the needs of the schools. Of fifty

schools built since the fire, they have barely kept up with conditions. Our school conditions are deplorable, but they will be more deplorable by 2000 children next year. Los Angeles levies 90½ cents for schools—60½ cents for elementary schools and 30 cents for high schools. Oakland levies 43 cents for elementary schools and 15 cents for high schools. This 58 cents includes bond issue. Sacramento provides 43.8 cents for elementary schools and 12.5 cents for high schools. San Jose provides 37 cents for elementary schools and 22½ cents for high schools—a school tax of 59.5 cents. San Francisco levies 17.7 cents for elementary schools and 4.7 cents for high schools.

Henry Warfield Ejected From Chambers.

Henry Warfield, who declared that he was a citizen and taxpayer, requested the privilege of the floor to address the Board on the question of the proposed bond issue for schools.

Supervisor McLeran objected on the ground that Mr. Warfield had been arrested for a seditious speech made on the public streets and was now out on bail.

Supervisor Hayden made the same objection and produced clippings from the San Francisco Chronicle descriptive of the incident. He declared that he would leave the chambers if Mr. Warfield was permitted to speak.

His Honor the Mayor ruled that Mr. Warfield must leave the chambers of the Board, upon the latter's refusal to retract his statement that it was a lie that Supervisor McLeran had pulled a chair from under him at a meeting of the General Contractors' Association for refusing to stand during the playing of the "Star Spangled Banner."

Report of Joint Committee.

Thereupon, the following reports were read by the Clerk:

San Francisco, May 11, 1917.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen: A majority of the Joint Committee on Finance and Education, Park and Playgrounds respectfully recommend the adoption of the resolution of Supervisor McLeran providing for a bond issue as the only practical method for providing necessary facilities for the school department of this city.

Respectfully submitted,

ANDREW J. GALLAGHER,
RICHARD J. WELCH,
J. O. KORTICK,

Minority Report.

San Francisco, May 11, 1917.

To the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen: We the undersigned respectfully report in the matter of the proposed bond issue for schools that we have given careful consideration to this very important subject with a view to doing what is the very best thing in our minds at this time to provide necessary educational facilities for our children.

Considerable interest has been aroused by this matter and civic organizations and representatives of the bond houses who are holding large blocks of our Hetch Hetchy bonds appeared before your committee and protested against a bond issue at this time and recommending that, for this year at least, we pay as we go by a special tax levy.

J. W. Harrison, representing Anglo & London-Paris Bank, also Mr. Blyth, representing his firm, spoke earnestly to this committee in its session last Thursday and warned us against another bond issue at this time. The city, they said, has only \$300,000 limit on bond issues. If more are offered the issue will go over the 7 per cent limit under which savings banks of New York State are allowed to invest funds, therefore making the sale of San Francisco securities in New York impossible. The firm would probably have to decline to exercise its option on \$9,000,000 Hetch Hetchy water bonds in the event of such a contingency and thereby bring the Hetch Hetchy work to a standstill.

Mr. Lastreto, chairman of the education committee of the Civic League of Improvement Clubs, also opposed the bond issue this year and recommended that the Board provide a special tax this year and that the bond issue be withdrawn temporarily. This, he said, was the decision of the board of governors at its last meeting.

Secretary King of the Chamber of Commerce said that the board of directors of that body think it the wisest plan at this time to vote a 15-cent tax levy for school purposes, if it does not increase the total tax levy for the year. Bond issue may be advisable later on, but not now; \$820,000 will take care of urgent needs for this year and we can tell better next year what we can do with a bond issue.

Geo. Skaller, representing the Civic League, also addressed the Board to the same effect.

Messrs. Moody, Cornwall and Rich-

ards, representing the San Francisco Real Estate Board, urged that a 15-cent tax be levied this year, a 15-cent tax next year instead of a bond issue. When the time is more opportune a bond issue may be desirable, but it is not now.

In view of the preponderance of opinion on the part of these people familiar with financial conditions and in close touch with the people vitally affected and in our own discretion we therefore recommend instead of a bond issue this year a 15-cent special tax now and again next year. With that tax in view we can go ahead and contract for \$1,500,000 in school buildings at once without waiting at all. This amount will easily take care of all our urgent needs in the present situation.

Respectfully submitted,

JAMES E. POWER,
EDWARD I. WOLFE,

San Francisco, May 14, 1917.

To the Honorable Board of Supervisors.

Gentlemen:

Pursuant to the provisions of the Charter of the City and County, your Finance Committee respectfully presents its recommendations for appropriations for the conduct of the government for the next fiscal year, and estimates that \$15,285,670 will adequately provide for the needs of the municipality.

The 1916-1917 budget provided \$15,668,110.

This is a net reduction of \$383,520, but when consideration is given to the fact that the charge for bond interest and redemption is automatically increased \$368,263, it is apparent that the Committee has endeavored to bring about economies in the administration of the City's affairs. If the budget appropriations were in the same amount as the current year, and the bond interest and redemption added, an increase in the tax rate of 7 cents plus over last year would be required.

Taking the 1916-17 Budget, and adding the Bond Interest and Redemption (which the people voted), a total of \$16,036,373, would have been the total, and adding to this total projects which have been started, or promised in one

form and another, a budget would have been produced which would have increased the tax rate more than 20 cents. The Committee feels that, by hard work and the exercise of economy, it has shown how the tax rate can be kept down—in fact reduced—and with no impairment of efficiency or deprivation.

Appropriations recommended by departments, and urged by improvement clubs, aggregate more than \$30,000,000; many of these recommendations and suggestions were meritorious and the Committee regrets its inability at this time to provide for many of the things which will hereafter be provided for.

No personal considerations have influenced the Committee in arriving at its conclusions. A conscientious attempt has been made to conserve finances, augment the progress of municipal affairs, and guide the City through a troublous period.

The Board will notice that the Committee has recommended a change in the form of the appropriation ordinance. This change is recommended for the reason that it will bring about co-ordination of accounts, and in the near future, we hope, lead to a uniform system of accounting—such uniformity being necessary if proper information regarding the City's expenditures is to be readily obtained.

ANALYTICAL DETAIL AT HAND.

The Committee has at hand the analytical detail upon which budget appropriations are recommended, and, of course, this information is available to the Board at any time.

An earnest effort has been made to reduce the tax rate. And in this effort it has been necessary to eliminate from the forthcoming appropriations everything except actual necessities. Conditions over which the municipality has no control whatever have brought about increased expenses. Foodstuffs for our several institutions, supplies and materials for the different departments have multiplied in cost, and these conditions compel most rigid economy. Mindful that the municipality's expenses increase in the same ratio as do the expenses of individuals, and also mindful of the fact that the people are called upon to meet extraordinary burdens, the Committee feels and recommends that every possible effort should be made to prevent the unnecessary expenditure of a single dollar. It is not for the Committee to analyze world-wide war conditions, as everyone is familiar with them.

So far as possible, and within reason, the Committee has provided for deserved and necessary increases in salaries of underpaid City employees. When the cost of foodstuffs and other necessities are taken into consideration, and it is generally known that wage-earners are not receiving enough income to support their families, there can be no justifiable criticism of the increases in wages and salaries already made or recommended in this report.

SOME THINGS MUST WAIT.

Several desirable and commendable public improvements heretofore commenced or suggested must of necessity be omitted from this year's appropriations. In the judgment of the Committee an effort should be made by the officials and the public to go along, perform the functions of the municipality and do without some of the improvements so much desired. This means merely a postponement of a

year of such projects as the Esplanade, the Bernal Cut and similar improvements.

It has been found after careful inquiry, and by consultation with the heads of various departments, that reductions should and can be made in administrative expense. With no desire to provoke controversy, the Committee is firmly convinced that reductions ought to be made in the Department of Public Works—and such reductions, followed by efficient administration, will provide for the necessary and adequate repairs to streets, public buildings, and provide for urgent improvements.

It is absolutely necessary to increase the allotments for subsistence in hospitals and public institutions. This City has always been in the forefront in providing for the sick poor and in complying with the State laws for the relief of minors and dependents. The increased cost of living has laid a heavy hand upon the orphans, and the Committee feels that provision should be made for the care of these children who are to be future citizens. Therefore increases are recommended, with the belief that such recommendation will meet the approval of the Board and of the public.

ASSESSMENT ROLL ESTIMATE.

The estimates are prepared upon the basis of an Assessment Roll of \$546,000,000, an approximate increase of over \$4,000,000 over last year. On this basis the appropriations here recommended would require a tax rate of only \$2.20.

TIME FOR STRICT ECONOMY.

The Committee realizes that this is the time for the strictest possible economy to be practised in the conduct of the City's business, perhaps more so than by the business men in general. With such thoughts before us we proceeded to provide departments appropriations, in our judgment sufficient to conduct their departments in a business-like manner, anticipating that those in charge of the several departments will realize that conservation is the paramount question before the citizens of this country.

The appropriations for the county offices are practically the same as last year, except in the case of the City Attorney, which shows a considerable decrease, and the Sheriff, which shows an increase due to the additional cost of foodstuffs.

A marked decrease is noted in the Department of Elections, principally as the result of the Charter amendment changing the form of election. No provision is made in the appropriation for this department to care for the proposed school bond election, principally due to the fact that, in order to state definitely what said amount would be, it would be necessary to know when said election would be held. If the idea of holding a bond election a day or so after the general election in November should prevail it would result in considerable reduction in the amount needed for said election. This matter is therefore left in abeyance until the Board deals with the budget, feeling that perhaps by that time the Board will have set a definite date for the election, and they in turn can provide the necessary amount for same.

DEPARTMENT OF ELECTRICITY.

The Department of Electricity shows considerable decrease, principally due to the advisability of foregoing some extensions on account of the extraordinary high cost of material necessary for aforesaid extensions. Notwithstand-

ing the reduction in the total appropriation for said department, provision has been made for increases in salaries of the mechanics of said department, and also one or two of the office force. Increases given to the mechanics is in conformity with the policy of this Committee, and the Board, to pay the mechanics employed by the city at least as much as the salary allowed to them by other employers.

FIRE DEPARTMENT.

The Fire Department shows considerable of a decrease, which can be attributed to two reasons:

1st. The spirit of co-operation shown by the Commissioners to this Committee in their desires to establish the proper system of accounting in said department, and

2nd. Their desire to conduct said department along strictly business lines, showing a sincere desire on their part to conserve the city's finances, and at the same time give the highest standard of efficiency to their department. Notwithstanding the decrease in the total allotment, the Committee has been able to allow \$150,000 for the purchase of motor apparatus, which is an increase of \$50,000 over last year's appropriation, and will, in the judgment of those best informed, be sufficient to completely motorize the department. Five thousand dollars is appropriated to this department for the purchase of reducing valves, which will permit of much further use of the high pressure system.

The increases in salaries allowed to mechanics and other employees of the Fire Department have been provided for.

The Committee was confronted with the necessity of providing \$12,500 more than last year's appropriation for the Firemen's Pension Fund, due to the fact that there has been a deficit in this fund each year. In making this appropriation of \$120,000, the Committee feels that it should be sufficient to provide for all the needs during the coming year, and hopes the Commission will see its way clear to not have the allowances exceed the appropriation.

HEALTH DEPARTMENT.

The increase in the Health Department's appropriation over last year's appropriation is approximately \$50,000. This is due to the fact that the maintenance allowances at the various institutions have been considerably increased on account of the high cost of foodstuffs, and the further fact that the department found itself unable to carry on its work with the appropriation allowed last year.

The Committee has requested Prof. Jaffa of the State University to kindly recommend a change in the foodstuffs for some of our institutions that we hope will result in considerable of a saving. This request has been joined in by the Health Department, and the Committee also feels that it might be possible to limit the number of patients at each institution. This idea, the Health Department thought an excellent one, provided a working plan could be carried out regarding same.

PARKS AND PLAYGROUNDS.

The Park Commission is allowed a small increase on account of the increased assessment roll, and in addition to same, provision has been made for a walk along the Ocean Beach, which might be constructed under their supervision. A small sum has been appropriated as a contribution towards the erection of a much-needed structure, much of the cost of which is to be by donations.

The Playground Commission shows a considerable reduction principally as a result of no provision being made for the purchase of any new playgrounds, other than the purchase of the Laidley street property which the Board pledged itself to. Ample provision is made for the employees and maintenance necessary for the present playgrounds and in addition thereto provision is made for the improvement of Jefferson Square, Funston Square, and the new playground recently purchased at the southeasterly section of the Mission. The Committee would very much like to have made provision this year for the purchase of the balance of said block, but felt that, in view of the situation confronting us, the advisable thing to do was to improve the piece already purchased, with the hope that the balance of said block can be purchased next year.

POLICE DEPARTMENT.

The Police Department shows a slight increase over last year, but provision is made for the purchase of considerable equipment which will materially add to the efficiency of the department, and also for the installing of the merit system, and a much-needed filing system. Considerable of a saving will be effected in this department during the year, principally on account of the desire of the Commission and the Chief of Police to co-operate with the Committee and other organizations that are aiming at greater efficiency. Provision has been made for a modern traffic signal system and proper protection for the men.

MAINTENANCE OF MINORS.

This is the largest increase allowed by the Committee other than the School Department. This is principally due to the fact that on account of the extraordinary demand made during the year on private charitable organizations, it was found that they were carrying considerable of the burden which rightfully belonged to the city, therefore the increased appropriation was allowed, and while it is not all that has been requested, still the Committee feels and hopes that it will be sufficient to relieve the burden that has been necessarily assumed by the various organizations referred to.

BOARD OF PUBLIC WORKS.

The Committee has provided sufficient funds for the conduct of this department. There are possibly groups of wage workers in the Board of Works who, under all circumstances, deserve an increase in their income, but such increases must first be granted by the Commission. The Committee is perfectly willing to deal justly with any recommendation which the Board of Works may make toward providing a living wage for workmen.

While considerable reduction has been made in one activity of this department, the Committee has seen fit to allow the same appropriation as last year for the repairs to school buildings, and considerable of an increase in the allowance for repairs to Fire, Police and other public buildings.

CITY ENGINEER.

The City Engineer's Department has been allowed an increase over last year's budget appropriation. The thought in mind, in allowing this increase, being to keep the present organization intact, feeling that there is sufficient work to keep said organization active. Increases in salaries are allowed to

lower paid employees of this department, principally the surveyor's field assistants.

In preparing the estimates and recommendations for the City Engineer's Bureau the Committee takes into consideration the splendid work accomplished under the direction of City Engineer O'Shaughnessy. The Chief Engineer and his subordinates have co-operated with the Committees of the Board in promoting public improvements in an economical and scientific manner and because of results obtained the Committee has endeavored to follow in essential detail the recommendations of the Engineer.

SCHOOL DEPARTMENT.

An increase of \$125,000 is allowed in this department. The Committee feels that this will provide for the employment of 75 additional grade teachers, 15 additional high school teachers, the increase of approximately 10% in the salaries of janitors and janitresses, a small increase in the salaries of the grade teachers, and also the automatic increases in the grade teachers' salaries.

The Committee felt that this department is one that should be allowed as liberal an increase as possible, hence we have seen fit to recommend an increase of \$125,000 over last year's budget appropriation.

In addition to this increased allowance the department will have at its disposal approximately \$27,000 more as a result of the surplus in the State allowance for schools.

School Tax: The Chairman of the Finance Committee is agreeable to an additional tax of 5c for school buildings, but his recommendation in this matter is not concurred in by the other two members of the Committee, due to the fact that the Board has seen fit to submit a bond issue to the people to take care of the needs of the schools. If the Board in its judgment increases the recommendations allowed by the Finance Committee by a sum approximating 5c additional tax levy, the Chairman of the Committee will support such action.

SHERIFF.

The additional allowance to the Sheriff's Office is, as stated above, principally on account of the increased cost of maintenance. The Committee has seen fit to allow a \$15 a month increase to the jailors, making their salaries \$90 per month. The Committee would have liked to recommend the full amount asked for, but they felt that, in view of the fact that this increase would be a total increase of \$40 per month for these men within one year.

BOND AND* INTEREST REDEMPTION.

The automatic increase in the Bond Interest and Redemption has been covered in a previous paragraph of this report. It will be necessary, however, for the Board to add to said sum approximately \$175,000 to care for the interest on school bonds, provided same are to be 5% bonds.

POLICE RELIEF AND PENSION.

Ten thousand dollars is provided in the budget for this relief in conformity with the Charter Amendment adopted at the last election, which provided that sufficient appropriation be made to provide the necessary sum for these pensions over and above the receipts from other sources for said pensions.

WATER FOR HYDRANTS.

A reduction of \$32,000 has been made in the allowance for water for hydrants. This would mean the elimination of approximately 1000 hydrants, which are the number of hydrants that are apparently a duplication of high pressure hydrants. The Fire Commissioners seem to think the elimination of approximately 370 hydrants at this time would offset the amount for water used through the high pressure system, and while they feel that 1000 hydrants can be eliminated, they think it advisable to give considerable thought and study to the matter during the year with a desire to substantiate their position that 1000 hydrants can be eliminated. If the Board feels that only 370 should be eliminated, the reduction would be approximately \$12,000 instead of \$32,000.

TUBERCULOSIS SANITARIUM.

The Committee regrets exceedingly that they could not see their way clear to make an appropriation in this budget to provide for a tubercular sanitarium outside the City of San Francisco. The Chairman of the Committee urged this upon his colleagues in every possible way, but finally gave way to their judgment, and agreed to an appropriation of \$1,000 for further investigation of available sites and the advisability of constructing a sanitarium.

SPECIAL STREET IMPROVEMENTS.

It will be noted that the Committee has made provision for co-operation with the property owners in their desire to improve conditions as to street work prevailing in their neighborhoods, such as the Twentieth and Collingwood project, Liberty and Sanchez streets, the completion of Cumberland and Sanchez streets, the improvement of Corbett avenue, from Caselli to Twenty-fourth street, and the improvement of Caselli avenue from the Switchback to Corbett avenue, and the necessary proceedings and plans for the regrading of Rincon Hill. In view of the fact that these property owners are confronted with a very heavy burden in the matter of street improvement, the Committee feels that it is right and proper for the city to join with them in making the necessary improvements.

EXTENSION OF MAIN SEWERS.

An appropriation of \$74,000 has been made for the extension of main sewers to be used as follows:

- \$25,000 for the Lake street sewer.
- 25,000 for the extension of the Great Highway sewer.
- 15,000 for temporary relief in University Mound section.
- 5,000 for the Woolsey street sewer.
- 4,000 for the Guttenberg street sewer.

The Committee would have liked to have increased this appropriation, but found themselves unable to increase it sufficiently to allow for the construction of the College Hill sewer, which would cost \$150,000, and could not very well be built on the unit plan of construction, therefore they felt that it would be advisable to forego this appropriation for one year.

SUPERVISORS' OFFICE.

The Committee recommends changes in the office of the Clerk of the Board of Supervisors in the interest of economy and an allotment of expense to a proper service. It is recommended that Bond and Ordinance Clerk Expert, Mr. Mason, be eliminated from the general pay roll, and if the Board of

Supervisors desires to retain him in the office his services can correctly be charged to the appropriation for the regrading of Rincon Hill.

The functions heretofore performed by the Light and Water Inspectors have been practically all taken over by the State Railroad Commission, and these employments as now designated are no longer necessary. If the Board desires to retain Mr. Hampton he could be employed as Inspector of Lighting for the city and make reports on outages at night and in the performance of this service the charge of his salary should be against the Lighting fund.

In the case of Mr. Ellison, the Assistant Light and Water Inspector, if the Board so determines, he can be retained to check the use of water for public buildings, and if so employed, the expense should be charged to the appropriation for water for public buildings.

The Committee has eliminated one of the \$150 a month assistant clerks in the office, without designating which one. The elimination of one of these clerks can in no wise interfere with the work of the office, as there are a sufficient number left to perform all required duties. The Clerk can rearrange the service and distribute the work of this clerk to those remaining in the office. In the event the Board approves this elimination, it is recommended that the assistant clerk be transferred to the Police Department where he can perform clerical work now being done by a policeman.

A change in the phrasing of the Appropriation Ordinance is suggested, to provide the preliminary step toward uniform accounting. The proposed draft of the Budget Ordinance is tentatively submitted, and before it is passed to print, the Committee desires that it be submitted to the City Attorney for his opinion as to its form and the legality of its provisions. The Board will no doubt accept the draft as approved by the City Attorney.

As stated above, the Committee has at hand analytical details upon which the budget appropriations are recommended, and we will therefore be pleased to give the Board such further information as they may desire.

Very respectfully submitted,

JAMES E. POWER,
ANDREW J. GALLAGHER.

THE APPROPRIATION ORDINANCE

BILL NO., ORDINANCE No. (New Series).

An ordinance establishing a budget of the amounts estimated to be required to pay the expenses of conducting the public business of the City and County government for the fiscal year commencing July 1, 1917, and ending June 30, 1918.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That pursuant to the provisions of Article III, Chapter I of the Charter of the City and County, the budget of the amounts estimated to be required to pay the expenses of conducting the public business of the City and County for the fiscal year, commencing July 1st, 1917, and ending June 30th, 1918, is hereby made, and the amounts so estimated are hereby approved for appropriation and duly appropriated in

totals as herein set forth to each department, officer, board or commission included in this budget.

Section 2. That the aggregate amount appropriated for conducting the public business of the City and County is \$15,285,834, and is hereby apportioned among the various funds as follows:

Bond Interest and Redemption	\$ 3,563,636
Common School Fund	2,375,000
Park Fund	380,000
Library Fund	109,200
Firemen's Relief and Pension Fund	120,000
General Fund	8,736,754

Total **\$15,284,590**

Section 3. That in pursuance of Article III, Chapter I, Section 9 of the Charter of the City and County, no department, officer, board or commission shall incur, authorize, allow, contract for, pay or render payable in the present or future, in any one month, any expenditure, demand or demands, against any appropriation which taken with all other expenditures, indebtedness or liability made or incurred up to the time in such month of making or incurring the same, exceeds one-twelfth part of the amount of the appropriation for the fiscal year; but if at the beginning of any month, any money remains unexpended in any appropriation which might lawfully have been expended during the preceding month, such unexpended sum or sums, except so much thereof as may be required to pay all unpaid claims upon such appropriation, may be carried forward and expended in any succeeding month of such fiscal year; but not afterwards, except in payment of claims lawfully incurred during such fiscal year. Appropriations provided to meet the expense of elections, for the support and maintenance of the assessor's and tax collector's departments, and for urgent necessities, shall be exempt from the provision of this section.

Section 4. That no department, officer, board or commission expend, agree to expend or incur liabilities which in total amount exceed the total sum appropriated in this ordinance or subsequently appropriated to such department, officer, board or commission during the fiscal year commencing July 1st, 1917, and ending June 30th, 1918.

Section 5. That the estimated amount apportioned to the "General Fund" and here appropriated from the "General Fund" to the various departments, officers, boards or commissions shall be expended according to the following terms and conditions, namely:

First. No department, officer, board or commission shall expend or incur liabilities to expend for any purpose a sum or sums in excess of the amount appropriated to such department, officer, board or commission for such purpose.

Second. Wherever in this ordinance the total appropriated amounts are segregated into segregated allotments, no department, officer, board or commission shall expend or incur liabilities to expend for any purpose a sum or sums in excess of the amounts allotted for such purpose.

Third. The executive head of the department, office, board or commission may make transfers from and to such segregated allotments by filing a notice of transfer in duplicate—one copy to the Auditor, and one copy to the Board of Supervisors—in which shall be stated (1) The amount by which it is proposed to increase any allotment or allotments, (2) The

amount by which it is proposed to decrease any allotment or allotments, (3) The circumstances necessitating the adjustment advised.

Fourth. The purposes for which the appropriated and allotted sums included in this ordinance are authorized shall, within the limits of the titles of such appropriations and segregated allotments, be defined by the Auditor of the City and County.

Fifth. The Auditor of the City and County shall not audit or pass for payment any demand on the Treasury which in itself or taken with other expenditures or incurred liabilities exceeds the latest accrued credit of an appropriation or appropriations, segregated allotment or allotments against which such demand is properly chargeable.

Section 6. The amounts appropriated are as follows:

MINORITY REPORT

OF

**FINANCE COMMITTEE ON BUDGET ESTI-
MATES, 1917-1918**

May 14, 1917.

To the Board of Supervisors—

Gentlemen: The minority of your Finance Committee here-
with submits a budget estimate for the year 1917-1918. I found
it impossible to agree with the other members of the Com-
mittee, not only as to matters of policy, but also as to the
amounts that should be allowed certain departments, and I
thought it fairer to the Committee and the Board to give my
ideas in the form of a complete budget.

A year ago the Board adopted a budget by unanimous vote, and as a similar budget would be easier of comparison, I have followed that form, and the changes can be seen at a glance.

It is hardly necessary to explain why I recommend a budget that, in my opinion, will give all offices and departments the money to properly conduct the business of the City, but does not permit of extensions and public improvements, for the war is here, the high cost of living is here, the Federal tax will soon be here, and every dollar saved to the taxpayer will be needed for food and clothing, and I believe the Board will fix a tax rate along the lines of what it thinks is necessary for the proper conduct of public business.

The principal changes in the budget from that of the current year and my reasons therefor are as follows:

SALARIES AND UNNECESSARY POSITIONS.

The public, in its dealings with the City, demands prompt, intelligent and efficient service from the employees and in a great majority of cases is as well, if not better, served than by private corporations.

A few salaries may be too high. I know that many salaries are too low and that the salaries are not equal for the same class of work, but all of these matters cannot be determined in the making of a budget.

The Board has requested the Civil Service Commission to recommend an adjustment of salaries and duties among all employees and that body is the only one that can fairly deal with the question, for, while we may correct one injustice we may create many more. I do not mean that high priced "experts" should be employed who usually render only a theoretical report, but that the Civil Service Commission, assisted by the different offices and departments, can smooth out the inequalities of our present system, both of duties and salaries and useless positions, include automatic increases of salaries for promotions and long service, and present a fair report that will do away with the yearly scramble for increases of salary. In my budget recommendations I have accepted the salaries ordered by the Board, but in those departments having control of their own salaries, no change has been made except in two cases. I have not allowed \$5000 for Play Directors, believing that, for the present, the teachers can supervise the school playgrounds, and in the District Attorney's office I have reduced the appropriation by \$10,300, as I think the force is not needed at its present number if the time of the employees be given to public business only. Several demands, approved by the District Attorney, have been presented in payment of services of an outside attorney for preparing briefs, something unusual when the City is paying sixteen attorneys in that office.

ACCOUNTING SYSTEM.

I have not allowed for the continuation of the proposed system of accounting as the results after a year's trial do not justify the expenditure and the money can be more profitably expended for the people than in a doubtful experiment.

FURNITURE FOR PUBLIC BUILDINGS.

I have deducted \$10,000 from the furniture fund, but enough remains for furniture of a permanent character, and as good work can be done on an old oak desk as on one of mahogany. Let us get along with what we have for a year or so.

MONDAY, MAY 14, 1917.

URGENT NECESSITIES.

I have allowed \$50,000 for this fund. My experience as a member of the Finance Committee has shown that all offices and departments when their appropriations run low, cast longing eyes on the Urgent Necessities Fund and it has become, not what its name implies and what the Charter intended, but an invitation for extravagance. Let the offices and departments understand that their appropriation is the limit of their expenditure; let the contractors dealing with the City know that they sell goods beyond the appropriations at their peril, and this \$50,000 will be ample for the "urgent necessities" of the City government.

LIGHTING FUND.

During the past five years the increase in the Lighting Fund has been \$15,000 per year, for the purpose of providing lighting for the fast growing city, but this year I recommend an increase of only \$10,000, as that sum will provide for the most urgent needs. In addition I have provided \$10,000 for the lighting of Golden Gate Park, now installed, and the adequate lighting of the Civic Center, now in process of being installed on a permanent basis. The Civic Center has become the drill ground of the City and should be properly lighted.

REPAIRS TO STREETS.

I have reduced this fund by some \$72,000 and believe that the \$600,000 remaining in the fund, if used with care and judgment, will be ample to keep our streets in condition.

WORK IN FRONT OF CITY PROPERTY.

The most urgent work of this kind can be done with the \$10,000 allowed and other work can wait with small inconvenience to adjoining property owners and the general public.

MAIN SEWERS.

Large public improvements of this kind require large appropriations in order to secure economical results and a small sum spent means an expensive improvement and waste of funds. Until the financial condition of the city will permit of the use of \$500,000 or \$1,000,000 for this purpose. I believe this improvement should wait and not fritter away a few thousands every year and get nowhere. I do not feel that the city should be taxed for \$500,000 this year and have made no appropriation for this purpose.

REPAIR OF BUILDINGS.

The sum of \$25,000 should be ample for repairs to buildings, when it is remembered that we have many new buildings that should not need repairing for years to come.

FIRE DEPARTMENT MAINTENANCE.

With the increased use of motor apparatus in the Fire Department, I believe \$100,000 will be ample for the maintenance of the department for the coming year and \$40,000 has been deducted from that appropriation for the current year.

EXTENSIONS, DEPARTMENT OF ELECTRICITY.

I have deducted \$16,000 from this year's appropriation and as all material used by this department has advanced in price, let us wait for further extensions until the City can get material at a reasonable price.

REPAIRS TO SCHOOL BUILDINGS.

Last year the sum of \$115,000 was appropriated for repairs to school buildings, fire escapes, portables, equipment, construction of buildings and a large part of this work must have been done, consequently I have allowed \$75,000 for repairs.

DEPARTMENT OF ELECTIONS.

As but one election will be held this year under our new law, and this is not the year for new registration, I have reduced the appropriation for this department.

INCREASES AND ADDITIONS.

The principal increases and additions to the budget are as follows:

Increased the appropriations for minors, insane and others required to be cared for by the State laws.

Increased the appropriation of all maintenance funds in those departments where the sick and poor are fed by the City by twenty-five per cent over the present appropriations, to provide for the increased cost of food.

Increased the Firemen's Relief Fund to \$120,000 from \$107,500 as required by the Charter.

Increased the School Fund by \$50,000.

Added an appropriation of \$50,000 for a Tuberculosis Sanitarium buildings and grounds to be erected outside of San Francisco.

Added an appropriation of \$25,000 for advertising purposes and to bring the various conventions to this city.

GOOD ROADS FUND.

This yearly fund, while not a part of the budget, is always considered in connection with street improvements and in my opinion should be used as the City Engineer may decide. The City Engineer spends this money that comes from the State and should be authorized to use the money in improvements that are already under construction so that some time the improvement will be completed and the city will have a good road to show for the money expended.

USE OF MONEY FROM SALE OF CHANNEL LOTS.

It has been suggested that the \$392,000 that may be received by the City from the Southern Pacific Company for the Channel lots could be used as an added source of income and by that amount reduce the sum to be raised by taxation, and as the matter may be brought before the Board I wish to declare myself as opposed to the use of this money for any such purpose. The money is not available and may never be available, but if the sale should be completed and the City should receive the money, it should only be used for the retirement of bonds or put in some permanent improvement like the completion of the Civic Center. San Francisco has not yet reached the financial condition where she must spend her capital for current expenses.

TAX RATE.

The budget, as submitted, makes a net reduction in the total sum appropriated of about \$500,000 from last year's budget, giving a tax rate, based on last year's assessment roll and the same amount of money received from other sources, of a little less than 2.23. Should the Auditor's

estimate of a \$4,000,000 increase in the roll be correct, the tax rate will be approximately 2.21, including the increased 7 cents for the added interest account and bond redemptions. Not including the increase for bond interest and redemptions, the net reduction of the budget from last year is about \$870,000, or over 17 cents. Should the Board decide to use the \$392,000 from the railroad company, this budget will require a tax rate of 2.13, based on an increased assessment roll.

AUDITORIUM AND SCHOOL BONDS.

I have not included in this budget any allowance for the expense of the Auditorium, as I understand the Auditorium Committee is making it self-supporting, but, if necessary, any probable deficit can be added.

No account has been taken of the interest account of the new school bonds and this amount, when the correct amount is known, can also be included.

In conclusion, I wish to state to the Board that this budget will provide sufficient money for all departments without loss of public service and will not hamper them in the discharge of their duties.

This is war time and our citizens are beginning to save, not knowing what demands may be made upon them; many have become prospective potato kings, their kingdom confined to the back yard; others are drilling nightly in front of the City Hall, to be prepared for what may come.

Esplanades, playgrounds, parks, smooth pavements, bright lights and many other things are desirable and should be provided in ordinary times, but now a dollar in the taxpayer's pocket is worth more for the national defense than all of those things, for the dollar is ready at the call of the nation. I wish our public servants would say (and our citizens, too), "I can get along without this", instead of "I need this", or "I must have that".

Respectfully submitted,

EDWARD L. NOLAN,

Minority Finance Committee.

Registrar's Appropriation for Military Draft Registration.

Resolution No. 14346 (New Series), as follows:

Whereas, The President of the United States is about to issue his proclamation, orders and directions providing for the registration in the various States of the United States and the several respective subdivisions of such States, of all persons liable to be called or conscripted for the performance of military duty in the service of the United States; and

Whereas, The President is authorized, or will be authorized, to call upon all public officers to assist in the execution of the laws of the United States, and the orders, rules and regulations of the federal government or its officers, with relation to the aforesaid matter; and

Whereas, It is expected that the person or persons charged with procuring such registration in the City and County of San Francisco will designate the Registrar of Voters of said city and county as the chief officer to conduct such registration, and require the appointment of proper clerks or deputies to conduct such registration, duly sworn substantially in the manner in which the registration of voters is usually conducted and carried on, subject only to such modifications, as the federal laws or regulations in their behalf shall require, and

Whereas, Such registration is to take place in the voting precincts of said city and county, and

Whereas, It appears that in order to be ready for the effective conduct of such federal registration, that the Registrar of Voters, immediately and summarily take preliminary steps and proceedings to locate registration places and prepare registration places for such federal registration, so that the same may be ready in time to conduct such registration at the time which shall be designated, and

Whereas, It is necessary in advance of such registration for the Board of Supervisors to authorize the expenditure of the moneys of the city and county necessary to the proper preparation for and conduct of such registration and the recapitulation and proper return of the same; now, therefore

Resolved, By the Board of Supervisors of the City and County of San Francisco, that the Registrar of Voters of the said city and county is hereby authorized immediately to cause the location of all necessary places of registration, for such registration and to erect all booths and secure all stores and other places necessary to

the proper conduct of such federal registration, and for such purpose, to proceed in an immediate and summary manner to appoint and administer the proper oath of office to all clerks, deputies or persons selected or designated to conduct such registration as may be required for the proper conduct of such registration, and to cause to be printed all matter necessary for the proper conduct of such registration and take any and all steps to the complete and effective conduct and completion of such federal registration; and the said Registrar of Voters is authorized to make any and all contracts necessary to the conduct of such registration wherever he shall deem that contracts are necessary or advisable and he shall deem there is sufficient time available for entering into such contracts, and may otherwise perform such service without contracts, in the manner he shall deem most advantageous to the city and county in such respect, and generally, to do and perform all acts necessary to the effective and complete conduct of such registration, and except as to the necessary preliminary proceedings by way of locating such registration places and securing stores or proper places therefor, or erecting booths therefor, the said Registrar of Voters shall take charge of such registration upon the direction in writing, of the person or persons designated by Act of Congress, or the rules or regulations or orders or proclamations of the President, or the federal government, or any of its officers, relating to such federal registration to have charge or control of such registration in San Francisco. That the Registrar of Voters shall make requisition upon the Civil Service Commission of the City and County of San Francisco to furnish as many civil service clerks or deputies as it may desire to furnish and certify as competent for such purpose and who shall report for such service and duty to the Registrar of Voters at or before a time specified by the said Registrar of Voters in such requisition. And the Registrar of Voters shall appoint other and additional persons necessary to the effective conduct of such federal registration. That the persons so appointed shall be entitled to compensation from the public treasury provided for ordinary clerks in the Department of Elections except in cases where such appointees will volunteer their services without compensation, but the volunteering of services without compensation shall not compel or require the Registrar of Voters to accept the service of any person not deemed competent by him. That all the ex-

penses which shall be incurred by the Registrar of Voters in the conduct and completion of such federal registration shall be paid upon demands upon the treasury of the city and county, in the usual form for demands in the Department of Elections and upon payrolls made and certified and passed by the Civil Service Commission in the manner usual in the Department of Elections, and upon the presentation of such demands and payrolls certified by the Registrar of Voters to be correct, the Board of Election Commissioners, or a majority thereof, shall allow the same in the usual manner for allowance of such demands and payrolls in the Department of Elections and thereupon the Auditor of the City and County of San Francisco shall audit all such demands and payrolls and the Treasurer of the City and County of San Francisco shall thereupon pay all warrants drawn for the payment of such demands and payrolls, or salaries, out of the funds appropriated for elections for the fiscal year 1916-1917, and so much of the said moneys and funds as are necessary or shall be necessary to the full payment of all such demands or warrants is hereby re-appropriated from such funds to and appropriated for the payment of all such demands, warrants or payrolls.

Bill No. 4536, Ordinance No. 4191 (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors, to Sugarman Iron and Metal Company, its successors and assigns, to lay down, construct, maintain and operate a spur track as follows:

Commencing at a point in the existing spur track of the Southern Pacific Company in Bluxome street, said point being thirty (30) feet more or less at right angles northeasterly from the northeasterly line of Fifth street and twenty-three (23) feet at right angles southeasterly from the northwesterly line of Bluxome street; thence southwesterly and on a curve to the right and along said Bluxome street and crossing said Fifth street and entering private property.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to Sugarman Iron and Metal Company, its successors and assigns, to lay down, construct, maintain and operate a spur track as follows:

Commencing at a point in the spur track of the Southern Pacific Company in Bluxome street, said point being thirty (30) feet, more or less, at right angles northeasterly from the northeasterly line of Fifth street, and twenty-three (23) feet at right angles southeasterly from the northwesterly line of Bluxome street; thence southwesterly and on a curve to the right and along said Bluxome street and crossing said Fifth street and entering private property.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and particular reference is hereby made to Section 8 of this ordinance, reading as follows:

"The railway operating any spur track on any public street or property hereafter constructed in the City and County shall, upon demand of the person, firm or corporation for the use or benefit of which such spur track is operated, place upon such spur track the freight cars of any railway which has, in this City and County, track connections with the operating railway, such cars so placed to be used for the receipt and delivery of freight in carloads only. And the operating railway shall receive and deliver the cars of the connecting railway over, at and upon such connecting track in the performance of such switching service for such persons, firms or corporations; and such railway shall perform such service without undue de-

lay or discrimination. The operating railway shall perform such service for the same charge or rate that it charges for corresponding service for its own cars upon the track for like purpose. The provisions of this section shall apply only to such portions of such spur tracks as are not constructed, maintained or operated upon or across private land, and no permit for a spur track shall hereafter be granted by the Board of Supervisors which does not specifically contain the provisions and conditions of this section."

Provided, That said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office; and that any and all expense connected with the installation of the track, setting back of the curbs, restoration of pavements and any additional requirements for surface drainage be paid for by the applicant.

Provided, That no car shall at any time be allowed to stand on said track so as to block the roadway of a street, or block or obstruct a street crossing, to exceed five minutes.

Provided, That cars switched over this track shall be used for the receipt and delivery of freight for the permittee only.

Provided, That no car shall be taken over said spur track between the hours of 6 a. m. and 6 p. m.

Provided, Sugarman Iron and Metal Company, its successors and assigns, shall erect and maintain an arc light on Bluxome street, where directed by the Lighting Committee.

Section 2. This ordinance shall take effect immediately.

Amendment of Sealed Package Liquor License.

Supervisor Lahaney presented:

Bill No. 4542, Ordinance No. — (New Series), as follows:

Amending Section 2 of Ordinance No. 2569 (New Series), entitled "Regulating and limiting the places where liquors may be sold, kept or offered, furnished, distributed, dispensed or divided for sale at retail,

and providing for the manner of issuing a permit therefor and revoking the same; and prescribing penalties for a violation thereof." Approved January 16, 1914, and adding new sections thereto, to be numbered 2A and 2B.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That section 2 of Ordinance No. 2569 (New Series) is hereby amended to read as follows:

Section 2. Such permit may be granted in the discretion of the Board of Police Commissioners to all persons who are engaged, or who are about to engage in, the sale of liquor under the terms of this ordinance upon the making of written application therefor to the said Board of Police Commissioners, stating the name of the applicant, and the description of the premises for which the permit is given, and no such permit shall be used by any other person or persons than named therein, or at any other place or places than described therein, and must be posted conspicuously on the premises described therein. Such permit shall not be granted for more than one year at a time and may be revoked by the said Board of Police Commissioners in the event that the person named in the permit, his agent, servant, or employee, shall make a sale of spirituous, vinous, malt or fermented liquors to be drunk on the premises described in the permit, or in quantities of less than one commercial quart, or when it shall appear to the Board of Police Commissioners that the business of the person to whom such permit is given is conducted in a disorderly or improper manner. Upon the revocation of such permit by the said Board of Police Commissioners, the holder thereof shall not be entitled as a matter of right to make application for a similar permit during the period of five years from the date of revocation, excepting in the discretion of the said Board of Police Commissioners. Complaints to revoke permits granted by the Board must be in writing, signed by the person making the same and filed with the Secretary of the Board; and a copy thereof certified by the Secretary must be served upon the party complained against, or upon the party in charge of the said place of business at least five days before the time set for the hearing of the complaint.

Section 2A. No permit shall hereafter be issued, except in renewals of existing permits, to any person who is not a citizen of the United States.

Section 2B. No person holding a permit under the provisions of this

ordinance shall sell, serve, deliver or give away any spirituous, vinous, malt or fermented liquors between the hours of 7 p. m. and 6 a. m. of the following day; provided, however, that no such person shall sell, serve, deliver or give away spirituous, vinous, malt or fermented liquors between the hours of 9 a. m. on Saturday and 6 a. m. on the following Monday.

Section 2C. This Ordinance shall take effect immediately.

Privilege of the Floor.

Louis F. Byington, representing the Beer Bottlers, was granted the privilege of the floor. He requested an opportunity to be heard as to the time when light beers and wines may be sold. Drug stores, he said, which will be effected by this legislation have not been heard. My purpose here is to request an opportunity to appear before the Police Committee and present our views.

Frank Connolly, representing the grocers, also addressed the Board. He said: This ordinance was adopted at the instance of the grocers in opposition to the Royal Arch. He opposed the above bill going over for one week.

M. Keeler, representing the Royal Arch, also addressed the Board. On the question of delay, he said: A great question of public policy is involved. If things are delayed, the United States military authorities may take drastic action, which would be a reflection on the Police Commission.

Action Deferred.

Supervisor Hayden moved that consideration of the foregoing bill be postponed for one week so that all interested parties may be heard.

Supervisor Brandon moved as an amendment that matter be made a Special Order of Business for 3 p. m. next Monday. (Amendment accepted.)

Whereupon the foregoing motions were carried by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Hocks, Kortick, Power, Welch—4.

200 feet southerly from Brunswick street, at 354 feet. (The sale being the present official grade.)

On Pope street, between a line parallel with and 200 feet southerly from Morse street and a line parallel with and 200 feet southerly from Brunswick street, and on Brunswick street, between Curtis and Allison streets, be changed and established to conform to true gradients between the grade elevations above given therefor and the present official grade of Curtis and Allison streets at Brunswick street.

The Board of Supervisors hereby declares that no assessment district is necessary as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this Resolution of Intention.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Suhr, Walsh, Welch, Wolfe—16.

Absent—Supervisors Hocks, Power—2.

Intention to Change Grades.

Board of Public Works to Estimate Cost of Market Street Extension.

Supervisor Welch presented:

Resolution No. 14359 (New Series), as follows:

Whereas, On March 12, 1916, by Resolution No. 12650 (New Series), the sum of \$1,000.00 was set aside, appropriated and authorized to be expended out of the City and County Good Roads Fund for the expense of plans and specifications, surveys and other necessary preliminary work in connection with projected extension of Market street, between Castro and Seventeenth streets, and between Twenty-fourth street and Corbett avenue; now therefore

Resolved, That the Board of Public Works is hereby requested to furnish this Board with an estimate of cost of the proposed extension of Market street, the exterior boundaries of the district to be affected or benefited by the improvement or work, and to be assessed to pay the damages, costs and expenses thereof.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Suhr, Walsh, Welch, Wolfe—16.

Absent—Supervisors Hocks, Power—2.

Accepting Conditions in Deeds to Land for Widening of Sloat Boulevard.

Supervisor Welch presented:

Resolution No. 14360 (New Series), as follows:

Whereas, In accordance with Journal Resolution No. 1535 of the Board of Supervisors the City Attorney reports that he has acquired options for the acquisition by the City of a 30-foot strip of land adjoining the north side of Sloat Boulevard from the following property owners, viz.:

Parkside Realty Company,
Marie D. Johnson,
Golden Gate Park Land Company,
Francisco Da Silva Neves,
Kate Carroll,
Albert A. E. Buhst,
J. A. Shepard,
Sophie Eggers,
William A. Toye,
Sol Getz & Sons, Inc.,
George W. Greene,
Nettie Backwith and Minnie Clark,
Hazel Wood Shaw and Ethel Thompson Taylor,

Martin Krotoszyner,
C. W. Hawkins and wife,
Hattie Pixley,

Leopold W. H. Greene, and
Whereas, Said land is necessary for the proposed widening of Sloat boulevard and is to be dedicated as a part of said boulevard under said widening plan, and

Whereas, All of said options are conditioned upon the paving by the City without expense to the said property owners of a 30-foot strip of boulevard lying immediately north of the new location of the private right of way of the San Francisco Electric Railways with standard bitumen pavement, and

Whereas, It is to the best interests of the City and County of San Francisco that the said boulevard should be paved and widened in the manner proposed, due to the present congestion of automobile traffic on the paved portion to the south of the street railroad tracks, and it appears that the terms of said offers from the property owners for the donation of land subject to the condition hereinabove imposed are fair; now therefore be it

Resolved, That the Board of Supervisors does hereby accept the condition imposed in said offer relative to the paving of said boulevard without expense to the said property owners, and hereby agrees as soon as deeds to said 30-foot strip of land are delivered to the City of San Francisco to dedicate all of said strip as a part of Sloat boulevard, and as soon as funds are available therefor to proceed with the paving of a 30-foot strip lying immediately north of the new location of the San Francisco Electric Railways' right of way, the remaining 20 feet lying north of said paved strip to be dedicated and reserved as a space for sidewalk and parking purposes, and the said property owners on the north line of Sloat boulevard as then constituted to have the right to construct sidewalks and parking spaces within said 20 feet, and to lay sewers, gas and water mains therein whenever development of the said district so requires, provided, however, that the City of San Francisco shall not be under any further expense than for the paving of said boulevard in the manner proposed.

Be it Further Resolved, That the City Attorney is hereby directed to notify the said property owners of the adoption of this resolution and of the removal of the street railroad tracks, in accordance with the terms of their offers, which removal has already been provided for and is now taking place, and thereupon to request the said property owners, in accordance with the terms of their said offers, to deliver deeds covering the property described in said offers to the City and County of San Francisco as a necessary step prior to the formal dedication and paving of said boulevard.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Suhr, Walsh, Welch, Wolfe—16.

Absent—Supervisors Hocks, Power—2.

Dedication of Portion of St. Marys Avenue as a Public Street.

Supervisor Welch presented:

Resolution No. 14361 (New Series), as follows:

Resolved, That the hereinafter described land be and the same is hereby declared to be a portion of St. Mary's avenue, a public street in the City and County of San Francisco, and the said land is hereby dedicated to public use, to-wit: As for the use and purposes of a public street in this City and County.

The land hereinabove referred to is situate, lying and being in the City and County of San Francisco, State of California and more particularly described as follows, to-wit:

Commencing at a point on the southeasterly line of Arlington street 225.50 feet northeasterly from the northeasterly line of Roanoke street and running thence northeasterly along the southeasterly line of Arlington street 24.50 feet; thence at right angles southeasterly 150 feet, more or less, to the northwesterly boundary line of the Southern Pacific Railroad right of way; thence southwesterly along said boundary line of the Southern Pacific Railroad right of way 24.50 feet, more or less, to a point 225.50 feet northeasterly at right angles from the northeasterly line of Roanoke street as extended southeasterly; thence northwesterly along a line parallel with and 225.50 feet northeasterly from the northeasterly line of Roanoke street 148 feet, more or less, to the southeasterly line of Arlington street and point of commencement.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Suhr, Walsh, Welch, Wolfe—16.

Absent—Supervisors Hocks, Power—2.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Money Lenders.

Supervisor Nelson presented:

Resolution No. — (New Series), as follows:

Whereas, It has been reported that certain money lenders have been active of late in holding up payment

in the office of the City and County Treasurer, of salary warrants of city employees who owe the said brokers for loans; and

Whereas, It is against public policy for any city department to act in any way or manner as a collection agency for such brokers, or to allow activities of money lenders in city buildings or offices; therefore be it

Resolved, That the Board of Supervisors go on record as opposed to any such money lenders carrying on their business in such manner in city offices, and be it further

Resolved, That the Judiciary Com-

mittee be instructed to prepare a draft of an Ordinance to be submitted to this Board, making it a misdemeanor for any city employee to give information to a money broker as to the time at which a city employee is to present, or does present, a salary or other warrant for payment.

Referred to Judiciary and Public Utilities Committee.

ADJOURNMENT.

Whereupon, the Board at the hour of 3:50 p. m. adjourned.

J. S. DUNNIGAN,
Clerk.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

WEDNESDAY, MAY 16, 1917, 10 A. M.

In Board of Supervisors, Wednesday, May 16, 1917, 10 a. m.

The Board of Supervisors met pursuant to adjournment for the purpose of hearing taxpayers on the proposed budget of municipal expenditures for the fiscal year 1917-1918.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brandon, Gallagher, Hayden, Hilmer, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Walsh, Wolfe—14.

Absent—Supervisors Deasy, Hocks, Suhr, Welch—4.

Quorum present.

His Honor Mayor Rolph presiding.

COMMUNICATIONS.

The following matters were presented and read by the Clerk:

Fire Hydrants.

Communication—From Retail Dry Goods Association, requesting reconsideration of proposal to cut down number of low pressure hydrants in the downtown district.

Clerk to acknowledge and send copy of budget.

Increased Appropriation for Relief.

Communication—From Dr. John R. Haynes, chairman Committee on Relief, State Council of Defense, requesting Board to provide in budget for coming year an increase for relief work of at least 25 per cent.

Read and Clerk directed to acknowledge.

G. A. R. Memorial Hall.

Telegram.

Long Beach, Cal., May 16, 1917.

C. J. Dutreaux, Secretary Memorial Hall Committee, Connecticut Fire Ins. Co., Insurance Building, San Francisco, Cal., read to the Honorable Board of Supervisors the following message:

"The delegates from San Francisco to the G. A. R. encampment and the delegates to the different conventions assembled of their auxiliaries most urgently request your honorable body

to provide in the next budget for a sufficient amount for the purpose of properly fitting up the War Veterans' Memorial Hall so as to make it answer the purpose for which it was intended.

"PETER H. MASS,

"President Memorial Hall Committee."

Public Hearing.

Whereupon, his Honor Mayor Rolph said:

The Charter provides, Section 3, Article 3, that "The Supervisors shall meet annually, between the first Monday in May and the first Monday in June, and by a vote of the majority of all the members thereof make a budget of the amounts estimated to be required to pay the expenses of conducting the public business of the City and County for the next ensuing fiscal year. The budget shall be prepared in such detail as to the aggregate sum and the items thereof allowed to each department, office, board or commission as the Supervisors shall deem advisable.

"Before finally determining upon the budget the Supervisors shall fix such sufficient time or times as may be necessary to allow the taxpayers to be heard in regard thereto, and the Supervisors shall attend at the time or times so appointed for such hearing."

By resolution of the Board, adopted when the Finance Committee submitted their estimates of the budget for the coming fiscal year, 10 o'clock this morning was set aside as the hour for hearing taxpayers. The Board is now in session pursuant to that resolution. We wish now to hear from such taxpayers as may desire to be heard.

Maintenance of Minors and Delinquent Children.

Miss McMasters, representing the State Federation of Women's Clubs, stated that the organization she represented was unanimously in favor of the budget requests for the care of delinquent children.

Miss K. Felton, representing the Associated Charities, was granted the privilege of the floor. She declared that \$203,000 was asked for the maintenance of minors and that only \$190,000 was allowed by the Finance Committee.

Eleven thousand dollars was asked for the maintenance of State Schools—Preston and Whittier—and that was cut down to \$10,000.

"It is true," she said, that the amount allowed is \$15,000 in excess of last year's appropriation, but it is still \$23,000 short of what will be required under the most conservative estimate we could make, considering all the present circumstances.

"This year we made this budget of our requirements in the most careful way up to the first of March, to this we added the cost of additional children which should have been cared for, but which were not, owing to the deficit in our funds. Even this did not take account of increasing cost of food since that date. It is false economy to make a rate that will cut into the standard of living. Unless our appropriation is increased it is going to mean the cut-down of the food of the children. We urge an appropriation of \$203,000. If \$190,000 only is allowed it means that 100 children will not be provided for."

Mrs. Orlow Black, representing San Francisco Center of California Club, also addressed the Board. She appealed to the Board to provide more funds for dependent children. "In spite of the generosity of the Finance Committee," she said, "we feel that this appropriation is not large enough to care for our dependent children. Let the city care for its second line of defense. Private charities will continue to do their share, but no extra burden should be laid upon them at a time when the Red Cross and other moves are liable to drain some of the resources of charity. Children will not go less hungry because there is a war in the world."

Widows' Pensions.

Miss Margaret Nesfield, director of the Widows' Pension Bureau, also addressed the Board. "We asked for \$135,000, plus salaries, etc., but were allowed \$125,000. Last year we received \$125,000 and there is a surplus of \$6,000. We feel that the Finance Committee had the thought that if they gave us the same amount this year as last, the extra \$6,000 would carry us. We have today on the waiting list 423 mothers of families of three children under fourteen years of age. We are paying \$10,648.53, or \$25 per family; that is less than \$11 for each child in public institutions. Taking 431 children at \$25 for twelve months, amounts to \$129,000, that is \$4,000 more than the appropriation. We are asking for \$135,000 and we calculate that that will be sufficient."

Mrs. Louis Hertz, representing the Juvenile Protective Association, also

addressed the Board in favor of the additional appropriations requested for dependent children and widows' pensions.

Miss Hansen, representing the Civic Federation, also urged that the \$203,000 asked for maintenance of minors be granted.

Mrs. Thomas, representing the Congress of Mothers, also urged the granting of the appropriations requested, declaring that the money could be spent in no better way.

Supervisor Power read from the majority report of the Finance Committee as follows:

"This is the largest increase allowed by the Committee other than the School Department. This is principally due to the fact that on account of the extraordinary demand made during the year on private charitable organizations, it was found that they were carrying considerable of the burden which rightfully belonged to the city, therefore the increased appropriation was allowed, and while it is not all that has been requested, still the Committee feels and hopes that it will be sufficient to relieve the burden that has been necessarily assumed by the various organizations referred to.

"The Committee," he said, "is keenly disappointed to think that its action was not appreciated. You must realize that our sympathy is as great as yours in this situation. Other requests have been made upon us that are as strong as this is. The city has other items that are just as necessary. At the St. Francis recently these ladies expressed their thanks to the chairman of this Committee that we had done as well as we could on the subject.

"At the present ratio the expenditures for this purpose this year will be \$172,500. We have allowed \$190,000. If it is not enough, we have agreed to make up the deficit. We have made an appropriation of \$7,000 for the Magdalen Asylum, last year it was \$3000. The State Schools—Preston and Whittier—at the present ratio will require \$10,000. We have allowed \$10,000. The Committee feels that considering the requirements of other departments which are just as urgent as this that we have done all we justly can in view of the circumstances. I say again, if this is not enough we will make up the deficit."

H. W. Lasalle, taxpayer, was granted the privilege of the floor. He declared that he had no objection to anything in reason for the widows and the children. He also advocated an adequate allowance for the care of delinquent children. "Boys over 12

years," he said, "should be made to earn their own living."

R. A. Sarle, representing the Grand Army of the Republic, also addressed the Board. He said in part: "We have been working for twenty years for the accumulation of a fund for the construction of a monument to Abe Lincoln. We have a fund of \$10,000 in the bank for that purpose and if San Francisco will give us what we ask for we will add enough to it to construct in the Civic Center a monument to Abraham Lincoln of which this city shall be proud. Our request is for \$25,000."

Potrero Diagonal Street.

C. C. Atchinson also addressed the Board in favor of the appropriation for a diagonal street, between Carolina and Rhode Island streets, Twentieth and Twenty-second streets. "The Finance Committee," he said, "has allowed \$10,000 for this purpose. All we ask is that the Board permit it to remain."

RECESS.

Whereupon, on motion of Supervisor Kortick, the Board at the hour of 12 o'clock noon took a recess until 2 p. m.

REASSEMBLED.

In Board of Supervisors, Wednesday, May 16, 1917, 2 p. m.

The Board of Supervisors reassembled at the hour of 2 p. m.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Gallagher, Hayden, Hilmer, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Nolan, Power, Walsh, Wolfe—12.

Absent—Supervisors Brandon, Deasy, Hocks, McLeran, Suhr, Welch—6.

Quorum present.

His Honor Mayor Rolph presiding.

Public Hearing (Continued).

Veterans' Memorial Hall.

Senator W. Scott, representing the G. A. R. and the Veterans of Foreign Wars, was granted the privilege of the floor. He said in part: "There has been set aside in the Auditorium a Memorial Hall for the veterans of American wars and we are asking at this time for an appropriation of a small sum for the purpose of placing the hall in suitable condition for the comfort and convenience of the various organizations represented. The Finance Committee has advised us that the Auditorium Committee will have sufficient money to take care of it, but we want assurances that it is not taken care of in this way, the Finance Committee will take care of it in some other way."

Taxpayers Association.

E. J. Sieben, representing himself

and the Taxpayers Association, also addressed the Board. He said in part: "I should recommend, if it be the will of the Board of Supervisors, that the budget of last year be adopted and that the Supervisors cut out all advances in salaries, or, candidly speaking, if the Board insists on it, we will bring war into these chambers. I recommend that all automobiles and chauffeurs, including the Mayor's, be cut out for this year. Use the street cars for the transaction of public business, they are much cheaper. Make the following savings in the budget as recommended: Reduce in the majority report item 163, District Attorney's office, messenger, to \$1200; restore Registrar Zemansky's salary to the amount it was before he raised it; cut out item 192 in Nolan's budget; reduce item 296, patrol drivers, in Power's budget, to amount paid before salaries were raised; strike out items 43 and 44, providing for Horticultural Bureau, it is unnecessary.

He asked if it was within the power of the Board of Supervisors to reduce the salaries of the members of the Board of Supervisors. "I favor a reduction of the present salaries of the members of the Board. Either that or reduce the number of supervisors to nine or ten members.

"There should be a larger appropriation," he said, "for schools and education than for the protection of life and property."

Janitors Request Salary Increase.

C. M. Donovan, representing the janitors, also addressed the Board, requesting an increase in salaries of \$10 per month. "Fifty-seven men," he said, "are receiving \$90 per month doing the janitorial work in the city buildings and are asking for \$100 per month." The high cost of living and extra work were given as reasons for the increase asked.

Mission Improvements Requests.

J. B. Zimdars, representing the Mission Promotion Association and other Mission clubs, urged that the requests for improvements in the Mission District, which had been eliminated, be restored. "Real estate," he said, "pays eight-ninths of the taxes in this city. Improvements should be made which will help real estate to pay this tax." He requested an appropriation for the purchase of land for opening Randolph street, in the City Land Association Tract, into Junipero Serra boulevard. Also, an appropriation for a playground in the Central Mission District. "The appropriation expected for a wooden sidewalk in Chattanooga street," he said, "is omitted."

Downtown District Requests.

Edgar Painter, representing the North Central Improvement Club, said

in part: "We have refrained from asking for specific appropriations because it was the opinion of the chairman of the Finance Committee that it has no legal right to make such appropriations. I see, however, specific appropriations for work of a similar character to that required in our district. I, therefore, ask an appropriation for repaving Pine street, between Battery and Market streets, and Second street, between Market and Mission streets. We require five more manifolds for fire protection, according to the report of Fire Chief Murphy. We pay the largest taxes in this city and all we ask at the present time can be accomplished for \$15,000."

Islais Creek Sewer.

Declan Hurton, representing property owners on Trumbull street, said in part: "I understand that the City Engineer has recommended the sewer- ing of Trumbull street and that the Finance Committee has turned it down. Our children are sick," he said, "and people have moved to Oakland on account of the condition of the sewer in this street." He said people were advised that \$15,000 had been provided for temporary relief until a bond issue could correct the condition of the sewers in the neighborhood. He requested that some appropriation be allowed to relieve the condition complained of.

Market Street Extension.

A. Peterson and several property owners appeared in the matter of the paving of the Market street extension. "The City Engineer," he said, "estimates that it will take \$90,000 to complete the work. The property owners will assess themselves to purchase whatever land may be required."

ADJOURNMENT.

Whereupon, there being no further business the Board at the hour of 4:25 p. m. adjourned.

J. S. DUNNIGAN,
Clerk.

MONDAY, MAY 21, 1917.

In Board of Supervisors, San Francisco, Monday, May 21, 1917, at 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Walsh, Welch, Wolfe—16.

Absent — Supervisors Gallagher, Suhr,—2.

City Attorney Recommends Compromise of Claim for Personal Injuries Sustained by Collision With Municipal Railway.

Communication—From City Attorney, recommending compromise of claim for personal injuries sustained by Messrs. Bond and Sherba through collision with Municipal Railway car.

Read by the Clerk.

Whereupon, the following resolution was presented:

Resolution No. 14364 (New Series), as follows:

Whereas, in Superior Court actions Nos. 78586 and 78587, Thomas Bond and Isidor Sherba, respectively, plaintiffs vs. City and County of San Francisco, for damages due to injuries on the Municipal Railway, the City Attorney has, by written opinion addressed to the Board of Supervisors, recommended the settlement of said

litigation for the sum of \$2500 net; and

Whereas, it appears from said communication of said City Attorney that it would be for the best interests of the city so to compromise and settle said actions; now, therefore, be it

Resolved, That the City Attorney be and he is hereby directed to compromise and settle this litigation for the sum of \$2500 net and to draw the necessary papers for the dismissal of said actions.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Auditor Protests Transfer of Funds From Assessor's Department Appropriations to Election Department.

The Clerk presented and read:

Communication—From Auditor protesting a transfer of funds from the Assessor's department to the Elections Department.

Motion.

Supervisor Power moved that the Clerk be directed to advise the Auditor that the Board of Supervisors concurs in the action of the Finance Committee regarding the foregoing matter.

Privilege of the Floor.

Thos. V. Cator, President of the Board of Election Commissioners, was granted the privilege of the floor. In reply to question as to the legal phase of the question he said: "The Election Commission has nothing to do with this matter. It is within the power of the Board of Supervisors to make such an appropriation. The consent of our Commission is not required. As to the legality of such a transfer of funds, I would not undertake to advise you. You should get your City Attorney to pass upon it. I'll say this, however, after an appropriation has been provided in the Budget for one department it is not within your power to transfer it to another department."

Supervisor Power explained that the Charter provision relates to budget funds not to appropriations.

Motion Carried.

Whereupon the foregoing motion was *adopted* by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Walsh, Welch, Wolfe—17.

Telegram.

His Honor Mayor Rolph presented:

Telegram—From Raphael Weil, president of French Hospital, requesting that permit for the establishment of a garage opposite the French Hospital on Point Lobos avenue be refused.

Privilege of the Floor.

J. Godeau, representing the French Hospital, protested against the granting of permit on the ground that the noise incident to the operation of a garage would be an unbearable nuisance and discomfort to the sick inmates and would ruin the hospital.

P. E. Bergerot, former president of the French Hospital and now representing the owner of the property upon which it is proposed to maintain the garage, also addressed the Board. He declared that the alleged nuisance to the hospital was grossly exaggerated. "The place for which the permit is sought," he said, "is to be principally used as a sales agency for Ford cars, a repair shop is to be maintained in the rear of the building. It has been specifically provided that no motorcycle business will be taken, so that the possible objection from this source has been eliminated."

Wm. Scott, representing Richmond Improvement Clubs, favored the proposed permit. "The property owners in the district," he said, "welcome this new addition to the business life of Richmond and want to see the permit granted."

Passed for Printing.

Whereupon, the question being taken, the foregoing resolution was passed for printing by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Walsh, Welch, Wolfe—15.

Liquor Ordinance Amended.

Supervisor Lahaney presented:

Bill No. 4549, Ordinance No. — (New Series), as follows:

Amending Section 2 of Ordinance No. 2569 (New Series), entitled: "Regulating and limiting the places where liquors may be sold, kept or offered, furnished, distributed, dispensed or divided for sale at retail, and providing for the manner of issuing a permit therefor and revoking the same; and prescribing penalties for a violation thereof." Approved January 16, 1914, and adding new sections thereto, to be numbered 2-A, 2-B and 2-C.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That Section 2 of Ordinance No. 2569 (New Series) is hereby amended to read as follows:

Section 2. Such permit may be granted in the discretion of the Board of Police Commissioners to all persons who are engaged, or who are about to engage in, the sale of liquor under the terms of this ordinance upon the making of written application therefor to the said Board of Police Commissioners, stating the name of the applicant, and the description of the premises for which the permit is given, and no such permit shall be used by any other person or persons than named therein, or at any other place or places than described therein, and must be posted conspicuously on the premises described therein. Such permit shall not be granted for more than one year at one time and may be revoked by the said Board of Police Commissioners in the event that the person named in the permit, his agent, servant or employee, shall make a sale of spirituous, vinous, malt or fermented liquors to be drunk on the premises described in the permit, or in quantities of less than one commercial quart, or when it shall appear to the Board of Police Commissioners that the business of the person to whom such permit has been given is conducted in a disorderly or improper manner. Upon the revocation of such permit by the said Board of Police Commissioners, the holder thereof shall not be entitled as a matter of right to make application for a similar permit during the period of five years from the date of revocation, excepting in the discretion of the said Board of Police Commissioners. Complaint to revoke permits granted by the Board must be in writing, signed by the person making the same and filed with the Secretary of the Board, and a copy thereof, certified by the Secretary, must be served upon the party complained against, or upon the person in charge of the said place of business, at least five days before the time set for the hearing of the complaint.

Section 2. That a new section is hereby added to Ordinance No. 2569 (New Series), to be known as Section 2-A and to read as follows:

Section 2-A. No permit shall hereafter be issued, except in renewal of existing permits, to any person who is not a citizen of the United States.

Section 3. That a new section is hereby added to Ordinance No. 2569 (New Series), to be known as Section 2-B, and to read as follows:

Section 2-B. No person holding a permit under the provisions of this ordinance shall sell, serve, deliver or give away any spirituous, vinous, malt or fermented liquors between the hours of 7 p. m. and 6 a. m. of the following day; provided, however, that no such person shall sell, serve, de-

liver or give away any spirituous, vinous, malt or fermented liquors between the hours of 9 p. m. on Saturday and 6 a. m. on the following Monday; provided further, however, that nothing herein in this Section 2-B contained shall prevent the proprietor of a bona fide drug store holding such permit from selling or delivering at any time such liquors for medicinal purposes exclusively and upon physicians' prescriptions therefor.

Section 4. That a new section is hereby added to Ordinance No. 2569 (New Series), to be known as Section 2-C, and to read as follows:

Section 2-C. The premises for which such permit is given or which are described or referred to in such permit, shall remain closed during the period of time specified in Section 2-B of this ordinance, provided, however, that nothing herein contained shall require the closing of premises in which is being conducted a drug business.

Section 5. This ordinance shall take effect immediately.

Privilege of the Floor.

Louis F. Byington, representing the Beer Bottlers Association, was granted the privilege of the floor. He said in part: "When this matter originally came from the Board of Police Commissioners it was the recommendation of that Board that the word 'must' in regard to its power to grant these liquor licenses be changed to 'may,' so that this traffic might be better controlled. But," he said, "since that recommendation was submitted certain people and organizations had offered two other amendments, one of which provided that after 7 p. m. and from Saturday evening to the following Monday morning liquor in sealed packages should not be sold. I hold that under the decision in the case of *Rapp v. Board of Supervisors* it is beyond the power of this Board to enforce such a regulatory ordinance so far as sale of liquor in sealed packages is concerned. The other amendment requiring the closing of places during the hours mentioned," he said, "is, in my opinion, unconstitutional."

Herbert Chojnski, representing the Royal Arch, favored the passage of the ordinance, saying that there was no doubt as to the power of the Board to pass such a regulatory ordinance.

Passed for Printing.

Whereupon, the foregoing bill was passed for printing by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Passed for Printing.

The following matters were *passed for printing*:

Ordering Street Work.

On motion of Supervisor Welch:

Bill No. 4550, Ordinance No. — (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors May 14, 1917, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of said City and County of San Francisco, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

The improvement of *Moscow street, between Persia and Russia avenues*, by the construction of concrete curbs and an asphalt pavement consisting of a 6-inch concrete foundation and a 3-inch asphaltic wearing surface on the roadway thereof where not already constructed.

The improvement of *Persia avenue, between Moscow and Munich streets*, where not already improved, by the construction of concrete curbs and by the construction of an asphalt pavement consisting of a 6-inch concrete foundation and a 2-inch asphaltic wearing surface on the roadway thereof.

The improvement of *Lane street, between Shafter and Thomas avenues*, by the construction of concrete curbs and by the construction of an asphalt pavement consisting of a 6-inch concrete foundation and of a 2-inch asphaltic wearing surface on the roadway thereof.

The improvement of *Kirkwood avenue, from the westerly line fo Mendell street to the easterly line of Railroad avenue*, by the construction of concrete curbs; by the construction of a 14-foot central strip of vitrified brick pavement, and by the construction of an asphalt pavement consisting of a 6-inch concrete founda-

tion and a 2-inch asphaltic wearing surface on the remainder of the roadway thereof.

The improvement of the *southerly one-half of Grafton avenue, from Brighton avenue to a line 150 feet westerly therefrom*, by the construction of concrete curbs and by the construction of artificial stone sidewalks of the full official width and by the construction of an asphalt pavement consisting of a 6-inch concrete foundation and a 2-inch asphaltic wearing surface on the roadway thereof.

Changing Grades.

Also, Bill No. 4551, Ordinance No. — (New Series), entitled, "Changing and re-establishing the official grades on Revere avenue, between Griffith street and the northeasterly line of Jennings street, and on Hawes, Ingalls and Jennings streets, between Quesada and Shafter avenues."

Also, Bill No. 4552, Ordinance No. — (New Series), entitled, "Changing and re-establishing the official grades on Evans avenue, between Mendell and Newhall streets."

Establishing Grades.

Also, Bill No. 4553, Ordinance No. — (New Series), entitled, "Establishing grades on Danvers street, between Caselli avenue and its easterly termination."

Extension of Time.

Supervisor Welch presented:

Resolution No. 14380 (New Series), as follows:

Resolved, That Federal Construction Company is hereby granted the following extensions of time to complete street work, the same having been recommended by the Board of Public Works, to-wit:

Ninety days from and after June 1, 1917, within which to complete contract for the improvement of Shafter avenue, between Railroad avenue and Keith street, including the crossing of Shafter avenue and Lane street, and Lane street, between Revere and Shafter avenues.

This *first* extension of time is granted for the reason that a delay was caused by a portion of this work near Railroad avenue being in solid rock, which had to be blasted. The work is about 80 per cent completed.

Sixty days from June 1, 1917, within which to complete contract for the improvement of Oakdale avenue, between Newhall street and Railroad avenue.

This *first* extension is granted for the reason that the work is completed, with the exception of the asphalt covering, and the contractor states that the company desires to

have the assessment issued and returned before the contract expires.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Also, Resolution No. 14381 (New Series), as follows:

Resolved, That D. L. Bienfield is hereby granted an extension of 90 days' time from June 3, 1917, within which to complete contract for the improvement of Leavenworth street, between Chestnut and Francisco streets, and crossing of Francisco street, under public contract.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that owing to proposed changes in the plan and grades the work has been materially delayed.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Also, Resolution No. 14382 (New Series), as follows:

Resolved, That D. O. Church is hereby granted an extension of 90 days' time from June 2, 1917, within which to complete contract for the improvement of Twentieth street, between Hampshire street and Potrero avenue, under public contract.

This *second* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the curb construction has been started.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Also, Resolution No. 14383 (New Series), as follows:

Resolved, That Raisch Improvement Company is hereby granted an extension of 90 days from June 9, 1917, within which to complete contract for the improvement of Newcomb avenue, between Keith and Lane streets, and crossing of Lane street.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that a survey has been ordered and the Raisch Improvement Company has informed this office that it will proceed with the work as soon as a diagram is issued.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks,

Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Also, Resolution No. 14384 (New Series), as follows:

Resolved, That Eaton & Smith are hereby granted an extension of 90 days' time from and after June 17, 1917, within which to complete contract for the improvement of Railroad avenue, between Ingerson and San Bruno avenues, under public contract.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the work is well under way. The grading to subgrade has been completed and curbs are set. The Pacific Gas and Electric Company is installing new mains, and there has been some difficulty in obtaining the necessary basalt blocks for pavement.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Also, Resolution No. 14385 (New Series), as follows:

Resolved, That H. Crummey, Inc., is hereby granted an extension of 90 days' time from June 27, 1917, within which to complete contract for the improvement of Innes avenue, between Hawes and Donahue streets.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that a survey has been ordered for the work. As there is considerable heavy grading on this contract it cannot now be completed within the original time allowed.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Also, Resolution No. 14386 (New Series), as follows:

Resolved, That Fay Improvement Company is hereby granted an extension of 60 days' time from and after June 9, 1917, within which to complete contract for the improvement of Irving street, between Twenty-first and Twenty-second avenues, including the crossings, under public contract.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that petitioner states that this time is required as a precaution against unforeseen delays. The work completed consists of the following: Grading, concrete curbing, catch-basins, culverts and the concrete

foundation for the paving. The work is progressing satisfactorily.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Also, Resolution No. 14387 (New Series), as follows:

Resolved, That D. L. Bienfield is hereby granted an extension of 30 days from and after June 11, 1917, within which to complete contract for the improvement of Jules avenue, between De Montford and Holloway avenues, and crossings, under public contract.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the contractor requests this extension so that the work can be accepted while the contract is still in force.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Also, Resolution No. 14388 (New Series), as follows:

Resolved, That Owen McHugh is hereby granted an extension of 90 days' time from and after June 12, 1917, within which to complete contract for the improvement of Thirty-third avenue, between Anza and Balboa streets, including the crossing of Thirty-third avenue and Balboa street, under public contract.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that sufficient time be allowed to cover the period of protest on the assessment. The concrete curbs and brick catchbasins are constructed, and the work is now progressing at a satisfactory rate.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Also, Resolution No. 14389 (New Series), as follows:

Resolved, That Blanchard-Brown Company is hereby granted an extension of 60 days' time from and after June 11, 1917, within which to complete contract for the improvement of Granada avenue, between Holloway and Grafton avenues, under public contract.

This *first* extension of time is

granted upon the recommendation of the Board of Public Works for the reason that this extension is requested in order that the contract may be legally in force until after the issuance of the assessment. The grading and the curbs have been completed and the concrete base is under construction.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Also, Resolution No. 14390 (New Series), as follows:

Resolved, That Owen McHugh is hereby granted an extension of 90 days' time from and after June 3, 1917, within which to complete contract for the improvement of Balboa street, between Thirtieth and Thirty-third avenues, including the intervening crossings, under public contract.

This *third* extension of time is granted upon the recommendation of the Board of Public Works for the reason that considerable delay was experienced up to 60 days ago, owing to efforts of petitioner to open a roadway for use in hauling material from this contract to the property near Fulton street, where the material was to be used for bringing the property to grade. However, petitioner is at work, and the present rate of progress is satisfactory. The work completed is as follows: Balboa street, Thirty-second to Thirty-third avenues, has been graded, curbed and paved; Balboa street, Thirtieth to Thirty-second avenues, including crossings, has been graded.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Also, Resolution No. 14391 (New Series), as follows:

Resolved, That Flinn & Treacy are hereby granted an extension of 60 days' time from and after June 3, 1917, within which to complete contract for the curbing, paving, etc., of Oakdale avenue, between Selby and Quint streets, and crossings, under public contract.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that this extension is requested because the completion of this contract has been delayed due to the necessity of allowing the fill to settle. The granite curbs are now being constructed; the fill is in place

and the work is about three-fourths complete.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Also, Resolution No. 14392 (New Series), as follows:

Resolved, That Tibbitts-Pacific Company is hereby granted an extension of 60 days' time from and after May 23, 1917, within which to complete contract for the improvement of Elsie street, between Coso and Esmeralda avenues.

This *second* extension of time is granted upon the recommendation of the Board of Public Works for the reason that this work was started in the winter time and has been delayed from time to time on account of the conditions. The grading has been completed and the curbs are now being constructed.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Fixing June 4, 1917, for Hearing Appeal Against Assessment for Improvement of Railroad Avenue.

Supervisor Welch presented:

Resolution No. 14393 (New Series), as follows:

Resolved, That Monday, June 4, 1917, at the hour of 3 p. m., in the chambers of the Board of Supervisors, be fixed as the time and place for hearing the appeal of property owners, from the assessment issued for the improvement of Railroad avenue, between the southerly line of Yosemite avenue and a line at right angles to the easterly line of Railroad avenue at its intersection with the southerly line of Hollister avenue.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Fixing June 4, 1917, for Hearing Appeal Against Assessment for Improvement of Railroad Avenue.

Supervisor Welch presented:

Resolution No. 14394 (New Series), as follows:

Resolved, That Monday, June 4, 1917, at the hour of 3 p. m., in the chambers of the Board of Supervisors, be fixed as the time and place for hearing the appeal of Eaton & Smith from the assessment issued for the improvement of Railroad avenue, be-

tween Yosemite and Hollister avenues.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Mayor and Clerk to Execute Deed to Pacific Gas and Electric Company to Land Formerly Jefferson and Tonquin Streets.

Also, Resolution No. 14395 (New Series), as follows:

Whereas, by Resolution No. 14081 (New Series), this Board of Supervisors duly accepted the offer of the Pacific Gas and Electric Company, a corporation, to convey to the City and County of San Francisco certain lands required by said City and County for the purposes of the Marina boulevard, and

Whereas, by the terms of said accepted offer the City and County was required, as consideration for said conveyance, to close as public streets and deed to the Pacific Gas and Electric Company, in accordance with the provisions of the act of the California Legislature, dated May 1, 1911, all the portions of Jefferson and Tonquin streets hereinafter described, and

Whereas, said hereinafter described portions of Jefferson and Tonquin streets have been duly closed and abandoned as public streets by the adoption of Resolutions Nos. 14052 (New Series) and 14210 (New Series), respectively, and the posting of notices in accordance with the first of said resolutions as required by law; now, therefore, be it

Resolved, That the Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute in the name of the City and County of San Francisco a deed conveying to the Pacific Gas and Electric Company, a corporation, all of the right, title and interest of the City and County of San Francisco in and to the following described tracts of land formerly constituting portions of Jefferson and Tonquin streets in the City and County of San Francisco, to-wit:

Parcel "A": Commencing at the point of intersection of the easterly line of Webster street and southerly line of Tonquin street; thence easterly along the southerly line of Tonquin street 412.5' to the westerly line of Buchanan street; thence northerly along the westerly line of Buchanan street 68.75' to the northerly line of Tonquin street; thence westerly along the northerly line of Tonquin street 412.5' to the easterly line of Webster street; thence southerly along the

easterly line of Webster street 68.75' to the southerly line of Tonquin street, the point of commencement.

Parcel "B": Commencing at the point of intersection of the easterly line of Webster street and the southerly line of Jefferson street; thence easterly along the southerly line of Jefferson street 98.309' to the southwesterly line of the proposed Marina boulevard; thence northwesterly along the southwesterly line of the proposed Marina boulevard 92.878' to the northerly line of Jefferson street; thence westerly along the northerly line of Jefferson street 35.862' to the easterly line of Webster street; thence southerly along the easterly line of Webster street 68.75' to the southerly line of Jefferson street, the point of commencement.

Parcel "C": Commencing at the point of intersection of the westerly line of Buchanan street and the southerly line of Jefferson street; thence westerly along the southerly line of Jefferson street 179.096' to the northeasterly line of the proposed Marina boulevard; thence northwesterly along the northeasterly line of the proposed Marina boulevard 92.878' to the northerly line of Jefferson street; thence easterly along the northerly line of Jefferson street 241.543' to the westerly line of Buchanan street; thence southerly along the westerly line of Buchanan street 68.75' to the southerly line of Jefferson street, the point of commencement.

And upon the receipt of proper conveyances from the Pacific Gas and Electric Company conveying to the City and County all that land provided in said offer to be conveyed for the purposes of the Marina boulevard as aforesaid, to deliver said deed covering land formerly in Jefferson and Tonquin streets to the Pacific Gas and Electric Company. Be it further

Resolved, That the City Attorney be and he is hereby authorized and directed to prepare the necessary conveyances to carry out the provisions of this resolution and to give the necessary legal supervision to said exchange of instruments so as to insure the vesting of a proper title in the City and County to all lands acquired by it.

Be it further Resolved, That if, in accordance with the terms of said accepted offer, the Pacific Gas and Electric Company shall, subsequently to the exchange of said conveyances, commence suit against the City and County to obtain a judicial decree confirming in said company the title acquired by the city's said conveyance, then the City Attorney is authorized to permit said company to

establish its title so acquired, by not contesting said suit or offering any more than a formal defense thereto, provided always that no costs are sought to be recovered against the city in such litigation.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Intention to Change Grades.

Supervisor Welch presented:

Resolution No. 14396 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points herein-after specified and at the elevations above city base, as hereinafter stated, in accordance with Resolution No. 52855 (Second Series) of the Board of Public Works adopted May 9, 1917, and written recommendation of said Board, filed May 10, 1917, to-wit:

Spur Track Permit.

Bill No. 4554, Ordinance No. — (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors, to Jacob Z. Davis Estate Company, its successors and assigns, to lay down, construct, maintain and operate a spur track as follows:

Commencing at a point in the center line of the existing side track of the Southern Pacific Company on the

west side of Second street and distant about 248 feet north, more or less, from the north line of Harrison street; thence northerly and parallel to the center line of Second street, distant 23 feet from the west line thereof, to a point 100 feet, more or less, south of the south line of Folsom street.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to Jacob Z. Davis Estate Company, its successors or assigns to lay down, construct, maintain and operate a spur track as follows:

Commencing at a point in the center line of the existing side track of the Southern Pacific Company on the west side of Second street and distant about 248 feet north, more or less, from the north line of Harrison street; thence northerly and parallel to the center line of Second street, distant 23 feet from the west line thereof, to a point 100 feet, more or less, south of the south line of Folsom street.

Provided the Jacob Z. Davis Estate Company, its successors and assigns shall be required to repair any damage to the high pressure main which may result from the operation of traffic over said spur track.

Provided the Jacob Z. Davis Estate Company, its successors and assigns, shall erect and maintain one arc light in Second street, where directed by the Lighting Committee of the Board of Supervisors.

Section 2. This ordinance shall take effect immediately.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Extension of Time.

Supervisor Welch presented:

Resolution No. 14399 (New Series), as follows:

Resolved, That Peter McIlugh is hereby granted an extension of 90 days' time from and after June 12, 1917, within which to complete contract for the improvement of Thirty-third avenue, between Geary and Anza streets.

This first extension of time is granted upon the recommendation of the Board of Public Works for the reason that the roadway has been partially graded, but contractor is delayed at present on account of the realignment of the Municipal Railway tracks.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy,

Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Ordering Street Work, Evans Avenue.

Supervisor Welch presented:

Bill No. 4555, Ordinance No. — (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors May 19, 1917, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of said City and County of San Francisco, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

The improvement of *Evans avenue, between Lane street and Ingalls street including the crossings of Evans avenue and Lane street, Evans avenue and Keith street and Evans avenue and Jennings street*, by grading to official line and grade; by the construction of granite curbs; by the construction of artificial stone sidewalks on the angular corners of the above mentioned crossings; by the construction of brick catchbasins with cast iron frames, gratings and traps and 10-inch vitrified, salt-glazed, iron-stone pipe culverts, two on the crossing of Evans avenue and Lane street, four on the crossing of Evans avenue and Keith street and three on the crossing of Evans avenue and Jennings street; and by the construction of an asphalt pavement consisting of a 6-inch concrete foundation and a 2-inch asphaltic wearing surface on the roadway thereof.

Passed for printing under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Amendment to Ford Spur Track Permit.

Supervisor Welch presented:

Bill No. —, Ordinance No. — (New Series), entitled, "Granting permission, revocable at will of the Board of Supervisors, to the Ford Motor Company to lay down, construct, maintain and operate a spur track from the tracks of the Southern Pacific Company in Harrison at Twenty-first street." (*Provides for switching cars between 6 a. m. and 6 p. m. instead of 6 a. m. and 5 p. m.*)

Referred to Commercial Development and Streets Committee.

San Francisco Investment in Liberty Bonds.

His Honor Mayor Rolph presented: Resolution No. — (New Series), as follows:

Whereas, the Government of the United States has invited subscriptions from the people of this country for \$2,000,000,000 of the 15-30 year 3½% gold bonds of an issue authorized by Act of Congress approved April 24, 1917; and

Whereas, it is the duty of all people, individually and collectively, to purchase of said bonds offered an amount equal to their ability to pay therefor; and

Whereas, the City and County of San Francisco, California, has in its custody and control the sum of \$1,000,000 represented by unexpended and unappropriated balances in the several funds in the Treasury of the City and County; therefore,

Resolved, And it is hereby declared that the said sum of \$1,000,000 remaining unexpended and unappropriated as aforesaid, is not required for the immediate necessities of said City and County and constitute surplus money as that term is used in Chapter 73 of the Statutes of the State of California, for the year 1913:

Also. Resolved. That the Treasurer of the City and County be directed to

transfer to a fund known as "Investment Fund No. 2" such balances from other funds as may be necessary to make up said \$1,000,000, together with such an additional sum as may be necessary to pay accrued interest on any bonds purchased as herein-after provided;

Also, Resolved, That the Treasurer of the City and County of San Francisco be and he is hereby authorized to subscribe for and to purchase bonds of the United States of America offered and to be issued under the Act of Congress herein recited to the amount of \$1,000,000 and the Auditor of the City and County of San Francisco is hereby authorized and directed to draw his warrant upon the Treasury for said sum and for such additional sum as may be required to pay accrued interest on the bonds purchased at the time of the delivery thereof, and said sum shall be paid from the Investment Fund No. 2, herein created; that all details respecting the purchase and delivery of the bonds herein authorized be arranged by the Mayor, Auditor, Treasurer and Chairman of the Finance Committee of the Board of Supervisors.

Motion.

Supervisor Wolfe moved that message from his Honor the Mayor be referred to the Finance Committee.

Motion carried by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

No—Supervisor Nelson—1.

ADJOURNMENT.

There being no further business the Board at 6:30 p. m. adjourned.

J. S. DUNNIGAN,
Clerk.

Approved by the Board of Supervisors June 18, 1917.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing are true and correct copies of the Journal of Proceedings of said Board of the dates thereon stated, and approved as above recited.

The following matters were presented and read by the Clerk:

Relative to Grand Army of the Republic Headquarters in City Hall.

Communication—From the Grand Army of the Republic, expressing thanks to Board of Supervisors for providing quarters for California and Nevada G. A. R. in the City Hall.

Read and ordered filed.

Memorial Day Exercises.

Communication—From Memorial Day Committee, 1917, extending invitation to Board of Supervisors to attend Memorial Day exercises at National Cemetery on Wednesday, May 30, 1917, at 11 p. m.

Read and accepted.

Protest Against Budget.

Communication—From San Francisco Labor Council, protesting against final passage of the Budget if it means that 200 or 300 laborers in the Board of Public Works will be thrown out of employment.

Privilege of the Floor.

John O'Connell, Secretary of the San Francisco Labor Council, and

A. W. Brouillett, also representing the Labor Council, addressed the Board in connection with the foregoing protest. They contended that sufficient money should be appropriated to permit the Board of Public Works to keep all its men employed.

Wm. Scott, Secretary of the Teaming and Auto Truck Association, also addressed the Board. "We understand," he said, "that street improvements are to be suspended. I am here to say that a great deal of street work is necessary and the men it is proposed to discharge are very much needed for this work."

Chas. McComb, representing the Building Trades and Per Diem Men's Association, also addressed the Board. "The only protest," he said, "against the appropriation for the Board of Public Works is from the San Francisco Real Estate Board and our bankers. Mr. Riordan told you that if only \$115,000 was allowed this year \$50,000 or \$60,000 of it would be taken for new buildings and that the men would have to be laid off."

Wm. Dwyer, representing the Laborers Union, also addressed the Board, opposing the final passage of the budget if there is not sufficient to keep the present force of laborers employed in the Board of Public Works.

President T. Riordan of the Board of Public Works also addressed the Board and explained the inadequacy of the budget appropriation to keep his force employed.

Referred.

Whereupon, on motion of Supervisor Power, the foregoing communication was ordered referred to the Finance Committee.

REPORTS OF COMMITTEES.

The following committees, by their respective chairmen, presented reports on various matters referred, which reports were received, read and ordered placed on file:

Fire Committee, by Supervisor Deasy, Chairman.

Streets Committee, by Supervisor Suhr, Acting Chairman.

Supplies Committee, by Supervisor Gallagher, Chairman.

Health Committee, by Supervisor Labaney, Chairman.

Commercial Development and Streets Committee, by Supervisor Kortick, Chairman.

Report of Finance Committee on Purchase of Liberty Bonds.

The following report was presented by Supervisor Power and read by the Clerk:

San Francisco, May 28, 1917.

Board of Supervisors.

Gentlemen: The Finance Committee has had under consideration a resolution recommended by His Honor the Mayor and referred to the Finance Committee, providing for the investment of one million dollars, unappropriated surplus money of the City and County of San Francisco, in Liberty Loan Bonds.

After a careful investigation and conference with the Auditor and City Attorney, the Finance Committee unanimously recommends the adoption of the resolution.

The City Attorney is authority that the proposed investment in Liberty Loan Bonds is legal and can be done in compliance with the State law and with Charter provisions.

The money which it is proposed to invest will consist of funds not needed for immediate use by the City and County of San Francisco, notwithstanding the apportionment thereof to several purposes, and, further, the funds of this character which are now on deposit in the several banks of the State of California drawing 2 per cent interest can be, if necessary, withdrawn from deposit and reinvested in the Liberty Bonds, which bear $3\frac{1}{2}$ per cent interest. The money on deposit in banks is of course immediately available and can be drawn by the Treasurer whenever he needs it.

In the event money is invested in Liberty Bonds and the Treasurer is required to liquidate, there is a possibility that a portion of the accumulated interest might have to be paid for the expenses of liquidation. The committee is advised that this liquidation expense cannot exceed one quarter of one per cent.

The committee assumes of course that the Liberty Loan Bonds will always be liquidated at par, as it is not considered at this time at all likely that United States Government securities will go on the market at discount.

The committee feels that the attention of the Board should be called to the fact that this is a somewhat unusual departure in investing City funds, but also feels that patriotic impulse and sen-

timent should impel every action possible on the part of the municipality to co-operate with the Federal Government in this crisis. The precaution which the committee takes is merely to advise the Board that at some future time conditions might possibly arise whereby it would be necessary to call in the money invested in Liberty Bonds, the difficulties of which cannot be foreseen at this time. It is to be hoped that if such occasion does arise the bonds can be liquidated expeditiously and without loss.

Following the authorization of the Board of Supervisors the Chairman of the Finance Committee will act with His Honor, the Mayor, the Auditor, and the Treasurer, in arranging the details for the purchase of said million dollars, or so much thereof as may be advisable, of Liberty Bonds.

Respectfully submitted,

JAMES E. POWER,

E. L. NOLAN.

ANDREW J. GALLAGHER.

Adopted.

Whereupon the following resolution was adopted:

Resolution No. 14399 (New Series), as follows:

Whereas, the Government of the United States has invited subscriptions from the people of this country for \$2,000,000,000 of the 15-30 year $3\frac{1}{2}$ % Gold Bonds of an issue authorized by Act of Congress approved April 24, 1917; and,

Whereas, it is the duty of all people, individually and collectively, to purchase of said bonds offered an amount equal to their ability to pay therefor; and,

Whereas, the City and County of San Francisco, California, has in its custody and control the sum of \$1,000,000 represented by unexpended and unappropriated balances in the several funds in the Treasury of the City and County; therefore,

Resolved, And it is hereby declared, that the said sum of \$1,000,000 remaining unexpended and unappropriated as aforesaid is not required for the immediate necessities of said City and County and constitute surplus money as that term is used in Chapter 73 of the Statutes of the State of California for the year 1913;

Also, Resolved, That the Treasurer of the City and County of San Francisco be directed to transfer to a fund known as "Investment Fund No. 2," such balances from other funds as may be necessary to make up said \$1,000,000, together with such an additional sum as may be necessary to pay accrued interest on any bonds purchased as hereinafter provided;

Also, Resolved, That the Treasurer of the City and County of San Fran-

cisco be and he is hereby authorized to subscribe for and to purchase bonds of the United States of America offered and to be issued under the Act of Congress herein recited to the amount of \$1,000,000 and the Auditor of the City and County of San Francisco is hereby authorized and directed to draw his warrant upon the Treasury for said sum and for such additional sum as may be required to pay accrued interest on the bonds purchased at the time of the delivery thereof, and said sum shall be paid from the Investment Fund No. 2, herein created; that all details respecting the purchase and delivery of the bonds herein authorized be arranged by the Mayor, Auditor, Treasurer and Chairman of the Finance Committee of the Board of Supervisors.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Absent—Supervisor Wolfe—1.

Garage and Oil Permit.

Resolution No. 14406 (New Series), as follows:

Resolved, That permission, revocable at will of the Board of Supervisors, is hereby granted Sperry-Lewis Co., Inc., to maintain a public garage at the northwest corner of Sixth avenue and Geary street; also to store not more

than 1200 gallons of gasoline on the premises at one time. It is agreed by said Sperry-Lewis Co., Inc., that gasoline will not be sold to or supplied to motorcycles.

The rights granted under this resolution shall be exercised within six months, otherwise said permit becomes null and void.

Privilege of the Floor.

Julius Godcau, representing the French Hospital, was granted the floor. He protested in the name of humanity against placing the nuisance incident to the operation of a garage at the very doors of the French Hospital, where, he said, the sick and convalescent require the utmost peace and quiet.

Dr. O'Rella and *Dr. Collins*, President of the French Hospital, also protested against the granting of the permit.

Dr. Artigues, of the French Hospital, also protested. The cars of Fifth avenue make a terrific noise, this permit will increase the nuisance and make it unbearable.

Dr. Juilly, of the French Hospital, also addressed the Board. Peace and quite, he said, are characteristic of a hospital, without it, it is no place for sick people and they will not come there. This garage will increase the discomfort and add to the annoyance. The gases from the machines, he said, are noxious and frequently poisonous and will pollute the air in the vicinity of the hospital.

Senator W. Scott, representing business men and property owners in the Richmond District. He said, in part: It is apparent that the protestants do not understand the intent of the applicant. It is not intended to maintain a garage; this is merely a sales agency for Ford cars. The garage is merely for the accommodation of customers. There is no doubt but this enterprise will be a valuable addition to the business community of Richmond.

Henry Columbat also protested the granting of the permit. The fact that Point Lobos avenue and the vicinity of the hospital is now frequented by the owners of automobiles, making the neighborhood more or less noisy, is no reason that that disturbance and annoyance should be added to by granting a permit for a garage which will be in operation at all hours of the day and night.

P. A. Bergerot, attorney, representing the applicant, also addressed the Board. He said, in part: "If the President of the French Hospital, *Rafael Weil*, were here and knew all the circumstances, I am sure he

would not oppose the granting of this permit. I did not take employment in this matter until I had fully satisfied myself that this permit would in any way interfere with the hospital or its inmates.

Postponement Defeated.

Thereupon, the question being taken on a motion to postpone the same was defeated by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, McLeran, Suhr, Walsh, Welch, Wolfe—12.

Noes—Supervisors Gallagher, Lahaney, Mulvihill, Nelson, Nolan, Power—6.

An important concession was made prohibiting the furnishing of gasoline to motorcycles or the housing of motorcycles in the proposed garage.

Final Passage.

Whereupon, the question being taken on final passage, the foregoing resolution was passed for printing by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Walsh, Welch, Wolfe—15.

Noes—Supervisors Gallagher, Hynes, Nolan—3.

Stable Permits.

Resolution No. 14407 (New Series), as follows:

Resolved, That the following revocable permits are hereby granted:

Stable.

James Popoff, for 1 horse, at 956 De Haro street.

Mayer Carp, for 3 horses, at 2616 Twenty-first street.

The rights granted under this resolution shall be exercised within six months, otherwise said permits shall become null and void.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch—17.

Absent—Supervisor Wolfe.

Liquor Ordinance Amended.

Bill No. 4549, Ordinance No. 4203 (New Series), as follows:

Amending Section 2 of Ordinance No. 2569 (New Series), entitled: "Regulating and limiting the places where liquors may be sold, kept or offered, furnished, distributed, dispensed or divided for sale at retail, and providing for the manner of issuing a permit therefor and revoking the same; and prescribing penalties for a violation thereof." Approved January 16, 1914, and adding new sections thereto, to be numbered 2-A, 2-B and 2-C.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That Section 2 of Ordinance No. 2569 (New Series) is hereby amended to read as follows:

Section 2. Such permit may be granted in the discretion of the Board of Police Commissioners to all persons who are engaged, or who are about to engage in, the sale of liquor under the terms of this ordinance upon the making of written application therefor to the said Board of Police Commissioners, stating the name of the applicant, and the description of the premises for which the permit is given, and no such permit shall be used by any other person or persons than named therein, or at any other place or places than described therein, and must be posted conspicuously on the premises described therein. Such permit shall not be granted for more than one year at one time and may be revoked by the said Board of Police Commissioners in the event that the person named in the permit, his agent, servant or employee, shall make a sale of spirituous, vinous, malt or fermented liquors to be drunk on the premises described in the permit, or in quantities of less than one commercial quart, or when it shall appear to the Board of Police Commissioners that the business of the person to whom such permit has been given is conducted in a disorderly or improper manner. Upon the revocation of such permit by the said Board of Police Commissioners, the holder thereof shall not be entitled as a matter of right to make application for a similar permit during the period of five years from the date of revocation, excepting in the discretion of the said Board of Police Commissioners. Complaint to revoke permits granted by the Board must be in writing, signed by the person making the same and filed with the Secretary of the Board, and a copy thereof, certified by the Secretary, must be served upon the party complained against, or upon the person in charge of the said place of business, at least five days before the time set for the hearing of the complaint.

Section 2. That a new section is hereby added to Ordinance No. 2569 (New Series), to be known as Section 2-A and to read as follows:

Section 2-A. No permit shall hereafter be issued, except in renewal of existing permits, to any person who is not a citizen of the United States.

Section 3. That a new section is hereby added to Ordinance No. 2569 (New Series), to be known as Section 2-B, and to read as follows:

Section 2-B. No person holding a permit under the provisions of this

ordinance shall sell, serve, deliver or give away any spirituous, vinous, malt or fermented liquors between the hours of 7 p. m. and 6 a. m. of the following day; provided, however, that no such person shall sell, serve, deliver or give away any spirituous, vinous, malt or fermented liquors between the hours of 9 p. m. on Saturday and 6 a. m. on the following Monday; provided further, however, that nothing herein in this Section 2-B contained shall prevent the proprietor of a bona fide drug store holding such permit from selling or delivering at any time such liquors for medicinal purposes exclusively and upon physicians' prescriptions therefor.

Section 4. That a new section is hereby added to Ordinance No. 2569 (New Series), to be known as Section 2-C, and to read as follows:

Section 2-C. The premises for which such permit is given or which are described or referred to in such permit, shall remain closed during the period of time specified in Section 2-B of this ordinance, provided, however, that nothing herein contained shall require the closing of premises in which is being conducted a drug business.

Section 5. This ordinance shall take effect immediately.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch—17.

Absent—Supervisor Wolfe—1.

Action Deferred.

The following matter laid over from a previous meeting was taken up and again laid over one week:

Ordering Street Work, Mohawk Avenue.

Bill No. —, Ordinance No. 4203 (New Series), Ordering the performance of the following street work to be done in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same, to-wit:

The improvement of Mohawk avenue from Mission street to Huron avenue by grading to official line and grade; by the construction of concrete curbs and asphalt pavement consisting of a 6-inch concrete foundation and a 2-inch asphaltic wearing surface on the roadway thereof where not already so improved; and by the construction of one (1) brick catch-basin with cast-iron frame, grating and trap and 10-inch vitrified, salt-glazed, iron-stone pipe culvert on the southerly side of Mohawk avenue, opposite the termination of Bertita street.

Final Passage.

The following matters heretofore passed for printing were taken up and *finally passed* by the following vote:

Ordering Street Work.

Bill No. 4550, Ordinance No. 4204 (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Spur Track Permit.

Bill No. 4554, Ordinance No. 4209 (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors, to Jacob Z. Davis Estate Company, its successors and assigns, to lay down, construct, maintain and operate a spur track as follows:

Commencing at a point in the center line of the existing side track of the Southern Pacific Company on the west side of Second street and distant about 248 feet north, more or less, from the north line of Harrison street; thence northerly and parallel to the center line of Second street, distant 23 feet from the west line thereof, to a point 100 feet, more or

less, south of the south line of Folsom street.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to Jacob Z. Davis Estate Company, its successors or assigns to lay down, construct, maintain and operate a spur track as follows:

Commencing at a point in the center line of the existing side track of the Southern Pacific Company on the west side of Second street and distant about 248 feet north, more or less, from the north line of Harrison street; thence northerly and parallel to the center line of Second street, distant 23 feet from the west line thereof, to a point 100 feet, more or less, south of the south line of Folsom street.

Provided the Jacob Z. Davis Estate Company, its successors and assigns shall be required to repair any damage to the high pressure main which may result from the operation of traffic over said spur track.

Provided the Jacob Z. Davis Estate Company, its successors and assigns, shall erect and maintain one arc light in Second street, where directed by the Lighting Committee of the Board of Supervisors.

Section 2. This ordinance shall take effect immediately.

NEW BUSINESS.

Relative to Southern Pacific Switching Charges, South San Francisco.

Supervisor Kortick presented:

Resolution No. 14408 (New Series), as follows:

Whereas, there is some apparent discrimination by the Southern Pacific Company in the existing switching rates as now charged, the commercial and manufacturing industries located at South San Francisco, and those located in Alameda County, and

Whereas, the Chamber of Commerce of South San Francisco and other commercial bodies of that city have appealed to the Board of Supervisors of San Francisco, through his Honor Mayor Rolph, for our co-operation in securing to South San Francisco a switching rate of twenty-five cents per ton, and

Whereas, the Committee on Commercial Development has held several meetings which were attended by representatives of many leading San Francisco organizations, as well as by representatives of South San Francisco organizations, and by Mr. Luce of the Southern Pacific Company, and

Whereas, the Southern Pacific Company has refused to grant the request of the people of South San Francisco, claiming that they cannot afford to do so, which decision is seriously detrimental to the welfare of South San Francisco and the City and County of San Francisco, and

Whereas, the people of South San Francisco have indicated their intention to petition the State Railroad Commission for relief in the premises; therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco pledges itself to intervene in said matter when it shall be before the Railroad Commission in favor of the application of South San Francisco, and pledges the services of the law department of this City and County to aid in winning the fight to be made by the people of our neighboring city.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch—17.

Blasting Permit.

On motion of Supervisor Welch:

Resolution No. — (New Series), as follows:

Resolved, That Federal Construction Company is hereby granted permission, revocable at will of the Board of Supervisors, to explode blasts for the purpose of grading in Shafter avenue, between Railroad avenue and Keith street, provided said permittee shall execute and file a good and sufficient bond in the sum of \$2500, as fixed by the Board of Public Works and approved by his Honor the Mayor, in accordance with Ordinance No. 1204; provided, also, that said blasts shall be exploded only between the hours of 7 a. m. and 6 p. m. and that the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and that if any of the conditions of this Resolution be violated by the said Federal Construction Company, then the privileges and all the rights accruing thereunder shall immediately become null and void.

Blasting Permit.

Also, Resolution No. — (New Series), as follows:

Resolved, That D. J. Counihan is hereby granted permission, revocable at will of the Board of Supervisors, to explode blasts for the purpose of

grading Beaver street, between Castro and Fifteenth streets, provided said permittee shall execute and file a good and sufficient bond in the sum of \$7500, as fixed by the Board of Public Works and approved by his Honor the Mayor, in accordance with Ordinance No. 1204; provided, also, that said blasts shall be exploded only between the hours of 7 a. m. and 6 p. m., and that the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and that if any of the conditions of this resolution be violated by the said D. J. Counihan, then the privileges and all the rights accruing thereunder shall immediately become null and void.

Extensions of Time.

Supervisor Welch presented:

Resolution No. 14412 (New Series), as follows:

Resolved, That F. R. Ritchie is hereby granted an extension of thirty days' time from June 2, 1917, within which to complete contract for the improvement of Sanchez street, between Nineteenth and Twentieth streets, and crossing of Cumberland street, between Sanchez and Noe streets

This *fourth* extension of time is recommended by the Board of Public Works for the reason that petitioner alleges inability of his sub-contractor for placing the pipe railings to secure materials from the foundry. This statement is correct, the unusual activity in the iron industry making prompt deliveries uncertain, but 50 per cent of the erection of this pipe railing and the plastering of the wall remains to be completed.

Also, Resolution No. 14413 (New Series), as follows:

Resolved, That J. J. McHugh is hereby granted an extension of ninety days' time from May 30, 1917, within which to complete contract for the improvement of Academy street, between Charles and Fairmount streets, under private contract.

This *second* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the grading, sewer and curbs have been completed, and the work has been delayed on account of

the water and gas companies lowering their mains.

Also, Resolution No. 14415 (New Series), as follows:

Resolved, That the Federal Construction Company is hereby granted the following extensions of time to complete street work, the same having been recommended by the Board of Public Works, to-wit:

Ninety days from June 11, 1917, to complete contract for the improvement of Forty-second avenue, between Lincoln way and Irving street.

This *first* extension of time is granted for the reason that there has been no work done for the reason that your petitioner is bending all his energies toward the completion of Twentieth avenue, between Moraga and Quintara streets, he having been delayed for three or four months by the work of the United Railroads in relaying its tracks. As soon as this work is completed the work on Forty-second avenue will be started.

Ninety days from June 11, 1917, within which to complete contract for the improvement of Forty-second avenue, between Irving and Judah streets.

This *first* extension of time is granted for the reason that there has been no work done for the reason that your petitioner is bending all his energies toward the completion of Twentieth avenue, between Moraga and Quintara streets, by having been delayed for three or four months by the work of the United Railroads in

Acquisition of Land for Drainage Purposes.

Supervisor Welch presented:

Resolution No. 14416 (New Series), as follows:

Whereas, On the 2nd day of April, 1917, the Supervisors of the City and County of San Francisco duly and regularly passed Resolution No. 14195 (New Series), which resolution was, on the 4th day of April, 1917, duly and regularly approved by the Mayor of the City and County of San Francisco, and said resolution being in words and figures as follows, to-wit:

Resolution No. 14195 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors of the City and County of San Francisco to acquire the necessary land for an alley 10 feet in width and for drainage purposes, extending from London street to Mission street, in Excelsior Homestead Block 6.

The lands and property deemed necessary to be taken for said 10-foot alley are described as follows, to-wit:

Description of land to be acquired for the purpose of opening an alley for drainage purposes extending from London street to Mission street 265 feet southerly from and parallel with France avenue.

Commencing at a point on the easterly line of Mission street 265 feet southerly from France avenue; thence southerly along the easterly line of Mission street 10 feet; thence at right angles easterly 83 feet 6 inches; thence at right angles northerly 10 feet; thence at right angles westerly 83 feet 6 inches to the easterly line of Mission street and point of commencement; being a portion of Excelsior Homestead Block No. 6.

And said Board of Supervisors does hereby determine and declare that said 10-foot alley for drainage purposes is or more than ordinary public benefit, and will affect and benefit the lands and district hereinafter described, and which said district is hereby declared to be the district affected and benefited by the acquisition of said land for an alley for drainage purposes, and that therefore

the entire costs and expenses of this acquisition shall be and are hereby made chargeable against and shall be assessed upon said lands and district, which lands and district are within the City and County of San Francisco, State of California, and the exterior boundaries of said lands and district affected and benefited by said acquisition are particularly described as follows:

Description of district benefited and to be assessed to pay the cost and expenses of opening an alley for drainage purposes, extending from London street to Mission street 265 feet southerly from and parallel with France avenue.

Commencing at the point of intersection of the westerly line of London street with the southerly line of France avenue and running thence easterly along the southerly line of France avenue to a point 100 feet easterly from the easterly line of London street; thence southerly along a line parallel with and distant 100 feet easterly from the easterly line of London street, 600 feet to a point on the northerly line of Italy avenue; thence westerly along the northerly line of Italy avenue to a point 100 feet westerly from the westerly line of London street; thence northerly along a line parallel with and distant 100 feet westerly from the westerly line of London street 300 feet; thence easterly along a line parallel with and distant 300 feet northerly from the northerly line of Italy avenue 100 feet to a point on the westerly line of London street; thence northerly along the westerly line of London street 300 feet to the southerly line of France avenue and point of commencement, except and excluding all public streets, alleys, courts and ways.

Said acquisition of land for an alley 10 feet in width, and for drainage purposes, shall be done in pursuance of Chapter 3 of Article 6 of the Charter of the City and County of San Francisco, and shall be done in the manner and in accordance with the provisions of Section 2 and the section following Section 2 of said Chapter 3 of Article 6 of said Charter of the City and County of San Francisco.

Adopted—Board of Supervisors, San Francisco. April 2, 1917.

Absent—Supervisors Suhr, Wolfe—2.

J. S. DUNNIGAN, Clerk.

Approved, San Francisco, April 4, 1917.

JAMES ROLPH, JR.,
Mayor.

And Whereas, The Clerk of the Supervisors of the City and County of San Francisco did transmit to the Board of Public Works of the City and County of San Francisco a certified copy of said resolution, and the said Board of Public Works, did, upon receipt of said resolution, cause to be posted in the manner and as required by law, notice of the passage of said resolution and did also cause, in the manner and as required by law, a notice similar in substance to be published for a period of ten days in the official newspaper of the City and County of San Francisco;

And Whereas, No objections have been filed to the acquisition of land for an alley 10 feet in width, and for drainage purposes, extending from London street to Mission street, in the Excelsior Homestead Block 6.

And Whereas, The public interest and convenience requires said improvement to be done as specifically described in said Resolution No. 14195 (New Series);

And Whereas, The Supervisors have acquired jurisdiction to order the acquisition of land for an alley 10 feet in width and for drainage purposes extending from London street to Mission street in the Excelsior Homestead Block 6, as described and proposed in said Resolution No. 14195 (New Series); now therefore, be it

Resolved, That it be ordered, and it is hereby ordered that said land be acquired for an alley 10 feet in width and for drainage purposes and as specifically described and proposed in said Resolution No. 14195 (New Series), and be it

Further Resolved, That the lands and property described in said Resolution No. 14195 (New Series), and declared to be deemed necessary to be taken for said 10-foot alley be taken for said 10-foot alley; and be it

Further Resolved, That the entire damages, costs and expenses of said extension be and they are hereby made chargeable against and shall be assessable upon the lands and district described in said Resolution No. 14195 (New Series) as being the lands and district affected and benefited by said 10-foot alley, and against which the entire damages, costs and expenses of said 10-foot alley should be made chargeable, and against which the entire damages costs and expenses of said 10-foot alley should be made chargeable, and be it

Further Resolved, That said acquisition of land for an alley 10 feet in width and for drainage purposes be done in pursuance of Chapter III of Article VI of the Charter of the City and County of San Francisco and in the manner laid down in and in accordance with the provisions of Section 2 and the sections following Section 2 of said Chapter III of Article VI of said Charter.

Adopted by the following vote:

Ordinance Confirming the Sale of Lands Owned by the City and County of San Francisco, and Formerly Constituting Part of Sloat and Junipero Serra Boulevards, to the San Francisco Electric Railways.

On motion of Supervisor Welch:

Bill No. 4558, Ordinance No. — (New Series), as follows:

Ordinance confirming the sale of lands owned by the City and County of San Francisco, and formerly constituting part of Sloat and Junipero Serra boulevards, to the San Francisco Electric Railways.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Whereas, By Resolution No. 14034 (New Series), approved February 28, 1917, and after proceedings duly had according to law to that end, the Board of Supervisors finally closed and abandoned as a public street all those portions of Sloat and Junipero Serra boulevards hereinafter described, and

Whereas, Thereafter by Ordinance No. 4138 (New Series), approved March 26, 1917, the Board of Supervisors determined that public interest and necessity demanded the sale of the lands hereinafter described and hereinbefore referred to as formerly constituting a part of Sloat and Junipero Serra boulevards, and by said ordinance directed the Mayor of the City and County to sell all of said lands at a private sale to be held on the 25th day of April, 1917, and directed that notice of said sale be given for two weeks prior to said date, as required by law, and

Whereas, The Clerk of the Board of Supervisors thereafter proceeded to publish notice of said sale in the official newspaper and one other daily newspaper published in the City and

County for two weeks successively next before the day on which the said sale was directed to be made, describing the lands to be sold thereon with common certainty, and stating the date on or after which said sale would be made, as specified in said ordinance No. 4138, and that all bids or offers would be received by the Mayor at his office on or after said date, and

Whereas, The Mayor, the Assessor and the Chairman of the Finance Committee, being the Board of Appraisalment constituted by the Charter of the City and County of San Francisco for such purpose, thereafter duly met and made an appraisalment of said lands and fixed the fair value thereof at the sum of \$25,230, and reported said appraisalment to the Board of Supervisors in writing, and

Whereas, Thereafter and on the 25th day of April, 1917, at a private sale the Mayor sold said property to the San Francisco Electric Railways, a corporation, for the sum of \$25,230, and accepted from said corporation a deposit in the form of a check in the amount of \$2,523, being 10 per cent of the amount bid, as aforesaid, and thereupon and on the 26th day of April, 1917, duly notified the Board of Supervisors in writing of the fact of such sale, stating the sum bid, the name of the bidder and requesting that the Board confirm the sale, and

Whereas, The Clerk of the Board of Supervisors immediately thereupon proceeded to give notice by publication in the official newspaper and one other newspaper published in the City and County of San Francisco for a period of twenty-one days from and after the 2nd day of May, 1917, that at a meeting of the Board of Supervisors to be held on the 28th day of May, 1917, the matter of said sale would come up for confirmation, stating also in said notice the fact of the sale, the amount for which the property had been sold as aforesaid, and the name of the purchaser, and also stating that if at such meeting on the 28th day of May, 1917, an offer of 10 per cent more in amount than that named in said notice should be made to the Supervisors in writing by a responsible person, the Supervisors would confirm such sale to such person, or order a new sale, and

Whereas, The date of confirmation specified in said notice has now arrived, and it appears to the Board of Supervisors that the sum of \$25,230 bid as aforesaid by the San Francisco Electric Railways is not disproportionate to the value of the

property sold, and that a greater sum cannot be obtained, and that no other bids or offers have been received by the Clerk of the Board of Supervisors prior to this date,

Now, therefore, be it ordained that the said sale of the said lands hereinafter described, to the San Francisco Electric Railways, a corporation, made by the Mayor of the City and County of San Francisco, on the 25th day of April, 1917, for the sum of \$25,230 is hereby ratified, approved and confirmed, and the Mayor and the Clerk of the Board of Supervisors are hereby authorized to execute and deliver to said purchaser, upon payment of the balance of the purchase price, a sufficient conveyance in the name of the City and County of San Francisco conveying to the San Francisco Electric Railways all the right, title and interest of the City and County of San Francisco in and to the lands sold as aforesaid, and more particularly described as follows:

PARCEL I.

A strip or parcel of land lying in Junipero Serra boulevard between Monterey avenue and St. Francis boulevard, adjacent to the westerly boundary line of the right of way of the San Francisco Electric Railways, said strip or parcel of land being more particularly bounded and described as follows:

Commencing at a point which bears South 87 deg. 27 min. 25 sec. east 70 feet from a point in the westerly line of Junipero Serra boulevard, which last named point bears north 2 deg. 32 min. 35 sec. east 958.30 feet more or less from the intersection of the westerly line of Junipero Serra boulevard and the northerly line of Old Ocean avenue;

Thence to the left on a circular curve of radius 301.44 feet, 179.34 feet more or less;

Thence northeasterly on a line bearing north 47 deg. 16 min. 26 sec. east, 3.09 feet more or less to a point which is distant south 47 deg. 16 min. 26 sec. west, 120.24 feet more or less along said line from its intersection with the westerly line of that portion of Junipero Serra boulevard, which was formerly called Corbett avenue;

Thence to the right on a circular curve of a radius of 320 feet, said curve being the westerly boundary line of the right of way of the San Francisco Electric Railways, and concentric to the southwesterly curve of Junipero Serra boulevard, 180.58 feet more or less to point of commencement.

PARCEL II.

A strip or parcel of land adjacent to the southerly boundary line of the San Francisco Electric Railways, extending easterly from the easterly line of Nineteenth avenue to the northwesterly line of Junipero Serra boulevard, said strip or parcel of land being more particularly bounded and described as follows:

Commencing on the easterly line of Nineteenth avenue (which is assumed to bear north 3 deg. 08 min. 45 sec. west) at a point which bears north 3 deg. 08 min. 45 sec. west 50.01 feet more or less from the intersection of said easterly line of Nineteenth avenue with the southerly line of Sloat boulevard;

Thence on a line parallel with and 50 feet northerly from the southerly line of Sloat boulevard, which bears north 88 deg. 06 min. 25 sec. east, 691.99 feet more or less;

Thence to the right on a circular curve of radius 301.44 feet, 216.99 feet more or less;

Thence to the left on a line bearing north 47 deg. 16 min. 25 sec. east, 7.11 feet more or less;

BUDGET 1917-1918

BILL NO. 4557, ORDINANCE NO. 4211 (New Series).

An ordinance establishing a budget of the amounts estimated to be required to pay the expenses of conducting the public business of the City and County government for the fiscal year commencing July 1, 1917, and ending June 30, 1918.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to the provisions of Article III, Chapter I of the Charter of the City and County, the budget of the amounts estimated to be required to pay the expenses of conducting the public business of the City and County for the fiscal year, commencing July 1st, 1917, and ending June 30th, 1918, is hereby made, and the amounts so estimated are hereby approved for appropriation and duly appropriated in totals as herein set forth to each department, officer, board or commission included in this budget.

Section 2. The aggregate amount appropriated for conducting the public business of the City and County is \$15,737,990, and is hereby apportioned among the various funds as follows:

Bond Interest and Redemption.....	\$ 3,622,036
Common School Fund.....	2,385,000
Park Fund	380,000
Library Fund	122,350
Firemen's Relief and Pension Fund.....	120,000
General Fund	9,108,604
Total	\$15,737,990

Section 3. No department, officer, board or commission shall expend, agree to expend or incur liabilities which in total amount exceed the total sum appropriated in this ordinance or subsequently appropriated to such department, officer, board or commission during the fiscal year commencing July 1st, 1917, and ending June 30th, 1918.

Section 4. The estimated amount apportioned to the "General Fund" and here appropriated from the "General Fund" to the various departments, officers, boards or commissions shall be expended according to the following terms and conditions, namely:

First. No department, officer, board or commission shall expend or incur liabilities to expend for any purpose a sum or sums in excess of the amount appropriated to such department, officer, board or commission for such purpose.

Second. Wherever in this ordinance the total appropriated amounts are segregated into segregated allotments, no department, officer, board or commission shall expend or incur liabilities to expend for any purpose a sum or sums in excess of the amount allotted for such purpose.

Third. The executive head of a department, board, office or commission may increase or decrease the amount of any segregated allotment or establish additional segregated allotments, provided such executive file with the Auditor and the Board of Supervisors a statement of (1) the amount by which it is proposed to increase or decrease any allotment or allotments, (2) the circumstances necessitating the adjustment advised.

Fourth. The purposes for which the appropriated and allotted sums included in this ordinance are authorized shall, within the limits of the titles of such appropriations and segregated allotments, be interpreted by the Auditor of the City and County according to the definitions of the uniform classification of objects of expenditure.

Fifth. The Auditor of the City and County shall not audit or pass for payment any demand on the Treasury which in itself or taken with other expenditures or incurred liabilities exceeds the latest accrued credit of an appropriation or appropriations, segregated allotment or allotments against which such demand is properly chargeable.

Section 5. The amounts appropriated are as follows:

Ordering Street Work, Mohawk Avenue.

The following matter laid over from a previous meeting was taken up:

Bill No. —, Ordinance No. — (New Series), Ordering the performance of the following street work to be done in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same, to-wit:

The improvement of *Mohawk avenue from Mission street to Huron avenue* by grading to official line and grade; by the construction of concrete curbs and asphalt pavement consisting of a 6-inch concrete foundation and a 2-inch asphaltic wearing surface on the roadway thereof where not already so improved; and by the construction of one (1) brick catchbasin with castiron frame, grating and trap and 10-inch vitrified, salt-glazed, ironstone pipe culvert on the southerly side of Mohawk avenue, opposite the termination of Bertita street.

Privilege of the Floor.

Mrs. Classen and other protesting property owners were granted the privilege of the floor and addressed the Board, opposing the work as unnecessary and a heavy burden on them at the present time. They requested a delay of one year, at the end of which time they agreed to offer no further opposition.

Mr. Solomon, attorney, representing Oscar Heyman, urged that there be no further delay in this work. He declared that under this protest the work on this street had been put over from time to time for several years and that protestants had agreed when last delay was granted that protestants would no longer oppose work.

Mr. Jacobsen, property owner on Mohawk avenue, also urged that the work be no longer delayed.

Indefinite Postponement.

Whereupon, on motion of Supervisor Mulvihill, the foregoing ordinance was indefinitely postponed by the following vote:

Ayes—Supervisors Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, Mulvihill, Nelson, Nolan, Walsh—10.

Noes—Supervisors Brandon, Deasy, Kortick, McLeran, Suhr, Welch, Wolfe—7.

Absent—Supervisor Power—1.

Resolution of the Board of Supervisors of the City and County of San Francisco Closing and Abandoning Certain Parts of Pierce, Steiner, Fillmore, Francisco, Bay, North Point, Beach and Jefferson Streets.

Resolution No. 14427 (New Series).

Whereas, This Board, by Resolution No. 14303 (New Series), declared its intention to close and abandon certain parts of Pierce, Steiner, Fillmore, Francisco, Bay, North Point, Beach and Jefferson streets, in the City and County of San Francisco, hereinafter more particularly described; and

Whereas, Proper notice of said

resolution and of said proposed closing and abandonment of said parts of said public streets was duly given by the Board of Public Works of said City and County by publication and posting in the manner and for the period provided by Section 3, Chapter III, Article VI, of the Charter of this City and County; and

Whereas, More than ten (10) days have elapsed since the expiration of the time of publication of said notice; and

Whereas, No objection to the said closing and abandonment of said parts of said public streets was made or delivered to the Clerk of this Board within said period of ten (10) days, or at all; and

Whereas, It is the judgment of this Board that public interest and convenience will be conserved and that it is advisable that said parts of said public streets as hereinafter particularly described be closed and abandoned; and

Whereas, The said work is for closing up and abandoning said parts of said public streets and it appears to this Board that no assessment is necessary therefor and that there will be no damages, costs or expenses in connection with said closing and abandonment of said parts of said public streets; and

Whereas, New streets to be approved and accepted by this Board will be dedicated to the public use and conveyed in fee to said City and County by the property owners joining in the petition heretofore filed with this Board praying for the closing and abandonment of said parts of said public streets, the area of which said streets so to be conveyed by said petitioners to said City and County exceeding the area of the said parts of said public streets to be closed and abandoned; and

Whereas, It is the intention of this Board to hereafter convey by deed the interest of said City and County of San Francisco in said parts of said public streets to be closed and abandoned to the owners of the lands adjacent thereto or fronting thereon, in such manner as this Board shall deem that equity requires; now, therefore, be it

Resolved, That the said parts of said public streets hereinabove referred to and hereinafter more particularly bounded and described be closed and abandoned as public streets;

Acceptance of Deed, Western Pacific Railroad Company.

Also, Resolution No. 14431 (New Series), as follows:

Resolved, That the deed from the Western Pacific Railroad Company to the City and County of San Francisco, executed on the 17th day of March, 1917, be and the same is hereby accepted. Said deed is in the words and figures, following to-wit:

This indenture, made and entered into this 17th day of March, 1917, between the Western Pacific Railroad Company, a corporation organized and

existing under and by virtue of the laws of the State of California, the party of the first part herein, and the City and County of San Francisco, a municipal corporation created and existing under and by virtue of the laws of the State of California, the party of the second part herein.

Witnesseth:

That the said party of the first part, for and in consideration of the sum of ten dollars, United States gold coin, to it in hand paid by the said party of the second part, at or before the ensembling and delivery of these presents, the receipt whereof is hereby acknowledged, grants and conveys unto the party of the second part herein, its successors and assigns, a surface easement for street purposes over and across the following described strips or tracts of land situate in the City and County of San Francisco, State of California, viz.:

1. Beginning at a point on the southerly line of Twenty-second street distant thereon 100 feet easterly from the easterly line of Missouri street; thence southerly at right angles to said southerly line of Twenty-second street a distance of 75 feet to a point; thence at right angles easterly a distance of 57.91 feet to a point; thence in a straight line northwesterly to a point on said southerly line of Twenty-second street distant thereon 112.97 feet easterly from said easterly line of Missouri street; thence westerly along said southerly line of Twenty-second street a distance of 12.97 feet to the point of beginning, being a portion of Potrero Nuevo Block 264.

But particularly reserving unto the party of the first part herein, its successors and assigns, the right to construct, maintain and operate a tunnel under and beneath the surface of the strip or tract of land thirdly hereinabove described.

By the acceptance of this grant, the party of the second part herein agrees not to use said strip or tract of land thirdly hereinabove described so as to interfere with the construction, maintenance or operation of the railroad tunnel of the party of the first part herein beneath the surface of said strip or tract of land thirdly hereinabove described, and said reservation unto the party of the first part herein, its successors and assigns, for the use and enjoyment of the construction, maintenance and operation of such railroad tunnel is made a condition to the grant of the right of way easement for street purposes as aforesaid.

To have and to hold, all and singular, the said premises, together with the appurtenances, unto the said party of the second part, and to its successors and assigns forever.

In witness whereof the said party of the first part has hereunto by its officers thereunto duly authorized, subscribed hereto its corporate name and affixed hereto its corporate seal, the day and year first above written.

THE WESTERN PACIFIC RAILROAD COMPANY.

By C. M. Levey, President.

Attest: C. F. Craig, Secretary.

Approved as to form

A. L. Baldwin.

General Attorney.

State of California, City and County of San Francisco—ss.

On this 17th day of May, in the year 1917, before me Flora Hall, a Notary Public in and for the said City and County of San Francisco, residing therein, duly commissioned and sworn, personally appeared C. M. Levey and C. F. Craig, known to me to be the president and secretary, respectively, of the Western Pacific Railroad Company, the corporation described in and that executed the within instrument, also known to me to be the persons who executed the same on behalf of said corporation, and they duly acknowledged to me that said corporation executed the same.

In witness whereof I have hereunto set my hand and affixed my official seal at my office in the said City and County of San Francisco, the day and

year in this certificate first above written.

(Seal) FLORA HALL,
Notary Public in and for the City and
County of San Francisco, State of
California.

I, C. F. Craig, do hereby certify and declare that I am the duly appointed, qualified and acting secretary of the Western Pacific Railroad Company, a corporation organized and existing under and by virtue of the laws of the State of California; that at a regular meeting of the Board of Directors of said corporation duly and regularly held and convened on the 5th day of March, 1917, at the City and County of San Francisco, State of California, at which meeting a quorum of said board was present and acting, a resolution was duly and regularly passed in the words and figures following, to-wit:

Resolved, That the president and secretary of this corporation be and they are hereby authorized and directed to make, execute and deliver, on behalf of this corporation and in its name and under its seal, a deed conveying to the City and County of San Francisco, a municipal corporation, a surface easement for street purposes over and across the following described strips or tracts of land situate in the City and County of San Francisco, State of California, namely:

1. Beginning at a point on the southerly line of Twenty-second street distant thereon 100 feet easterly from the easterly line of Missouri street; thence southerly at right angles to said southerly line of Twenty-second street a distance of 75 feet to a point; thence at right angles easterly a distance of 57.91 feet to a point; thence in a straight line northwesterly to a point on said southerly line of Twenty-second street distant thereon 112.97 feet easterly from said easterly line of Missouri street; thence westerly along said southerly line of Twenty-second street a distance of 12.97 feet to the point of beginning, being a portion of Potrero Nuevo Block 264.

2. Beginning at the intersection of the northerly line of Twenty-second street with the easterly line of Missouri street; thence easterly along said northerly line of Twenty-second street a distance of 73.44 feet to the extension northwesterly of the north-easterly line of the land first hereinabove described; thence northwesterly along said extension a distance of 51 feet to a point; thence in a straight line northwesterly a distance of 203.5 feet to a point on said easterly line of Missouri street distant thereon 241.6 feet northerly from said north-

erly line of Twenty-second street; thence southerly along said easterly line of Missouri street a distance of 241.6 feet to the point of beginning, being a portion of Potrero Nuevo Block 265.

3. Beginning at a point on the easterly line of Missouri street distant thereon 241.6 feet northerly from the northerly line of Twenty-second street; thence northerly along said easterly line of Missouri street a distance of 50 feet to a point; thence at right angles easterly a distance of 200 feet to the westerly line of Texas street; thence southerly along said westerly line of Texas street 50 feet to a point; thence at right angles westerly a distance of 200 feet to the point of beginning, being a portion of Potrero Nuevo Block 265.

But particularly reserving unto the Western Pacific Railroad Company the right to construct, maintain and operate a tunnel under and beneath the surface of the strip or tract of land thirdly hereinabove described, and by the acceptance of said grant, the City and County of San Francisco agrees not to use said strip or tract of land thirdly hereinabove described so as to interfere with the construction, maintenance or operation of the railroad tunnel of the Western Pacific Railroad Company beneath the surface of said strip or tract of land thirdly hereinabove described, and said reservation unto The Western Pacific Railroad Company for the use and enjoyment of the construction, maintenance and operation of such railroad tunnel is made a condition to the grant of the right of way easement for street purposes as aforesaid.

Be it further Resolved, That the secretary of this corporation be and he hereby is authorized and instructed to attach to said deed a copy of this resolution certified to by him as such secretary and under the seal of this corporation."

I further certify that the above is a full, true and exact copy of said resolution and that the same has not been in any way revoked, but is in full force and effect.

In witness whereof I have hereunto subscribed my hand and affixed the seal of said corporation, this 17th day of March, 1917.

(Seal) C. F. CRAIG,
Secretary of the Western Pacific Railroad Company.

And it is further Resolved, That the land described in said deed as aforesaid be and the same is hereby declared to be public streets of the City and County of San Francisco.

Extensions of Time.

Supervisor Welch presented:

Resolution No. 14437 (New Series), as follows:

Resolved, That A. E. Buckman is hereby granted an extension of forty-five days from June 10th, 1917, within which to complete contract for the improvement of Twenty-ninth avenue, between Balboa and Cabrillo streets, and the crossing of Twenty-ninth avenue and Cabrillo street.

This *fifth* extension of time is

granted upon the recommendation of the Board of Public Works for the reason that the work has been completed, with the exception of the pavement, and although the City Engineer believes that the contractor's methods in handling this contract have been dilatory and unsatisfactory, the City Engineer recommends that the last extension of 45 days be granted, with the understanding that no further extension will be allowed.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Suhr, Walsh, Welch, Wolfe—17.

Action Deferred.

The following Bill was taken up and on motion *laid over until next meeting*:

Ordinance Confirming the Sale of Lands Owned by the City and County of San Francisco, and Formerly Constituting Part of Sloat and Junipero Serra Boulevards, to the San Francisco Electric Railways.

On motion of Supervisor Welch:

Bill No. 4558, Ordinance No. — (New Series), as follows:

Ordinance confirming the sale of lands owned by the City and County of San Francisco, and formerly constituting part of Sloat and Junipero Serra boulevards, to the San Francisco Electric Railways.

Be it ordained by the People of the

City and County of San Francisco as follows:

Section 1. Whereas, By Resolution No. 14034 (New Series), approved February 28, 1917, and after proceedings duly had according to law to that end, the Board of Supervisors finally closed and abandoned as a public street all those portions of Sloat and Junipero Serra boulevards hereinafter described, and

Whereas, Thereafter by Ordinance No. 4138 (New Series), approved March 26, 1917, the Board of Supervisors determined that public interest and necessity demanded the sale of the lands hereinafter described and hereinbefore referred to as formerly constituting a part of Sloat and Junipero Serra boulevards, and by said ordinance directed the Mayor of the City and County to sell all of said lands at a private sale to be held on the 25th day of April, 1917, and directed that notice of said sale be given for two weeks prior to said date, as required by law, and

Whereas, The Clerk of the Board of Supervisors thereafter proceeded to publish notice of said sale in the official newspaper and one other daily newspaper published in the City and County for two weeks successively next before the day on which the said sale was directed to be made, describing the lands to be sold thereing with common certainty, and stating the date on or after which said sale would be made, as specified in said ordinance No. 4138, and that all bids or offers would be received by the Mayor at his office on or after said date, and

Whereas, The Mayor, the Assessor and the Chairman of the Finance Committee, being the Board of Appraisalment constituted by the Charter of the City and County of San Francisco for such purpose, thereafter duly met and made an appraisalment of said lands and fixed the fair value thereof at the sum of \$25,230, and reported said appraisalment to the Board of Supervisors in writing, and

Whereas, Thereafter and on the 25th day of April, 1917, at a private sale the Mayor sold said property to the San Francisco Electric Railways, a corporation, for the sum of \$25,230, and accepted from said corporation a deposit in the form of a check in the amount of \$2,523, being 10 per cent of the amount bid, as aforesaid, and thereupon and on the 26th day of April, 1917, duly notified the Board of Supervisors in writing of the fact of such sale, stating the sum bid, the name of the bidder and requesting that the Board confirm the sale, and

Whereas, The Clerk of the Board of Supervisors immediately thereupon proceeded to give notice by publication in the official newspaper and one other newspaper published in the City and County of San Francisco for a period of twenty-one days from and after the 2nd day of May, 1917, that at a meeting of the Board of Supervisors to be held on the 28th day of May, 1917, the matter of said sale would come up for confirmation, stating also in said notice the fact of the sale, the amount for which the property had been sold as aforesaid, and the name of the purchaser, and also stating that it at such meeting on the 28th day of May, 1917, an offer of 10 per cent more in amount than that named in said notice should be made to the Supervisors in writing by a responsible person, the Supervisors would confirm such sale to such person, or order a new sale, and

Whereas, The date of confirmation specified in said notice has now arrived, and it appears to the Board of Supervisors that the sum of \$25,230 bid as aforesaid by the San Francisco Electric Railways is not disproportionate to the value of the property sold, and that a greater sum cannot be obtained, and that no other bids or offers have been received by the Clerk of the Board of Supervisors prior to this date,

Now, therefore, be it ordained that the said sale of the said lands hereinafter described, to the San Francisco Electric Railways, a corporation, made by the Mayor of the City and County of San Francisco, on the 25th day of April, 1917, for the sum of \$25,230 is hereby ratified, approved and confirmed, and the Mayor and the Clerk of the Board of Supervisors are hereby authorized to execute and deliver to said purchaser, upon payment of the balance of the purchase price, a sufficient conveyance in the name of the City and County of San Francisco conveying to the San Francisco Electric Railways all the right, title and interest of the City and County of San Francisco in and to the lands sold as aforesaid, and more particularly described as follows:

PARCEL I.

A strip or parcel of land lying in Junipero Serra boulevard between Monterey avenue and St. Francis boulevard, adjacent to the westerly boundary line of the right of way of the San Francisco Electric Railways, said strip or parcel of land being more particularly bounded and described as follows:

Commencing at a point which bears South 87 deg. 27 min. 25 sec. east 70

feet from a point in the westerly line of Junipero Serra boulevard, which last named point bears north 2 deg. 32 min. 35 sec. east 958.30 feet more or less from the intersection of the westerly line of Junipero Serra boulevard and the northerly line of Old Ocean avenue;

Mayor's Veto, Sperry-Lewis Garage Co. Permit.

The following matter was presented, read, ordered spread in the Journal and *laid over until next meeting*:

San Francisco, Cal., June 8, 1917.
To the Honorable Board of Supervisors of the City and County of San Francisco:

Gentlemen: I return to you, with my disapproval, Resolution No. 14406 (New Series)

"Resolved, That permission, revocable at will of the Board of Supervisors, is hereby granted Sperry-Lewis Co., Inc., to maintain a public garage at the northwest corner of Sixth avenue and Geary street; also to store not more than 1200 gallons of gasoline on the premises at one time. It is agreed by said Sperry-Lewis Co., Inc., that gasoline will not be sold to or supplied to motorcycles.

"The rights granted under this resolution shall be exercised within six months, otherwise said permit becomes null and void," which was passed by your Honorable Board on May 28th, 1917, and presented to me on May 29th, 1917.

The reasons for my returning this resolution without approval are as follows:

The proposed garage site is diagonally across the street from the French Hospital.

The granting of the permit is in direct violation of Ordinance No. 1610 (New Series), approved July 6th, 1911—

"Ordinance No. 1610 (New Series)

Approved July 6, 1911.

"Prohibiting Persons from Blowing Automobile Horns or Making Loud, Unusual or Unnecessary Noises Within the Distance of One Block from a Public or Private Hospital; and Providing for the Erection of Signs to Indicate Streets Whereon Hospitals are Located.

"Be it Ordained by the People of the City and County of San Francisco as follows:

"Section 1. No person shall blow an automobile horn or whistle or make any loud, unusual or unnecessary noises within the distance of one block from a public or private hospital within the City and County of San Francisco.

"Section 2. The Board of Public Works is hereby authorized to erect within their discretion, on lamp-posts, or in the absence of lamp-posts, on such posts as they may find occasion to erect, at corners of intersecting streets, avenues or thoroughfares on which may be located a hospital, lying-in asylum, sanatorium or other institution reserved for the treatment of the sick, a sign or signs displaying the words, "Notice—Hospital," and such other warning or admonition to pedestrians and drivers to refrain from making any or such noises or fast driving as may tend to disturb the peace and quietude of any or all of the inmates of any such institution.

"Section 3. Any person who shall violate any of the provisions of this ordinance shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not to exceed two hundred and fifty (250) dollars, or by imprisonment in the County Jail for not more than three (3) months, or by both such fine and imprisonment.

"Section 4. This Ordinance shall take effect and be in force immediately."

I fail to see how any garage could be maintained within one block of a public or private hospital without either directly or indirectly continual-

ly violating the above Ordinance. Other Ordinances, Traffic Regulations and safety "Rules of the Road" necessitate the blowing of horns coming into or going out of a garage, and therefore to expect a noiseless garage, or the elimination of the blowing of horns in or around a garage, is not tenable.

On May 20, 1917, I received the following cablegram dated Paris, May 20, 1917:

"Mayor Rolph, San Francisco.

"May I intercede as President of French Hospital and one of oldest citizens of our beloved San Francisco to ask you to oppose building of garage opposite hospital? The welfare of patients demands it.

"Raphael Weill."

On May 28th, 1917, there appeared before the Board of Supervisors, in opposition to the granting of such permit, practically the entire medical and nursing staff of the French Hospital, and other residents of the neighborhood.

There are three churches in the immediate vicinity of the proposed garage site.

Other places for garages must be found than ones so close to public hospitals; the institution, in this instance, being one which has been a credit and useful help to the community for nearly a generation, and a constant reminder of the heroism of General Lafayette in his association with General Washington and the original thirteen Stars and Stripes of "Old Glory."

The fact that its honored and respected president, Honorable Raphael Weill, one of San Francisco's noblest and most universally esteemed citizens, and the entire staff of the hospital, protest, coupled with the fact that the granting of such a permit would be in direct violation of existing Ordinance No. 1610 prohibiting such a garage permit, are my reasons for returning said resolution to you without approval.

Respectfully,

JAMES ROLPH, JR.,

Mayor of the City and County of San Francisco.

Agreement of Mohawk Avenue Property Owners.

Supervisor Mulvihill presented:

San Francisco, June 6, 1917.

To the Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen: We, the undersigned property owners, owning property on Mohawk avenue between Mission and Huron streets, hereby promise and agree that if the Board of Supervisors will postpone the ordering of this street work for one year from June 4, 1917, that at the expiration of said time we will offer no objections to the

ordering and performance of said street improvements.

Respectfully submitted,
MARY J. CLAASEN.

Transfer of Funds for Liberty Bond Investment.

June 8th, 1917.

To the Honorable Finance Committee,
Board of Supervisors, San Francisco,
Cal.

Gentlemen: In order to comply with the provisions of Resolution No. 14399 N. S., in reference to the purchase of \$1,000,000 Liberty Bonds, I most respectfully request your Committee to direct the Auditor and Treasurer by resolution to make a transfer of funds to the Investment Fund No. 2 in order that a proper warrant can be drawn from this account.

The balances of the funds described herewith can no doubt be used in the purchase of the bonds.

Honora Sharp bequest	\$ 40,000
Municipal depreciation	200,000
Investment fund	200,000
Liability compensation	50,000
Water bond fund	510,000

Total .. \$1,000,000

If the above suggestion meets with your Committee's approval I will appreciate the immediate passage of the resolution.

Respectfully yours,

JOHN E. McDUGALD,
Treasurer City and County of San Francisco.

Printed in Journal and referred to the Finance Committee.

Hearing of Appeals.

The following matters were taken up and on request of Jas. Devoto, representing the property owners, laid over two weeks:

Railroad Avenue.

Hearing of appeal of property owners to assessment for improvement of Railroad avenue, between Yosemite and Hollister avenues, fixed for 3 p. m. this day.

Hearing of appeal of Eaton & Smith from assessment for improvement of Railroad avenue, between Yosemite and Hollister avenues, fixed for 3 p. m. this day.

Protest Against Use of Funds for Purchase of Liberty Loan Bonds.

The following matter was presented, read and referred to the Chief of Police and United States District Attorney:

To the Honorable, the Mayor and Board of Supervisors, and each and

every member of said Board, and the Auditor and Treasurer, each and all of the City and County of San Francisco, a municipal corporation:

Dear Sirs: As sovereign citizens, registered voters and taxpayers of the City and County of San Francisco, we hereby severally and jointly positively object and protest against the proposed use of any of the money or funds or property of the said City and County, or of the people of said City and County, for the purchase of any bonds called "Liberty Loan" bonds, or for any other purpose or purposes than those purposes for which said money, funds and property were received by said City and County, or for which said money and funds were specifically appropriated, or for which they were raised by taxation of the people. Any use of said money or funds or property for the purpose of purchasing any of said so-called "Liberty Loan" bonds is, and will be, absolutely illegal and contrary to law for the following among many other reasons:

1. Said money, funds, and property has been received and appropriated by said City and County for certain specific purposes, and money so received and appropriated cannot be used for any other purpose, as it is positively prohibited and punished by the specific language of the State Constitution, the City Charter and the Penal Code.

2. It is the duty of the officials of the City and County to carry out the vote of the people and complete the Hetch Hetchy water system as soon as possible and if they have any money to spare they should invest it in the Hetch Hetchy bonds paying 5 per cent and not in these so-called "Liberty Loan" bonds paying but 3½ per cent.

3. From investigation we are informed that the work on the Hetch Hetchy water system is lagging and may entirely stop because the Hetch Hetchy bonds have not been sold and therefore it is the duty of said officials to use the street cars and other city property on which to advertise the cry of "Have you bought your Hetch Hetchy bonds?" instead of side-tracking and stopping work on Hetch Hetchy.

4. The developments since the declaration of war on April 4, 1917, especially the letter of Mr. Wilson to Russia published in yesterday's newspapers, have started a constitutional petition to Congress to correct the mistake made by that declaration and to prohibit the sending of any troops to Europe, or the loaning of money to any of the belligerents and repeal the declaration of war, and end its dictatorships, army favoritism and contract grafting, and frightful burdens on an already overburdened people,

which petitions must be heard and will be granted. Yours very truly,

HENRY WARFIELD.

Report of Majority of Streets Committee on Mohawk Avenue Improvement.

The following matter was presented by Supervisor Welch and on motion laid over one week and made a special order for 3 p. m.:

June 11, 1917.

Board of Supervisors.

Gentlemen: The undersigned, a majority of your Committee on Streets and Sewers, recommends the passage of Bill No. 3917 entitled, "Order the performance of street work on Mohawk avenue between Mission street and Huron avenue.

UNFINISHED BUSINESS.

Final Passage.

No bidder appearing to increase the bid, the following matter heretofore passed for printing was taken up, and finally passed by the following vote:

Confirming Sale of Land Formerly Constituting Portions of Sloat and Junipero Serra Boulevards.

Bill No. 4558, Ordinance No. 4213 (New Series.) Confirming the sale of lands owned by the City and County of San Francisco, and formerly constituting part of Sloat and Junipero Serra boulevards, to the San Francisco Electric Railways.

Whereas, by Resolution No. 14034 (New Series), approved February 28, 1917, and after proceedings duly had according to law to that end, the Board of Supervisors finally closed and abandoned as a public street all those portions of Sloat and Junipero Serra boulevards hereinafter described, and

Whereas, thereafter by Ordinance No. 4138 (New Series), approved March 26, 1917, the Board of Supervisors determined that public interest and necessity demanded the sale of the lands hereinafter described and hereinbefore referred to as formerly constituting a part of Sloat and Junipero Serra boulevards, and by said ordinance directed the Mayor of the City and County to sell all of said lands at a private sale to be held on the twenty-fifth day of April, 1917, and directed that notice of said sale be given for two weeks prior to said date, as required by law, and

Whereas, the Clerk of the Board of Supervisors thereafter proceeded to publish notice of said sale in the official newspaper and one other daily newspaper published in the City and County for two weeks successively next before the day on which the said sale was directed to be made, describing the lands to be sold therein with common certainty, and stating the date

on or after which said sale would be made, as specified in said Ordinance No. 4138, and that all bids or offers would be received by the Mayor at his office on or after said date, and

Whereas, the Mayor, the Assessor and the Chairman of the Finance Committee, being the Board of Appraisal constituted by the Charter of the City and County of San Francisco for such purpose, thereafter duly met and made an appraisal of said lands and fixed the fair value thereof at the sum of \$25,230, and reported said appraisal to the Board of Supervisors in writing, and

Whereas, thereafter and on the 25th day of April, 1917, at private sale, the Mayor sold said property to the San Francisco Electric Railways, a corporation, for the sum of \$25,230, and accepted from said corporation a deposit in the form of a check in the amount of \$2,523.00, being 10 per cent of the amount bid, as aforesaid, and thereupon and on the 26th day of April, 1917, duly notified the Board of Supervisors in writing of the fact of such sale, stating the sum bid, the name of the bidder, and requesting that the Board confirm the sale, and

Whereas, the Clerk of the Board of Supervisors immediately thereupon proceeded to give notice by publication in the official newspaper and one other newspaper published in the City and County of San Francisco for a period of twenty-one days from and after the second day of May, 1917, that at a meeting of the Board of Supervisors to be held on the 28th day of May, 1917, the matter of said sale would come up for confirmation, stating also in said notice the fact of the sale, the amount for which the property had been sold as aforesaid, and the name of the purchaser, and also stating that if at such meeting on the 28th day of May, 1917, an offer of 10 per cent more in amount than that named in said notice should be made to the Supervisors in writing by a responsible person, the Supervisors would confirm such sale to such person, or order a new sale, and

Whereas, the date of confirmation specified in said notice has now arrived, and it appears to the Board of Supervisors that the sum of \$25,230 bid as aforesaid by the San Francisco Electric Railways is not disproportionate to the value of the property sold, and that a greater sum cannot be obtained, and that no other bids or offers have been received by the Clerk of the Board of Supervisors prior to this date; now, therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That said sale of the said lands hereinafter described, to the San

Francisco Electric Railways, a corporation, made by the Mayor of the City and County of San Francisco, on the 25th day of April, 1917, for the sum of \$25,230 is hereby ratified, approved and confirmed, and the Mayor and the Clerk of the Board of Supervisors are hereby authorized to execute and deliver to said purchaser, upon payment of the balance of the purchase price, a sufficient conveyance in the name of the City and County of San Francisco, conveying to the San Francisco Electric Railways all the right, title and interest of the City and County of San Francisco in and to the lands sold as aforesaid, and more particularly described as follows:

PARCEL I.

The following streets within the City and County of San Francisco are hereby declared to be open public boulevards, viz.: Baker street from Oak street to Turk street; Fell street from Baker street to Stanyan street; Golden Gate avenue from Market street to its westerly terminus; South Park; Steiner street from Golden Gate avenue to Fulton street; Fulton street from Steiner to Baker streets; Twenty-fourth avenue from D street to its northerly termination; Seventh avenue from Fulton street to its northerly termination; Van Ness avenue from Market street northerly to the bay; *Lake street from Sixth avenue to its westerly termination.*

Section 2. This ordinance shall take effect immediately.

Extension of Time.

Supervisor Welch presented:

Resolution No. 14455 (New Series), as follows:

Resolved, That Federal Construction Company is hereby granted an extension of sixty days' time, from July 3, 1917, within which to complete contract for the improvement of Harold avenue, between Ocean and Grafton avenues.

This second extension of time is granted upon the recommendation of the Board of Public Works for the reason that the delay was caused by the hard rock in which part of the work was performed. The work is completed, with the exception of the asphalt covering and the brick center.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Passed for Printing.

The following Bill was passed for printing:

Spur Track Permit.

Supervisor Kortick presented:

Bill No. 4569, Ordinance No. — (New Series), as follows:

Granting permission to Estate of P. Micheletti, Inc., revocable at will of the Board of Supervisors, to lay down, construct, maintain and operate, a spur track, over, along and upon the following described route, to-wit:

Commencing at a point in Davis street, distant 60 feet, more or less, at right angles northerly from the northerly line of Jackson street, and 20.5 feet at right angles easterly from the westerly line of Davis street; thence northerly and parallel to said line of Davis street 120 feet; thence continuing northerly and on a curve to the right, 100 feet to a point of a reverse curve; thence continuing northerly on a curve to the left, 30 feet; thence continuing northerly 80 feet to a connection with the existing track of the Southern Pacific Company in said Davis street.

Be it ordained by the People of the

City and County of San Francisco, as follows:

Section 1. Permission, revocable at will of the Board of Supervisors is hereby granted to Estate of P. Micheletti, Inc., its successors and assigns to lay down, construct, maintain and operate a spur track over, along and upon the following described route, to-wit:

Commencing at a point in Davis street, distant 60 feet, more or less, at right angles northerly from the northerly line of Jackson street and 20.5 feet at right angles easterly from the westerly line of Davis street; thence northerly and parallel to said line of Davis street 120 feet; thence continuing northerly and on a curve to the right, 100 feet to a point of a reverse curve; thence continuing northerly on a curve to the left, 30 feet; thence continuing northerly 80 feet to a connection with the existing track of the Southern Pacific Company in said Davis street.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted, and shall be construed as a part thereof as completely as though the same were written in this Ordinance.

Provided, That said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office, and that any and all expense connected with the installation of the track, restoration of pavement, and any additional requirements for the surface drainage be paid for by Estate of P. Michelletti, Inc.

Provided, that Estate of P. Michelletti, Inc., shall take up and relay a 12-inch high pressure main in the westerly half of Davis street, between Pacific and Jackson streets, the said work to be done under the direction and to the satisfaction of the Board of Public Works, the expense of said work to be paid for by P. Michelletti, Inc.

Provided, that no cars shall be taken over said spur track between the hours of 7 a. m. and 6 p. m.

Further provided, that no car shall at any time be allowed to stand on said track so as to block the roadway of a street, or block or obstruct a street crossing to exceed five minutes.

Provided, Estate of P. Michelletti, Inc., shall erect and maintain one arc light on Davis street, as directed by the Lighting Committee of the Board of Supervisors.

Sec. 2. This Ordinance shall take effect immediately.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Providing \$700, Payment to Carl Ehrhart for Paving Evans Avenue.

Supervisor Power presented:

Resolved, That the sum of \$700.00 be and the same is hereby set aside, appropriated and authorized to be expended out of County Road Fund, in payment of Carl Ehrhart (contractor) for money expended for work preliminary to the paving of Evans avenue between Lane and Hawes streets upon contract awarded by the Board of Public Works, and which contract was thereafter cancelled by Board of Supervisors under Resolution No. 13948 (New Series); said cancellation of contract was directed by the City and County in order to avoid legal entanglements and thereby delaying the completion of the project.

Passed for printing under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe.—18.

Appreciation of Services of Draft Registrars.

Supervisor Hilmer presented:

Resolution No. 14458 (New Series), as follows:

Whereas, More than two thousand citizens of this City generously contributed their services last Tuesday as officers of registrations and performed the duties imposed by law in a manner highly satisfactory to the authorities in charge of the Federal registration, and without cost to the City; therefore

Resolved, That this Board herewith expresses its appreciation of the services thus rendered and extends its thanks to those who patriotically performed the duties required.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe.—17.

Absent—Supervisor Gallagher—1.

Board of Public Works to Prepare Plans for Ungraded Primary Schools.

Supervisor McLeran presented the following, which, on motion of Supervisor Power, was ordered referred to the Finance Committee:

No. —, Ordinance No. — (New Series), as follows:

Bill No. —, ordering the Board of Public Works to prepare plans and

specifications and to enter into contract for the construction of an ungraded primary school building on City property situate at the north line of Union street, between Kearny and Montgomery streets, and permitting progressive payments to be made during the progress of said construction.

Sale of Liberty Loan Bonds.

His Honor Mayor Rolph, before the Board adjourned, declared that C. C. Moore had called upon him in the matter of promoting the sale of Liberty Loan Bonds, which he said were not going as fast as desired. We in California, he said, are \$20,000,000 short of our quota and must take extraordinary steps to see that we are not found wanting in the finals. I have called here today the heads of the various offices and departments for the purpose of promoting the sale of "Liberty Bonds." He then called on Theodore Roche, President of the Board of Police Commissioners, for suggestions.

Theodore Roche, Police Commissioner, thereupon addressed the Board, urging more strenuous work in promoting the Liberty Bond loan. He pointed out the superior advantages of a government bond as an investment over a savings bank account; the fact that the bonds are not taxable and will automatically take on a higher rate of interest should subsequent bonds pay a better rate.

Supervisor James E. Power also addressed the Board. He said that the people of this country do not yet realize what this war means; if they did, there would be a more ready subscription to the loan. He suggested that the heads of the various departments take up the matter with the men under them and their friends. He said he had taken a \$100 bond for himself and his wife and a \$50 bond for each of his children.

Supervisor John O. Walsh said he had already taken a \$1000 bond, but would now subscribe for another.

Supervisor Wolfe said that he believed that it was not a question of the fact that a 3½ per cent government bond was not better for an investment than 4 per cent bank interest, but that the people were not yet awake to the significance of the war. He suggested that the heads of the department take up the matter with their subordinates. He raised his subscription to \$500.

Supervisor Welch subscribed \$1000.

John T. Fogarty, Fire Commissioner, said that the Fire Department had subscribed \$22,000 to date and he expected that amount to be materially increased.

T. Reardon, President of the Board of Public Works, said that he believed that every man who is receiving \$100 per month should subscribe for a bond.

Harry I. Mulcrevy, County Clerk, said that Clerk Dunnigan of the Board of Supervisors had received \$100,000 from City employees. The seventy-five men in my office, he said, have each subscribed for a \$100 bond. I myself have subscribed for a \$1000 bond and have made other subscriptions at the Olympic Club and the Elks.

Supervisor J. Emmet Hayden said that he had subscribed one month's salary and would now subscribe another month's.

Auditor Thos. Boyle declared that his office had subscribed \$4800 or about \$400 per man.

Geo. E. Gallagher, President of the Board of Education, said: We expect that the School Department will not be found wanting. At first, he said, we scattered our forces in getting subscriptions, but we have learned better and expect to raise \$45,000 or \$50,000 by next Wednesday.

John McLaren, Superintendent of Parks, declared that the Park employees have subscribed and he wanted the amount credited to the municipal administration.

Robt. Dennis, Justices' Clerk, declared that \$1500 had been subscribed by his office.

John L. O'Toole, Civil Service Commissioner, said we are putting to much of a strain on those who have bank accounts. Let us look more to the average worker who has no connection with banks.

Geo. Lull, City Attorney, said that he expects his office to subscribe \$4000. Certain funds have been set aside for this purpose.

Milton Marks, Assistant City Attorney, subscribed \$250. He called attention to his draft registration card and said that before long he might be on his way to France. As one of a committee on subscriptions, he said, we obtained in a house to house canvass in the vicinity of Sixteenth and Texas streets \$97,000 in one day.

Treasurer John McDougald wanted to know if he was to be authorized to invest certain funds, amounting to \$1,000,000, in the Liberty Loan bonds.

Thos. A. Cashin, Superintendent of Municipal Railway, said that he had subscribed to four different funds. Tomorrow, he said, the employees of the railroad will go among the merchants on Geary street soliciting subscriptions. He feels that the subscriptions can be materially increased.

Dr. Hassen, representing the Health Department, said that he had collected \$5,000 and if excused at this time would materially increase it.

Hon. Geo. A. Crothers said that the bonds will be kept up to par. The bonds he said, are bound to go about par when war is over. This, he said,

is the only way we have of financing the war.

Supervisor Fred Suhr said he had already subscribed \$1000 and would now take another thousand.

Supervisor Jos. Lahaney made the same statement.

Supervisor Fred Hilmer also raised his previous subscription of \$1000 to \$2000.

Wm. Hynes, Public Administrator, said his office had subscribed \$23,000.

M. Mullen, Secretary Public Library, said his wife had subscribed \$1000 and he himself \$500.

ADJOURNMENT.

Whereupon the Board at the hour of 5 p. m. adjourned to meet Wednesday at 2 p. m.

J. S. DUNNIGAN,
Clerk.

Report of Finance Committee on Investment of Municipal Funds in Liberty Loan Bonds.

The following report was presented and read by the Clerk, adopted and ordered spread in the Journal:

San Francisco, June 13, 1917.

Board of Supervisors.

Gentlemen: We, your Committee on Finance, herewith report that at a meeting held in the Mayor's office on Tuesday, June 12, 1917, at which was present his Honor Mayor Rolph, Auditor Thomas F. Boyle, Treasurer John E. McDougald, City Attorney George Lull, and James E. Power, Chairman of the Finance Committee, final arrangements were made for the investment of \$1,000,000 of the funds of the City and County of San Francisco in the purchase of the Liberty Loan bonds of the United States Government, in keeping with Resolution No. 14399 (New Series). The Treasurer of the City and County of San Francisco was authorized to invest the \$1,000,000 heretofore mentioned and take as security therefor \$1,000,000 $3\frac{1}{2}\%$ United States Government bonds. The proper demand was passed to print at the meeting of the Board of Supervisors held this day, June 13, 1917, and the Committee at this time asks the approval of the Board of Supervisors of the details as worked out at the meeting held as mentioned heretofore in the Mayor's office.

Respectfully submitted,

JAMES E. POWER,

ANDREW J. GALLAGHER,
Finance Committee.

Indefinitely Postponed.

Thereupon the following resolution, laid over from last meeting, was taken up and on motion *indefinitely postponed* by the following vote:

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

MONDAY, JUNE 18, 1917.

In Board of Supervisors, San Francisco, Monday, June 18, 1917, at 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Quorum present.

His Honor Mayor Rolph presiding.

READING THE JOURNAL.

The Journals of the meetings of May 16 and May 21, 1917, were read and approved.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Mayor's Veto, Uniform Accounting Ordinance.

The following was presented, read and ordered spread in Journal and *laid over until next meeting*:

San Francisco, Cal., June 16, 1917.

To the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen:

I return to you herewith, without my approval, Bill No. 4556, Ordinance No. 4210 (New Series), "establishing a uniform classification of expenditures," passed by your Honorable Board on June 4, 1917, and presented to me for signature June 6; my reasons for disapproving same being as follows:

I am heartily in favor of a revision of the accounting system of the city, but I deem it a mistake to put the task into the hands of any private firm of accountants whose responsibility will end with their contract.

The State Board of Control stands ready to do the work at actual cost,

and, I am sure, can do it both cheaper and better than any private accountants. No important result will be accomplished by merely devising sets of forms for the separate departments. When the new system is devised and the form adopted, the office force in each department must be trained in the new system. In order, therefore, to do the work right it will be necessary, if we employ a firm of private accountants at all, to employ them for a number of years and the total expense will amount to a large sum.

I am quite sure that economy and efficiency require that the State Board of Control should be invited to revise the accounting system of this city as it has revised the accounting system of Los Angeles and other California cities.

In addition to the economy that will be effected by putting the job in the hands of the Board of Control, we will have the additional advantage that San Francisco will get a system uniform with that of other California cities, so that it will be possible to make comparisons, in costs, between San Francisco and other cities.

Moreover, the responsibility for the system will then lie with the State Board of Control, and there can then be no suggestion that considerations of politics or patronage entered into the selection of the accounting system of the city. Respectfully,

(Signed) JAMES ROLPH JR.,
Mayor of the City and County of San Francisco.

Motions.

Supervisor Wolfe moved that Board meet Saturday, at 11 a. m., to consider Mayor's veto.

Supervisor Power moved as an amendment that Board meet Thursday, at 11 a. m., and consider both vetoes—"Budget" and "Accounting Ordinance," and that City Attorney's opinion be obtained as to period of time that must elapse before Board can legally consider vetoes.

Amendment *carried*.

Mayor's Veto of Budget Items.

The budget for the fiscal year 1917-1918 as returned by his Honor the Mayor is as follows:

Bill No. 4557, Ordinance No. — (New Series).

An Ordinance establishing a budget of the amounts estimated to be required to pay the expenses of conducting the public business of the City and County government for the fiscal year commencing July 1, 1917, and ending June 30, 1918.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to the provisions of Article II, Chapter I of the Charter of the City and County, the budget of the amounts estimated to be required to pay the expenses of conducting the public business of the City and County for the fiscal year, commencing July 1st, 1917, and ending June 30th, 1918, is hereby made, and the amounts so estimated are hereby approved for appropriation and duly appropriated in totals as herein set forth to each department, officer, board or commission included in this budget.

Section 2. The aggregate amount appropriated for conducting the public business of the City and County is \$15,719,690, and is hereby apportioned among the various funds as follows:

Opinion of City Attorney as to Time Which Must Elapse Between Presentation of Veto and Its Consideration By Board of Supervisors.

Subsequently, at 4:05 p. m., the following was presented, read and *ordered spread in the Journal*:

June 18, 1917.

Board of Supervisors, San Francisco, Cal.

Gentlemen:

I have been orally requested by your Honorable Board to advise you as to what time after the Mayor has vetoed items of a budget and returned it to the Board of Supervisors the Board of Supervisors may take up the matter of the veto. Having given full consideration to the provisions of Sections 14 and 16, Chapter I of Article II and Section 4, Chapter I of Article III, it is my opinion, although the language of those provisions is not entirely clear and explicit, that five days must elapse between the return to the Supervisors of the veto and the date which the Board of Supervisors may consider the same.

Owing to the shortness of the time in which I have to render you my opinion I am unable to give you extended reasons therefor.

Respectfully,

GEORGE LULL,
City Attorney.

Protest Against Mayor's Veto of Accounting Ordinance.

The following was presented, read by the Clerk and copies ordered sent to Mayor and City Attorney:

San Francisco, Cal., June 18, 1917.

Gentlemen:

We are advised that the Mayor, in the exercise of his veto power, eliminated from the 1917-18 appropriation ordinance the sections of that ordinance which provide for an improved method of accounting for the city's expenditures. The Mayor has eliminated Sections 3 and 4 of the terms and conditions expressed in the ordinance and has also blue-penciled practically all of the segregated allotments of the various appropriation items.

It has been common talk for a great many years amongst the taxpayers of this city that it is impossible for the citizens to discover the details of the city's expenditures. The form of appropriation ordinance adopted by the Board of Supervisors at the meeting of June 4th divided the large appropriation items into "segregated allotments." This plan, together with the accounting plan expressed in the terms and conditions, would result in providing the citizens of this community with some accurate, intelligible information as to the manner of the city's spending.

In view of these facts we enter a

protest against the elimination of Sections 3 and 4 of the terms and conditions of the 1917-18 appropriation ordinance, and the elimination of the segregated details of the various appropriations.

Permit us to make clear that we do not advocate the infringement by the legislative branch of the city's government on the rights of departmental executives, nor do we understand that any of the provisions regarding the segregated allotments of the appropriation ordinance would do so. It is clearly stated in Subsection 3 of Section 4 that if it be found necessary to adjust the detail of any these allotted sums departmental executives may do so if they will (1) advise the Board of Supervisors and the Auditor of the proposed adjustment, and (2) state the necessity of the adjustment.

It would appear, therefore, that the elimination of these terms and conditions and of the scheme of allotments was decidedly a backward step. These provisions, as we understand them, do no more than require a daylight accounting of the city's spending and as such we believe they deserve and have our entire support.

COLBERT COLDWELL,
Chairman, Municipal Affairs Committee of the San Francisco Real Estate Board.

Protest Against Assessment for Grading Farallones Street.

Communication—From J. E. Behan and others, protesting against assessment for grading Farallones street.

Read and referred to Streets Committee.

In Re Henry Warfield.

The following was presented, read and copy ordered sent to the Chief of Police:

June 16, 1917.

J. S. Dunnigan, Esq., Clerk, Board of Supervisors, San Francisco, Cal.

Dear Sir: I wish to acknowledge receipt of your letter of June 11, 1917, in which you enclosed a communication received by your Board from one Henry Warfield, asking me to investigate the matter.

I now wish to advise that unless said Warfield is a German alien, the Federal laws are inadequate to justify a successful prosecution. I am referring the matter to the Bureau of Investigation with instructions to ascertain whether or not Warfield is a German alien and to report any further facts concerning him that may assist us in ascertaining whether or not something can be done with him.

I assure you that it is the disposition of my office to treat severely a man of this character, but my desire to prosecute is in many cases

thwarted by our liberal laws concerning the freedom of speech.

Respectfully,

JNO. W. PRESTON,
U. S. Attorney.

Report of Finance Committee Suggesting That Plans for Ungraded Primary School Building Be Prepared in City Architect's Office.

Supervisor Power presented the following report which on his motion was ordered referred to the *Finance and Buildings Committees*:

San Francisco, June 18, 1917.

Board of Supervisors.

Gentlemen: There is on the calendar today an ordinance presented by the Building Committee, authorizing the Board of Public Works to call for bids for the construction of an ungraded school building on the north side of Union street, east of Kearny street.

The Finance Committee is of the opinion that the plans for this structure should be drawn in the Architect's office and the city should not be put to the expense of employing an outside architect as has been done by the Board of Public Works with the approval of the School Department.

The question of having plans for buildings of this character drawn in the City Architect's office was brought to the attention of the Board at the time of the construction of the fire house at Twenty-fifth and Vermont streets. At that time the Committee thought it was understood that the procedure herein recommended would be followed thereafter.

The Committee reiterates its recommendation that plans for all buildings should be prepared by the architects who are now drawing a salary from the city and who, in the judgment of the Committee, have ample time and ability to make such plans. This would be one way of saving city funds and obtaining efficient service from city employees.

Respectfully submitted,

JAS. E. POWER,

E. L. NOLAN,

A. J. GALLAGHER.

Finance Committee.

Spur Track Permit.

Bill No. 4567, Ordinance No. 4221 (New Series), as follows:

Granting permission to Estate of P. Micheletti, Inc., revocable at will of the Board of Supervisors, to lay down, construct, maintain and operate, a spur track, over, along and upon the following described route, to-wit:

Commencing at a point in Davis street, distant 60 feet, more or less, at right angles northerly from the northerly line of Jackson street, and 20.5 feet at right angles easterly from the westerly line of Davis street; thence northerly and parallel to said line of Davis street 120 feet; thence continuing northerly and on a curve to the right, 100 feet to a point of a reverse curve; thence continuing northerly on a curve to the left, 30

feet; thence continuing northerly 80 feet to a connection with the existing track of the Southern Pacific Company in said Davis street.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Permission, revocable at will of the Board of Supervisors is hereby granted to Estate of P. Micheletti, Inc., its successors and assigns to lay down, construct, maintain and operate a spur track over, along and upon the following described route, to-wit:

Commencing at a point in Davis street, distant 60 feet, more or less, at right angles northerly from the northerly line of Jackson street and 20.5 feet at right angles easterly from the westerly line of Davis street; thence northerly and parallel to said line of Davis street 120 feet; thence continuing northerly and on a curve to the right, 100 feet to a point of a reverse curve; thence continuing northerly on a curve to the left, 30 feet; thence continuing northerly 80 feet to a connection with the existing track of the Southern Pacific Company in said Davis street.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted, and shall be construed as a part thereof as completely as though the same were written in this Ordinance.

Provided, That said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office, and that any and all expense connected with the installation of the track, restoration of pavement, and any additional requirements for the surface drainage be paid for by Estate of P. Michelletti, Inc.

Provided, that Estate of P. Michelletti, Inc., shall take up and relay a 12-inch high pressure main in the westerly half of Davis street, between Pacific and Jackson streets, the said work to be done under the direction and to the satisfaction of the Board of Public Works, the expense of said work to be paid for by P. Michelletti, Inc.

Provided, that no cars shall be taken over said spur track between the hours of 7 a. m. and 6 p. m.

Further provided, that no car shall at any time be allowed to stand on said track so as to block the roadway of a street, or block or obstruct a street crossing to exceed five minutes.

Provided, Estate of P. Michelletti, Inc., shall erect and maintain one arc light on Davis street, as directed by the Lighting Committee of the Board of Supervisors.

Sec. 2. This Ordinance shall take effect immediately.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Lahaney, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

Extension of Time.

Supervisor Wolfe presented:
 Resolution No. 14486 (New Series), as follows:

Resolved, That F. Rolandi is granted an extension of ninety days' time from June 9, 1917, within which to complete contract for the construction of the Hetch Hetchy Railroad, Contract No. 7, Hetch Hetchy Water Supply.

This third extension of time is granted on the recommendation of the Board of Public Works for the reason that the contractor has been delayed by various causes, such as inclemency of weather and slow delivery of material, but is now making more rapid progress on the work.

Adopted by the following vote:
 Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.
 Absent—Supervisor Kortick—1.

Deed to Union Trust Company to Land Exchanged for Portion of Marina Boulevard.

Also, Resolution No. 14491 (New Series), as follows:

Whereas, By Resolution No. 14395 (New Series), duly adopted by this Board of Supervisors on the 21st day of May, 1917, and approved by its Mayor on the 24th day of May, 1917, this Board of Supervisors authorized and directed said Mayor and the Clerk of said Board of Supervisors to execute in the name of the City and County of San Francisco a deed conveying to the Pacific Gas and Electric Company, a corporation, three certain parcels of land therein more particularly described, constituting all of the lands formerly embraced within those certain portions of Tonquin and Jefferson streets, lying between the easterly line of Webster street and the westerly line of Buchanan street, in the City and County of San Francisco, State of California, except so much of Jefferson

street as is embraced within the boundaries of a certain strip or parcel of land which is to be conveyed to said City and County of San Francisco for a public street or highway to be known as "Marina Boulevard"; and

Whereas, In order to obtain a release of said strip or parcel of land from the lien of the various bond mortgages constituting charges thereon, it will be necessary that said land formerly embraced within said portions of Tonquin and Jefferson streets be conveyed to the trustees under said bond mortgages, and subject thereto, to the said Pacific Gas and Electric Company, all in the manner herein-after specified.

Now, therefore, be it Resolved, That said Resolution No. 14395 (New Series) be, and the same is hereby amended in the following respects, to-wit:

That the deed to be executed by said City and County of San Francisco pursuant thereto, instead of running in favor of said Pacific Gas and Electric Company, shall run in favor of the Union Trust Company of San Francisco, a corporation organized under the laws of the State of California, as trustee, to be held by it upon the uses and trusts created by and declared in that certain mortgage or deed of trust bearing date the first day of November, 1903, and recorded in the office of the County Recorder of said City and County of San Francisco, in Book 2031 of Deeds, at page 1, and in Book 1353 of Mortgages, at page 176, and in Book 139 of Personal Property Mortgages, at page 96, and thereafter rerecorded in the office of said County Recorder in Book 9 of Mortgages, at page 19, and in Book 2 of Personal Property Mortgages, at page 311, which was executed by the San Francisco Gas and Electric Company, a corporation organized under the laws of the State of California, to said Union Trust Company of San Francisco, as trustee, and also, subject to the lien, charge and operation of the aforesaid mortgage or deed of trust, to be held by it upon the uses and trusts created by and declared in that certain General and Collateral Trust Mortgage, bearing date the 2nd day of January, 1906, and recorded in the office of said County Recorder in Book 1423 of Mortgages, at page 219, and thereafter rerecorded in the office of said County Recorder in Book 7 of Mortgages, at page 64, which was executed by said Pacific Gas and Electric Company to said Union Trust Company of San Francisco, as trustee, and subject to the lien, charge and operation of each of the aforesaid mortgages or deeds of trust, to the Bankers Trust Company, a New York corporation, and

Oscar Ellinghouse, as trustees, to be held by them upon the uses and trusts created by and declared in that certain General and Refunding Mortgage, bearing date the first day of December, 1911, and recorded in the office of said County Recorder in Book 230 of Mortgages, at page 219, which was executed by said Pacific Gas and Electric Company to said Bankers Trust Company and Frank B. Anderson, as trustees, and subject to the lien, charge and operation of all of the aforesaid mortgages or deeds of trust, unto said Pacific Gas and Electric Company, its successors and assigns; and

Be it further Resolved, That said Resolution No. 14395 (New Series), as hereby amended, is hereby re-adopted and continued in full force and effect.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Bond Issue for Schools.

The following bill was presented by Supervisor Nelson and referred to the Finance Committee:

Bill No. —, Ordinance No. — (New Series), as follows:

Determining and declaring that the public interest requires the acquisition, construction, completion and equipment by the City and County of San Francisco of permanent buildings and improvements to be used by the said City and County for public schools, and the acquisition of necessary lands therefor; that the cost thereof in addition to the other expenses of the said City and County will exceed the income and revenue provided for the said City and County for any one year, and directing the Board of Public Works to procure, through the City Engineer, and file with the Board of Supervisors plans and estimates of the cost of the original construction, completion and

equipment of such permanent buildings and improvements.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby determined and specifically declared that the public interest requires the acquisition, construction, completion and equipment by the City and County of San Francisco, of permanent buildings and improvements to be used by the said City and County for public schools and the acquisition of necessary lands therefor.

Section 2. It is further determined and declared that the cost of the acquisition, construction, completion and equipment of such buildings and improvements, and the acquisition of necessary lands therefor, in addition to the other expenses of the said City and County, will exceed the income and revenue for said City and County for any one year, and will render it necessary to incur a bonded indebtedness therefor.

Section 3. The Board of Public Works is hereby directed to procure, through the City Engineer, and to place on file with the Board of Supervisors, plans and estimates of the cost of the original construction, completion and equipment of the buildings and improvements and the acquisition of the lands mentioned in Section 1 of this ordinance.

Section 4. This ordinance shall be published in the official newspaper for fourteen days after its approval.

Section 5. This ordinance is the first of a series of ordinances which will be adopted under and by virtue of which it is proposed that a bonded indebtedness shall be incurred for the purposes herein stated.

Section 6. This ordinance shall take effect immediately.

Supervisor Walsh presented the following resolution and moved its adoption under suspension of the rules:

Resolution No. — (New Series), as follows:

Whereas, in consideration of the fact that the price paid the Spring Valley Water Company annually for the use of fire hydrants is wholly disproportionate to the use made of such hydrants by the City; therefore, be it

Resolved, That the City Attorney be directed to proceed at the earliest possible date to present to the State Railroad Commission an application for a reduction in hydrant rates to the lowest possible figure commensurate with the service rendered.

Amendment.

Supervisor Wolfe moved as an amendment that the resolution be referred to the Water Service Committee.

Amendment carried.

Death of Dent H. Robert.

The following was presented by Supervisor Gallagher and adopted under suspension of the rules:

Resolution No. 14493 (New Series), as follows:

Whereas, the City of San Francisco and the State of California have sustained an irreparable loss through the death of a public spirited and valued citizen; be it

Resolved, That the Board of Supervisors place on record its sincere respect for the memory of Dent Hayes Robert, whose life ended on June 17th after a long illness.

Mr. Robert was a man of marked ability and high character, active in public affairs, of boundless energy and blessed with unusual power of initiation. He was a journalist of distinction, honored for his capacity and fairness. He was a man of great unselfishness and always ready to do his full part for any measure of public good. He loved San Francisco and served her well in many ways. He was a wise leader of men and a strong influence for good. He lived with honor and courage and leaves a name unsullied.

Resolved, That when the Board adjourns it shall be in respect to his memory.

His Honor Mayor Rolph being absent Supervisor Power was called to the chair.

Opinion of City Attorney on Power of Mayor to Veto Items of a Budget, and Time Within Which Veto May Be Considered.

Thereupon the following communication was presented and read by the Clerk:

June
Twenty-first,
Nineteen Seventeen.

Gentlemen:

I am in receipt of your communication of the 19th instant, which reads as follows:

"The Board of Supervisors adjourned on Monday to meet Thursday June 21st, at 11 a. m., at which time the vetoes by the Mayor of items in the budget and the accounting ordinance will be taken up.

"The Board desires your opinion on the following points:

"Can the Mayor's veto, which was filed in this office on Saturday, June 16th, at 10:15 a. m., be legally considered on Thursday, June 21st?

"Has the Mayor the legal power to amend the budget by striking out certain items or itemization (segregated allotments)?

"Has the Mayor the legal power to eliminate certain language of the ordinance (see section 4 of the ordinance as marked by the Mayor)?

"Has the Mayor the legal authority to strike out phrases and designations throughout the ordinance (see ordinance as blue penciled by the Mayor)?

"Will you please send your opinion on the foregoing to the Board by Thursday at 11 a. m."

OPINION.

First Question: Can the Mayor's veto which was filed in the office of the Clerk of the Board of Supervisors on Saturday, June 16th, at 10:15 a. m., be legally considered on Thursday, June 21st?

On Monday, June 18th, 1917, I advised your Honorable Board that in my judgment, the provisions of Section 16, Chapter I of Article II of the Charter, in so far as they require that a veto by the Mayor of any bill or resolution shall not be acted upon until five days have elapsed "after" the return of the bill or resolution with the veto, applies to a veto by the Mayor of a budget item exercised under the provisions of Section 4 of Chapter I of Article III of the Charter.

The provisions of Chapter I of Article III, relating to the making of a budget by the Supervisors do not prescribe the form that the budget shall take. It is fundamental, however, that all provisions of a Charter adopted at the same time shall be read together and harmonized. Section 8 of Chapter I of Article II provides in part that every legislative act of the City and County shall be by ordinance. While, as already stated, the provisions of Chapter I of Article III do not in terms specifically require that the budget shall be in the form of an ordinance, it nevertheless must be considered as a legislative act, and therefore must be in the form of an ordinance.

Section 16 of Chapter I of Article II provides that an ordinance of the Board of Supervisors may be vetoed by the Mayor, that the objections of the Mayor shall be entered at large in the journal of the board and that "the Board shall, after five and within thirty days after such bill or resolution shall have been so returned, reconsider and vote upon the same." Section 4 of Chapter I of Article III

provides in part that "any item in said budget may, within ten days, be vetoed in whole or in part by the Mayor, and it shall require fifteen votes of the Supervisors to overcome such veto. Action thereon must be taken before the last Monday of June." It is possible to read these several sections of the Charter together and harmonize the same. The difference between a veto of a budget item by the Mayor and a veto of a bill or ordinance as provided in Section 16 of Chapter I of Article II lies in this: It requires fifteen votes to override the veto by the Mayor of a budget item, while it requires only fourteen votes to override his veto of an ordinary bill or ordinance referred to in Section 16. Further, the veto of a budget item must be acted upon before the last Monday of June; the reason therefor being that the budget must go into effect before the beginning of the fiscal year, namely, July 1st. In addition, the Mayor's veto of a budget only applies to the items thereof and does not extend to a veto of the entire ordinance or bill. It is only in these respects that the veto power is different.

While in my previous communication to you on this same subject, I stated that the language of the Charter of course is not so clear and explicit as to unquestionably lead to the conclusions I have stated, nevertheless, I believe that the construction I have given these provisions is the correct one, and wherever there are two possible constructions to be given to Charter provisions relating to the making of a budget, it is obviously prudent to take the course that will not leave the budget in doubt after it is finally acted upon.

The purpose of requiring that a veto shall lie over for a certain number of days is to afford the legislative body an opportunity to consider the reasons that prompted the executive to exercise the veto power.

Applying the provisions of Section 16 of Chapter I of Article II to the veto by the Mayor of a budget item, it is my opinion that five full days must elapse after the return of the budget with the veto, before the Supervisors can act upon the same. It is a fundamental provision of law that fractions of days are not considered in computation of time. Whole days only are considered. "No moment of time can be said to be after a given day until after that day has expired." (*Bigelow vs. Willson*, 1 Pick [Mass.] 485.) The time began to run on the budget under consideration returned by the Mayor to the Board of Supervisors with a veto of certain items thereof at midnight of Saturday, June 16th, 1917. Five full

days "after" would expire at midnight of Thursday, June 21st. It is my opinion, therefore, that the earliest date that the Board of Supervisors may act upon the veto is Friday, June 22nd.

This view is fully sustained by the authorities:

Judd vs. Fulton, 10 Barb. 117, 118;

Butts vs. Edwards, 2 Denio 164, 167 (N. Y.);

Commercial Bank of Oswego vs. Ives, 2 Hill (N. Y.) 355;

Page vs. Weymouth, 47 Me. 238-244;

State vs. Brown, 22 Minn. 482, 483;

Fenlason vs. Shedd, 84 Atl. 409;

Holt vs. Richardson, 67 S. E. 798.

The three other questions contained in your communication may be properly answered together.

It appears from the budget ordinance that the Mayor, not approving of the form of the budget and the language employed, drew a pencil through certain language of the budget and so-called "segregated allotments" appearing under various items in the budget. One item of the budget was entirely cut out, namely, Item 49, providing a salary of \$1200 for assistant horticulturist. Opposite the item, a notation was made by the Mayor, stating his reasons for eliminating the same. Likewise, Item 8, appropriating \$4200 for two assistant clerks in the Board of Supervisors was reduced to \$2100, thereby making provision for only one assistant clerk at that salary. Opposite this item, the Mayor also gave his reasons for this reduction. Item 34 was reduced from \$20,000 to \$5,000 and opposite this item the reasons therefor were given by the Mayor. At the end of the budget ordinance, the Mayor has entered these words:

"Approved as amended—San Francisco, June 16th, 1917, James Rolph, Jr., Mayor—Total reductions, \$18,300."

The reductions in the three items above mentioned come to this amount.

It is therefore apparent that so far as the reductions in the amount of the budget are concerned, the Mayor has reduced and only intended to reduce the total appropriations made in the budget \$18,300 by eliminating Item 49 and reducing Items 8 and 34, and so far as his other attempted changes are concerned, they amount simply to a disapproval by him of the form of the budget, the arrangement of the details thereof and the language employed.

Section 3 of Chapter I of Article III provides in part:

"The Supervisors shall meet annually between the first Monday of

May and the first Monday of June, and by a vote of a majority of all the members thereof make a budget of the amounts estimated to be required to pay the expenses of conducting the public business of the City and County for the next ensuing fiscal year. The budget shall be prepared in such detail as to the aggregate sum and the *items* thereof allowed to each department, office, board or commission, as the Supervisors shall deem advisable."

Section 4 of the same chapter and article provides that any *item* in the budget, may, within ten days, be vetoed in whole or in part by the Mayor, and it shall require fifteen votes of the Supervisors to overcome such veto.

Pursuant to Section 3, the Supervisors on June 4th, 1917, finally adopted a budget for the fiscal year commencing July 1st, 1917, and ending June 30th, 1918. In preparing the budget, the Supervisors employed certain language by which they attempted to characterize the different items of the budget and indicate the purposes for which the appropriations were made. In the preparation of a budget, the Supervisors have a discretion as to the segregation of the items entering into it. Necessarily, the budget should be prepared in detail not only to clearly indicate the purposes for which the departments in a coming fiscal year may make expenditures, but also that the Mayor in considering the budget under the provisions of Section 4, Chapter I of Article III may have clearly before him the various details upon which the budget was prepared.

I am of the opinion that the power of the Mayor so far as a budget is concerned, lies in vetoing an *item* of the budget solely. He is not given power to reform or make over the budget. The form or detail thereof is within the discretion of the Board of Supervisors and so long as the budget is prepared in such detail as to give the specific purposes for which appropriations in the budget are made to the various departments, the discretion of the Supervisors cannot be overturned. The power of veto of the Mayor, therefore, extends only to the elimination of an item or a reduction of the amount thereof. An item in a budget cannot be changed by the Mayor so as to change the character or purpose of the appropriation and the form and language of the budget must stand or fall accordingly as it is prepared by the Supervisors. The control of the funds provided in the budget by the various departments after the budget takes effect on July 1st of each fiscal year is provided in the Charter and,

of course, the Supervisors in preparing the budget can in no wise modify or change those provisions of the Charter. Whether, therefore, so-called "allotments" in the budget under the various items as they appear in the present budget will control the various departments in the expenditure of the appropriations to those departments does not arise now. The form as given by the Supervisors to the budget must stand and the Mayor's power over the same is limited to a veto of an *item* or items thereof or reducing the amount of the same.

In *Commonwealth vs. Barnett*, 48 Atl. 976-977, the court gave the following definition of an item: "As used in Constitution, Article IB, Section 16, granting the Government power to disapprove of any item or items of any bill making appropriations of money embracing distinct items and a part or parts of the bill disapproved shall be void, the term 'item' means the particulars, the details, the distinct and several parts of the appropriation, and is used interchangeably in the same sense with the word 'part'."

This decision sustains the position that I have taken that that part of a budget which is subject to veto by the Mayor relates solely to the items or details of the budget as prepared by the Supervisors.

I, therefore, conclude, first, that the Mayor's veto cannot be acted upon until Friday, June 22nd, 1917, and, secondly, that the Mayor has, within the powers vested in him by Section 4, Chapter I of Article III of the Charter, vetoed in whole Item 49 of the budget, reduced Item 8 from \$4200 to \$2100 and reduced Item 34 from \$20,000 to \$5000 and that in other respects, the budget remains the same as prepared by the Supervisors.

Respectfully,

GEORGE LULL,
City Attorney.

Motions.

Supervisor Nelson moved that Board meet to consider vetoes on Saturday morning at 11 o'clock.

Supervisor Hilmer moved as an amendment that the Board meet on Friday morning at 11 o'clock, instead.
Amendment carried.

Reading of Communications Postponed.

Supervisor Wolfe moved that the communications from the San Francisco Real Estate Board, the Chamber of Commerce and others relative to the matters pending be laid over and read tomorrow when the subject is under consideration.

So ordered.

Final Passage.

Thereupon, the following resolution heretofore passed for printing was taken up and finally passed by the following vote:

Appropriation for Million-Dollar Liberty Loan.

Resolution No. 14494 (New Series), as follows:

Resolved, That the sum of one million dollars (\$1,000,000) be and the same is hereby authorized to be expended out of Investment Fund No. 2, in payment to John E. McDougald, Treasurer of the City and County of San Francisco, for the purchase of United States bonds (Liberty Loan) as provided in Resolution No. 14399 (New Series), claim dated June 8, 1917.

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Gallagher—1.

ADJOURNMENT.

Whereupon, the Board at the hour of 11:40 p. m. adjourned.

Clerk.

FRIDAY, JUNE 22, 1917, 11:30 P. M.

In Board of Supervisors, Friday, June 22, 1917, 11:30 p. m.

CALLING THE ROLL.

The Roll was called and the following members present:

Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Hon. James Rolph, Jr., Mayor, presiding.

Consideration of the Mayor's Vetoes of the Budget and Accounting Ordinance.

(1) Consideration of Budget of Municipal Expenditures for the fiscal year 1917-1918, as returned by his Honor the Mayor, and

(2) Consideration of Mayor's veto on Bill No. 4556, Ordinance No. 4210 (New Series), entitled, "Establishing a uniform classification of expenditures."

Question: (1) Shall the Ordinance finally pass notwithstanding the objections of his Honor the Mayor?

Question: (2) Shall the Ordinance finally pass notwithstanding the objections of his Honor the Mayor?

Supervisor Power: I now move you that we proceed with the consideration of Item No. 2 on the calendar, first.

(Seconded by Supervisor Nolan.)

Supervisor Power: In other words, moving now to take up the Mayor's veto on the Object of Expenditure Ordinance—take up that veto first.

So ordered.

Statement of Mayor.

The Mayor: Gentlemen of the Board: Before proceeding I would like to make a statement, if there are no objections. (Reading.) "I used my blue pencil on Sections 3 and 4 of the Budget because they are mere statements of the law and have no place in a budget when a budget is only supposed to contain a statement, in detail and in the aggregate, of the amounts appropriated for the different departments of the City Government during the next year; and the use of the blue pencil was not intended by me, nor is it to be construed by you, as a veto of any portions or items thus blue penciled in the Budget. So far as my veto is concerned, I intended to veto, and only vetoed Item 8, by reducing same from \$4200 to \$2100"—

Supervisor Power: I do not want to interrupt, but I want to ask a question—Is this communication addressed to the Board?

The Mayor: It is a statement by me, by the Mayor; and I am going to ask it be inserted in the Journal.

Supervisor Power: It is not to be considered as a statement that should have been in the veto.

The Mayor: No. (Continuing to read statement) "By reducing Item 34 from \$20,000 to \$5000. By entirely eliminating Item 49, which appropriates \$1200 for an Assistant Horticulturist, and I ask that this statement be inserted in the Journal."

The Mayor: What is the pleasure of the Board?

Supervisor Nelson: I move the statement be inserted in the Journal. (The motion, after being seconded, was duly put and carried.)

The Mayor: I wish to make another statement (reading) "In regard to items under caption 'Board of Public Works' and items under other captions, I blue penciled, but did not veto, the specifications of the appropriation, to express my dissent of the Board's method of distributing the various aggregated amounts to the various departments. The scheme of distribution adopted by the Board, is bound to result, later, in confusion and complaint, and my blue pencil marks were intended to make a record against the day of reckoning. On that day, I will be prepared to disclaim responsibility for the Mayor, the Board of Public Works, Board of Fire Commissioners, Board

of Health and other city departments, which are crippled by the scheme of distributing their respective appropriations. I also ask that this statement be inserted in the Journal."

(The motion, seconded, was duly put and carried.)

Supervisor Power: I want that communication to lay over until the Finance Committee can answer it. If I understand the statement correctly, it was that certain departments are crippled as the result of the distribution of the appropriations.

The Mayor: You will have plenty of time to answer it.

Supervisor Power: I move that matter lay over until Monday's meeting, Mr. Chairman.

The Mayor: Do I hear a second to that motion?

Supervisor Power: I think, if that is to go in the record, that a statement should be made from the Committee or Board at the same time, and let them both be in the record. I have no objection to it being in the record.

The Mayor: I cannot see any objection to all statements we want to be put in the record being put in the record.

The Mayor: All in favor of inserting this statement of the Mayor's in the record, say Aye—contrary No.

(Motion carried.)

The Mayor: Here is a copy of it, Mr. Power.

The Mayor: The question is: Shall the Mayor's veto on Bill 4556, Ordinance 4210 (New Series), entitled, Establishing a uniform classification of expenditures. The question is: Shall the ordinance finally pass notwithstanding the objections of his Honor the Mayor?

Supervisor Wolfe: There are certain communications on the desk of the Secretary, the reading of which, during your absence yesterday, was laid over until the time fixed for the final consideration of the veto of the Mayor. I ask that those communications be read, and then I shall ask your Honor to inquire if there are any citizens present who desire to be heard in connection with the matter.

The Mayor: In order to start right, please read the Mayor's veto message.

(Here followed a discussion as to reading of communications received and bearing on the subject matter.)

The Mayor: Now, gentlemen of the Board, may I personally request that the Mayor's veto message be read first—in other words, so you will have fresh in your minds the contents of the Mayor's veto message. Are there any objections?

Chief Assistant Clerk Rogers (reading):

Veto of Accounting Ordinance.

San Francisco, Cal., June 16, 1917.
To the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen: I return to you herewith, without my approval, Bill No. 4556, Ordinance No. 4210 (New Series), "establishing a uniform classification of expenditure," passed by your Honorable Board on June 4th, 1917, and presented to me for signature June 6th; my reasons for disapproving same being as follows:

I am heartily in favor of a revision of the accounting system of the City, but I deem it a mistake to put the task into the hands of any private firm of accountants whose responsibility will end with their contract.

The State Board of Control stands ready to do the work at actual cost, and, I am sure, can do it both cheaper and better than any private accountants. No important result will be accomplished by merely devising sets of forms for the separate departments. When the new system is devised and the forms adopted, the office force in each department must be trained in the new system. In order, therefore, to do the work right, it will be necessary, if we employ a firm of private accountants at all, to employ them for a number of years and the total expense will amount to a large sum.

I am quite sure that economy and efficiency require that the State Board of Control should be invited to revise the accounting system of this city as it has revised the accounting system of Los Angeles and other California cities.

In addition to the economy that will be effected by putting the job in the hands of the Board of Control, we will have the additional advantage that San Francisco will get a system uniform with that of other California cities, so that it will be possible to make comparisons, in costs, between San Francisco and other cities.

Moreover, the responsibility for the system will then lie with the State Board of Control, and there can then be no suggestion that considerations of politics or patronage entered into the selection of the accountants who are to receive large sums for reforming the accounting system of the City.

Respectfully,

JAMES ROLPH, JR.,
Mayor of the City and County of San Francisco.

The Mayor: Now, may I ask whether at your direction yesterday the meeting to which Supervisor Mulvihill has referred, that any request was made of the City Attorney for an opinion regarding that particular

veto message or that particular ordinance?

Supervisor Power: That opinion was asked for by the Finance Committee.

The Mayor: Has the Board in its possession any opinion from the City Attorney in connection with that particular veto or that particular ordinance?

Supervisor Wolfe: I have not heard of any, personally—I don't know whether anybody else has.

Supervisor Hayden: We had an opinion read yesterday.

The Mayor: On this particular ordinance?

Supervisor Power: The only part the City Attorney has already answered so far as that veto message and that ordinance is concerned—the only question asked of the City Attorney yesterday that has any bearing on that communication was, whether the Board of Control had any authority to install a system in the City and County or City—that is the only question that has any connection with it.

The Mayor: I wish you to bear in mind, gentlemen, the reasons given by the Mayor, as being in favor of an accounting system and the revision of the accounting system, and that this particular ordinance has nothing whatever to do with the other veto messages which will come up later. Have you got that clear? This creating a uniform system of accounting—

Supervisor Power: Surely you do not want to make such a statement, and have the members of the Board feel you are familiar with the situation. The elimination that the City Attorney has ruled you had no right to make in the budget is predicated upon this object of expenditure ordinance.

The Mayor: Where has the City Attorney ruled I had no right to make any veto in the budget?

Supervisor Power: We will have that read.

The Mayor: I think we ought to have that read. I am going to clear up any doubts.

Supervisor Wolfe: Let us have it read. First, this ordinance—no one has claimed your Honor has not the right to approve or disapprove of that ordinance; this question is independent. The members would like to hear from Supervisor Power—he started to answer that, and did not reach a conclusion—that this ordinance was not establishing a uniform system of accounting.

Supervisor Power: I will touch on that after hearing the people who wish to be heard on it.

Supervisor Wolfe: I ask that the

communication from the Civic League of Improvement Clubs be now read.

Assistant Clerk Rogers (reading):

Communication From Civic League.

San Francisco, June 21st, 1917.
Honorable Board of Supervisors, San Francisco, California.

Gentlemen: The Executive Committee and the Municipal Budget Committee of the Civic League of Improvement Clubs and Associations of San Francisco beg leave to submit to your Honorable Board its conclusions on the veto message of the Mayor with reference to the Budget, as follows:

The Mayor: Is this on the Budget or particular bill or ordinance we are considering? They refer to the Budget, and we are not considering the Budget at this time—I only want the members of the Board to understand it.

Assistant Clerk Rogers (continuing):

"The Civic League has co-operated with your Honorable Board in the preparation of the Budget, and, in true spirit of patriotism, abstained from urging certain improvements which have partly emanated and partly been enthusiastically supported by the Civic League, believing that the unusual conditions existing in the country required abstinence and sacrifice for the present.

The Civic League has also endeavored to assist in the preparation of a municipal Budget which would truly represent the ideas and sentiments of the great majority of the people of the City and County of San Francisco, and the Civic League is of the opinion that the Budget, as finally passed by your Honorable Board, is about a true expression of such sentiments.

The Civic League deplores that by the veto message of the Mayor a controversy has arisen of an importance entirely out of proportion to the amounts involved, and believes that this controversy, engaging at present the attention of the community, is not due to the items affected by such veto, but to the principle involved, whether a Budget passed by yourselves and approved and concurred in by all the large, potent civic associations, representing unquestionably the great majority of the people, shall be amended by the Mayor under the Charter powers vested in him.

We believe that the reasons stated by the Mayor, in his messages to your Honorable Board, when analyzed, are of hardly any importance as compared to the importance of sustaining the underlying principle.

We furthermore believe that in fact

one of the items of expenditure for the standardization of municipal accounts serves to establish conditions in the preparation and itemization of Budgets long sought for by the Civic League of Improvement Clubs and Associations of San Francisco.

The adoption of this standardization has been continually advocated by representatives of this Association through letters and in open Board for the past four or five years, and in consequence of which an appropriation was made last year, and the preliminary work is being satisfactorily carried on. The adoption of such standardization has been promised to the Civic League in letters addressed to this Association by his Honor the Mayor and the members of the Board of Supervisors.

The Civic League therefore believes that your Honorable Board should consider the principles involved of more paramount interest to the community than the reasons which have prompted Honorable Mayor Rolph to veto the several items in your Budget, and has come, therefore, to the conclusion to urge your Honorable Board to override the veto when action is taken thereon.

Yours respectfully,

CIVIC LEAGUE OF IMPROVEMENT CLUBS AND ASSOCIATIONS,
EXECUTIVE BOARD.

ALEXANDER RUSSELL,
President.

GEO. W. GERHARD,
Secretary.

Municipal Budget Committee.

Arthur Joel, Chairman.

Dr. Julius Rosenstirn,

George Skaller,

R. M. J. Armstrong.

Supervisor Wolfe: I move the communication be received and placed on file and made a part of the record of the day's proceedings.

So ordered.

Supervisor Hayden: I ask for a reading of the communication from the Chamber of Commerce.

Chief Assistant Clerk Rogers (reading):

Communication From Chamber of Commerce.

San Francisco Chamber of Commerce.

June 20th, 1917.

Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen: The San Francisco Chamber of Commerce desires to address your Honorable Board concerning the vetoes interposed by the Mayor to the budget ordinance (Bill No. 4557) and to the ordinance establishing a uniformed classification of objects of expenditure (Bill No. 4556).

Referring to the budget ordinance, we think it would be a matter of more than grave concern to the community if through any technical errors any department were left without an appropriation. Not only might advantage be taken of legal technicalities to protest the payment of a portion of the taxes subsequently levied, but the operation of a department might be more than seriously embarrassed. If any such technicalities are involved, it would be the part of wisdom for the Board of Supervisors to pass the budget ordinance in spite of the Mayor's veto rather than to expose the community to the serious embarrassments that might otherwise ensue.

We desire to say at the outset that we have not sufficient information upon the subject to express an opinion as to the merits of such special items vetoed in the budget ordinance, as item thirty-four for accounting fees expenses. Our caution is addressed to matters of much more serious import.

The authority of the Mayor to veto items of a budget ordinance necessarily raises the question, What is an item? There are two references to the right of a Mayor to veto items in a budget ordinance or appropriation bill, and those references will be found in Section 14 of Chapter I of Article II of the Charter, and in Section 4 of Chapter I of Article III of the Charter. The word "item" used in these two sections must necessarily be used with the same meaning in both sections. If Section 4 of Chapter I of Article III is read in connection with Section 3 of the same Chapter, the meaning of the word "item" will become clearer. Section 3, among other things, provides that the Budget shall be prepared in such detail as to the aggregate sum and the items thereof allowed to each department, office, board or commission as the Supervisors shall deem advisable. The aggregate sum is not an item, but the details upon which that aggregate sum is builded are items.

The power of the Mayor to veto (unless he vetoes the ordinance as a whole under authority of Section 16 of Chapter 1 of Article II) is limited to the veto of an item or a part of an item. The Mayor cannot veto directly the aggregate sum provided for a department nor can he rewrite a budget ordinance, but he may veto or reduce the items going to make up an aggregate sum and the automatic effect of vetoing or reducing an item is to reduce the aggregate sum proportionately. So he may veto or reduce any sub-item of an item and the automatic effect of vetoing or reducing a sub-item is to reduce the main

item proportionately. Such an automatic effect must follow any veto of an item or sub-item if the veto is to be given effect at all.

In the budget ordinance a reference to the appropriations for the Department of Public Works will show that while the aggregate sums have not been vetoed, the items making up those aggregate sums have been vetoed. The result is that if the vetoes are effective there is no adequate appropriation for the Department of Public Works. To illustrate, if the aggregate sum appropriated to the Department of Public Works were \$300,000, divided into two items of \$150,000 for salaries and \$150,000 for supplies, the Mayor could not veto the aggregate sum appropriated, but he could veto either item in whole or in part. If, for example, in the case cited he were to cut the appropriation for the item of salaries to \$100,000, this would automatically operate to reduce the aggregate sum appropriated in the case cited to \$250,000. For further illustration, take subdivision 385 of the budget, referring to the Board of Public Works. The total sum provided under that sub-division is \$309,708. Every item under that sub-division has been vetoed. If half of the items under that sub-division had been vetoed, the total of \$309,708 would have been reduced by the elimination therefrom of the items vetoed. When all items are vetoed the total is completely destroyed. It can make no difference whether the total under sub-division 385 be regarded as an aggregate sum, and the details be regarded as items, or whether the total sum be regarded as an item and the details thereof be regarded as sub-items or parts of items. The result of the veto is the same. Unless the striking out of an item or sub-item affects a total it is not a veto.

With reference to the Board of Public Works, therefore, it makes very little difference whether sub-divisions 385, 386, 387, 388 and 389 be regarded as aggregate sum appropriations or as items. If they are regarded as aggregate sum appropriations, then the veto of every item making up those respective aggregate sum appropriations automatically eliminates every one of the aggregate sum appropriations. If the paragraphs mentioned be regarded as items, then the sub-divisions are sub-items or parts of items, and the veto of each of the parts making up the whole automatically vetoes the item. The veto can have no other effect.

It is unfortunate that the Mayor has so framed his objections to the budget that they cannot be considered by the Board of Supervisors on their merits, without danger of involving

the appropriations for important departments in toto. But if the merits of his objections were open for consideration, it would still be wise to pass the budget ordinance over the Mayor's veto. The difference between this ordinance as he would write it, and the ordinance as written by your honorable Board, is the difference between a budget prepared upon an efficient, intelligent and frank basis, and one prepared upon blind, blanket appropriations that will not serve as an intelligent guide to the departments or offices affected.

Under the circumstances, we think that it would be exceedingly dangerous to allow the Mayor's veto of this budget ordinance to prevail, and respectively urge your Honorable Board to pass the ordinance.

At the same time and in this connection, we would urge upon you that you also pass the other ordinance establishing a uniform classification of objects of expenditure. That ordinance, prepared after careful consideration by your Honorable Board, has the indorsement of the San Francisco Bureau of Governmental Research, whose disinterested and efficient service in affairs municipal has won the public confidence. This ordinance provides for a common-sense and efficient scheme of classification which will not only be of material assistance to every department and office in the preparation of its estimates, but will enable all municipal officers and the general public, as well, to obtain an intelligent impression of the municipal activities and their relative costs, and cannot but result in economy and the avoidance of confusion. The classification is one which is in general use among the large municipalities of the United States and represents their efforts toward efficient and economic administration.

It can make very little difference in considering the veto of the Mayor whether your Honorable Board desires to have a system of accounting established by the aid of private accountants or through the instrumentalities of the State Board of Control. This ordinance in either case is a proper step in the direction of appropriate classification, and should the State Board of Control, if their services were subsequently enlisted, desire to modify it in any way, your Board has full power to meet their suggestions if approved by you through an amendment to this ordinance at any time. In any event, this ordinance represents an important progressive step, and there seems no good reason why this action should be delayed. We, therefore, further urge your Honorable Board to pass this Bill (No. 4556).

In conclusion, we firmly believe that the best interests of San Francisco will be subserved by the passage by your Honorable Board of the two ordinances herein referred to. This communication is sent to you by direction of our Board of Directors as the result of a meeting held yesterday to consider these matters. Yours very truly,
SAN FRANCISCO CHAMBER OF COMMERCE.

FREDERICK J. KOSTER,
 President.

Supervisor Hayden: I move the communication be received and made a part of the record.

So ordered.

Supervisor Hayden: The communication from the Real Estate Board.

Assistant Chief Clerk Rogers: That was read.

Supervisor Hayden: Some of the members have not heard that. It is printed—it was read June 18th.

Supervisor Power: It was suggested yesterday, in view of the fact that some of the members were absent when this communication was received Monday and read early in the meeting, it would be read at this meeting.

Mr. Rogers here read communication from the Real Estate Board.

Communication from San Francisco Real Estate Board.

San Francisco, Cal., June 18, 1917.

To the Honorable, the Board of Supervisors of the City and County of San Francisco, City Hall, San Francisco.

Gentlemen:

We are advised that the Mayor, in the exercise of his veto power, eliminated from the 1917-18 appropriation ordinance the sections of that ordinance which provide for an improved method of accounting for the City's expenditures. The Mayor has eliminated sections 3 and 4 of the terms and conditions expressed in the ordinance and has also blue-penciled practically all of the segregated allotments of the various appropriation items.

It has been common talk for a great many years amongst the taxpayers of this city that it is impossible for the citizens to discover the details of the city's expenditures. The form of appropriation ordinance adopted by the Board of Supervisors at the meeting of June 4th divided the large appropriation items into "segregated allotments." This plan, together with the accounting plan expressed in the terms and conditions, would result in providing the citizens of this community with some accurate, intelligible information as to the manner of the city's spending.

In view of these facts we enter a protest against the elimination of sections 3 and 4 of the terms and conditions of the 1917-18 appropriation ordinance, and the elimination of the segregated details of the various appropriations.

Permit us to make clear that we do not advocate the infringement by the legislative branch of the city's government on the rights of departmental executives—nor do we understand that any of the provisions regarding the segregated allotments of the appropriation ordinance would so do. It is clearly stated in sub-section third of section 4 that if it be found necessary to adjust the detail of any of these allotted sums, departmental executives may do so if they will (1) advise the Board of Supervisors and the Auditor of the proposed adjustment, and (2) state the necessity of the adjustment.

It would appear therefore that the elimination of these terms and conditions and of the scheme of allotments was decidedly a backward step. These provisions, as we understand them, do no more than require a daylight accounting of the city's spending and as such we believe they deserve and have our entire support.

COLBERT COLDWELL,
 Chairman, Municipal Affairs Committee.

On motion the communication was received, placed on file and made a part of the record.

The Mayor: Now, gentlemen, have you all read the opinions asked for of the City Attorney in connection with this? Please read the City Attorney's opinion, Mr. Clerk.

Supervisor Wolfe: Is that the opinion of the City Attorney which was read at yesterday's meeting?

Mr. Rogers: Yes.

The City Attorney's opinion was here read—as per page 845 of this Journal.

On motion the City Attorney's opinion was directed to be inserted in full in this record.

Supervisor Wolfe: I now move, Mr. Chairman, that Mr. Arthur Joel, representing the Civic League of Improvement Clubs, be granted the privilege of the floor, and any other citizens who may desire to be heard for or against.

Supervisor Gallagher: I would like to ask a question, if, in view of the City Attorney's opinion on the subject matter of the ordinance, does the Mayor still stand by his veto of that ordinance, or is he, as I imagine he might be tempted to do under the circumstances, prepared to withdraw the veto of the ordinance?

The Mayor: Certainly not. I stand exactly as I say.

Supervisor Gallagher: You are standing on the veto of the ordinance?

The Mayor: Yes.

Privilege of the Floor.

A. Joel, representing Civic League, was granted privilege of the floor. He said: On behalf of the Civic League of Improvement Clubs and Associations of San Francisco, and as Chairman of the Budget Committee of that organization. I wish to amplify to some extent on the letter from the organization read to you today. As Supervisor Gallagher has stated, the town is about turned upside down over a small item in the budget—a comparatively small amount as compared with the aggregate amount which is necessary to conduct the affairs of the city. Probably the consternation throughout the city with reference to this is caused by reason of the fact many organizations—the Civic League of Improvement Clubs, Chamber of Commerce, the Real Estate Board, and all the large organizations of this city—have approved the budget as it was brought out of the Finance Committee, and as it has been passed by the Board of Supervisors. The Civic League of Improvement Clubs has taken a very active interest in the preparation of budgets ever since it has been in existence; and, as a matter of fact, at the time when the Finance Committee first met with reference to taking up the budget it was called by letter to meet with the committee, and to aid and assist in preparing a budget for the City and County of San Francisco for the fiscal year; and it did enthusiastically respond. The members of the Budget Committee and the members of the Advisory Board of the Civic League were in attendance, and they did everything they could to aid and assist the committee in preparing the budget now before you. And they acted, gentlemen and Mr. Mayor, most patriotically. The Civic League has been sponsor of a number of large improvements that have taken place in San Francisco. I refer especially to the Esplanade; other organizations have gotten behind them all; when it saw the state of affairs, when it saw it was necessary, on account of the great war, and the condition of affairs throughout the country, that the city should retrench to a certain great extent, it gave its support to cutting off any work of that kind, and only doing what was absolutely necessary. The burden of the letter of the League read to you is with reference to two points: First of all, the principle that is involved, and secondly, with reference to the uniform accounting system. Now, gentlemen, after a budget has been prepared; after all

these organizations have come and indorsed it and given their sanction to it, and have asked that it be passed, we think that, without the strongest reasons, there should not be any change in it; with reference to the especial items, they are a small proportion of the total amount involved, and that is the reason, I say, there is so much consternation throughout the city with reference to it. The Civic League represents some sixteen organizations, probably over 50,000 representatives. The League speaks for the hundreds of people this morning on what has been done, and they have come to have confidence in the Civic League, and come to have confidence in these other organizations when they have approved matters of this kind. It should stand as approved. Fortunately, the Civic League comes before you without anything with reference to men—it has stood and will only stand on matters of principle—what is for the best interests of our city and the best interests of its citizenship, without regard to the man. With reference to the Uniform Accounting System: The Civic League was the first organization in San Francisco to take up the matter of a Uniform Accounting System. I do not need to tell you that is necessary. His Honor the Mayor has, in his letter, told you that he is fully in accord with the idea of getting a good system. Everybody feels that we must have a system so the public may start in and find out what it is costing—in all large corporations—everybody admits our system now falls short of the system used by private corporations; and we have here a system expending some eighteen or twenty million dollars each year; we surely are entitled to the best system we can get, and money is necessary to procure that system. As far back as the wasteful days of a Mayor of this city who since has been a guest of the city, the Civic League appeared before the Finance Committee and urged and received an appropriation for the installation of a uniform accounting system, and that wasteful Mayor vetoed that appropriation. It was to be expected in an administration of that kind that such an ordinance would be vetoed, because they did not want the public to stare in the affairs of the city and see the manner in which the books were being kept. We were persistent, however; that was a setback. We worked and worked with the Board, and last year, through our efforts, an appropriation of \$10,000 was given, and that money, I am informed, about 85 per cent of it, has been used in the preparation of this accounting system—in the

preparatory work—work which does not show up, I am informed, to any great extent now, because it is the foundation work; and the foundation work does not usually make any great appearance; but the Civic League and its committees and members have watched this particular budget and the effect of the uniform accounting system on it. You know for the first time there was a uniformity in the demands of the different departments. Some of the money appropriated last year was spent for that purpose, for arranging a uniform system whereby the different departments put their estimates and their requirements in the hands of the Finance Committee, and I am sure Colonel Power will tell you of the aid that system was. It has been said by the Mayor that the Board of Control are the proper parties—the particular Board to do this work. I don't know anything about that. They have had a very efficient Board of Control in this State, but they are a political Board—its complexion is changing continually; just recently the most prominent member of the Board resigned, and I am told they were asked to aid with reference to these reports before they were gotten up, and they said they were not equipped for that. You must know they have a limited number of men, and can only do a certain amount of work, and surely, if they are going to be called in by all the municipalities they will have to deny the right to cities demanding their services. I don't know anything in the law requiring them to give their services. I am informed that they can go into county affairs, but in charter cities they need not come when called.

Supervisor Gallagher: I think you are wrong. They will and do give assistance when called upon and appropriations are made.

Mr. Joell: It is obvious, if they are going to be called upon by the different cities, and every city throughout the United States has awakened to the necessity of some uniform system of accounting. Oakland has adopted one already. I saw a statement of Oakland a month or so ago, and it is like the statement you would get as a director or stockholder of a corporation—everything is brought down to a control ledger, and it tells you where your affairs are, a condition that cannot exist here under our present accounting system. The Board of Control is not equipped—they have not the men. I don't think they have the money and the men to devote to this unless it is increased by an act of the Legislature. With reference to the Board of Control; they will want some appropriation—they will want

to be reimbursed for the men they wish to employ. They surely have not in their employ a sufficient number of men that they can take from their organization and place them right in San Francisco on a big job, and this is a big job, a twenty-million-dollar corporation with hundreds and hundreds of millions of dollars invested. It is a man's job, and they cannot take their own men to do that; they would have to do the same as an accounting firm would have to do; they would have to go out and find the best men available. The Civic League is not concerned as to who does the work, but we want the work done. We do not want to rebuff it at this time, when for years and years we have kept at trying to get this accounting system, and we are now right on the eve of getting this cherished hope. You spent last year—you appropriated \$10,000—an ordinance was passed, No. 13423 (Resolution) reading "Resolved, That the firm of Klink, Bean & Co. be and the same are hereby engaged to proceed with the work necessary preliminary to the installation of a uniform accounting system for the various offices and departments of the municipality for \$10,000; and be it further

"Resolved, That said work shall be done under the supervision of the Finance Committee of the Board of Supervisors, who shall call into consultation the Auditor of the City and County, such other county officials and heads of departments as they deem necessary, the State Board of Control and such bookkeepers and auditors of the various departments that are necessary in connection with the preliminary work of installing said system."

Ample authority is given in that to call in these different officials. You have spent \$10,000. Are you going to stop the work? I am mistaken in this, as I understand it, if this veto is not overridden. There will be practically no money to proceed with a uniform accounting system for the fiscal year, because the appropriation is taken away, and the work done will rest another year, and then we will have to take a chance with the next Board of Supervisors, if some of you gentlemen are supplanted by others, or Finance Committee; but we will have to take the chance of getting another appropriation. It took us six or seven years to get the original appropriation. We think, in view that we ask the Board that you keep in the budget an amount of money sufficient to allow this work to continue. We do not care who does the work, so long as you get a competent firm

of accountants to get the same established in San Francisco, so in the next few years we can have a universal and standardized accounting system, so it compares favorably with any other city of this State.

Supervisor Hayden: Do you understand this Board of Supervisors is not under any obligation to any firm of accountants?

Mr. Joel: I don't know.

Supervisor Hayden: Just take that thought away with you, even though this \$20,000 stands in the budget—there is no man in this Board of Supervisors committed to any firm of accountants. We can use the Board of Control or anybody we desire.

Supervisor Power: I move the privilege of the floor be granted to Mr. Holton.

W. H. Holton granted the privilege of the floor.

Mr. Holton: Mr. Mayor and Gentlemen of the Board: There are two questions to be considered directly concerned with the uniform system of accounts. The Mayor has, in the exercise of his veto—

Supervisor Power (interrupting): I think it would be well to ask the members to come in. This is a matter I don't think any of them are familiar with. They do not know the object of this Object of Expenditure Ordinance.

Call of the Board was here directed.

Mr. Holton (continuing): Standards are created by a great many people, working for a great many years to produce a particular result. If you are interested in the development of these ideas, I have brought up here some twenty or thirty classifications in various cities—Rochester, Philadelphia, New York, the United States Government—Los Angeles has an excellent one. The work was undertaken and originally started by the United States Government, I think, in 1908, and has been the best proof of this work. It does nothing more than this—it establishes a common language; it makes it possible for a group of cities having familiarized themselves with a terminology, to understand the expression of the expenditures of every city department; that is, in sum and substance. It is nothing more or less, Mr. Mayor, than a dictionary of terms. It occurred to me—I submit it as an opinion—take it for what it is worth. The veto message of the Mayor with respect to the Object of Expenditure Ordinance proposed would be—

Supervisor Wolfe: I do not follow you on that—

Mr. Holton (continuing): The Mayor in vetoing the Object of Expenditure Ordinance referred to the

method of handling the accounting installation. The point I am making is this—no matter who handles the accounting installation in the City of San Francisco, there is a standard object of expenditure classification created—if a standard object of classification is to be used, it will be the same, no matter who does the work. Do I make that clear?

Supervisor Wolfe: Yes.

Mr. Holton: I think that is all.

Supervisor Power: In other words, this is absolutely necessary if you are to have an accounting system—this Object of Expenditure Ordinance is absolutely necessary to stand if you are to have one.

Mr. Holton: There is no question that the definitions included in the Object of Expenditure Ordinance are essential; they are the essentials of uniformity; that is what establishes your uniform system of classification expenditures in the City and County of San Francisco.

The Mayor: If the Board of Supervisors concluded to have the State Board of Control come in here and adopt a uniform system of accounting as recommended by the Mayor, then this act of theirs now, in adopting this particular ordinance, would have to be thrown out?

Mr. Holton: Not at all, sir.

The Mayor: And any time the Board of Control came in to take hold of this matter a new ordinance would have to be adopted, and it can be adopted any time?

Mr. Holton: You will find that the State Board of Control, in establishing expenditure classifications throughout the State, has undoubtedly used this. There is but one—there is no other—it is like writing a part of Webster's Dictionary into your ordinance—they are the details and the details and the—

Supervisor Wolfe (interrupting): Repeat that.

Mr. Holton: I say, if the State Board of Control were to come in here to establish a uniform system of accounts, and in that work of establishing a uniform system of classifying expenditures, they would use a classification, if not identical, so similar there would be very little difference. There is but one standard, Mr. Mayor—we got it from the United States away back in 1908; it has been developed since that time. I can take the Los Angeles for you and underline practically every detail for you, or Denver, and the Milwaukee, and Rochester—the same thing. As I said before, it is just like writing a segment of the Webster Dictionary into your ordinance.

Supervisor Wolfe: Do I understand, if this become a law by action of

this Board, it does not enter into it whether Klink, Bean Company of the State Board of Control are asked to do the work?

Mr. Holton: Absolutely not.

The Mayor: Don't forget that is one of the points at issue—don't be fooled on it.

Mr. Holton: What point is that?

The Mayor: That Mr. Holton tells you that the adoption of this accounting system now under this ordinance would be adopted by the State Board of Control.

Mr. Holton: May I make my point a little bit clearer there? A uniform system of accounting and uniform language for describing those accounts is entirely different. You are simply setting up a language here for describing your various accounts or purchases for the city; there is but one.

The Mayor: Let me call your attention, and bear in mind, Mr. Holton, just read you a statement where the State Board of Control were invited by your Honorable Board to come into consultation in this matter, and they have never been consulted or invited.

Mr. Holton: I may say that we as a Bureau were very much interested in enlisting the co-operation and assistance of the State Board of Control that I personally went to the State Board of Control seeking them to join in on the budget work, and at that time it was impossible for them to do so.

Supervisor Power: Who made that statement—they had never been consulted.

The Mayor: Mr. John F. Neylan.

Supervisor Power: I will state I talked to him right in the Governor's office on this very subject.

Supervisor Hayden: Did not this Board of Supervisors indorse your San Francisco Municipal Bureau of Research, and offer you every encouragement in the world to make whatever improvements you could in the accounting system of the city government?

Mr. Holton: Absolutely. We have received complete and entire co-operation from your Board.

Supervisor Gallagher: You have not.

Supervisor Wolfe: I move we proceed.

The Mayor: Anybody else who would like to be heard?

Mr. E. J. Sieben: Mr. Chairman and members of the Board of Supervisors: In regard to the appropriation of \$20,000, which was reduced to \$5000 by the Mayor, I beg to say that I have given the matter as close consideration as anyone of you here. It happens by rare good fortune that the Mayor's position can be sustained on the veto for the simple reason that he

is giving us as a gift by his veto \$15,000. Now, there is not a man in this room that has considered that \$15,000 except as an incident. Our friend, Mr. Gallagher, said it was an incident. I want to say to you, while admitting it is an incident, Mr. Rolph considers the incident of sufficient importance that it will build us a four-room school house, and if Mr. Rolph does no more than that with that \$15,000, he will have sustained his position. Now, fortunately there is no controversy between the Board of Supervisors and the Mayor regarding the accounting system or installation of the accounting system. Fortunately there is perfect harmony between the Finance Committee and the Mayor regarding this matter. Fortunately the accounting system will be installed. Fortunately for all of us there will be no lost time in the installation; also, an additional good fortune, the Auditor's office has prepared itself to sustain the Mayor by giving its service in a form that it has never been permitted to give it before. Now, you gentlemen—I have heard a little about it—may not be in accord with certain of my views—some of you may think I am joking around here, but I want to inform every man in this room, I don't care who he is, that there is going to be something doing this fall, and the men in this room just remember it, let it be the Mayor or the man that cleans the spittoons, if he does not give service here, he is going to pay for that defection in a way he don't like. It seems the newspapers here—certain matters here—have taken the liberty of impugning the motives of Mr. Rolph and certain members of the Finance Committee; in fact, all of them. I wish to say the Mayor and the Finance Committee may have a quarrel, like a club, or a child, or a man and wife; but I will say they are all on the job and all working for San Francisco; but as to any mistakes—great men make mistakes. All these gentlemen are men of considerable standing, and not one single person can say of these men that they are not trying to do the best within their power. Mayor Rolph knows I personally fought him last year on this \$10,000 appropriation. Mr. Gallagher bluffed me down, and since that time I know him better and like him twice as much. I will say, at the end of this term the \$10,000 were well spent; we have received value in full. The mere act of giving the \$10,000 to Klink, Bean Company gave us a preliminary start, which is going to give us a great many thousands of dollars of confidence. I am following the veto, or rather the reduction from twenty to five thousand dollars. I can safely say

to you, that if the \$5000 can be delivered, wherever it will, that there will be an equal return, which is the same as though you gentlemen sustained the \$20,000 appropriation.

Supervisor Power: Let me interrupt you. Do you know anything about what the other \$5000 is to be expended for?

Mr. Sieben: Will you kindly enlighten me?

Supervisor Power: Do you know?

Mr. Sieben: I understood it was for an accounting system.

Supervisor Power: I should imagine, when a man of your standing comes up and debates on a question of this kind he should be fully informed whether it provides 5 cents or not.

Mr. Sieben: I am not debating. Kindly give me the expenditure of the \$5000 so I will be safe.

Supervisor Power: There is \$3600 paid for the expert of the Finance Committee, leaving \$1400.

Mr. Sieben: Already paid, or will be paid?

Supervisor Power: Employed by the Board at \$300 a month.

Mr. Sieben: It happens that man is very competent; and I wish also to state to you that I find a matter of \$50,000 stuck away in the corner; if the Mayor's veto is sustained we have more than enough funds. The Mayor has taken a sudden streak of economy; finally recalled himself; if the Mayor, if he does at last come forward and deliver us \$15,000, in God's name let us take it; it is a pleasure to receive it.

Supervisor Hayden: If it is eliminated, it is not there—

Mr. Sieben: Let us all be set right. Will Mr. Lull or some other gentleman give us an understanding? Can we or can we not go ahead with the accounting system in case the Mayor's veto is sustained? Let us ask that question.

Supervisor Gallagher: Yes, we can.

Mr. Sieben: Mr. Gallagher, can we go ahead with the accounting system if you lose the \$15,000?

Supervisor Gallagher: I think we can.

Mr. Sieben: Now, if you gentlemen know the situation, I have found that there was a certain firm that had taken upon itself to do this work, and so far, as I told you, they have done the work well; but since that time light has broken in upon us, and we have discovered on a particular discussion through the Bureau of Governmental Research, that the form was standard, and it is not necessary to go to an enormous expense to carry this work on. There are expert accountants employed by the City and County of San Francisco, and there are various departments that have splendid

men able to carry on this work, and already on the pay roll, and the work will not be stultified, according to Mr. Gallagher's guarantee; and I believe Mayor Rolph will personally see; I hope, Mr. Rolph, you will stand up and see the work will not be stultified, will you?

The Mayor: I am going to guarantee to the Board of Supervisors before I get through that if they sustain my veto message today, and they give me authority and support me, I will have the State Board of Control in here and adopt an accounting system.

Mr. Sieben: In addition to the employees of the city?

The Mayor: Their experts will come in without cost to the city; I will do so during this coming year if you will give me authority to do it.

Mr. Sieben: It is said, in combating the Chamber of Commerce, a man must be a fool; but I have found the Chamber of Commerce many times in error. The Civic League has done the best it could, and the best it knew how, but never came forward on the important question of economy. I only occupy one position before this Board. As an economist, trying to salvage a dollar. And we are very consistent; we are going to be sitting with the Board of Supervisors and the Mayor, from today on, according to conditions being brought forward; we must salvage where we can. The Mayor has already given his word that the progress of the accounting system in San Francisco will not be stopped, and I beg to say that if you will cut that appropriation and sustain the Mayor, there will be no loss to any of you; and when this Fall comes and many of you gentlemen are going to appear on the platform for consideration of your service, we will put one question to you, Did you salvage us any money? And if you have salvaged us any money, and the city has done just as well—

Q. (interrupting): Are you going to introduce a salvage ticket of Supervisors this year?

Mr. Sieben: That is an excellent item; I thank you. We are not in the bargain and sale business, Mr. Hayden. I want to say to you right now, we are counting our taxes; we are in the hands of the pawnbrokers; we are paying 5 per cent a month to pay taxes. I want to say to you, \$15,000 looks mighty good to us this morning, and we are very glad to receive it.

Supervisor Power: I move the privilege of the floor be given to Mr. John T. Williams.

Privilege of the floor granted to Mr. John T. Williams.

Mr. Williams: Mr. Mayor and gentlemen of the Board: In speaking to

you so you will understand my position, I am speaking in my capacity as attorney for Klink, Bean & Co. I have occupied that relationship for these gentlemen for a considerable time. I feel, therefore, that I should limit that which I say to you to the direct condition, of the result of the condition of the employment of Klink, Bean & Co. by the city; and I want to say this to you—I am constrained from the information that I have gathered to differ with the Mayor in his statement that the work of Klink, Bean & Co. has brought about no practical results. I think that is the language. I want to say this, that in the installation of an accounting system of this character it takes a great deal of preliminary work. There is a great deal of work of a foundation character, and naturally that leads up to the work that will show more; but I want to say this to you now—Klink, Bean & Co. have already completed their preparation for the installation of an auditing and accounting system in three of the departments of the government, namely, the Police Department, the Fire Department and the Sheriff's office. The work for these three offices is already prepared, and the installation will be made upon the beginning of the next quarter, which is July 1st. That work has been completed, the fundamentals and basis of that particular work have been worked upon, and undoubtedly will be completed in due course. And I want to say this to you, and I think it is a matter more or less important to you in giving your judgment, and that is this, that as far as the expenditure accounting is concerned, under the \$15,000 that is contemplated here, or was contemplated by the bill before it went to the Mayor—that work can be finished, Mr. Mayor—

The Mayor: Can be what?

Mr. Williams: The expenditure accounting can be finished under this item of \$15,000. I wish you to observe the technical term. Under your estimate, as I understand, there was a resolution adopted by the Board, that it should not exceed under any circumstances the sum of \$50,000. Our estimate is upon the expenditure of not more than \$40,000, not \$40,000 additional, but between \$40,000 and \$42,500 of a total, including the \$10,000—the entire system shall be installed and completed; that is the estimate we make, and we think our estimate is pretty sound. You all probably know the Klink-Bean Company are in every large city upon the West Coast, that they have a large plant, and have probably installed as many big concerns as probably any other accounting concern. As far as accounting and auditing concerns, I think they are

as representative as any, and I think the Mayor will agree with me on that. Now, you have gone along, as probably you might say, in the capacity of a board of directors. To illustrate, take the large corporation. You have arranged to install an accounting system; you have employed and paid for one-quarter of the work substantially, and at this particular time, if the Mayor's veto is sustained, you will have then desisted from the work you have already expended \$10,000 for, and which, apparently at this present time, will come within the total estimate of \$50,000. If you were sitting on a board of directors of a big concern, it certainly would not be considered good business to follow such a policy, nor the policy the executors would follow. I understand the work of the Klink-Bean Company has been commended almost universally, and those acquainted with this subject have been in full accord with the work done; I believe it is almost the consensus of opinion that the investment made is a good investment, and we have received dollar for dollar for the work done. I want to say this to you—this is a matter of a great deal of pride to Klink, Bean Company: They have gone into the City of Oakland and done this character of work. The President of the Tax Association of Oakland, Mr. Requa, has shown as a result of the installing of a similar system there has been a saving in two years of about \$810,000. Our city is very much larger, and if the application of this system in the City and County of San Francisco would correspond, ours would run at least in the neighborhood of a million a year—upon an investment of \$40,000 or \$42,500 if you should be able to make a saving of one million dollars a year, it is certainly good business—it is good political economy for your city, and good governmental action. That is the situation, I think, from that viewpoint; but unless Klink, Bean Company have done something that is wrong—unless they have not given you value, or unless they have been derelict in their duty, it would seem to me that the action of this Board, stopping their work about a quarter through, and when they have a big plant to carry on—what they were looking forward to, to point with pride at as in what they have accomplished in Oakland, it would be a reflection on them in this business world. They are naturally ambitious. They have thrown all their strength and vigor in the work to bring about this standard upon as economical and satisfactory a base as possible, because they were going to make the same record in the City and County of San Francisco as they had already

in the smaller city of Oakland. They know they can always point to that with pride, and one of their accomplishments they will always be pleased to look upon and point to. I understand and have been advised—I do not believe, notwithstanding I have been informed that the City Attorney has advised or stated that the Board of Control can come into San Francisco. I am going to submit my reasons for it, and I think when the matter is taken up, I think you will find that is the phase. I made inquiry at the Attorney-General's office, and that question has never been put up to them, and never written into any official opinion. I want to say this, and I think I am correct, the Board of Control has never gone into any city in the State of California. The Mayor's message states it went into the City of Los Angeles, and there upon the request of the Board of Supervisors of the County of Los Angeles. I want to say this, I do not believe that the provisions of the law that created the Board of Control, which, you must remember, which is not a constitutional board or office, but merely a statutory board, which does not have its life or origin there, nor can it in any way convey its powers, or can it in any way come into this city and co-operate. I believe if a member of the State Board of Control spent any of his time in surveys of the plant, or one of its accountants, a taxpayer could prevent the State Controller from auditing his demand. And it is on this ground that, under the Freeholders' Charter, as we are operating here in the city, we have two classes of officers—city officers and county officers. Under a recent amendment to the statute it may be these county officers are now city officers within the meaning of that term as defined by our courts—

Supervisor Wolfe: The courts have held they come in the same provision as city officers.

Mr. Williams: I want to say this, I believe the installation of an accounting system is purely a municipal affair, and if it is a municipal affair, I do not believe any state officer, in view of the fact that our Charter has an expressed provision in it providing that it is competent for the Board of Supervisors to do these very things, could inject himself or inject themselves, or, even on request, enter the city and perform this character of work, and ever be paid by the state; and I do not believe that the State Board of Control would come in. And as far as Klink-Bean is concerned, and I know something about politics, I know Klink-Bean Company is just as far from politics or patronage as the State Board of Control of the

State of California. The most of these gentlemen worked for that very excellent gentleman, Governor Johnson. Klink-Bean, on the other hand, are an ordinary business house, and they have always conducted—for fifteen years in San Francisco have conducted their affairs on a business basis. If the question of political patronage is to enter into this question, it certainly would not enter in any way with the business of a commercial house. Klink-Bean Company's business is a large business—it is not necessary for them to have this work. Personally, I wish they had never gotten into the work at all, but they got into it, and we feel at this time if cast aside it is a rebuke. If Mr. X or anybody was to report to his Honor the Mayor Klink-Bean Company in any manner have not performed their work in the proper manner, which I, as a layman, confess I do not understand detail accounting in its last analysis—if that is the situation, Klink-Bean Company will be glad to withdraw from the situation. Let us take another situation. It seems to me that the appropriation should at least be made, and if the appropriation is made, if your Board of Supervisors should not determine Klink-Bean were the people to continue this work—whether by Smith or Brown or some other firm, or whether the State Board of Control, the appropriation is here and voted for that purpose. If, as suggested while I was sitting in the back of the room, the money can be had from some other source, then we are having much ado about nothing. I feel grieved my clients should be put in this position—it is an awful position for them. They are a powerful concern not only here on this coast, but throughout the whole West—they are regarded very highly; the situation is naturally awkward at this particular time. For me to suggest anything further at this time—my mind is filled—my prime reason for being here is for my client Klink-Bean Company. I was hopeful at all times the Mayor would really withdraw his veto and let the money go through. I believe the Mayor is working from his very best motive. I want to say further, Mr. Mayor, I think that which prompted you to say there were no results in view of the fact we have completed all the work in the Police Commission, and Fire Commission and Sheriff's office, ready to carry on— . . . Mr. Bean is here—I feel somebody has not given you the most definite information concerning the amount of work that has been done. Now, if Klink-Bean Company have not for the amount of money that has been given them—I

think about \$8500—if they have not performed \$8500 service, the City should not have any more to do with them; but if they have, and nobody else can do it any cheaper, I think if you will make an examination of the records where the State Board of Control has worked, and where the Klink-Bean system was installed, you will find in favor of the Klink-Bean Company system runs about 25 per cent cheaper.

The Mayor: Did the Klink-Bean Company prepare this budget submitted and passed by the Board of Supervisors and determining the appropriation allowed to every department?

Mr. Williams: I don't think so, Mr. Mayor. You refer to that particular ordinance—

Supervisor Wolfe: The Mayor asked you if they had prepared this budget of these several appropriations.

Mr. Williams: My information is they did not.

Supervisor Wolfe: They had nothing to do with the preparation of the budget?

Mr. Williams: No.

Supervisor Wolfe: The budget is all predicated upon this particular ordinance we are talking about now—this Board is discussing now whether or not the Mayor's veto of the ordinance creating a uniform classification of expenditures shall be passed notwithstanding the Mayor's veto. Now, if the work of Klink-Bean Company—and I am asking you as their attorney—was the attention of Klink-Bean Company directed toward the appropriation—in the detail form that it is in, and the amounts appropriated thereby as a result of Klink-Bean's efforts in a system of accounting during the past year?

Mr. Williams: I want to say this—I will answer it immediately. I have been out of San Francisco most of the time since the 1st of January, but have been absolutely out of San Francisco two months, and it was only when I received a wire from Klink-Bean Company Tuesday that I came up from Los Angeles. My information is to the contrary. Mr. Bean is here and I believe you could get better information by addressing that question to him.

Supervisor Wolfe: I suggest Mr. Bean answer that question, or any of his subordinates.

Supervisor Wolfe: I can tell you they did not, as far as the amounts are concerned.

Mr. B. T. Bean, present.

The Mayor: Mr. Bean, did you have anything to do with the appropriation budget?

Mr. Bean: In putting the amounts we have in the budget?

The Mayor: Yes.

Mr. Bean: We don't know what amounts were put in.

The Mayor: What was your charge for budget expenditures that I mentioned when this matter became a newspaper controversy between the Finance Committee and myself—what were your bills and final sum for the preparation of the budget—what did you do—what were you paid for in connection with the preparation of the budget?

Supervisor Power: I would like to ask, is that for Mr. Bean's individual work?

The Mayor: For the particular form, I suppose he understands.

Supervisor Power: I am trying to bring out the fact; the public press made a statement that \$50 was paid to the experts—

The Mayor: Yes.

Supervisor Power: I make the statement that there was never \$50 paid, and there was no demand before you or anybody else for the sum of \$50 for budget work.

The Mayor: Was there any sum at all for experts for budget work?

Supervisor Power: There was some sums, yes; but we are now directing our statement to the Mayor's statement in the public press that there was \$50 paid for experts, and you had the demands before you.

The Mayor: All I can say is that whatever the Mayor stated in that statement, and I say to you now, Mr. Power, is absolutely correct, verbatim. I went to the Auditor's office myself and had all the bills before me, and I copied into that statement a verbatim statement from the bills themselves. Whatever was in the statement is absolutely correct, to the word.

Supervisor Power: I am going to ask at this time, Mr. Chairman, that the duplicate demands of Klink-Bean Company be made a part of the record.

The Mayor: No objection. And at the same time make a copy of the Mayor's statement in relation thereto; I mean the written statement the Supervisor refers to.

Supervisor Wolfe: I suggest that the Mayor be permitted to incorporate anything in the record he desires to.

The Mayor: I am wondering if that included the Board of Public Works and the bridge tenders, which might not be very good reading during the coming year, and you might want to withdraw it.

Supervisor Wolfe: If you desire to incorporate it—

Supervisor Power: Second the motion.

The Mayor: All in favor, please say I.

Carried. Supervisor Gallagher voting no.

Mr. Bean: Regarding the preparation of the budget, the figures in the budget itself, we have nothing to do with the preparation of the figures that are in the budget; our work was in regard to the department requests, the getting together of the figures of the departments—the requests of the departments into these different segregations finally acted upon by the Finance Committee, but we were not in session with the Finance Committee any time in the preparing of the budget itself, and know nothing about the appropriations as finally passed. Our work was in connection with getting up the forms for the budget, and handling the departmental requests of that budget.

Supervisor Power: A compiling of whatever figures was asked of you by the Finance Committee?

Mr. Bean: A summarizing of the figures at the end.

The Mayor: Did you, or the Finance Committee, make a statement that there was a saving of some \$40,000, due to the accounting system, in the Fire Department?

Mr. Bean: No, sir.

The Mayor: Now, Mr. Bean, you know I personally do not in any way intend to reflect upon you or your partner, Mr. Klink, or Mr. Williams, whom all I consider personal friends; your firm has engaged in private practice for my firm, and my action in this as a public matter is as I see it, and no reflection upon you.

Mr. Williams: Suppose you should say that later on—that is, the Board should say that and sustain you in your veto on this \$15,000?

The Mayor: I think it will.

Supervisor Gallagher: How do you know?

The Mayor: I think common sense will prompt it.

Mr. Williams: I am only making this statement, and make it in all sincerity: Assuming that they did, and the money is not available, and suppose you should ask—you say you will get the Board of Control; suppose you should fail to get the Board of Control in here, and they would not come in, then it would be incumbent probably to employ some private accountants whom you consider honorable, a deserving and energetic firm of accountants; and if the money is not available, and the State Board of Control won't come in here, or probably take three or four months in determining coming in here, the work would be postponed to that extent. I want to say for Klink-Bean—nothing in their history has affected them so much as the veto of this matter; they have tried to carry their business on in a business-like way,

and there was never any question of politics in any manner, shape or form connected with them.

Supervisor Wolfe: If there are no other citizens to be heard, I am going to ask the privilege of making a motion that the Board take a recess for one hour, and I am going to state why: It is past 1—I had to be in the hospital at 9 o'clock, and I had no breakfast; if there are no other citizens who desire to be heard, I move we take a recess for one hour.

The Mayor: It has been moved and seconded we do now take a recess for one hour.

Dr. C. D. Salfeld: In view of the fact that his Honor the Mayor did me the honor to call upon me to say something in this matter is the reason that I appear here at all. I would have immediately gotten up and accepted the invitation of the Mayor, but there are three men in this town that I do not like to follow in a debate. One is Colonel Pinther and the other is Colonel Warfield; and the other one is Mr. Sieben. I do not like to follow him with due respect. With regard to this item of \$15,000, my friend Mr. Gallagher here has declared it was a bagatelle; that he said it was a bagatelle; and I take it upon myself and say it is a bagatelle, because it amounts to less than one-tenth per cent on a hundred dollars; because the man who pays a thousand dollars would have to pay one thousand and one dollars; so I take it upon myself to say that it is a bagatelle. I do not like to swap horses in the middle of the stream. This Board is not committed to any particular form of budget whatever, or whether this certain reputable firm of this city has done for this county ten thousand dollars' worth of work or more on this particular business or in this particular business. Now, going to the Board of Control of the State, we do not know what they may give us; I look upon it as a bad piece of business to go to the State to ask the Board of Control to come here for something we can attend to ourselves; and if I was sitting in this Board of Supervisors, and I hope it will never happen to me, I surely, Mr. Mayor, would vote against it; I would override his veto, because it is a bagatelle, because it amounts to less than one. The man who pays a thousand dollars taxes would have to pay a thousand and one. I think you are in earnest and honest about this, but still the item is so small that I hope you will withdraw your veto. I would do it. It is so little, it is so infinitesimal, I hope you will be beaten in this particular bill.

Supervisor Wolfe: I now move the

Board take a recess to 2:30 this afternoon.

Supervisor Gallagher: I am ready to vote at this minute, as I think everybody else is. The plea made by Supervisor Wolfe, to my mind must be heeded, and I simply request Supervisor Wolfe be excused, and let us get to a vote. I cannot come back at 2 o'clock.

Supervisor Wolfe: If the Board is prepared to go to a vote now, without argument from either the Mayor or anyone else, I am perfectly willing to withdraw the motion. If we are going into a discussion of this thing I know it will take an hour or two before the matter is reached. I assure you I am here at as much personal sacrifice today as you are. I have clients in my office that I cannot reach, but I am a Supervisor and it is my duty to be here.

Supervisor Gallagher: I move we proceed to vote.

Supervisor Nelson: I second the motion.

Supervisor Wolfe: I am perfectly willing to withdraw my motion if we can come to a vote within five minutes.

Supervisor Gallagher: I will be perfectly willing to change that motion for a roll call at 2 o'clock, allowing ten minutes for the Mayor, if you will pardon my statement to that effect—ten minutes to Supervisor Power and five minutes to anybody else.

The Mayor: I think the subject has been pretty well covered.

Supervisor Wolfe: I am going to ask the Chair to put my motion. I am perfectly willing to be voted down, but I want the motion put to take a recess for one hour. It will take more than an hour to settle these questions, I am satisfied. We should not curtail any man's right to discuss this question, or the right of your Honor to discuss it at length, and therefore I renew the motion to take a recess until 2:30.

The Mayor: I would like to see the Board get through.

Supervisor Wolfe: If the Board will agree to take its vote at 2 o'clock I may be excused until that time, when the vote is taken. I will go across the street and get a cup of coffee and a sandwich, and be satisfied.

Recess.

Whereupon, the Board took a recess until 2:30 p. m.

JOHN S. DUNNIGAN,
Clerk.

FRIDAY, JUNE 22, 1917, 2:30 P. M.

In Board of Supervisors, San Francisco, Friday, June 22, 1917, 2:30 p. m.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

Mayor James Rolph Jr., presiding.
Quorum present.

Supervisor Nelson excused temporarily.

Relative to Red Cross Contribution.

The Mayor: Gentlemen of the Board: We are waiting now upon the return of two Supervisors so that

we might proceed with the question that is before us. I have to speak in the rotunda of the City Hall in favor of the Red Cross, and I would ask the Finance Committee if there is not some money in the funds of the City for the year just closing that could be spared as a contribution to the Red Cross. Will you kindly think it over; and might I suggest, if the Finance Committee can find an appropriation between now and next Monday or Tuesday, if they can find an amount—say \$2500, that it be taken up by the Board—I suggest that the Finance Committee be so requested.

Supervisor Wolfe: I make a motion, pursuant to the recommendation of his Honor the Mayor—I make a motion that the Finance Committee make every effort to find a sum of money that may be contributed in the name of the people of the City and County of San Francisco towards the National Red Cross Fund, and that to be reported here next Monday by the Finance Committee. I cannot state the sum, your Honor please, because I do not know what it is going to be. I suggest \$5000, if it can be done.

The motion was duly seconded and carried unanimously.

Supervisor Welch: I move the regular order of business be proceeded with, and Supervisor Nelson be sent for.

The Mayor: Mr. Power, I must go and speak to those people downstairs in the rotunda.

Supervisor Power: I suggest Supervisor Nolan take the chair, or Supervisor Hayden. Do I understand you are coming back this afternoon?

The Mayor: I will if I can.

Supervisor Power: Would it be well to give the Board any further light for vetoing the Object of Expenditure Ordinance that is up now, or do you feel they have all the light they need on that?

Consideration of Mayor's Veto of Accounting Ordinance.

The Mayor: My veto message, gentlemen—I think the Board's mind is so clearly made up on this matter—I think you should thoroughly understand the question: I told you the State Board of Control will come in here and adopt a city accounting system if they are invited to do so; they have in the city of Los Angeles. I have given my reasons in this veto message just as clearly as I possess. Unless there is something else presented here this afternoon, I have no desire to quarrel with the Chamber of Commerce, or the Real Estate Board, or the Civic League of Improvement Clubs, or the gentlemen around here. I say here again, we should adopt a uniform system of ac-

counting, and the State Board of Control will come in and do it.

Supervisor Power: I would like to ask the City Attorney, if the budget ordinance—the word standard—if he would not advise us whether it is the wise thing to do, to have this Object of Expenditure Ordinance passed?

City Attorney Lull: Mr. Holton originally brought to me the form of the budget as prepared; his mind was—at that time was—an ordinance should be passed, or that there should be included in that ordinance a condensation of the phraseology that was used. I advised him, I thought if they were going to adopt a uniform ordinance covering phraseology, that that should be an independent ordinance—not pertaining to this particular budget, but pertaining to every budget that should follow thereafter, that could be dealt with, not only as an amendment to that ordinance, but also could be changed at will as the Board of Supervisors desired. I also advised him at the time, in view of the fact that ordinance had not been passed, the phraseology of the budget ordinance should be so made, if that ordinance failed, that the budget itself, the terminology of the budget itself should not be such as to leave the character of expenditures in doubt. Mr. Holton and I sat down and changed a great deal of phraseology, so, if this ordinance failed, notwithstanding the standard use of phrases, there would still allow the budget ordinance to stand and have a meaning, so there will be no danger at all of failing by reason of the fact peculiar phrases were used, that it had reference to some other document or some other ordinance, and we did that; and it is my judgment, of course, even though this ordinance should fail, notwithstanding the budget ordinance would stand, because the standard use of phrases, as Mr. Holton has already explained to you, have been used in the budget. Of course, if technical phrases are desired to be used in the making of the budget, those technical phrases should be defined in some other ordinance, and that is what I understand this particular ordinance now under consideration was designed for, that there should be a standard use of phrases, and no doubt as to what the phrases—as to their meaning; and that ordinance should not cover this ordinance only, but every ordinance as well. As far as policy is concerned, as you all know, when an assistant in the City Attorney's office, and the City Attorney, I try as hard as I can to avoid telling the Board of Supervisors what they should do, or should not do, unless in carrying out a particular policy of the Board of Su-

pervisors have decided on. I could come to the Board and say, in order to fulfill the policy you have decided on, you ought to do this or do that; but I simply state the position to you, leave it to you, and you can judge as well as I.

Supervisor Power: There are two reasons why I ask—not for the purpose of necessarily insisting on getting an answer, but you had a great deal to do in framing this ordinance, as stated—you not only consulted with Mr. Holton, but three of us were together on several occasions on the matter, and for that reason, and for the reason you hesitate to state, to advise the Board on a question of policy, and advise only on the matter or ordinances that have been previously adopted, or on policies previously adopted, this Board had, of course, previously adopted both a budget form and this Object of Expenditure Ordinance; therefore I don't think you should have any hesitancy on speaking on the wisdom of adopting the ordinance as passed.

City Attorney Lull: May I call your attention to the fact that your calendar today of matters pending before the Board of Supervisors, provides first for the consideration of the budget, and second the consideration of the Mayor's veto on a budget item.

The Mayor: And by that you took up the second item before you took up the first. You have or have not made up your mind whether you are going to sustain the Mayor in his reduction of \$20,000 to \$5,000—eliminating \$15,000. If you are going to sustain the Mayor, I take it it requires 15 votes to put that \$15,000 back in the budget. Mind you, this ordinance is not necessary, and the claim will be made by those opposing the Mayor in this matter, if you override the Mayor's veto on this, then you will put the \$15,000 back in the ordinance. The cart is before the horse in this case. The horse ought to have been first, which is the budget—not the \$15,000. Now, if the \$15,000 is coming out, then this ordinance ought to wait until the State Board of Control tells you what they think should be done; and there is no hurry about the thing at all. There is no need of the ordinance because the various departments of the city government will do just as they have been doing during the past year, itemizing their accounts and keeping their books in the same manner as Mr. Cyril Williams, whom you have stated is drawing three hundred dollars a month as expert to the Finance Committee, and who has been in the employ of the City for 31 years; and I have failed to have a single public

official come to me and commend this new system—not one; but I have had many of them say to me, "Mayor, cut it out; it is a piece of bunk." Now, I say to you, number one should have been taken up first, but you have chosen to take up number two. I am only telling you, when I leave, if you override the Mayor on number two, and you sustain the Mayor on his cutting down \$15,000 on number one, you are left with the ordinance without \$15,000 to pay for it. Now, in my judgment, they both go together.

Supervisor Wolfe: Is it not a fact, Mr. Mayor, if this ordinance should be adopted, and your Honor should be sustained in your veto as to the \$15,000, that the effect of that ordinance will be to require departments on the making up of the budget to follow the lines of this ordinance in the segregation of items and it will be entirely independent of any expenditure of any sum of money for any purpose?

The Mayor: It won't require departments to do anything! the departments will confine themselves and act according to the charter and the law and nothing else. All these forms that have been prepared—goodness knows how much has been expended—you talk about \$8,500; but goodness knows how much money has been expended in the preparation of these forms which nobody can understand. How much money has been expended for paper, at the high price of paper, for the making out of these forms;

Supervisor Wolfe: I take it your Honor did not get the question: Could not this ordinance that you have vetoed be passed by the Board—be carried into effect by the different departments without involving the expenditure of any sum of money included in that \$20,000 which would be also cut down to \$15,000?

The Mayor: In my judgment, I think not. I think ultimately you will return to the State Board of Control. I think that all the cities in the State of California will have a uniform accounting system, adopted by a State institution—the State Board of Control.

Supervisor Wolfe: This ordinance says, there is hereby adopted and established a uniform classification of Objects of Expenditures, and I am trying to get clear in my mind, so our minds may meet, if possible, on this question, is whether or not the purpose of this ordinance, if it should become a law notwithstanding the veto of your Honor, could not be carried out without involving the expenditure of a dollar of public moneys other than that is now spent for the conduct of the affairs of this City—

particularly regarding its bookkeeping?

The Mayor: You have a charter which indicates the duties of the Auditor—he is the chief bookkeeper of the City, and the Auditor will keep his books as the charter directs him to keep them. I will tell you, the Auditor will not adopt that system. I am telling you the safest, sanest and most sensible thing to do in this situation is to sustain the Mayor; invite, as you did before by that resolution, the State Board of Control—bring them and their experts in here, and have a uniform accounting system adopted by this City that will be comparable with the accounting systems that will ultimately be adopted by all the cities of California.

Supervisor Wolfe: I have failed to make myself clear, evidently, in the form of the question I have presented to your Honor. Eliminating what the Auditor will or will not do—I repeat, is it not possible, if this ordinance becomes a law, to be carried into effect by the different departments, unless it violates the provisions of the charter, without involving the expenditure of one extra dollar; therefore, eliminating the importance of the veto of the \$15,000 from the consideration of the veto of this—do I make myself clear?

The Mayor: Perfectly. I answered you in the first place, and I answer you again—

Supervisor Wolfe: You don't think it can be done?

The Mayor: I do not.

Supervisor Wolfe: You think it will involve the expenditure of more money?

The Mayor: I do.

Supervisor Wolfe: Then, I do not get it.

Supervisor Power: I would like to ask the Mayor before he retires: Mr. Mayor, you agree this ordinance, or one similar to it, will be necessary even if the State Board of Control is asked in here to do any accounting—do you agree to that?

The Mayor: No, I do not. I will discuss that when I know what the State Board of Control recommends.

Supervisor Power: I understood your statement a while ago, if I can quote you correctly—a while ago you made the statement, there was no particular need of passing this ordinance at this particular time—that this ordinance can be introduced at any time—if the State Board of Control comes here to do the accounting, that this ordinance could then be introduced.

The Mayor: Any ordinance that the State Board of Control would recommend on any system that we recommend and adopt.

Supervisor Power: I repeat the same statement Mr. Holton made—they will adopt this same system—they might differ in a few details, but insofar as standardization is concerned that system will be just about what they will bring in here. If that is the case, then I say the ordinance is necessary, and I think you agree it is necessary, whether adopted at this time or some future time; it is only a question here whether the veto will carry by postponement the introducing of this ordinance again at some other time. I want to have for the purposes of the record, Mr. Mayor. You asked the question—can anybody say how much money has been expended upon these forms. I will advise you, for the printing of the forms in the budget, that cost was \$162.

The Mayor: I am not referring to the new budget. I am referring to all the forms that have been sent to the various department of the City government.

Supervisor Power: That is my statement—those forms cost \$162.

The Mayor: The grand total, \$162?

Supervisor Power: Yes.

The Mayor: I wish to reserve the right to present into that record positive figures which have been given to me by the City officials in connection with the amount of money expended in the preparation of these forms.

Supervisor Power: I would like also to have mentioned in the record the names of the City officials at this time.

Supervisor Gallagher: It seems to me that is very easy—it came from the Supplies Committee.

Supervisor Power: I have my record from Mr. Williams. If there is anything different I would like to know who the officials are if they have different information.

The Mayor: You will find that out.

Supervisor Power: When you furnish the record you will also furnish the names?

The Mayor: Yes, I will.

The Mayor: I must go downstairs. There is a large gathering in the round.

(The Mayor here retired.)

Supervisor Nolan in the chair.

Supervisor Wolfe: The matter is now in the hands of the Board, I take it, Mr. President?

Supervisor Power: You might ascertain if there is anybody else who wishes to speak on the subject matter.

Supervisor Nolan: Are there any other citizens desiring to discuss this any further?

Mr. Holton: I would like to say just one word: I am sorry the Mayor is not here. The Auditor has made use of this classification in almost exact detail. I think almost the same

symbols, in his budget. I think you will find in at least 95 per cent of the cases, if not on the full extent of the symbols, the proceedings are identical.

Supervisor Gallagher: I would like to ask, Mr. Chairman, if there is any member of the Board who has not quite made up his mind on the subject. This morning I heard some Supervisor say his mind was not quite decided on the matter. If there is nobody's mind open on it, there are some few things might be said in connection with this form of ordinance, I think, from my point of view, since I opposed the proposition—

Supervisor Nolan: As it is now in the hands of the Board of Supervisors would it not naturally be brought out that that point would be brought out by the member who might be in doubt?

Supervisor Gallagher: I say, if there is nobody in doubt, there is no use to argue; however, I would like to say this: If ever there was a time when a set of Supervisors, if there be any, who clings blindly to a banner in the sense of what he considers overzealous loyalty, it certainly ought not to be now. I opposed the employment of Klink-Bean; I fought the employment of Klink-Bean; I tried to prevail upon the Board to exercise the function that rested in the Board of Control. The Board of Supervisors, after hearing all the argument, determined not to do that, and by fourteen votes to four determined to employ Klink-Bean and proceed on other lines. That left the chairman of the Finance Committee, when we conferred on it, I told him this afterward. It seems to me the Board has supported your views, as it has repudiated the contrary views of the other members; now, proceed with your accounting in your own way, because I think it has been given a sort of free hand. I will say, in all fairness, to Mr. Power, instead of doing that he did just the opposite thing. He asked me what my ideas were on it, and I said just this: "You ought to bring in the Bureau of Governmental Research; you ought to bring in all the agencies that can contribute, including city officials, that can contribute toward making this thing satisfactory, and so it will work out harmoniously." And that was done. The State Board of Control, no matter what anybody else says, in a mistaken way, was consulted—absolutely was consulted. Now, it does not come with good grace from the Mayor, after having presented to him in as forceful a manner as possibly could be, the proposition of the State Board of Control doing this work, to have refused to approve or disapprove the employ-

ment, and by silence, and by permitting it to become a law without his signature, to give his consent to it, and then, one year after—one year after, to say that in his judgment it was a mistake; because that is the situation. So far as I am concerned, as a member of the Finance Committee, I know this—I know nothing much about the proceedings leading up to the budget, but I have seen the forms that have been submitted, and I know this, and I do not care what anybody says to the contrary, that these reports of the people engaged, whether they were engaged for pay or not, I don't know, but I know the reports were submitted to me—brought in the shape of budget recommendations, a saving that, in my judgment, that cannot be computed any less than one hundred thousand dollars; at least it guided me to reduce the appropriations of not only the Board of Public Works, but other departments; and the singular thing about it was that the departments consented to it and could not contend against it when the figures and facts were presented to the departments, except the contrary and pesty Board of Public Works, they all admitted that those figures were satisfactory. In two instances they reduced their own figures; and I say this to you, if Klink-Bean Company and the Bureau of Research did nothing else, that \$10,000 was well spent. Now, mind you, a year ago I opposed the thing; this year I was glad to join in its approval. I am not fooling myself on this thing. I do not think it is cut out of the budget because of its uselessness. I do not think it is cut out of the budget because somebody desires to recommend the element of the Board of Control in this. I am perfectly frank in my statement. I believe that is chopped out because it might have been considered a sort of pet measure of one of the members of the Finance Committee, and if so, a very good way to probably humble somebody. But there is another thing which all fair-minded men should consider, and that is this: A reputable and responsible firm of public accountants has been, by your votes, engaged, and there is no statement here made that they have not done their work; on the contrary, it is conceded that they did more even than they were asked to do, and this is what is proposed to do now—dismiss them by repudiating their work; dismiss that firm of accountants and have it go to the world that San Francisco as a city and county has found their work unsatisfactory. If that is the way to treat business firms and business people, then I don't know anything about it. So far

as this form of budget is concerned I think you men will agree, except you were a member of the Finance Committee, where the life blood of the City and County flows in and out every week or every month; it would take a Philadelphia lawyer with a hundred assistants to find out anything really illuminating about the state of public funds; it would take someone with more knowledge than the ordinary member of the Board possesses to go in and find out where the money went; whether it was rightfully expended and whether departments have transferred their funds for purposes other than those for which they were granted. Now, this form of budget. I approved it because, as a member of the committee, I found it was the up-to-date form. I tell you, and I say it as sincerely as I can, I am not going to discuss the subject of the \$18,000, because that is not before us; but the form of budget is. I tell you, and I say there is no man can conscientiously dispute you, that for the first time in the history of this city government, whether it be perfect or not, time will prove; but this is a fact—you have before you a form of ordinance which absolutely prescribes how the funds can be used and prohibits their use for other purposes. I could give an instance, but it might be considered a criticism of departments; but let me illustrate; let me illustrate; \$4000 was appropriated for a given purpose; let me illustrate. The money was never used for the purpose or the improvement of the certain thing it was to improve; but it was used by the department to create new jobs, to put more men on the pay roll, and the work for which it was assigned was never done. Now, that is not the fault of this administration any more than the fault of every one that has preceded it. They have all done it, every one of them. Now they cannot do it. There is no question, either, but what the people of San Francisco want some accounting; they want to know where they are at. Someone may say, "Well, we cannot find out under this system." The answer is, they will come nearer to it than they ever did before. In the name of heaven, what harm is done in letting the people of this town know exactly where their money is going; and that is all that is attempted to do here. Here is another singular proposition: If there be a man here with doubt in his mind except, as I say, there are some men going to follow the will of the chief executive, and without reserve, we cannot reason with those men; and I hope there are none here; but if there are any, the associations and

individuals, without a single exception that I know of at this moment, came before this Board, representing thousands of people, and surely I do not agree with some of them on anything, but they came here without exception, and asked this Board of Supervisors to not sustain the veto on this ordinance, asking you to please leave that in the condition it was, so that it might be worked out. As far as the Board of Control is concerned, a new ordinance—Mr. Power has absolutely stated the record when he said that if the Board of Control is called in—and mind you this—the Board of Control will not come in and do the accounting work of San Francisco for nothing, for they have so said that they won't. Now, when they come, it means probably five or six thousand more to start through a system, and I venture you will find Mr. Power is exactly right when he says they will propose the same sort of a system, or very nearly the same sort of a system, as have the people who have proposed this one. Now, what more can people want? The State Board of Control is invited to come in on this. It said it had not the time and was not equipped to do it. The Bureau of Research was invited and it co-operated. Now, anybody we thought of that had an idea—the Treasurer, the Auditor, anybody, right down the line we thought of that had an idea, was invited to come in. What more can you do than that? I say quite frankly, if ever there was a time that the Mayor's veto should be overridden it is right now. I would like somebody to justify that veto, if they can. It cannot be done, in my judgment. The Mayor certainly does not want to plead guilty to the indictment that he does not want an accounting system. On the very contrary, he says he does. Then the answer to the Mayor is very simple. So far as this form of budget is concerned, it is before us and we can work under it until he proposes—and he can be satisfied he will be sustained, when he proposes something better we will adopt it. We have another year before us; we have six or eight or nine months of official work before us before anybody could propose a new system or new ordinance, and we would have nearly worked out the theory of this by the time the Mayor would have one ready. That being the case, how can any right-thinking man vote to sustain the Mayor on those grounds? I come back to my original thought—I opposed this thing. I told Mr. Power to go ahead, as far as I am concerned you have a free hand; but I came back at the end of the period assigned and I say to you, gentlemen,

it has done \$10,000 good at least. And, so far as my information in the Finance Committee is concerned, it saved to the people of San Francisco—leaving out the Board of Public Works—leaving them out—over a hundred thousand dollars. Now, if \$10,000 spent to save \$100,000 is not a good investment, then I don't know what is, and I trust the membership of this Board is—that they will do this one thing—while they want to be fair to the Mayor, to remember there are some other people they want to be fair with, too. Respecting these men, common honesty and common justice demands that this thing be sustained.

Supervisor Wolfe: If one could obliterate the personal element from the consideration of this question, it would be much easier to arrive at a safe and sane conclusion. By "personal element" I mean our affiliations either with our colleagues or with his Honor the Mayor—our likes or dislikes, and be governed entirely by the merits of the proposition under consideration. I have had occasion to say before upon the floor of this Board, and I repeat it now—that it is always with great reluctance that I find myself in a position where I cannot follow his Honor the Mayor; and I certainly find myself in that position today; and I think it might be well by reason of the close connection that his Honor the Mayor has made between this ordinance, proposed ordinance, and the \$15,000 vetoed in the budget, that both matters be disposed of in one debate; that is to say, insofar as talking on the question is concerned. The Mayor, as his reasons for vetoing this ordinance, in that he is opposed to a uniform system of accounting, for he declares himself in favor of that in terms—if not in his message, then by his address from the chair; the Mayor takes the position in his veto that he is opposed to this ordinance becoming a law because he favors the Board of Control of the State of California being called in here to advise the people of San Francisco as to the method of bookkeeping that they shall adopt; and therefore, he says, it is unnecessary and useless to adopt this ordinance at this time, until such invitation shall be extended. I endeavored to, in a question I asked of the presiding officer of this Board, to elicit officially as to whether or not this ordinance could not become a law of this city and county without the consideration of one dollar extra expenditure of moneys, and I failed to elicit the reply I expected; but the fact is that the question indicated the real and the true state of affairs—

that we could pass over the veto of the Mayor this ordinance, and not one dollar of public moneys would be expended in excess of the amounts that are now expended for the conduct of the bookkeeping of the City and County of San Francisco. But this much would be accomplished, and it would be worth something to our people: There would be written into the statutes of this city and county a compulsory method of classification of objects of expenditure; and if this veto be sustained, then it is at the whim and the pleasure of the departments—the different departments of this city and county to adopt their own classification, or to conduct them with the classifications that they have at the present time. Now, this is certain, that there is a feeling abroad that the expenses of our municipal government are unduly high—there is even expression in the press and from citizens that there is waste and extravagance. The best method of giving to each citizen, no matter what his station in life, the opportunity of checking up as to whether there be waste or extravagance, and whether money can be saved, is by the adoption of this ordinance, because it will then be so plain and so simple that he who runs may read; and every citizen will have an opportunity to have a check upon the expenditure and the purposes for which the money is expended. There can be no harm in the adoption of this ordinance. It won't interfere with any invitation to the State Board of Control later on; and it has been well suggested, if, in their wisdom, they do not favor this method and recommend something else better, we will pass an ordinance amending this, or repeal it, and put it in the form they desire; but do not let us make any mistake—there is nothing to conjure with in the title of State Board of Control—it is an excellent arm of the State government, and has done splendid work, but the men who have charge of the bookkeeping are, after all, only men—they are only human beings, just like Klink, Bean Company and other employees, and we have no guarantee or assurance that greater wisdom exists in the minds of the employees of the State Board of Control than exists in the minds of Klink, Bean Company. And, after all, it is not the State Board of Control does the work—it is their employees. I am in favor of this ordinance for the reasons I have stated. I am in favor of overriding the veto of the Mayor for these reasons: I feel we are under a sort of moral obligation to the firm of Klink, Bean Company; we have employed them for a certain line of work—they have

started in this work; as Supervisor Gallagher stated, they have effected a saving around a hundred thousand dollars. We have heard from Mr. Williams that they have already mapped out, and planned out, and prepared for the continuation and perfection of their plans with reference to departments of the city government, and have the ground work prepared; and to dismiss them now would be not only to reflect upon them, but to deprive them of due compensation for the work which they have performed in anticipation of the good faith on the part of the city government. I have no connection with Klink, Bean Company—I barely knew the firm; but I repeat, they are no more or less men than the employees of the State Board of Control, and we have no guarantee any better system will be evolved out of the minds of the State Board of Control. And, reluctant as I am to vote against the views of his Honor the Mayor, I feel myself morally bound to vote to keep that \$15,000 in and to vote for this ordinance.

Mayor Ralph presiding.

The Mayor: I understand when I was out, which, of course, I could not help, you have stated this system has saved a hundred thousand dollars.

Supervisor Gallagher: I might add, at a meeting of the Labor Council the Honorable Timothy Riordan made the statement that there would be an ordinance adopted whereby there would be more money provided for the Board of Public Works. Where he got his information. I don't know; but it comes with singular force at this time. Mr. Riordan made that statement, and said there would be enough votes to carry it.

(The stenographer was here requested to read Supervisor Gallagher's statement, and when not found readily, the Supervisor was requested to repeat his statement.)

Supervisor Gallagher (continuing): The statement I made was this: A year ago I had opposed this bill—that 14 members of the Board of Supervisors, notwithstanding my opposition, and to have the State Board take the matter in charge, voted to employ Klink, Bean: that thereafter I told Mr. Power he had a clear hand, and in view of the fact his views were supported, and mine were turned down, he could go ahead; that, notwithstanding that, the ordinance or resolution employing Klink, Bean went to you, and by silence, at least, you approved it, because you did not disapprove it, and by not signing it you permitted it to become a law; and that I had not seen any of the work from that time until budget

time when it assisted me in making the appropriations out and assisted me in saving the people of San Francisco a hundred thousand dollars.

The Mayor: In other words, you cut the appropriations there a hundred thousand dollars. I know where you cut the Board of Works, \$258,000.

Supervisor Gallagher: I said, leaving the Board of Works out.

The Mayor: Does that include the \$70,000 you cut on the maintenance of the Fire Department?

Supervisor Gallagher: I made another statement, that department heads came before us, after having the forms submitted to us and admitted they were in error and reduced them, and that the only department, if any, we had much of a row with, was the Board of Public Works. So far as the Fire Department is concerned, there is not now to this moment—I don't remember just what they said—there wasn't much of a protest against their appropriation, and up to the time the budget was reported in, Mr. Mayor, the Finance Committee chairman was delegated as a committee of one to reach an agreement, if he could, with Mr. Sykes, and he reported back they were satisfied, and their appropriation was reported in, as one member of the committee, in that form. Where is the other department that is making protest as to its appropriation?

The Mayor: Then, if I understand you correctly, this budget system has been the means of saving, by its enlightenment of financial knowledge to the Finance Committee—

Supervisor Gallagher (interrupting): To me at least, as a member of it—

The Mayor: Of a hundred thousand dollars?

Supervisor Gallagher: Over a hundred thousand dollars.

The Mayor: Because you had the benefit of their enlightenment?

Supervisor Gallagher: Yes.

The Mayor: Now, you mentioned Mr. Sykes' name.

Supervisor Gallagher: I did.

The Mayor: Now, I wish to read into the record a statement made to me by Mr. Sykes—

Supervisor Power: If that is not a statement over Mr. Sykes signature, then I suggest we send for Mr. Sykes.

The Mayor: Any statement I have from Mr. Sykes is as good as over his signature.

The Mayor: To be honest about it—Mr. Power made a personal plea to the members of the Board, if they took it out that he would consider it a personal affront to him—

Supervisor Power: Don't get your facts twisted.

The Mayor: That is twisted? That is positively correct.

Supervisor Power: You are speaking of budget time a year ago?

The Mayor: Yes.

Supervisor Power: I am speaking of the afternoon at the regular Board—First of all I want to call your attention to this resolution (reading Resolution No. 13423, New Series):

"Resolved, That the firm of Klink, Bean & Co. be and are hereby engaged to proceed with the work necessary preliminary to the installation of a uniform accounting system for the various offices and departments of the municipality for the sum of \$10,000.00; and be it

"Resolved, That said work shall be done under the supervision of the Finance Committee of the Board of Supervisors, who shall call into consultation the Auditor of the City and County, such other County officials and heads of departments as they deem necessary, the State Board of Control and such bookkeepers and auditors of the various departments that are necessary in connection with the preliminary work of installing said system.

"Finally Passed—Board of Supervisors, San Francisco, Oct. 2, 1916.

"Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Wolfe.

"Noes—Supervisor Hynes.

Absent—Supervisors Nolan, Walsh, Welch.

"J. S. DUNNIGAN, Clerk.

"Approved, San Francisco, Oct. 13, 1916.

"JAMES ROLPH, JR., Mayor."

Supervisor Gallagher: I would like to ask you in connection with this resolution—

(Reading Resolution No. 13595, New Series):

"Whereas, The Board of Supervisors heretofore adopted Resolution No. 13423 (New Series) which said Resolution is in words and figures as follows:

"Resolved, That the firm of Klink, Bean & Co. be and are hereby engaged to proceed with the work necessary preliminary to the installation of a uniform accounting system for the various offices and departments of the municipality for the sum of \$10,000.00; and be it

"Resolved, That said work shall be done under the supervision of the Finance Committee of the Board of Supervisors who shall call into consultation the Auditor of the City and County, such other County officials and heads of departments as they deem necessary, the State Board

of Control and such bookkeepers and auditors of the various departments that are necessary in connection with the preliminary work of installing said system."

"Now therefore be it

"Resolved, That Klink, Bean & Co. be and they are hereby notified to proceed at once with the work mentioned and contemplated by said Resolution No. 13423 (New Series), and be it further

"Resolved, That the Clerk of this Board be directed to advise Messrs. Klink, Bean & Co., of the action of the Board of Supervisors in adopting said resolution, and of this action of the Finance Committee of said Board. Be it further

"Resolved, That the Clerk be and is hereby directed to send a copy of the report of this committee to the Board of Supervisors, which said report bears date August 21, 1916; and a copy of said Resolution No. 13423 (New Series); and a copy of this Resolution of the Finance Committee to the Auditor of the City and County of San Francisco.

"Adopted—Board of Supervisors, San Francisco, November 13, 1916.

"Ayes—Supervisors Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Mulvihill, Nolan, Power, Walsh, Welch, Wolfe.

"Absent—Supervisors Brandon, Gallagher, Lahaney, McLeran, Nelson, Suhr.

"J. S. DUNNIGAN, Clerk.

"San Francisco, November 24, 1916.

"The foregoing resolution, heretofore, on November 13, 1916, adopted by the Board of Supervisors, presented to his Honor the Mayor for his approval on November 14, 1916, and returned by him without his signature on the above date, has taken effect in accordance with the provisions of Sec. 16, Chap. I, Art. II of the Charter.

"J. S. DUNNIGAN, Clerk."

Now, all of this was before you for approval or disapproval, and by silent consent you gave your approval to it, after you were advised, and herein you are again advised that an attempt was made, and the Board of Control is specifically mentioned in the resolution. I would like to ask you how a year from this time, in view of my statements as a member of the Finance Committee—here is the report—under date of San Francisco, November 13, 1916, addressed to the Board of Supervisors (reading):

"The Finance Committee has had under consideration since the 1916-1917 budget was made the question of preliminary investigation and inauguration of a uniform system of accounting for the City and County.

"On the recommendation of the Finance Committee, the Board made an appropriation for this purpose, and subsequently adopted Resolution No. 13423 (New Series), which was approved by his Honor the Mayor, October 13, 1916, authorizing the employment of Klink, Bean & Company; and further, placing the supervision of this work under the Finance Committee.

"The Finance Committee is now prepared to proceed with this investigation preliminary to the installation of uniform system of accounting, and, in order that the work may be undertaken with official sanction and carried on without interruption, the committee recommends the adoption of a resolution formally engaging Klink, Bean & Company, and directing the Clerk of the Board to so advise said firm of its employment.

"Respectfully submitted,

"JAMES E. POWER,
"EDW. L. NOLAN,
"Finance Committee."

This was adopted on November 13, 1916—five months after the budget was adopted—this resolution employing Klink, Bean Company five months after the appropriation was made of which Mr. Power spoke, as you say, personally; and yet, five months after—a very short time now to that time, this was adopted in the Board over the protest of myself and without any opposition by yourself. The firm was employed. You knew it would cost \$10,000, and you knew more than that, that the aggregate would cost more than \$40,000. How did you make up your mind it was right in November to employ Klink, Bean & Company, and wrong in the month of June, 1917?

The Mayor: A year ago in the preparation of the budget, this Board met in the chambers of the Board of Public Works, and at that time the Board received two budgets—a majority report and a minority report—

Supervisor Power (interrupting): I presume you want to be corrected?

The Mayor: Absolutely.

Supervisor Gallagher: Who submitted a minority report?

The Mayor: Mr. Nolan.

Supervisor Gallagher: Ask Mr. Nolan if he submitted it.

The Mayor: Mr. Nolan can answer it any way he pleases; but Mr. Nolan did not concur with the majority members of the committee, and made a minority report—a minority estimate that he would cut the budget a million dollars.

Supervisor Nolan: Have you got a minority filed there, Mr. Mayor?

The Mayor: I am not sure, Mr. Nolan, but I dare say if I scurried

around a little I would find it—some report; and I know I can find it from newspaper clippings in which you were quoted in headlines you would save the taxpayers one million dollars, and if you had your way about it you would cut it one million dollars.

Supervisor Nolan: That is correct.

The Mayor: Therefore, last year, the same as this year, there was a majority and minority report.

Supervisor Nolan: The statement has been made this year in my report, which the Honorable Board consigned to the waste basket—it would save a million two hundred thousand dollars; and also, Mr. Chairman, it is a fact the Board of Public Works were heartily in accord with my report.

Supervisor Gallagher: Did you file a minority report a year ago?

Supervisor Nolan: Not in the same manner as this year.

Supervisor Gallagher: Did you file any?

Supervisor Nolan: Not to my knowledge.

The Mayor: Did you file any statement, Mr. Nolan, when you came before this Board—when you and the other members of the Board walked out when consideration would not be given to your views?

Supervisor Power: Would it not be well to ask the Clerk to get a copy of the report of the Finance Committee last year?

Supervisor Nolan: There was a difference of opinion last year the same as there is a difference here today.

The Mayor: I expect the three members of the Finance Committee to sustain me; on their pronounced manifesto that they desire to cut down the expenses I expect that the three members of the Board have voted NO on the budget passed?

Supervisor Power: There happens to be one member of this Committee who can; if it is directed at me, he was not present.

The Mayor: Did you vote NO on Passage to Print?

Supervisor Power: I did.

The Mayor: That is the same thing.

Supervisor Power: Let me explain—

Supervisor Wolfe: May we proceed in an orderly way? I take it, this matter now being in the hands of the Board, that the members of the Board will have an opportunity to discuss it, and your Honor will have an opportunity to discuss it, if you so desire.

The Mayor: I thought you were through discussing it.

Supervisor Wolfe: No.

The Mayor: I was just about to reply to some of your statements you were under a moral obligation to keep them, etc.

Supervisor Wolfe: You want the floor on it here? I ask the privilege of the floor at this time to see if we may not cease quibbling about this matter. I make this point—I know only an orderly method of debating. The Chair will be granted the privilege of the floor in due time to make its statement, and I take it the Chair does not want more than one such opportunity; and if the Chair is about to make his address now I suggest that he be given the widest latitude and fullest opportunity so to do; but do not let us have this quibbling on immaterial matters. Let us get down to the main point, and if his Honor is anxious to make an address, nobody would be more anxious to hear him than I am.

The Mayor: I just heard you finish—I only caught the last part of it, and then I heard about Supervisor Gallagher on the outside.

Supervisor Wolfe: You caught yourself coming and going.

The Mayor: Mr. Gallagher indicated he was opposed to the Mayor's position because this system had been a means of saving to the city of one hundred thousand dollars and more—

Supervisor Wolfe: The point I make is you have one time to make your speech and make it at one time.

The Mayor: Mr. Wolfe, and gentlemen of the Board: I presumed I was making the closing statement in support of my veto. When I took the chair here—

Supervisor Power: I have not spoken yet.

The Mayor: Mr. Power or some other Supervisor called for the question—Supervisor Nelson called for the question, and I presumed you were all through. If you are not, I want to speak when you are.

Supervisor Power: I reserve the right to close.

The Mayor: The right to close is accorded the Mayor in support of every question—in support of his message, because you have passed it and I have vetoed it, and it requires 14 votes to override it. Now, if the members of the Board are not through, I beg your pardon, because I thought you were when Supervisor Nelson called for the question.

Supervisor Hynes: A year ago about this time I voted against the appropriation of \$10,000 for Klink, Bean Company. I want it understood in the beginning—I say today as I said a year ago—I am in favor of a universal system of accounting, but I am unalterably opposed, and so have been, and am today, for the

expenditure of large sums of the people's money in providing an accounting firm when I think the heads of the departments, together with a good systematizer and a good bookkeeper or accountant can give to this municipality just as good an accounting system as any outside firm. I am going to sustain your veto today, Mr. Mayor, on this ordinance because you have brought out the very point that I had within my mind—that I cannot see any sense of the ordinance if the appropriation of \$15,000 is not carried in order to continue this accounting system. I am not going into all the details—I have my thoughts—I have my ideas—I can express them if anybody wants to hear them. I have also listened to Mr. Gallagher, and he was with me a year ago; he has been converted—I am not converted. There has been \$10,000 spent, and \$15,000 asked for, and possibly \$40,000 will be called for, and when the system is installed you don't know how many other experts you will have to get in to instruct the people in keeping the system, and I don't know but at the end possibly it will be abandoned, and you will go back to a simple method. I have not changed my attitude. I heard the Supervisor refer to a \$4000 appropriation, instead of being expended for the purposes appropriated for, it was expended for making jobs. I am going to sustain you in the veto of the ordinance—I am going to sustain you on the point you brought out—if you do not appropriate the \$15,000 for the continuation of this budget, why I can't see any sense for this form.

Supervisor Gallagher: I would like to ask Mr. Hynes if his mind is fully made up on that?

Supervisor Hynes: From the arguments I have heard, Supervisor; if we voted first, as the Mayor said, on the elimination of the \$15,000 item, and you eliminated the \$15,000, I would also sustain the Mayor in his veto on this other ordinance.

(Discussion—Supervisor Gallagher and Supervisor Hynes.)

Supervisor Hayden: This argument today over the budget—naturally the burden of responsibility rests in the hands of the Finance Committee, and personally, as far as political partisanship is concerned, I have nothing in common with any man who is a member of that committee; but I am in this position. Mr. President, and members of the Board of Supervisors: The fact is, the Finance Committee had filed its budget with this Board of Supervisors, and it was threshed out here in the open before the public, and we came to a time where, after many amendments were made, where we found ourselves facing a

tax of \$2.50. We were alarmed, and by my motion, Mr. President, the Board went into executive session and had a conference, where it was agreed a majority on any item, where there was any difference of opinion, would be accepted as the unanimous vote of the 17 members who were a part of that conference, excepting those items on which the Finance Committee had taken a record on. There were 17 members in that conference, and I remember Supervisor Welch at that conference pledging a certain member who was somewhat belligerent and who wanted his own way in an item in which he was particularly interested, when Supervisor Welch said to him and the rest of the Supervisors—Didn't we come in here for a purpose? And that purpose is to get to a unanimous decision, unless we can sit here and abide by a majority vote, then I would invite those who would not agree to it to retire. Is that correct, Supervisor Welch?

Supervisor Welch: In part.

Supervisor Hayden: It is not in part, but in whole.

Supervisor Kortick: That may have been said before I got in the conference. You made a statement—every member of this Board. I did not go into that conference until long after you were started.

Supervisor Hayden: The Board of Supervisors in that conference—those members in there agreed that a majority vote would be a unanimous recommendation to this Board as a whole, excepting those items which the Finance Committee, of course, might take exception to.

The Mayor: There were 17 present, and you pledged yourselves behind closed doors, as you say, to abide by a gentleman's agreement.

Supervisor Gallagher: No, sir.

The Mayor: How is it when the thing went to print there were 15 Ayes and 3 Noes?

Supervisor Gallagher: I am going to say nothing about the conference—I had nothing much to do with it; but I am not going to let Supervisor Hayden say that 17 members of the Board of Supervisors agreed to a solemn pact, or anybody else, to abide by the majority in that committee, because we did not—there were two at least who refused to be bound by any such arrangements.

Supervisor Hayden: There is such a thing as a gentleman's agreement—there is one among gentlemen—I am sure of that, and I am sure it prevails in this Board of Supervisors. I am going to say—forgetting all the other items of this budget, and coming down to the three items in question here today, and after all, those

are the only items in which we are concerned: On those three items I should say there were 17 members of the Board of Supervisors in actual unanimity. Will you dispute that?

The Mayor: There are 17 present today, and three voted NO on the budget, and it takes 15 to put these items back in the budget. How can they possibly go back?

Supervisor Wolfe: The roll call will disclose that.

Supervisor Hayden: I simply want to say, as far as I am concerned—we have had some differences with the Finance Committee. In this instance, Mr. Mayor, I am second to no man in my regards, for you—my appreciation of you as a gentleman and one of the best Mayors the city has ever had. I think you are mistaken in this veto. I want to say, Mr. President and members of the Board—when this item of accounting was in for discussion in the open Board—when it came here—there was no discussion in fact—when that item was reached there was not one word uttered against it. Today I heard Supervisor Hynes say he was unalterably opposed to that item; but when the matter was in before the Board of Supervisors, there was not one vote opposed to it. When the matter went into conference in that all-night session there wasn't one vote here opposed to it; and the item No. 8, as far as employees of the Board of Supervisors—in here and in the conference—there was not any opposition; on the horticulturist there was no opposition; and personally I did not have much interest in the Assistant Horticulturist; but I am going to be bound, Mr. Mayor, by the agreement when I sat down with 17 gentlemen of this Board of Supervisors, and I feel that every man that went into that conference and entered into that compact and voted on these items without debate, certainly cannot change his position today, notwithstanding your Honor's argument here as to the needs of cutting out this appropriation for the lack of the proper accounting system—not the lack, but the need of the accounting system. As far as the accounting system is concerned in a general way, I think it had some very strong endorsements here today as I listened to the letters from the Chamber of Commerce, from the Real Estate Board and the Civic League of Improvement Clubs. Now, those gentlemen, Mr. Mayor, and members of the Board of Supervisors, have made some study of this question; they come to us as a matter of principle, for the purpose of establishing some tangible accounting system in this city government, we ought to override the Mayor's veto—not because it is

Mayor Rolph has taken exception to the accounting system, but because they feel it is to the best interest and a better handling of the funds of the city government. Mr. Mayor, I think we are safe if we override your veto—we can get somewhere in bringing about a standard in the handling of accounts in the various departments of the city government; we have made a start already. I am not interested in Mr. Klink Bean Company—until today I did not know him. It is simply a question of principle and what is best for the handling of the affairs of the city government as far as our finances are concerned. If you take away the \$15,000 from the \$20,000 you have \$5000 left, Mr. Mayor, assigned to the Finance Committee for accounting purposes—what does that mean? You say the Board of Control will come in here and install this system for nothing. I don't know that—we have no assurance from the State Board of Control. From the representations you heard here today it does not seem probable; \$5000 left to the Finance Committee to take care of Mr. Birdsall, expert to the Finance Committee, \$3600, and leaving \$1400 for incidentals for the Finance Committee for the year, and \$1400 for the various demands made upon them is certainly a small sum of money. And I do feel today in voting to override your veto that I am going to take much chance of criticism. I have all respect for your position, but I differ with you in your judgment. If the Board does that, it is going to do something that will redound to the benefit of the city government, and to you and the administration and to ourselves.

Supervisor Power: I would suggest, Mr. Chairman, at this time, if you have any information to give the Board—any particular reason for the vetoing of these items, other than the marginal notes and the letter of explanation sent to the Board, that we have them at this time, because we might be able to give the members further light on them if they had that information from you.

Supervisor Gallagher: I would like to ask the Mayor why he approved this appropriation twice by signature—once in the budget and once in the resolution I read, and why did he allow it to become a law five months after he approved it, and why one year after does he make up his mind the employment was wrong and the money badly spent?

The Mayor: I have not the slightest objection to answering those questions. In the first place, a year ago when this matter came up on the recommendation of the Finance Committee, and it became a personal mat-

ter with Mr. Power, with the Board—that he would take it as a personal affront if the Board did not permit this matter to go in for one year as a trial—

Supervisor Power (interrupting): I would rather you say that—that don't sound exactly good—this personal plea—Mr. Power's claim was, as chairman of the Finance Committee he thought he was entitled to that much consideration—not as Mr. Power, but as chairman of the Finance Committee he pleaded on those grounds. I wish that to be clear.

The Mayor: And, as I have always been in favor of an accounting system, I yielded as the members of the Board did—as a personal plea, that this matter be given a trial for a year. The statement of the Finance Committee was it was money well expended; and while the grand total might run to fifty or sixty thousand dollars, the first ten thousand would be a small sum, and it would be worth the opportunity to give it a trial. Pleas were made to me, and I permitted it to remain in. I therefore felt I should give it a trial, as other members of the Board did, and simply gave it a trial. I did not approve, as you notice there—the one resolution which was acted on in the Board and went through without any action on my part—I purposely permitted that to go on, which did not indicate that I agreed in the employment of Klink-Bean Co.

Supervisor Gallagher: You did approve the employment of Klink-Bean Company, though.

The Mayor: I left the \$10,000 in.

Supervisor Gallagher: You say here—I deem it a mistake to put the task in the hands of any private firm of accountants whose responsibility will end with their contract. But you signed the resolution which employed Klink, Bean & Company.

The Mayor: I did for the reason I am telling you. Now, as far as the payments are concerned—they simply, by coming to my office—I sign all warrants over \$500—the Finance Committee goes over them, and they come into my chambers, and they cannot be paid for ten days unless I immediately approve—I approve the warrants as passed by the Finance Committee. I have had complaints made to me by most of the officials of the City that this accounting system has been a failure. I have had the Auditor of the city of Los Angeles come in my chambers and tell me the accounting system they had down there was a failure. I cannot find an official in the City government who says they are in favor of this accounting system; and when you made the state-

ment today that it saved a hundred thousand dollars—

Supervisor Gallagher: I did not make it that way—

The Mayor: Didn't you make it as broad as that?

Supervisor Gallagher: I did not even wave my hand.

The Mayor: I wanted to read in the record when you mentioned Mr. Sykes' name—I wish to read also in this edifying record—I will also ask that 20,000 copies of this record be printed and distributed to the citizens of San Francisco. I told some of them I would present it to you and see if I could through you have 20,000 copies printed.

Supervisor Gallagher: Would you just answer this: On November 23rd you permitted to become a law, because it took effect 10 days after—you permitted to become a law a proposition which employed a private firm, and nothing said until your message of June 16th in which you say the State Board of Control stands ready to do the work at actual cost, and, I am sure, can do it both cheaper and better than any private accountants.

(Referring to Mayor's Veto, Inform Accounting Ordinance.)

The Mayor: I did not approve it. It became a law without my name.

Supervisor Power: To have the record correct. You did approve it on October 13, 1916. The resolution Supervisor Gallagher refers to, of November 13th, is only a duplicate—a repetition of that enacted by this Board on the recommendation of the attorneys for Klink-Bean Company, so as to have the record proper and correct—that one you did not, but the one which did employ Klink-Bean you signed it.

The Mayor: But I had no criticism made to me up to the 13th of October you refer to; but by the time it came to me again—a new ordinance—I concluded, in view of the fact I had criticisms directed against it. I concluded as I could not do anything, the Board of Supervisors having decided to employ Klink-Bean Company I decided I would await further time the workings of it; I waited until this question came up at the end of the fiscal year because there was nothing more I could do.

Supervisor Gallagher: You will admit you let a resolution or ordinance go through which you do not think is right?

The Mayor: The charter says if I take no action, and the matter remains in my hands ten days without action, it automatically takes effect.

Supervisor Gallagher: The point is this: The Mayor of the city and county should not let anything become a law

which he does not think right; isn't that so?

The Mayor: There was nothing I could do at that time because the firm of Klink-Bean Company had been employed by the Finance Committee.

Supervisor Gallagher: I beg your pardon. They would not be employed until the Board and you approved their employment; they could not be employed up to that time. You will agree with me, any ordinance or law which, in your judgment, is not a good one should be disapproved by you; isn't that so?

The Mayor: I would take that position, yes.

Supervisor Gallagher: Now, then, between November 13th and the time the budget was reported in, you changed your mind on this system; is that the situation?

The Mayor: I have explained to you clearly that I, like other members of this Board, was willing to give this matter a trial.

Supervisor Gallagher: How much of a trial?

The Mayor: I had become convinced that this private accounting system should be substituted by an accounting system installed by the State Board of Control, and wish to say the very resolution you are referring to indicated you were going to take this matter up with the State Board of Control. I say your Finance Committee never did take it up with the State Board of Control.

Supervisor Gallagher: You would not want to dispute our word on that?

The Mayor: No. I would not.

Supervisor Gallagher: If you do, send for Mr. Neylan now. The resolution itself was to bring him in. When did you make up your mind it was wrong to employ a private firm and right to employ the State Board of Control; about when?

The Mayor: As those rumors came from the various departments of the city government—claiming this matter was unsuccessful, theoretical, not practical; when I had officials from outside towns coming into my chambers and telling me the same thing, I then became convinced the State Board of Control ought to take hold of this matter, and there ought to be a uniform accounting system throughout the State of California, and that every city in the State of California should be in the same condition. How can you bring theories in that paying at Fifth and Howard can be done the same as at Third and Market, on the same basis, or Third and Market can be done here the same as on Van Ness avenue?

Supervisor Gallagher: Can you tell me, Mr. Mayor, when you came to the conclusion the employment of a pri-

vate firm was wrong and the employment of the State Board right?

The Mayor: I cannot say, Mr. Gallagher.

Supervisor Gallagher: Have you any idea?

The Mayor: That matter has been growing on me constantly.

Supervisor Gallagher: Have you any idea when you reached the conclusion?

The Mayor: I cannot say positively, not definitely. I was more convinced than ever when you did make up a budget, when I saw the results from the \$10,000.

Supervisor Gallagher: Why did you permit the Finance Committee members, whom you knew were on very friendly terms with you, and one of whom at least who sent word to you he would be pleased to receive any recommendations you had to make—why did you permit the Finance Committee to go ahead and not say anything about your change of views on the question until June 16th?

The Mayor: I will tell you, Mr. Gallagher. You open up a question that carries me back to the budget of a year ago. I sat with this Board and never missed a meeting a year ago on the preparation of a budget. I sat here and I argued with you for every department, and there wasn't a question that I did not discuss with you. We made up a budget; we did the best we could down there; we used our best judgment; we gave our views to the public; we met as provided by the charter, and after working from Monday morning in most acrimonious debate over matters that ought to have been carried on in a harmonious way, the Board of Supervisors decided to go into secret session—

Supervisor Gallagher: And you were sitting there when we did.

The Mayor: I could not stop you. You said you were going in secret session or secret conference to take the matter up—

Supervisor Gallagher: You waited for us.

The Mayor: I could not help myself. I went over to my chambers and stayed there until half-past three in the morning, and when I came over here you took your seat, I took my seat, you took your seats; somebody moved the budget be adopted as brought in; the motion was put and carried, and when we went away we found ourselves with a budget with practically all the things we discussed here cut out by secret ballots in secret session.

Supervisor Wolfe: What would have been the tax rate in this city and county if the Board of Supervisors allowed the budget to remain as passed prior to the conference of the Board?

The Mayor: I don't think you yet

grasp the spirit of the budget; I don't mean budget, I mean the charter.

Supervisor Wolfe: Will you kindly answer my question?

The Mayor: I will when I make an explanation. This Board in open session voted aye by majority vote to put certain items in the budget, and the record was made as to what they thought was fair. When a Board makes up a budget, the charter says, it shall go to the Mayor and he shall cut out or eliminate items or parts of items after due consideration during ten days' time. I think that the spirit of a charter is that the Board of Supervisors should at least send to the Mayor, who at least takes care of certain things in a city government, who at least takes care of the handling of a city government, so at least if there is something to go out, if the matter has got too high, certainly the people expect the Mayor, if the tax rate has got too high, to cut it out and cut it down.

Supervisor Wolfe: May I not get a categorical answer from your Honor? What would have been the tax rate for this city and county for 1916-1917 if the budget had been passed to you by the Board of Supervisors without the action of that conference?

The Mayor: You don't know, and I don't know.

Supervisor Wolfe: I am not saying what it would have been if you had vetoed it; I am asking what it would have been as we passed it?

The Mayor: Mr. Nolan said a year ago, two-fifty.

Supervisor Hayden: I did.

Supervisor Wolfe: Supervisor Power, what would have been the tax rate if we had sent the budget to the Mayor as originally passed in this Board without the conference with the Board that took place at midnight or thereafter last year?

Supervisor Power: Two forty-six.

Supervisor Wolfe: Now, the only difference as to the point that you are making is this, that you claim if the Board of Supervisors passes a tax rate that is too high, that it should be left to you to cut it down.

The Mayor: I claim this: You should either vote out in the open no, or don't go into secret session and cut out so nobody knows how you voted.

Supervisor Wolfe: Don't you remember my statement, made a dozen times on the floor of this Board last year? I voted for increases of salary or an appropriation with the reservation if the tax rate was increased unduly I would vote to cut it out. Do you remember that?

The Mayor: I do.

Supervisor Wolfe: Yes. And that is the only difference between us,

whether we sent you a tax rate which the people would have denounced and damned from one end of the City to the other, and we stand the abuse of it, or whether we exercised our judgment in the open without the conference by voting to take it out, or just permitted your Honor to use the pruning knife, and you do it.

The Mayor: Why did you vote to put it in here and go into the other room and cut it out?

Supervisor Wolfe: I answered you that, and you acknowledged I made that statement a dozen times. We were new in making budgets, and we made mistakes; and that is the answer.

The Mayor: This budget must be working on all of you as it certainly is on me. I have been Mayor for six years going on seven; I have been through five or six budget making periods, and never saw so much trouble over a budget in the whole history of San Francisco as I have over the making of these last two budgets. I say this in all frankness and fairness. I say, it is a terrible situation we find confronting us; I say, if the accounting system and what has taken place here by the expenditure of \$10,000 has brought about the botch and the serious condition we find ourselves in, the quicker we discard it and get something else which will show us some light, the better off we will be. If private concerns are going to put us in this position, then I say, let us get the State Board of Control to come in and let us get some enlightenment what other cities are doing. I am going to put in the record, just because the question has come up, a statement prepared by me of the condition in the Board of Public Works. Great stress has been laid upon the Board of Public Works—great stress is laid upon the fact that they are having more teams employed than some members of the Board think should be employed. Great stress is laid upon the fact there are too many street sweepers, in the minds of some of the members of the Board. Great stress is laid upon the fact that there are too many men down in the sewer department. Goodness knows, San Francisco has been going ahead, and goodness knows there has never been a single stain or suspicion of graft connected with the administration of which I have been the head in all these years. I want this administration to go down in history that this is an administration that did things, that accomplished things, that showed value received for money expended. I am one of those men that realizes the condition of the times; I am one of those men who believes that San

Francisco is not so pessimistic, and San Francisco is not such a dead city, in view of what she has already done, that she wants to cut out and stop improvements that have been started and should be carried forward in the future. I am sure San Francisco does not want her street work crippled; I am sure San Francisco does not want her sewer work crippled, and I am sure San Francisco wants her streets kept clean. This Board has cut out \$184,155 from the street repair fund. Let me tell you, you have cut out \$37,950 from street cleaning; let me tell you, you have cut out \$6,450 from sewer repairs; let me tell you, on the 1st day of this July there will be 89 employees laid off in the street repair, 31 laid off in the street cleaning, 10 employees laid off in the sewer repair, and there will be 29 employees laid off in the building repair, or a total of 159 employees laid off by your action in secret session in cutting out certain sums of money you did not know anything about to try to get even on the Board of Public Works. I tell you that is not the way to handle San Francisco's affairs, and I tell you—A statement was made here by Mr. Gallagher of the saving of one hundred thousand dollars. I challenge the figures. Before I proceed I will now read into the record Mr. Sykes' statement—his statement is as follows, because no system has been installed—And the savings that have been made during last year, some \$40,000 were due entirely to the fact of the checking and rechecking of requisitions and the eliminating of unnecessary positions without injuring anyone—brought about by the elimination of pieces of apparatus that have proven absolutely unnecessary, such as one water tower and three motor batteries. In this year's budget the Fire Department Maintenance Fund has been cut exactly in half—from \$140,000 to \$70,000; \$32,000 has been taken off its salary roll, and no appropriation made for new buildings, hose or hydrants, notwithstanding the fact when it was allowed money last year for the putting up of two buildings, three were built for the same money as previously provided in former budgets. It will be necessary to lay off sufficient men to enable the Department to make up the deficit in the salary appropriation, as well as the deficit in the maintenance appropriation. This is a statement that comes to me by a man whose name was mentioned to you—Mr. Sykes of the Fire Commission. Do you think I have appointed good men to this Department—do you think Judge Davis, Frank Sykes, Mr. Fogarty and Mr. Herring are good men? Do you think they can be entrusted

with money given by this Board of Supervisors? Do you think they are going to be considered thieves? Do you think they are going to spend unnecessarily the money you give them, or let their appropriations for the Fire Department be wasted, which they ought to know more about than you, and which ought to be placed in their hands to be economically expended? You seem to have some kick against Tim Reardon of the Board of Public Works.

You have Mr. Judell, recommended by the City Engineer, Mr. O'Shaughnessy, and you have Mr. Fraser, recommended by the Union Iron Works, when I put them in there—all agreeable men.

And your Department of Public Health—can you find better men? And the Board of Education—where can you find four more reliable people—Dr. D'Ancona, George E. Gallagher, Miss Jones and Miss Regan—where can you find them? And you sit here and cut down their appropriations after a night's conference—after a night's discussion—after a night's edifying education from a certified accounting system that has put the City in the condition it is at the present time—the worst she has been in. Was it this accounting system that cut out the Civic Center; was it this accounting system or advice given by the government research that stopped the finishing of the esplanade, or where did all the advice come from that puts us in the condition we are in, going along in a crippled condition—throwing men out of work that ought to be done—work for the City—work that has always been honestly and well done and ought to be done; and coming down here and making the bald statement this accounting system saved a hundred thousand dollars; and last year—there would be a million dollars saved if Supervisor Nolan had his way? I speak with all seriousness and kindness and friendliness—is that the way to bring in a budget? I say, if this system is responsible for this condition, I say the quicker we can bring in the State Board of Control and adopt a system uniform throughout the State, the better off we will be. What did we get from Dr. Claxton—

Supervisor Gallagher (interrupting): What do you think the State Board of Control will do to some of your appropriations?

The Mayor: I think the State Board of Control, from the experience they have had in a practical way in other cities, and as public officials, will handle the matter in a practical manner, and not in a theoretical manner; and they will leave the City where the City can maintain itself. If the Union

Iron Works or any large business, or your business or my business were put in the position this City has been put in you would go busted within a year—

Supervisor Gallagher: Prove that.

The Mayor: It would put them in a crippled condition. The Fire Department is crippled \$70,000. The Fire Department is the best Fire Department in the world—the Fire Department is a credit to San Francisco—the Fire Department has been increased and equipped and will soon have complete motorization, and lower rates ought to be installed in the fire insurance business. You have crippled the Fire Department by \$70,000 in this year's maintenance fund alone.

Supervisor Gallagher: Show it.

The Mayor: While you were out I read Mr. Sykes' statement in the record.

Supervisor Gallagher: I have not heard it, but I know it is the same old cry. Show us where we have crippled anything, leaving the Esplanade out there.

The Mayor: I think for what the City expended, some money should have been put in for the Esplanade. I think that street down in the Civic Center should have been put through, and I think Hyde street should have been put through.

Supervisor Gallagher: How do you explain the fact there were less people before us this year asking for money than ever before in your time or mine—how do you explain that?

The Mayor: I only know as time goes on, and as we find this year coming upon us, the new fiscal year, I believe the statements made to me by the Board of Health, the Fire Department, and the Board of Education, and my Board of Public Works—

Supervisor Gallagher: Does the Board of Health say it is crippled?

The Mayor: Yes, and every one. Another thing I cannot understand—\$50,000 for the Tuberculosis Hospital, put in here, goes out in the secret session.

Supervisor Power: Did the Board of Education say they were crippled, too?

The Mayor: Yes. Now, I say to you in the words of Supervisor Wolfe—that you have a moral obligation to keep Klink-Bean Company, and you should not deprive them of due compensation and their connection with the City government. I desire to apply those statements to the employees and others of the City government that you have cut out.

Supervisor Wolfe: Including Mr. Forbes.

The Mayor: I will explain Mr. Forbes' case now. I had forgotten him. In the case of all these parties you

have cut out in the city government, needed by the city, the arms of the city, the same as a workman is in any institution, cut them out—

Supervisor Gallagher (interrupting): We did not cut anybody out.

The Mayor: Yes, you have. There will be 159 laid off the 1st of July.

Supervisor Gallagher: Is it not a fact the Board of Public Works laid them off for the moral effect?

The Mayor: Absolutely not.

Supervisor Power: You will not deny the statement that there was a lay-off in the Board of Works from the 1st to the 6th day of June, this month?

The Mayor: They were crippled last year. You know they have been laying them off, and they have been taking their turns—

Supervisor Power: The fact remains, however, that there was a lay-off in the Board of Public Works, and for the entire department, for six days during the month of June; but you answered in reply to Supervisor Gallagher's statement, you said no.

The Mayor: I did not want to give that impression. I have had people at my home every morning, teams laid off, men laid off and work stopped. You did not give enough last year. You do not realize you have a city of 540,000 people now; I don't think you realize the growth of the city. People expect to see the streets cleaned away in the outlying districts. I don't think you grasp this situation, and yet a statement is made here. Why do you deprive Klink-Bean Company of their \$10,000, and at the same time you deprive the Board of Public Works of \$297,555 provided you do not give them the \$30,000 for Mission street and the \$39,000 for McAllister and other streets. Why should the Board cut out \$25,000 here off playgrounds? Why should the Finance Committee cut out \$25,000 for the Southeast Mission Playground, permitting manufacturing industries to come in there and destroy the \$25,000 already put in there?

Supervisor Mulvihill: It is in there.

The Mayor: On the fixing up of the Hunters Point Boulevard, after asking all these people to come in and putting up their hard money, and getting the city to collect all their money, and then the city not to put up any?

Supervisor Power: You mean to address this Board that way? I think the members are going to take that seriously. You know there is not a cent of appropriation placed in the budget for that particular project, Mr. Mayor. That was started out of the good roads fund, and you know it, and the Board of Works, and the Engineer's office know it, and when the report of the Engineer was made it was to be completed out of the good roads fund. It never was in the budget, and

never recommended to be put in the budget.

The Mayor: I am the head of the administration, and take pride in my administration. I am crippled, hampered and get nowhere with this budget we have now and have had last year.

Supervisor Wolfe: I have listened to your very interesting discussion in which you refer to appropriations cut out, including the playgrounds, Board of Public Works, Board of Health, Esplanade, Hyde street and the School Department, and a few dozen other things; your Honor said here a couple of weeks ago you were interested in the Board keeping down the tax levy

The Mayor: I certainly am.

Supervisor Wolfe: Will you explain, if we had included all the things you now advocate, and which you admit are increases, how could we have kept the tax levy down to anything near where it is, if we included all the things you suggest, including raises of salaries?

The Mayor: Didn't you vote for them?

Supervisor Wolfe: Yes. But how do you figure you could keep the tax rate down anywhere near where it is if you had included all these things in the budget?

The Mayor: You have attempted to enact a tax rate here, to make a tax rate of two twenty-six; you have attempted here to make a tax rate so low—I don't know what the object was in trying to make it as low as it is—

Supervisor Hayden: Two thirty-one.

The Mayor: I think the people would have been satisfied if we finished the Civic Center, or part of it; I think the people would have been satisfied if the \$50,000 for the tuberculosis hospital was put in; I think the people would have been satisfied with \$25,000 more for the Esplanade; I think the people would have been satisfied to have one or two items, not fresh in my mind just now, and increase the tax rate from 2.26 brought in by the Finance Committee, to whatever sum it would have made if these particular public projects had been put in.

Supervisor Wolfe: Then I don't think you are in close touch with the public sentiment.

The Mayor: I have been for the past six or seven years, and have not heard anybody kick yet.

Supervisor Gallagher: I dare you to go down in the tax office one day.

The Mayor: I don't blame people for kicking about paying taxes—it comes around sometimes at the wrong day of the month; it comes around sometimes when they are broke; but still they

never begrudge the payment of taxes for public improvements.

Supervisor Wolfe: I was about to suggest—I can see a solution out of all this trouble, and if you will pardon my saying a word or two, there is a solution for all these difficulties. I agree with you the meetings of this Board have not been what they should have been. I agree with you we have frequently made a spectacle out of ourselves, that our meetings here partake of the character of vaudeville shows to which people come for entertainment and amusement, and I am going to take upon myself part of the blame for it, and I ask your Honor to take upon yourself part of the blame also—

The Mayor: I do not—

Supervisor Wolfe: I ask you, nevertheless; I ask you to see whether we cannot get together. We are a part of this administration, just as you are, and we have the interests at heart, just the same as you have, and I know you have. Can't we get together and have this bickering and these personalities cut out in the future, and try to act as one, you and the Board of Supervisors, to accomplish something for this city and county? Take us into your confidence, invite us into your councils, at the right time, Mr. Mayor—

The Mayor: I do that all the time.

Supervisor Wolfe: You are very courteous and very kind, and the most affable and lovable gentleman I ever met in public life; but I take objection to that: You have not taken us into your confidence on public questions; we would be glad to meet with you in your views, but don't get away from the idea that the people don't care what the tax rate is.

The Mayor: I don't say that.

Supervisor Wolfe: That is your statement.

The Mayor: I don't say that. I say, for these public improvements which have been started, a small sum of money put into the budget to finish them up, the people would have been willing to pay an extra tax to have those go on, and not having them lay there and go to ruin.

Supervisor Wolfe: It would have taken 25 cents more for what you have advocated.

The Mayor: It would not have taken 7 cents more, and 7 cents more would have made it 2.33, and I would have told the people, we are paying a debt on account of which we had no control, and our tax rate is the lowest of any city in the country.

Supervisor Power: I realize it is getting late, and I will be as brief as I possibly can; but it is absolutely necessary before touching upon the veto of the Mayor on the Object of Expendi-

ture Ordinance, to clear up some of the statements that have gone into the record in so far as reducing departments are concerned. I think the record should show that when reference is made in the reduction in the department, or cutting down of the department, that has reference to the reduction of the amount asked for by that department—a request that has never been granted in the history of the city so far as the full amount requested by the department is concerned. Mr. Mayor, I was not surprised at the criticism of the reduction in some of the departments, but I was in others. I want to leave this thought with the members of the Board and yourself: There was a statement made regarding a reduction in the School Department, a cutting out in the School Department, when, as a matter of fact, we have increased the appropriation over last year for that department \$135,000. I want to refer back as far as the budget of 1912-13. The budget of 1912-13, at the preparation of which budget the present president of the Board of Education was a member of the Board of Supervisors; the budget prepared in June, 1912; in the previous budget to that there was an appropriation of \$1,777,500 for the School Department, and \$100,000 for repairs. The 1912-13 budget, that was the first year that you took office, and there was an increased appropriation of \$35,000 for the School Department over the previous year, \$35,000, and \$100,000 for school repairs; in the 1913-14 budget, the increase over the previous year was \$55,780, and \$100,000 for repairs. Those two years the present president of the Board of Education was a member of the Board of Supervisors, and voted for both those budgets. The first year that we had anything to do with the making up of a budget, the increase for the School Department in the 1914-15 budget was \$112,000 and \$129,885 for school repairs—an increase of \$75,000 in the maintenance of the department, and an increase of \$30,000 for repairs. The appropriation in 1915-16, there was an increase of \$150,000, and \$114,000 for repairs, as against the appropriation of \$35,000 and \$55,000 increase in 1912-13 and 1913-14. In the 1916-17 budget we increased it \$125,000 over the previous year, and allowed \$115,000 for repairs. This year we allowed \$135,000 more than last year and give \$115,000 for repairs. Notwithstanding that fact, the statement is made that we have cut out from that department an allowance of money. Now, the record should show equally on that, that we have done nothing of the sort, but that we have allowed the department an increase of \$135,000 over last year. As to the Fire Department, Mr. Mayor:

Mr. Holton, will you kindly say whether I quote correctly or not, in the conference we had with Commissioner Sykes? Was it not clearly understood that there would be a reduction in the maintenance allowance of that department, and that they, through suggestions made, and through the plans that had been concurred in by yourself of the Bureau of Research, and the Commissioners, and myself, that that would conserve a certain amount of money in the personal service roll that they would apply to the use of their maintenance. Is that correct?

Mr. Holton: That is correct.

The Mayor: Commissioner Sykes agreed to that plan?

Supervisor Power: He did. I understood it was necessary—understood such a plan was necessary on account of the fact there would be a graduated decrease in personal service throughout the year, and that on account of the operation of the one-twelfth act it would be impossible to show in the appropriation as of the first of the year the total contemplated decrease in personal service throughout the year. I think I have stated that as Mr. Sykes' attitude. I wish to state I have the highest regard for Commissioner Sykes. Commissioner Davis and Commissioner Sykes last year were perfectly satisfied, and when I left them this time they were perfectly satisfied. Commissioner Sykes will tell you and the members of the Board, as far as the accounting system is absolutely concerned—your record is correct as far as the accounting did not save anything. They are about to install in the Fire Department the accounting system—they have already the foundation work laid out and they are ready on the 1st day of July to go in there; but Mr. Gallagher's statement, which is concurred in by myself, was that the budget form gave us the information, and which was the only matter in connection with the budget that the accounting firm had anything to do with, or the Research Bureau had anything to do with—I want that understood for all time. Insofar as the amounts put in the budget are concerned, nobody had anything to say with that except the heads of departments and Supervisor Gallagher and myself, who reported the budget; but the budget forms, as Supervisor Gallagher informed you, and I concur in, they did give us certain information which put us in a position to materially reduce appropriations requested: That is the statement—that is the factor. The accounting system itself will not affect a saving, but it is the system that gives us the necessary informa-

tion so that we can prevent waste—that is what will effect a saving in the City and County of San Francisco. For instance, I will state to you, the gentlemen sitting next to you (City Attorney Lull), when he prepared his budget, he did the same as his predecessor had done—he roughly estimated what he would need for the year; when the new form was transmitted to him, after he made his estimate, and the new form was transmitted to him, he showed when it came to an itemization of his needs that he could ask for \$7000 less than he had asked for previously. Is that not a fact, Mr. Lull?

City Attorney Lull: I reduced the amount of my appropriation for general litigation.

Supervisor Power: Seven thousand dollars.

Mr. Lull: Not that—

Supervisor Power: I recollect it was \$7000. Anyway there was a saving—that was the result; and the same thing holds good in the District Attorney.

The Mayor: That is theoretical, isn't it? There has not been any saving at all yet, has there?

Supervisor Gallagher: Certainly.

The Mayor: Where is it?

Supervisor Gallagher: If you don't give them what they want, it is a saving.

Supervisor Power: Nevertheless the data given to us put us in a position to effect a saving. Now, the matter of the Fire Department—to go a little further into that: We did not care about going into it at the time of the budget because it was understood they would conserve a certain amount of money in their personal service, and they would apply that to their maintenance. Only the other day I consented to allow the Fire Commissioners to use \$10,000 out of surplus—they will have to buy hose and other material, and equipment that they thought was advisable to do under the present year's contracts, which would save considerable money. There is not anybody will say that the Fire Department cannot be conducted on the money allowed. Commissioner Sykes will not say that—

The Mayor: They will have to maintain it on whatever you give them.

Supervisor Power: He will maintain it, and I think if you question him, he will tell you it has been very expensively conducted heretofore. It may surprise you, Mr. Mayor, to know that the records of the Fire Department were kept on scraps of paper until very recently—that may surprise you, and may surprise the citizens of San Francisco, that the

records of the Fire Department were kept on scraps of paper instead of having them in the proper shape they should have.

The Mayor: I think you should explain that. What records do you mean?

Supervisor Power: The only explanation I will give on that is this statement by the Commission.

The Mayor: What kind of records were they—lead pencils?

Supervisor Power: I think, if I recollect it, it was proceedings of the meetings.

The Mayor: You mean, the minutes of the meetings?

Supervisor Power: Yes, sir; up to the time they employed a stenographer to take them.

The Mayor: Do you need a certified public accountant to show how to keep minutes of a meeting?

Supervisor Gallagher: Some do.

Supervisor Power: You transmitted a communication to this Board you are absolutely in favor—

The Mayor: I am only questioning the statement made—only a short time ago the records of the Fire Department were kept on scraps of paper.

Supervisor Power: And I informed you that was the information conveyed to me by Commissioners appointed by yourself. I would again suggest, Mr. Chairman, not to interrupt until we finish. Now, the matter of the Civic Center completion has been touched upon, and I am going to state my position on that—that, as you well know when the bond issue was proposed for the construction of the City Hall and Civic Center, it was suggested it be \$10,000,000—it was submitted to the people, I believe, at \$8,500,000—

The Mayor: \$8,800,000—

Supervisor Power: And it was contemplated from the very beginning that there would be a shortage. Now, it will take at least a million and a half to complete that scheme, and I think that is a proposition that we should not try to put in the budget, and have it carried on for a period of 10 or 15 years; I think we should submit it to the people when we have the question on the school bond up, and see whether or not they wish to complete that scheme. It is their project, and let us see whether at this time they want to spend the million and a half. That is, I think, the proper solution of the question, and that is the only reason I did not favor putting anything in the budget. You spoke of the City Auditor of Los Angeles telling you the system they had in Los Angeles was a failure—

The Mayor: The private accounting—

Supervisor Power: Did he tell you who installed that?

The Mayor: I have it in my chamber.

Supervisor Power: It was not put in by any expert accountant, Mr. Mayor; that was put in by the auditor himself. You have stated in your veto message the Board of Control should do the same here as they have done in Los Angeles; that is why I asked you if they put in the system in Los Angeles; according to your statement, they did, which happens to be incorrect—they have not put any system in Los Angeles.

The Mayor: I happened to get the statement from Mr. Neylan.

Supervisor Power: In Los Angeles County—not the city.

The Mayor: This is a city and county.

Supervisor Power: That was put in by the Auditor of Los Angeles. I presume it is a system the Board of Control has corrected or improved upon. But, at the same time, let me tell you they are having a little time down there striking a trial balance. I think the last we heard of it they were about \$10,000 shy. I think the statement you made to the Board regarding the elimination of items and the laying off of men in the Board of Works—I think that is the real meat in the cocoanut why the accounting is stricken out.

The Mayor: Oh, no—not at all.

Supervisor Power: I am merely giving you my opinion, without any lack of respect; that is the judgment they have given me. I think, in view of the feeling you have displayed, I am of the opinion insofar as the elimination of the accounting is concerned, where it is agreed by everybody here it is a good proposition, and it is advisable to have it—it is only a question of who shall put it in, which is a future consideration, and not a question before the Board at this time; but in view of the fact I have advocated it, it looks very much to me, whatever might have happened to the Board of Works—the Mayor not having the time he should have to deal with this budget—we all know you were busy on the Liberty Loan proposition—we all know the only opportunity you had was last Friday morning, so you could not have given that the time you would like to have given to it—I think that this you will agree to, otherwise I don't think a phrase would have been changed if you had proper advice on it. I do not want to dwell upon the fact the elimination is directed at me. I merely want

to correct your statement that might have gone into the record—the statement applying to last year: As the members of the Board know, two members of the Finance Committee felt, when the Board proceeded to make up their own budget, they felt they had been insulted and two left the room when they saw the work they undertook to do with me for several weeks was thrown into the waste basket, and they thought to leave the room, though I did not join with them. When this item of \$10,000 came up I made a statement, as chairman of the Finance Committee, if I assumed that position and did the work I thought I was entitled to sufficient consideration in my endeavor to put in some methods I thought would save money to the people of San Francisco—that is the plea I made, and that is the same statement I make to the members of the Board now, irrespective of who it may be. If the Board of Control will come in and do it, all well and good; but I will say, Mr. Mayor, right now, I don't think you will ever invite the Board of Control to come in and put an accounting system in the City and County of San Francisco—that is my opinion. I think after you study it out, and read the handwriting on the wall—I think when the question of the resignation of a certain party is considered, you will probably know who will dominate the Board of Control. However, the question before the Board on this is simply whether or not this ordinance is a necessary proceeding to the accounting system—the budget itself is predicated upon it. So long as the City Attorney has ruled the elimination of the phrasing and wording as done by you does not stand, then the budget ordinance as passed by this Board stands—the wording, etc. Then, I think, so long as it does there is nothing left but override the veto of the Mayor and adopt the ordinance, because it is necessary in keeping with this budget—it is a step forward, and if any member is going to vote otherwise it is taking a step backward. The Mayor states an accounting system is necessary—he believes in it. As I said before, if this ordinance is not adopted now, it will be adopted when the Board of Control or a firm of any other accountants come into San Francisco, because, as told you, it is standard, and practically adopted by every city in this country as a standard; so no firm of accountants or the Board of Control are going to try and belittle themselves by having such an ordinance enacted. I realize the members are tired—they have practically made up their minds. I

merely want to say, the members of the Board undoubtedly knew what they were doing when they passed the ordinance. This particular ordinance, as I recall it, passed the Board unanimously—the Finance Committee and every one else joined in, and the money—

The Mayor: How did the Finance Committee vote on the final?

Supervisor Power: Mr. Mayor, let us get it correct: We are acting on the veto of the ordinance on the Object of Expenditure—that is the question before us.

The Mayor: There is nothing in the budget been shown me the Finance Committee did not vote against it—I beg pardon,—the \$15,000 I am speaking of.

Supervisor Power: The members of this Board all voted for that, and voted unanimously. There has been nothing developed here today—either from the Mayor regarding this ordinance—no valid reason that I can see why the ordinance itself is not necessary. On the contrary, you have had various representatives from various civic bodies of the city saying it is a step forward. How, in the face of that, any member can turn around and change his position on it, and stultify himself, I cannot see. I just want to leave this information with the Board: Most everybody who has carried on the debate here has touched on both propositions at the same time, and I guess it is probably just as well; but great stress has been laid upon the fact that the Board of Control will come in here and put in an accounting system. Now, surely the chairman or any member of this Board is not thinking they are coming in here and putting it in for nothing. The accountants of the Board of Control are compensated so much a day the same as other accountants are compensated. We had an estimate from the Board of Control, what they would do it for, and it was no cheaper than a private concern. Regarding nothing has ever been said to the Board of Control or any member of it, regarding their coming in on this accounting system: I think it was in January or February, while I was in the secretary to the Governor's office, I was introduced to Mr. Neylan—the first time I ever met the gentleman, and he made reference to the accounting system here, and also said he understood they were not wanted. I took particular pains to point out to Mr. Neylan the resolution that the Board had adopted, wherein they were to be consulted, the county officials were to be consulted, and the bookkeepers and the others in the departments, no doubt, and informed him, so far as this firm was

concerned, when they got to the county offices on the matter of accounting they would gladly ask the Board of Control to co-operate with them; so, in the face of that, I don't see how, unless Mr. Neylan absolutely forgot that conversation, how he can say nothing was said. On the top of that, Mr. Holton of the Research Bureau had a conversation with him, and, if I understand correctly, he led him to believe at that time they were not quite equipped to come in and do the work. So there is twice the matter has been mentioned to Mr. Neylan. And, as I stated, the firm itself proposed—in keeping with the resolution proposed to consult with them when they came to the county offices. On the matter of systems put in, we have data from the Auditor of Oakland showing there has been a material saving effected in the City of Oakland as the result of the system installed by Klink, Bean Co. Instead of reading this document, which is a eulogy of their work, I am going to say they put in a system in the school department at a cost of a thousand dollars; the Board of Control put in a system for the school department of Los Angeles at a cost of \$4500, or almost four times what it cost a private firm to put it in the City of Oakland. And I am going to close by saying, I think the Mayor's veto should not stand, because, as I have stated, the ordinance is absolutely essential to the budget, and it should pass for that reason. The members passed it before unanimously—they must have understood the merits of it—nobody since has questioned the merit of it. It is simply a misunderstanding it is the accounting system instead of the Object of Expenditure Ordinance, upon which the various departments will be guided in their appropriations. I sincerely trust the members will not take a step backward, because, if they do, I predict some time in the future they will have to come back and adopt some such ordinance as this, and they might just as well stand on their original vote and vote to override the Mayor's veto.

The Mayor: You ask me, Mr. Wolfe, did the same thing apply to Mr. Forbes?

Supervisor Wolfe: Yes. I meant with regard to the statement your Honor made of laying off men and dismissing them.

The Mayor: I presume it applies, the same question, to the elimination of one assistant horticulturist?

Supervisor Wolfe: No. That is a new position.

Supervisor Gallagher: Why did you want Mr. Forbes fired—what has he done?

The Mayor: I will tell you why: You gentlemen have stated on many occasions that you had too many clerks.

Supervisor Gallagher: Twice we said so.

The Mayor: And you have stated at least one and possibly two should go.

Supervisor Gallagher: Three.

The Mayor: Now, in your great spirit of economy you left all three in, didn't you?

Supervisor Gallagher: No. We still maintain there's too many.

The Mayor: But still left them in, maintaining there were too many—

Supervisor Gallagher: The Board left them in—the Finance Committee did not.

The Mayor: The Finance Committee, of course, I fully expect will sustain me on this matter, as well as on the elimination of the assistant horticulturist. If you think three should go, why I have simply helped you out on one.

Supervisor Gallagher: Why did you pick that one?

The Mayor: I will tell you why I picked that one: You have stated you are overloaded, and someone had to go; that one has been very busily engaged in making up a minority budget, which you gentlemen threw in the waste basket—

Supervisor Gallagher: Are you sure he did that?

The Mayor: I am positive of it.

Supervisor Gallagher: I don't know it.

The Mayor: And in my explanation I say, I cut out one assistant clerk, namely Charles H. Forbes. I thought you gentlemen, realizing that you should cut out three, you did not know how to do it, and you did not know which three you would cut out, and if it came to two, you did not know which two you would cut out, and if it came to one, you would not know which one to cut out, because you would all have a favor to pay, and the result would be that the taxpayers of the City and County of San Francisco, because you could not agree, the overloading would still be there.

Supervisor Gallagher: Mr. Forbes was put in by your administration, apparently for services rendered.

The Mayor: Then I am taking the responsibility of taking him out.

Supervisor Gallagher: Why do you pick on him? You forget all the rest of the work he did all last year.

The Mayor: I feel I should be sustained in view of my veto message on the ordinance—in view of my veto message in eliminating the \$15,000 on the budget—that my activities should be confined as far as possible to the question of the budget making and the

accounting system, and, inasmuch as Mr. Forbes' activities were directed largely to making up the minority budget, which you gentlemen thought absolutely worthless and put in the waste paper basket, I felt I was doing you a very good turn in taking Mr. Forbes out. I fully expect the Finance Committee, when you say you have three too many, to sustain me on that item.

Supervisor Gallagher: You change your veto to read three clerks, and we will sustain your veto.

The Mayor: I have only been told one was unnecessary, and in my co-operation with the Finance Committee, in the cutting down of the meager sums which you left me to cut down, why I just took that one. I thought if he could not show how the million to the taxpayers could be saved, and could not explain it, I thought he should take the same course, and eliminated him.

Supervisor Nolan: I hardly think you are serious in eliminating a clerk of the Board of Supervisors simply because he did his duty, which I, as a member of the Finance Committee, or any member of the Board of Supervisors would have the right to ask any clerk to render any assistance he could or to give information pertaining to his official capacity. I gave Mr. Forbes orders to give me the assistance he could give. Now, he gave me most of his assistance in his own time—considerable of it.

The Mayor: He might have done better if he did it in the city's time—the budget might have been better.

Supervisor Nolan: I want to say this—I do not take you serious in regard to the reason.

Supervisor Gallagher: Wasn't Mr. Forbes originally appointed for great political service to the Mayor?

Supervisor Nolan: I feel, if Mr. Forbes loses his position, I innocently have forced Mr. Forbes to lose that position.

The Mayor: You would probably be united with the Finance Committee if you did not have that advice.

Supervisor Nolan: I don't think so; for this reason—you have seen my minority budget prior to the action of the waste basket.

The Mayor: I am sorry to say I did not see it because it got in the wastepaper basket so quick.

Supervisor Nolan: I don't believe that. I took it up with your Board of Works, and it is not entirely charged up to Mr. Forbes. Mr. Reardon and the bookkeeping department of the Board of Public Works I sought information from.

The Mayor: Will you explain to the Board, to me, and yourself, and to the people of San Francisco, how it is for

the first time in the history of the city that we have had a majority and minority report from the Finance Committee; and, secondly, how, if you have benefited by the accounting system, which I have vetoed, and cut \$15,000 off—how is the Board and myself to get any enlightenment when you, the three members of the Finance Committee, cannot agree, and you bring in a minority report after having the advice of certified public accountants.

Supervisor Nolan: We are discussing Mr. Forbes, Clerk of the Board of Supervisors. I am going to make this statement: I think you were somewhat familiar with my budget, whether prior or afterwards—everybody about the City Hall has passed very favorable comment on it.

The Mayor: I never heard of it.

Supervisor Nolan: I think the excuse regarding Mr. Forbes is very weak.

The Mayor: Why have Mr. Forbes and Klink, Bean Company too?

Supervisor Nolan: Any member of the Finance Committee has a right to submit, if he cannot agree with the other two, his own report—if in his best judgment, even though it don't amount to much.

The Mayor: Why have \$17,100 more in the tax levy next year to bring about a similar condition next year?

Supervisor Nolan: I might repeat the question of Supervisor Gallagher—Why have so many teams when one or two could do the work?

Supervisor Power: Why pay \$14 when you can get them for \$6.

The Mayor: I hope that is in the record.

The Mayor: I cut out \$1200 for one assistant horticulturist—Judge Thomas F. Graham is performing this service without cost to the taxpayers.

Supervisor Nolan: Does Mr. Graham belong to the Union?

The Mayor: Judge Graham?

Supervisor Nolan: Yes.

The Mayor: Yes; he carries a card. The assistant horticulturist position was to have been given to Edward Hoey. Mayor Rolph's cut in the budget brings the aggregate appropriations for the fiscal year, 1917-1918, down to \$15,719,690 from the total originally set at \$15,737,990. Scarcely had the Mayor's action become known than Supervisor James E. Power, Chairman of the Finance Committee, who had sponsored the appropriations for the accountants cut out by Rolph, began an attack upon this action and consulted with City Attorney George Lull over the legality of several of the Mayor's budget changes. Said Power: It is extremely unfortunate that the Mayor should permit his personal feelings to enter into his con-

sideration of the budget. Oddly enough, in attempting to strike at me in eliminating the position of assistant horticulturist, he succeeded only in slapping his own appointee, Supervisor Kortick. Power went on to explain that Hoey had been promised that position by Kortick as a reward for aiding Kortick in the last municipal campaign. He said Kortick had failed to find a position for Hoey and finally set to work creating one. Now, should the taxpayers of San Francisco create a position for some friend of Mr. Kortick, who helped him in his campaign?

Supervisor Kortick: I want to answer you when you get through.

The Mayor: Is that true, Mr. Kortick?

Mr. Kortick: I do not want to get into a long argument in this matter, but I want to say this: Mr. Hoey is a personal friend of mine, and I would have been very glad to see that he got some position if I could possibly get it for him. During the two years I have not got one measly position in this administration. Mr. Hoey is a personal friend of mine, and I would be very glad to do anything I can for Mr. Hoey—even now. Mr. Hoey came to me—I knew nothing about creating this position until Mr. Hoey came to me and told me this position was contemplated and asked me if I would consider him. I told him yes. I did not know the position was going to be created, or what the horticulturist was, or anything about the creation of the position. When Mr. Hoey spoke to me, I was very glad to do all I could for him. I want to say further, I did go to Mr. Power in the interest of Mr. Hoey some six months ago—both interested ourselves with Mr. Reardon—he being a friend of both of Mr. Powers as well as myself. We were unsuccessful. This matter came up and I was very glad to support Mr. Hoey for this position, and very glad to do anything I could for him. I did not know anything about the position until it was told to me and then I told Mr. Hoey I was very glad to do anything I could.

Supervisor Power: That was the statement given by Supervisor Power just as Supervisor Kortick stated.

The Mayor: This is not quoted correctly, then?

Supervisor Power: No. I was going to say, were you ever misquoted?

The Mayor: I was never misquoted once.

Supervisor Power: Do you recall that you told me in your office you were misquoted on a certain matter?

The Mayor: I do not remember it.

Supervisor Power: If you do not

remember it, I will call your attention to it.

(Call from members of the Board for the Question.)

The Mayor: The question before the Board is the consideration of the Mayor's veto on Bill 4556, Ordinance 4210 (New Series) entitled Establishing a Uniform Classification of Expenditures. The question is, Shall the ordinance finally pass notwithstanding the objections of his Honor the Mayor. No sustains the Mayor, and the vote Yes overrides the veto—No sustains the Mayor's veto, and Yes sustains the ordinance, and overrides the veto. Call the roll.

Veto of Accounting Ordinance Sustained.

The Roll was called and the veto sustained by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Mullvihill, Nolan, Power, Walsh, Wolfe—10.

Noes—Supervisors Hocks, Hynes, Kortick, Lahaney, Nelson, Suhr, Welch—7.

Absent—Supervisor McLeran—1.

The Mayor: The veto is sustained.

The Mayor: The question before the Board now is consideration of budget of municipal expenditures for the fiscal year 1917-1918 as returned by his Honor the Mayor. The question is, Shall Item No. 8—

Supervisor Power: Let me interrupt. The question is, Shall the Mayor's veto be sustained, or shall the ordinance pass notwithstanding the veto?

The Mayor: It will be necessary to pass on the item.

Supervisor Wolfe: I move, Mr. President, that we proceed to consider the veto of the Mayor seriatim—that is, each one of the three separately; that is, the \$15,000, one clerk, Board of Supervisors, and the deputy horticultural officer.

(Seconded.)

The Mayor: All in favor say Aye.

The Mayor: All opposed, No.

(Ayes carried.)

The Mayor: Call the roll on each item seriatim. The Charter provides it must be taken up separately on each item.

Supervisor Power: Is that right, Mr. Lull.

City Attorney Lull: I think so. Section 14, chapter I, article II. The only thing before the Board is the veto on three items, namely, the elimination of one and the reduction of two others, and the only action the Board will take is upon those three items—each veto must stand upon its own reason, and must be acted upon separately.

Supervisor Power: I thought it would be well to state the question to

the Board. I take it the only thing—

The Mayor: I thought you understood my statement as inserted in the record as the first proceeding in the morning.

Supervisor Power: Did that cover that point?

The Mayor: Absolutely. There is no question about it. The record is clear on the situation and not neglected in any way. The question before the Board is upon the consideration of Item No. 8—one clerk at \$2100. I cut out one assistant clerk, namely, Charles H. Forbes, unnecessary expert in making up minority budgets for two years, both of which your Honorable Board threw in the waste-paper basket.

Supervisor Gallagher: The City Attorney has ruled you cannot specify whom the clerk may be, is that not so?

Mr. Lull: The newspaper stated that, but the questions presented to me were presented categorically, and there was no question presented to me—

Supervisor Gallagher: I want to ask, if one clerk is cut out, does that mean any particular clerk?

The Mayor: I would consider that it meant Mr. Charles H. Forbes.

Supervisor Gallagher: I would like to be sure of it.

(Question called for.)

Supervisor Wolfe: I would like to call your attention to the opinion of the City and County Attorney upon the question now before the Board for consideration, and to concur in the opinion of the City and County Attorney, which is as follows: "I therefore conclude, first, that the Mayor's veto cannot be acted upon until Friday, June 22nd, 1917, and, secondly, that the Mayor has, within the powers vested in him by Section 4, Chapter I of Article III of the Charter, vetoed in whole Item 49 of the Budget, reduced Item 8 from \$4200 to \$2100 and reduced Item 34 from \$20,000 to \$5,000 and that in other respects, the budget remains the same as prepared by the Supervisors." All we are voting on at this time is the question whether the veto of his Honor reducing the appropriation for two clerks of the Board of Supervisors from \$4200 to \$2100 shall stand notwithstanding the veto of the Mayor; and the question of the incumbent of that office is not before the Board at the present time at all. That is a matter for future consideration, and I desire to respectfully call your Honor's attention to the fact, after all it is the Board of Supervisors makes the payments subject to your Honor's veto or approval; and the City Attorney's opinion is absolutely in accordance with the law.

If we cut down the Budget from \$4200 to \$2100—there is no reference in the Budget to any person. Your Honor has reduced that from \$4200 to \$2100, and that is as far as you can go.

The Mayor: I can go only as far as I can go.

Supervisor Wolfe: You have gone a little further by naming a particular appointee, which is not included in the Budget itself.

The Mayor: You only have two clerks at \$2100.

Supervisor Power: That is up to the Finance Committee to determine who it will be.

Supervisor Gallagher: To determine who it shall be.

The Mayor: The question is, shall the Mayor's veto on the elimination—reduction of one clerk at \$2100 be sustained.

Supervisor Wolfe: Shall the item just mentioned stand notwithstanding the objection of his Honor the Mayor.

The Mayor: Shall item No. 8, as finally passed by the Board, stand notwithstanding the objection of his Honor the Mayor.

Supervisor Wolfe: That is correct.

Supervisor Welch: Do I understand now the Board of Supervisors must select between those two men?

Supervisor Power: The Finance Committee.

Supervisor Welch: Between the two men drawing a salary of \$2100?

The Mayor: It must be a \$2100 man, absolutely. The City Attorney says so; it must be a \$2100 man.

City Attorney Lull: The item is \$2100—to sustain it, it would take off one clerk at \$2100.

Supervisor Gallagher: We would have the appropriation reduced or exchanged?

City Attorney Lull: Yes.

Supervisor Gallagher: It would be up to the Board to revamp its finances to reduce clerk hire \$2100, is that the situation?

Mr. Lull: Yes.

Supervisor Wolfe: The question now before the Board is shall the report of the Finance Committee stand at \$4200.

Supervisor Gallagher: The question is can the Board, when this appropriation is cut out, say he shall be dispensed with.

Supervisor Wolfe: Don't you think it best to determine whether the Mayor's veto shall be sustained or not, and afterwards figure out through the Finance Committee what shall become of the employees, and who shall go if this veto shall be sustained? Aye overrides the veto and No sustains the veto?

The Mayor: Yes.

Supervisor Lahaney: I will say,

Mr. Chairman—I have voted to sustain you, but I have a great deal of respect for Mr. Forbes, as Chairman of the Police Committee, and I will vote for him at all times.

Supervisor Power: We are voting on the message as sent to us.

Supervisor Gallagher: I would like to ask the City Attorney this question: If the Board sustains the veto, the itemization of clerk hire is reduced that much—the Board of Supervisors then, under the Charter, can determine, except for the legal limitations involved, which of its clerks shall be let go—clerk or clerks, and shall not; is not that so?

Mr. Lull: There are two things to be taken into consideration of course. The first consideration, of course, is these clerks all hold positions under civil service rule. I cannot pass upon the question whether or not there are two or three or four clerks coming under the designation here of \$2100 clerks. My present mind is there are only two clerks coming under that particular designation; so your power of limitation, under civil service rules, will be limited to those two clerks, although I do not state that positively.

Supervisor Gallagher: But who can select the clerk—

The Mayor: What is that?

Supervisor Gallagher: The City Attorney rules that, following this action, Mr. John Jones or Henry Smith must go—* * *

Supervisor Wolfe: Then it would resolve itself down to just between Mr. Slevin and Mr. Forbes.

Supervisor Gallagher: I don't agree with that.

Supervisor Welch: Do I understand the City Attorney to state, in his judgment, the chances would be between the two men at a salary of \$2100 a year?

Mr. Lull: I stated there are two considerations—that is, civil service provisions, and who are in that particular class. Now, I am unable to say whether or not there are two or three or four clerks who come within that particular class; so you can read just it; for example, maybe going down the list here you make appropriations for different clerks.

Supervisor Welch: You are told there are two.

Mr. Lull: This particular item provides for two clerks. My personal mind on the thing is these two clerks come under the particular civil service classification, though I do not state that positively. If they do come under a particular classification it would limit that to these two clerks at \$2100.

Supervisor Wolfe: Then the chances would be, according to your

opinion, if there are only two \$175 men, then the chances must come between Mr. Forbes and Mr. Slevin?

Mr. Lull: My present mind is, yes.

Supervisor Wolfe: Aye overrides the veto?

The Mayor: Yes. No sustains the veto.

Veto Defeated, Assistant Clerk.

The question being: "Shall the item stand notwithstanding the objections of his Honor the Mayor?" the Roll was called and the Mayor's veto defeated by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher Hayden, Hilmer, Hocks, Lahaney, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—15.

Noes—Supervisors Hynes, Kortick—2.

Absent—Supervisor McLeran—1.

Assistant Clerk Rogers: This is now on No. 34.

The Mayor: I cut out \$1200 for one assistant horticulturist.

Supervisor Power: Take it in numerical order—Accounting system—

The Mayor: The question is, shall the item finally pass notwithstanding the objections of the Mayor—is that it?

Supervisor Gallagher: That is correct.

The Mayor: That is reduced from \$20,000 to \$5000. No sustains the Mayor—Aye overrides the veto.

Veto of Accounting Appropriation Sustained.

The question being: "Shall the item stand notwithstanding the objections of his Honor the Mayor?" the Roll was called with the following result:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Mulvihill, Nolan, Power, Walsh, Wolfe—9.

Noes—Supervisors Brandon, Hocks, Hynes, Kortick, Lahaney, Nelson, Suhr, Welch—8.

Absent—Supervisor McLeran—1.

The Mayor: The veto is sustained.

The Mayor: The question is now on item No. 49. The question is, shall the item finally pass notwithstanding the objections of the Mayor. No sustains the elimination. Aye overrides the veto and keeps it in.

Supervisor Power: Notwithstanding the statement quoted in the press, etc., which was quoted for the purpose of showing whose friend he was rather than the necessity of the position; this position, according to the record here, taken in the budget hearings, is advocated by all the commission merchants in San Francisco, that it is absolutely impossible for them to ship their goods on account of having only one inspector.

Supervisor Wolfe: And I call further attention to the fact, under the

State law, it is a matter of the opinion of the State authorities, who can compel the employment of more deputy horticulturists than included in this budget.

(Calls for the question.)

Supervisor Mulvihill: Mr. Moulton requested \$5000 for the conduct of that bureau.

Veto of Assistant Horticultural Inspector Sustained.

The question being: "Shall the item stand notwithstanding the objections of his Honor the Mayor?" the Roll was called with the following result:

Ayes—Supervisors Brandon, Deasy, Hayden, Mulvihill, Nolan, Power, Walsh, Wolfe—8.

Noes—Supervisors Gallagher, Hilmer, Hocks, Hynes, Kortick, Lahaney, Nelson, Suhr, Welch—9.

Absent—Supervisor McLeran—1.

The Mayor: The veto is sustained, and so ordered.

Supervisor Welch: I now move the budget as originally given to the Mayor, with the exception of item 34, eliminating \$15,000 and item 49 eliminating \$1200 entirely, both vetoed by the Mayor and now sustained by the Board of Supervisors, be adopted as the budget for the coming fiscal year.

Supervisor Gallagher: I move to amend to read, such items as provided by the Finance Committee.

The Mayor: Just as you sent it to me?

Supervisor Gallagher: As sent to you.

Supervisor Wolfe: We have already passed the budget—sent it to your Honor—you have vetoed certain items. Is there anything else before us, except the question on the items vetoed?

The Mayor: The City Attorney suggests, in order that there will be no question about it—this is the final vote—

Supervisor Power: We are not passing the budget then as amended by you?

The Mayor: You are passing the final budget now as amended by you. You have left in one, Mr. Forbes, one clerk at \$2100. We have had a difference of opinion, and we all got together and done the best we could.

Mr. Lull: Just to make this explanation, Mr. Power: I suggested that for the reason, while I am satisfied that my opinion is correct, yet there is room for argument. You heard the opinion given by the Chamber of Commerce, and there are other things, but so that there may be no doubt whatsoever, while I am of the opinion my position is correct, in order to take, or so that there will be no question or cloud on it, I suggest clearing it up by passing the matter as if this bill purposely did eliminate the items by the Board itself.

Supervisor Power: Mr. Chairman, I am going to vote Aye. The reason for it is, I think, as the City Attorney has stated, it is the advisable thing to do; it is in keeping with the question we asked yesterday. I am voting Aye because I think, if we did not pass the budget and clear up the situation, somebody may raise a question and it may affect the validity of the tax rate, and for that reason, to clear it up, I vote Aye.

Budget Finally Passed as Amended.

Whereupon, the Budget for the fiscal year 1917-1918, as amended, and in words and figures following, was finally passed by the following vote:

BILL NO. 4557.

ORDINANCE NO. 4211 (New Series).

An ordinance establishing a budget of the amounts estimated to be required to pay the expenses of conducting the public business of the City and County government for the fiscal year commencing July 1, 1917, and ending June 30, 1918.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to the provisions of Article III, Chapter I of the Charter of the City and County, the budget of the amounts estimated to be required to pay the expenses of conducting the public business of the City and County for the fiscal year, commencing July 1st, 1917, and ending June 30th, 1918, is hereby made, and the amounts so estimated are hereby approved for appropriation and duly appropriated in totals as herein set forth to each department, officer, board or commission included in this budget.

Section 2. The aggregate amount appropriated for conducting the public business of the City and County is \$15,721,790, and is hereby apportioned among the various funds as follows:

Bond Interest and Redemption.....	\$ 3,622,036
Common School Fund.....	2,385,000
Park Fund	380,000
Library Fund	122,350
Firemen's Relief and Pension Fund.....	120,000
General Fund	9,092,404
Total	<u>\$15,721,790</u>

Section 3. No department, officer, board or commission shall expend, agree to expend or incur liabilities which in total amount exceed the total sum appropriated in this ordinance or subsequently appropriated to such department, officer, board or commission during the fiscal year commencing July 1st, 1917, and ending June 30th, 1918.

Section 4. The estimated amount apportioned to the "General Fund" and here appropriated from the "General Fund" to the various departments, officers, boards or commissions shall be expended according to the following terms and conditions, namely:

First. No department, officer, board or commission shall expend or incur liabilities to expend for any purpose a sum or sums in excess of the amount appropriated to such department, officer, board or commission for such purpose.

Second. Wherever in this ordinance the total appropriated amounts are segregated into segregated allotments, no department, officer, board or commission shall expend or incur liabilities to expend for any purpose a sum or sums in excess of the amount allotted for such purpose.

Third. The executive head of a department, board, office or commission may increase or decrease the amount of any segregated allotment or establish additional segregated allotments, provided such executive file with the Auditor and the Board of Supervisors a statement of (1) the amount by which it is proposed to increase or decrease any allotment or allotments, (2) the circumstances necessitating the adjustment advised.

Fourth. The purposes for which the appropriated and allotted sums included in this ordinance are authorized shall, within the limits of the titles of such appropriations and segregated allotments, be interpreted by the Auditor of the City and County according to the definitions of the uniform classification of objects of expenditure.

Fifth. The Auditor of the City and County shall not audit or pass for payment any demand on the Treasury which in itself or taken with other expenditures or incurred liabilities exceeds the latest accrued credit of an appropriation or appropriations, segregated allotment or allotments against which such demand is properly chargeable.

Section 5. The amounts appropriated are as follows:

Finally Passed—Board of Supervisors, San Francisco, June 4, 1917.

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Power, Suhr, Walsh, Welch, Wolfe—16.

Noes—Supervisors Gallagher, Nolan—2.

Absent—Supervisor McLeran—1.

Adopted.

The following Resolution was thereupon *adopted* on motion of Supervisor Welch:

"Resolved, That the Budget as originally presented to the Mayor with the exception of Item No. 34, reduced from \$20,000 to \$5,000, Item No. 49, eliminating \$12,000 entirely, both vetoed by the Mayor and now sustained by the Board of Supervisors, be adopted as the Budget for the ensuing fiscal year."

Which resolution was adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Power, Suhr, Walsh, Welch, Wolfe—15.

Noes—Supervisors Gallagher, Nolan—2.

Absent—Supervisor McLeran—1.

ADJOURNMENT.

Whereupon, the Board at the hour of 6:40 p. m. adjourned.

JOHN S. DUNNIGAN, Clerk.

MONDAY, JUNE 25, 1917.

In Board of Supervisors, San Francisco, Monday, June 25, 1917, at 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Quorum present.

His Honor Mayor Rolph presiding.

READING THE JOURNALS.

The Journals of the meetings of May 28 and June 4, 1917, were laid over for approval until next meeting.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Relative to the Condition of the Records of the Fire Commission.

His Honor Mayor Rolph presented for the inspection of the members of the Board of Supervisors the records of the proceedings of the Board of Fire Commissioners. He said that as Mayor he was proud of the up-to-date and efficient manner in which these records were being kept. He requested that a note be made in the Journal that the records of the Fire Commission were found by the Board of Supervisors to be in a modern and satisfactory condition. This, he said, should be done in order that the statement that has been abroad to the effect that the records of the Fire Commission were kept on scraps of paper might be properly answered.

So ordered.

Street Repair Work of the United Railroads.

Communication—From United Railroads, specifying locations for street improvement work now being done by the company; also declaring that there is great scarcity of labor and

more work could be done if the men were obtainable.

Read and referred to Streets Committee.

Communication—From Adeline M. Nelson, declaring she signed no agreement for street improvement on the block on Forty-fourth avenue, between Cabrillo and Fulton streets, within six months from December 7, 1916.

Read and ordered filed.

Water Service in Ocean View.

Communication—From City Land Improvement Club, requesting hearing in matter of water service which will cause residents to abandon their homes.

Referred to Water Rates Committee.

City Attorney's Opinion Appeals From Assessment for Work on Railroad Avenue.

Communication—From City Attorney, advising that assessment for street work on Railroad avenue, between Yosemite avenue and Hollister street, is a legal assessment and that an appropriation from the "Good Roads" fund may be made toward payment of the work after the assessment has been issued.

Read and ordered referred to Streets Committee.

REPORTS OF COMMITTEES.

The following committees, by their respective chairmen, presented reports on various matters referred, which reports were received, read and ordered placed on file:

Fire Committee, by Supervisor Deasy, Chairman.

Streets Committee, by Supervisor Suhr, Acting Chairman.

Supplies Committee, by Supervisor Gallagher, Chairman.

Health Committee, by Supervisor Lahaney, Chairman.

Commercial Development and Streets Committee, by Supervisor Kortick, Chairman.

Water Service Committee, by Supervisor Nolan, Chairman.

Finance Committee, in re dismissal of Board of Public Works employees.

Report of Finance Committee Suggesting Means for Conserving Funds and Retaining Employees.

The following report was presented, read, ordered *filed* and a copy sent to the Board of Public Works:

San Francisco, June 25, 1917.

To the Honorable Board of Supervisors.

Gentlemen: In view of the statements in the public press regarding the necessity of dismissing employees of the Board of Public Works, your Committee on Finance deems it advisable to report herewith some recommendations to the Board of Public Works, and also endeavor to show just what is being resorted to by them in a desire to cloud the issue and place this Committee and the members of this Board in a false light.

First, we again point out the necessity for efficiency and economy in the Board of Public Works and say that by the proper effort being made we are positive that sufficient money can be conserved so that no employees that are necessary need be laid off. Of course, if there are unnecessary employees carried on the roll then we expect the Board of Public Works to join with us in our efforts to save the taxpayers money.

Feeling that the Board of Public Works might accept a few suggestions as to conservation of funds, we respectfully suggest the following:

1st. That teams endeavor to haul four loads a day instead of two, which most of them do now, thus getting work done for \$7 which now practically takes two days to do and costs the city \$14.

2nd. Any waste at present prevailing in the use of cement might be checked so that there might be none missing.

3rd. Trucks might be used to haul bitumen to the different jobs instead of slow teams.

4th. The payment of teams while in the barn, especially on Saturday afternoons, might be done away with and about \$25,000 a year saved, which amount would keep quite a few men at work, if they are needed.

We could offer many more suggestions, but feel that if the Board of Public Works will start with these they will conserve considerable of their funds and thereby show a sincere desire to keep the poor men, so often referred to, at work.

We have no hesitancy in saying that we feel a deliberate attempt is being made to misrepresent the situation. Our contention is borne out by the fact that we are charged with the responsibility for the lay-off of men in the Building Repair Department. As a matter of fact we appropriated more money this year than

ever before, but in view of the fact that the Board of Education proposes to allow only \$78,000 for repairs out of the \$115,000 appropriated, we are charged with being responsible for the repair force being laid off. A complete statement on this appropriation from either the Board of Public Works or the Board of Education would show clearly the responsibility for such lay-off.

On account of lack of work in the Architect's Office, it is possible that the employees in that office will be laid off. However, nothing is said about said lay-off.

If the plans for the new school on Union street for defective children were drawn in the Architect's Office, perhaps \$1200 or \$1600 additional would remain in the School Repair Department, which would be sufficient to employ several carpenters and painters for a month.

Instead of carrying out a plan like the above the Board of Public Works have seen fit to give this particular job to John Reid, Jr.

We conclude by saying that we feel the efforts to misrepresent is deliberate and done for political purposes. In fact, we feel if the same amount of time would be given by the Commission in an effort to conserve as has been given in their endeavor to misrepresent the Board of Supervisors for political purposes, that considerable saving could be effected in said department.

Respectfully submitted,

Laundry, Boiler and Oil Permits.

On motion of Supervisor Deasy:

Resolution No. — (New Series), as follows:

Resolved, That the following revocable permits are hereby granted:

Hand Laundry.

H. E. Moret, on north side of Thirtieth street, between Dolores and Church streets. The permittee agrees that in consideration of being granted this permit, he will not use a steam boiler in the operation of the laundry.

Boiler.

Universal Tire and Rubber Co., at 282 Valencia street; 8 horsepower, to be used in connection with operation of a vulcanizing plant.

Superior Tire and Repair Co., at 1650 Pine street; 20 horsepower, to be used in connection with the operation of a vulcanizing plant.

Extension of Time, Municipal Railway Auto Busses.

Supervisor Wolfe presented:

Resolution No. 14506 (New Series), as follows:

Resolved, That the White Company be given an extension of 60 days' time from July 6, 1917, within which to complete contract No. 88, for furnishing and delivering automobile busses for the Municipal Railway system.

This extension of time is granted upon the recommendation of the Board of Public Works and for the reason that the requirements of the United States Government for trucks and ambulances have been so great that the contractor, in line with practically all other manufacturers of this line of work, has been rushed with orders for the Government, which orders have been given preference over all others.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Nolan, Suhr, Walsh, Welch, Wolfe—16.

Accepting Right of Way for Hetch Hetchy Road from Yosemite Power Company.

Supervisor Wolfe presented:

Resolution No. 14508 (New Series), as follows:

Whereas, The Yosemite Power Company, a corporation organized and existing under and by virtue of the laws of the State of California, has offered to grant to the City the right to construct and maintain the Hetch Hetchy transportation railroad through, over and across certain ditch lines and rights of way, situate in the county of Tuolumne, State of California, and generally known as the "Golden Rock Ditch" and "Keystone Ditch," respectively, including the ditches, pipes, flumes, laterals, culverts, and gates appurtenant to the said ditch system, subject to the following conditions:

First: That the City shall construct and maintain a culvert of not less than twenty-four (24) inches in diameter, and of a character satisfactory to the Yosemite Power Company or its engineers, at the point where said railroad right of way cross "Golden Rock Ditch" at the summit of the divide, between the towns of Groveland and Big Oak Flat, in Tuolumne County, and carry the water of said ditch under said railroad right of way, and to suitably provide for the maintenance and cleaning out of said culvert at all times thereafter.

Second: To leave under the proposed culvert trestle near Hamilton Station, and the adjacent railroad grade, sufficient space for the installation and maintenance by the company of additional pipes to carry, with the present pipe-line, two hundred (200) second feet of water.

Third: At all crossings of either the "Golden Rock Ditch" of the "Keystone Ditch" to construct and maintain said railroad right of way, embankments, excavations and other structures in such manner as to prevent debris, earth or any other material from falling, sloughing or being carried into said ditches, or either of them, or any part thereof or appurtenance thereto, and at all such points to maintain and keep clear the said ditches from earth, debris, or any other material which may in any way be carried into the same by said railroad or its appurtenances.

Fourth: To agree that if the foregoing conditions are violated that all rights of the City which are conveyed in accordance with the terms of said offer shall cease and determine, and the said ditches and rights of way shall

revert to the company as of its estate prior to the making of said offer, and

Whereas, The City Engineer has reported that said conditions are reasonable and satisfactory to him, and that it is necessary in the course of constructing the Hetch Hetchy Railroad that said crossing rights of way be obtained.

Now, therefore, be it Resolved, That the said offer of the Yosemite Power Company be and it is hereby accepted, subject to all the foregoing terms and conditions to which the City and County of San Francisco hereby agrees.

Resolved, Further, That a copy of this resolution of acceptance be delivered to the Yosemite Power Company in evidence of the matters herein stated.

Closing and Abandoning Portion of Jefferson Street.

Supervisors Welch presented:

Resolution No. 14515 (New Series), as follows:

Closing and abandoning portions of Jefferson street, between Buchanan and Laguna streets, in the City and County of San Francisco, State of California:

Whereas, This Board has, by Resolution No. 14295 (New Series), declared its intention to close and abandon portions of Jefferson street lying between Buchanan and Laguna streets hereinafter more particularly described, and

Whereas, Proper notice of said resolution and of said proposed closing and abandonment of said portions of said streets was duly given by the Board of Public Works of said City and County by publication and posting in the manner provided by Section 3 of Chapter III of Article VI of the Charter of this City and County; and

Whereas, More than ten (10) days have elapsed after the expiration of the time of publication of said notice; and

Whereas, No objections to the said closing and abandonment of said portions of Jefferson street were made or delivered to the Clerk of this Board within said period of ten (10) days, or at all; and

Whereas, The said work is for closing up of said portions of said Jefferson street, between Buchanan and Laguna streets, and it appears that no assessment is necessary therefor; now, therefore, be it

Resolved, That the said closing and abandonment of said portions of said Jefferson street, between Buchanan and Laguna streets, be and the same are

hereby ordered, and the said portions of said Jefferson street, between Buchanan and Laguna streets, be and the same are hereby closed and abandoned as public streets;

That said portions of said Jefferson street, between Buchanan and Laguna streets, hereinabove referred to are more particularly bounded and described as follows:

Spur Track Permit.

On motion of Supervisor Welch:

Bill No. 4593, Ordinance No. — (New Series), as follows:

Granting permission to Jacob Dold Packing Company, revocable at will of the Board of Supervisors, to lay down, construct, maintain and operate a spur track over, along and upon Front street, between Pacific street and Broadway, as hereinafter described.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to Jacob Dold Packing Company to lay down, construct, maintain and operate a spur track over, along and upon the following described route, to-wit:

Commencing at a point in center of existing spur track on the westerly

side of roadway on Front street, 25 feet more or less northerly from the southerly line of Broadway; thence southerly on a curve to the left to the frog point of a No. 8 frog, located 35 feet more or less southerly from the southerly line of Broadway; thence continuing on a curve to the left with a radius of 358 feet a distance of 75 feet more or less; thence on a tangent parallel with easterly line of Front street and 23 feet westerly therefrom a distance of 110 feet more or less to the northerly line of Pacific street and end of track.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted, and shall be construed as a part hereof as completely as though the same were written in this ordinance.

Provided that the said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office, and that any and all expense connected with the installation of the track, restoration of pavement and any additional requirements for the surface drainage be paid for by Jacob Dold Packing Company.

Provided that no cars shall be taken over said spur track between the hours of 7 a. m. and 6 p. m.

Further provided that no car shall at any time be allowed to stand on said track so as to block the roadway of a street, or block, or obstruct a street crossing to exceed five minutes.

Provided, Jacob Dold Packing Company shall erect and maintain one arc light on Front street as directed by the Lighting Committee of the Board of Supervisors.

Section 2. This Ordinance shall take effect immediately.

Spring Valley Water Company Land for Widening Sloat Boulevard.

Supervisor Welch presented:

Resolution No. 14521 (New Series), as follows:

Whereas, The Spring Valley Water Company, a corporation, has offered in writing to convey to the City and County of San Francisco for the purpose of widening Sloat boulevard a 30-foot strip of land lying along the southerly and westerly boundary of the property owned by that company on the north side of Sloat boulevard, and

Whereas, Said land is necessary for the proposed widening of said boulevard, and is to be dedicated as a part of said boulevard under said widening plan, and

Whereas, Said offer is conditioned upon the agreement of the City and County to dedicate, grade and pave on the north side of Sloat boulevard a paved strip not less than 30 feet in width, and to dedicate a strip not less than 20 feet in width immediately north of said paved strip for sidewalk and parking purposes, said grading and paving to be without expense to the Spring Valley Water Company, and

Whereas, In said offer the said Spring Valley Water Company further provides that the removal of the San Francisco Electric Railway tracks to a line 20 feet south of their present location shall be completed without expense to said water company, and

Whereas, It is to the best interests of the City and County of San Francisco that said offer be accepted according to its terms, similar offers from other property owners having already been accepted, now, therefore, be it.

Resolved, That the Board of Supervisors does hereby accept said offer of the Spring Valley Water Company to convey said property for boulevard purpose, and accept the condition imposed in said offer relative to the

paving of said boulevard without expense to the said Spring Valley Water Company, said paving to be done as soon as funds are available therefor, and also accepts the condition relative to the dedication of said paved strip and parking strip to the north thereof, and be it further

Resolved, That the removal of the San Francisco Railway Company tracks to a line 20 feet south of their present location shall be completed without expense to the Spring Valley Water Company, and that said company be notified of the adoption of this resolution and requested to execute and deliver to the City a deed, in accordance with the terms of its said offer.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Nolan, Suhr, Walsh, Welch, Wolfe—16.

Extension of Time.

Supervisor Welch presented:

Resolution No. 14522 (New Series), as follows:

Resolved, That H. Crummey, Inc., is hereby granted an extension of thirty days' time from and after July 25, 1917, within which to complete contract for the improvement of Judah

street between Thirteenth and Fifteenth avenues.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the additional time is necessary in order to cover the time taken to issue the assessment, and to receive final protests from the property owners, if any; the work has been completed with the exception of the final cleaning up and inspection.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Nolan, Suhr, Walsh, Welch, Wolfe—16.

Absent — Supervisors McLeran, Power—2.

Blasting Permit.

Supervisor Welch presented:

Resolution No. — (New Series), follows:

Resolved, That H. Crummey, Inc., is hereby granted permission, revocable at will of the Board of Supervisors, to explode blasts on Evans avenue between Lane and Ingalls streets, provided that said permittee shall execute and file a good and sufficient bond in the sum of \$_____ as fixed by the Board of Public Works, and approved by His Honor the Mayor, in accordance with Ordinance No. 1204; provided, also, that said blasts shall be exploded only between the hours of 7 a. m. and 6 p. m., and that the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and that, if any of the conditions of this Resolution be violated by the said H. Crummey, Inc., then the privileges and all the rights accruing thereunder shall immediately become null and void.

BOARD OF SUPERVISORS

MONDAY, JULY 2, 1917.

In Board of Supervisors, San Francisco, Monday, July 2, 1917, at 2 p. m.
The Board of Supervisors met in regular session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, McLeran, Nelson, Nolan, Walsh, Welch, Wolfe—13.

Quorum present.

His Honor Mayor Rolph presiding.

READING THE JOURNAL.

The Journals of the meetings of May 28 and June 4, 1917, were read and approved.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Belgian Mission.

The following matters were presented by his Honor the Mayor, read by the Clerk and ordered spread in the Journal:

San Francisco, Cal., July 2nd, 1917.
To the Honorable Board of Supervisors of the City and County of San Francisco:

Gentlemen: I beg to transmit to you copies of telegrams exchanged between my office and Washington in connection with the coming visit of the Belgian Mission.

Might I respectfully suggest that you authorize the appointment by me of a committee of citizens to prepare plans for their reception and entertainment during their visit in our city?

Their coming is a great event and should be marked with every possible official distinction.

Very respectfully yours,

JAMES ROLPH, JR., Mayor.

San Francisco, June 29, 1917.

Baron Monchur, Secretary Belgian Commission, care State Department, Washington, D. C.

I learn, with very great pleasure, that you and members of your Commission contemplate paying a visit to the Pacific Coast. Such a trip will not be complete unless you include in your itinerary the City by the Golden Gate.

The hearts of its people beat as one in conveying to you, through me, a most cordial invitation to be the City's guests. Our hearts, our homes and all that we have will be yours when you enter our gates.

Very respectfully and sincerely yours,

JAMES ROLPH, JR.,

Mayor of the City and County of San Francisco.

Washington, D. C., June 30, 1917.

Hon. Jas. Rolph, Jr.,

Mayor City of San Francisco, Cal.

Your extremely courteous and hearty welcome to San Francisco is highly appreciated. We expect to visit your city and look forward to pleasure of being received by you. All details of arrangements are in hands of State Department who will no doubt communicate with you as to our arrival.

With many thanks I remain sincerely yours,

BARON MONCHUR.

Washington, D. C., June 30, 1917.

His Honor the Mayor of San Francisco, San Francisco, Calif.

Belgian Mission will arrive San Francisco the morning of July 12th and leave the afternoon of July 13th. Details and personnel of Mission will follow by mail.

ROBERT LANSING,
Secretary of State.

Pittsburg, Pa., July 1, 1917.

Honorable James Rolph, Jr.,

Mayor of San Francisco, San Francisco, Calif.

The Belgian Mission greatly appreciate your cordial message and request telegram giving details of program during their visit at San Francisco, with indication of number and character of speeches desired, addressing same to me in care of special train carrying Belgian Mission, Northern Pacific Railway, Minneapolis.

HUGH GIBSON.

Motion.

Supervisor Wolfe moved that his Honor the Mayor be authorized to appoint a committee for the proper reception and entertainment of the Belgian Mission during its stay in San Francisco.

Motion carried.

U. S. Military Cantonment at Palo Alto.

His Honor Mayor Rolph thereupon declared that he wanted to pay a deserving tribute to the conscientious and energetic work of John S. Dunnigan, the Clerk of the Board of Supervisors. He said that it was entirely due to his untiring efforts that Central California had secured the U. S. Military Cantonment which is to be established at once at Palo Alto. Tomorrow morning, he said, 200 U. S. Army engineers commence work laying out the encampment. For San Francisco, he said, this means that over a million two hundred thousand dollars will be spent in the vicinity of this city every month until the war ends, and too much credit cannot be given to your Clerk, who, by his able and effective industry, has been successful in bringing this about in spite of apparently insurmountable difficulties. His Honor the Mayor also paid a tribute to the truly San Francisco spirit of several distinguished citizens of this city who, when called upon by himself, immediately agreed to underwrite the expenditures that might be incurred in bringing a favorable decision on the part of the Government to San Francisco and Central California in this matter.

Supervisor McLeran also paid a tribute to the untiring efforts of Mayor Rolph himself and Clerk J. S. Dunnigan as well for the successful outcome of the campaign for the cantonment at Palo Alto.

Motion.

Supervisor Nelson thereupon moved that the thanks and appreciation of the Board of Supervisors be extended to his Honor Mayor Rolph and Clerk J. S. Dunnigan for their successful efforts in obtaining favorable action by the U. S. military authorities and the final selection of Palo Alto as a site for a military cantonment.

Motion carried unanimously.

Memorial to Betsy Ross.

Communication—From N. D. G. W., inviting members of Board of Supervisors to attend dedication of memorial in honor of Betsy Ross, maker of the first American flag, to be held Wednesday afternoon, July 4, 1917, at the end of Lincoln Highway.

Read and invitation accepted.

Lights and Schools for North Beach District.

Communication—From North Beach Promotion Association, requesting more symmetrical lighting on Columbus avenue, better systematized lighting on Stockton street between Pacific and Green streets and recommending that bond issue for schools be held in October and that nothing else be considered on the ballot at the same time.

Read and referred to respective Committees.

Organ Recital Posters.

Communication—From Foster & Kleiser Co., transmitting location list of organ recital posters and gratis bill therefor.

Read, ordered filed and Clerk directed to thank Foster & Kleiser Company in the name of the Board.

Amendment of Sealed Package Liquor License.

Communication—From the Board of Police Commissioners, advising if it is the judgment of the Board of Supervisors upon hearing granted to persons hold sealed package liquor licenses, that recent liquor ordinance be amended permitting certain places to remain open until noon on Sunday, that said Commission would have no objection.

Referred to Police Committee.

Board of Public Works on Budget, 1917-1918.

Communication—From Board of Public Works, in reply to report of Finance Committee regarding conservation of funds and retention of men proposed to be laid off.

Read and ordered filed.

American Civic Association Convention.

Communication—From American Civic Association, inviting delegates to attend 1917 convention at St. Louis, October 22 to 24, 1917.

Referred to Public Welfare Committee.

Street Railway Transportation.

Communication—From United Railroads, offering certain considerations for joint operation through Twin Peaks Tunnel, a universal exchange of transfers and a rearrangement of its lines in the Parkside District, with a view of establishing a unified system of street transportation in San Francisco, and obviating construction of double track on Market street.

Referred to Public Utilities Committee.

Parkside Street Car Service.

Communication—From Parkside Realty Co., requesting construction of Municipal Street Railway from west portal of Tunnel to Ulloa street, along Ulloa to Fifteenth avenue, north on Fifteenth avenue to Taraval, thence to beach.

Also, communication from Parkside Impt. Ass., making the same request.

Referred to Public Utilities Committee.

Communication from City Attorney Regarding Deed of Gift to Honora Sharp, Land for Park in San Mateo County.

The following was presented, read and ordered spread in the Journal:

June 30th, 1917.

Honorable J. Emmet Hayden, Chairman,
Committee Public Lands and
Tunnels, Board of Supervisors—
Dear Sir:

I am enclosing herewith a draft of a resolution authorizing the receipt from Samuel G. Murphey and wife of a gift deed to his undivided one-half interest in the so-called San Pedro Rancho in San Mateo County, which the City is to receive as a part of the closing up of the Honora Sharp matter.

We have already received a quitclaim deed from Mr. A. B. Spreckels and placed the same on record.

Mr. Murphey desires that his deed be in the form as authorized by this proposed resolution, that is, a gift deed with a condition contained therein that the land shall never be used for anything other than a public park or playground.

After having taken this matter up with Honorable Curtis H. Lindley, president of the Board of Park Commissioners, and being authorized by him to say that the proposed form of deed is satisfactory to the Park Commissioners, I prepared the deed, which was then approved by Mr. Lindley and turned the same over to the attorney for Mr. Murphey. He forwarded the same on to Mr. Murphey in New York and it has been regularly and duly executed by Mr. Murphey and his wife and is now in the possession of the attorney for Mr. Murphey here in San Francisco.

The purpose of this resolution is to permit of the City's receiving the deed and executing a receipt therefor, as this is required before the City can get the deed. I trust that this may be passed at the meeting on Monday, July 2nd, without waiting for a formal meeting of your committee, as there has been considerable delay and I am very anxious to have this matter closed. This receipt to be given by the Mayor will only be so far as the land is concerned, that is, it is a partial release.

Respectfully,
GEORGE LULL,
City Attorney.

Resolution.

Whereupon, the following Resolution was presented and *adopted* by the following vote:

Resolution No. 14529 (New Series) as follows:

Resolved, That with reference to Resolution No. 12400 (New Series), regularly approved on December 21st, 1915, that the City Attorney is hereby authorized and directed to procure from Samuel G. Murphey and wife a gift deed covering the property described in said Resolution No. 12400

(New Series), which deed may include the condition that the property therein described shall be used by the City and County of San Francisco only for a public park or public playgrounds to be known as the "Sharp Park" without right to sell or dispose of the same or any part thereof for private use, or any use other than as a public park or public playground. Also the condition that in the event of sale or other disposition of said land or any portion thereof by said City and County of San Francisco, for private use, or for any use other than as a public park, or public playground, all of the said property so described shall revert to and become the property of the State of California for the same purposes and subject to the same conditions and limitations upon which the same is hereby conveyed to said City and County of San Francisco as fully as if said City and County of San Francisco had not been named as grantee therein, and as if said State of California had been named in said deed as the original and only grantee thereunder; and said deed to contain the further condition that in the event of a sale or other disposition by said State of California of the said property or any part thereof for private use, or for any other purpose than as a public park or public playground, all the said property and estate thereby conveyed shall revert to and become the property of said Samuel G. Murphey, his heirs or legal representatives and the title of the said Samuel G. Murphey, his heirs or legal representatives to the whole of said real property to become as valid in such event as if said deed had never been made.

Further Resolved, That the Mayor of the City and County of San Francisco is hereby authorized to receive for and on behalf of the City and County of San Francisco the deed hereinabove mentioned and described and to execute unto said Samuel G. Murphey individually and as executor of the estate of Honora Sharp, deceased, and to the wife of said Samuel G. Murphey, any and all releases necessary in the premises in so far as there exists any obligation upon said Samuel G. Murphey or wife to deliver a deed to the lands hereinabove referred to.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, McLeran, Nelson, Nolan, Walsh, Welch, Wolfe—13.

Absent — Supervisors Hocks, Lahaney, Mulvihill, Power, Suhr—5.

BOARD OF EQUALIZATION.

Assessor's Report on Assessment Roll for 1917-1918.

The following was presented, read and *ordered spread in the Journal*:

Assessor's Office.

July 2, 1917.

Honorable Board of Supervisors, City Hall—
Gentlemen:

I have this day delivered to the Clerk of your Board the assessment roll of the City and County, to-wit:

Fifty-eight volumes of non-operative property taxed for City purposes, and two volumes of operative property taxed for State revenues only.

The valuation of the non-operative property is as follows:

On land	\$302,049,100
On improvements	181,489,900
On personal property.....	71,774,286

Total .. . \$555,313,286

This is an increase of \$12,750,230 over last year. As will be seen, land pays .54 per cent of all taxes; improvements, .33 per cent, and personal property, .13 per cent.

The operative roll shows assessment of:

Land	\$8,572,350
Improvements	4,643,020
Personal property	116,144,881
Franchise	110,475,900

Total .. . \$239,836,151

An increase of \$24,046,642 over 1916.

The total valuation of operative and non-operative is \$795,149,437, a total increase of \$36,797,072.

The total amount of the budget is \$15,721,790.

Estimated amount to be raised by taxation, including refund by State on operative property, \$12,864,570.

Auditor's estimate of revenues outside of taxation, \$2,857,220.

If the tax rate for City purposes was levied on the total value of operative and non-operative rolls, the rate would be \$1.61.

The entire cost of this office for assessing and collecting unsecured personal property taxes in 1917 was \$109,100, or \$0.137 per 1000 assessed value. In 1880 it was .875; in 1890, .279; in 1900, .205; in 1910, .195. In 1916 it cost Alameda County .345 per 1000 assessed value; Sacramento County, .27; Los Angeles County, .24; San Joaquin County, .24; Borough of Richmond, New York City, .59. The expense of the Assessor's office in New York City in 1916 was \$507,928 and cost 90 cents per parcel for assessing real estate against 25 cents per parcel in San Francisco.

The additional appropriation of \$5,000 granted this office in June enabled me to put 32 deputies in the field to obtain assessment statements and collect unsecured personal property taxes from parties who had paid no attention to three mail notices and the City will receive at least \$15,000

additional taxes as a result of this appropriation. This year my appropriation was cut to \$104,000, which may seriously impair the assessment work of the coming year.

The total taxes on unsecured personal property collected by this office was \$942,993.52.

Yours very truly,

JOHN GINTY, Assessor.

Proceedings of the Board of Equalization.

Whereupon, the Board of Supervisors resolved itself into a Board of Equalization and the following resolutions were presented and *adopted*:

Sessions of the Board of Equalization.

Resolution No. 14524 (New Series), as follows:

Resolved, That the Board of Supervisors, having met on this (Monday) afternoon, July 2, 1917, and examined the Assessment Books of Real and Personal Property for the year 1917, will thereafter be in session as a Board of Equalization from time to time until Monday, July 16, 1917, at 12 o'clock noon, for the purpose of hearing applications, verified by oath, for the correction of assessments on said assessment books.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, McLeran, Nelson, Nolan, Walsh, Welch, Wolfe—13.

Absent—Supervisors Hocks, Lahaney, Mulvihill, Power, Suhr—5.

Hearing of Applicants for Reduction of Assessments.

Also, Resolution No. 14525 (New Series), as follows:

Resolved, That this Board shall meet on Tuesday, July 10, 1917, at 2 o'clock p. m., as a Board of Equalization, to examine applicants for reduction of assessments who have filed sworn applications as required by law, and to perform such other duties as may come before said Board.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, McLeran, Nelson, Nolan, Walsh, Welch, Wolfe—13.

Absent—Supervisors Hocks, Lahaney, Mulvihill, Power, Suhr—5.

Notification Rule.

Also, Resolution No. 14526 (New Series), as follows:

Adopting a rule as to the manner in which persons, firms, companies and corporations are to be notified why their assessments for the fiscal year 1917-1918 should not be increased by the Board of Supervisors sitting as a Board of Equalization.

Resolved, That it is hereby adopted as a rule of this Board that the notice required to be given under the provisions of Section 3673 of the Political Code to corporations or persons to show cause why their assessments on

the Assessment Book of real and personal property for the fiscal year 1917-1918 shall not be increased, will be as follows:

To corporations: A written or printed notice addressed to the president, secretary or managing agent of each corporation and delivered by the sergeant-at-arms of this Board at the office of such corporation in this city.

To persons, firms or companies: A written or printed notice, postage prepaid and mailed to their addresses.

The Clerk is hereby directed to cause to be delivered or mailed to the several corporations, persons, firms or companies, when designated by this Board, the said notice at least twelve (12) hours prior to the time set for hearing said parties as aforesaid.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, McLeran, Nelson, Nolan, Walsh, Welch, Wolfe—13.

Absent—Supervisors Hocks, Lahaney, Mulvihill, Power, Suhr—5.

Whereupon, the Board as a Board of Equalization adjourned and resumed its session as a Board of Supervisors.

United Railroads Directed to Replace Tracks on First Street Between Mission and Howard Streets.

Supervisor Welch presented:

Resolution No. 14550 (New Series), as follows:

Whereas, The Board of Public Works did by Resolution No. 53678 (Second Series), adopted June 27, 1917, recommend that the Board of Supervisors direct the United Railroads of San Francisco to replace its track on First street between Mission and Howard streets with a standard grooved rail and to reconstruct the roadbed of its

occupancy in accordance with City specifications, prior to the reconstruction with re-cut basalt blocks on a concrete base of the roadway of First street between Mission and Howard streets; therefore be it

Resolved, That the United Railroads of San Francisco is hereby directed to replace its tracks in the roadway of First street between Mission and Howard streets with a grooved rail and to reconstruct the roadbed of its occupancy in accordance with City specifications, prior to the reconstruction with re-cut basalt blocks on a concrete base of the roadway of First street between Mission and Howard streets.

The following Resolution was *passed for printing*:

Resolution Authorizing Execution of Deed by the Mayor and Clerk of the Board of Supervisors of the City and County of San Francisco to Portions of Pierce, Steiner and Octavia Streets.

On motion of Supervisor Welch:

Resolution No. — (New Series), as follows:

Whereas, This Board, on the 4th day of June, 1917, after due proceedings theretofore had, pursuant to the provisions of Chapter III, Article VI, of the Charter of the City and County of San Francisco, duly adopted Resolution No. 14427 (New Series) closing and abandoning certain parts of Pierce, Steiner, Fillmore, Francisco, Bay, North Point, Beach and Jefferson streets, as in said resolution particularly described; and

Whereas, On the 12th day of June, 1917, said resolution was duly approved by the Mayor of the City and County of San Francisco; and

Whereas, In said resolution last referred to, said Board of Supervisors expressed its intention to convey by deed the interest of said City and County of San Francisco in said parts of said public streets so closed and abandoned to the owners of the land fronting thereon, in such manner as this Board deems that equity requires; and

Whereas, The said property owners above referred to have offered to convey to said City and County new streets to be dedicated to public use and convenience, which said new streets are particularly referred to and described in the petition of said property owners praying for the closing and abandoning of said public streets heretofore filed with the Clerk of this Board; and

Whereas, Said new streets so to be laid out and dedicated to public use and conveyed to said City and County and particularly described in said petition on file with the Clerk of this Board are of greater area than the public streets so abandoned by said Resolution No. 14427 (New Series) and a conveyance by said property owners to said City and County of San Francisco of said new streets does constitute full and adequate compensation to said City and County for its deed of the parts of said public streets so closed and abandoned by said City and County by said Resolution No. 14427 (New Series) of this Board; now, therefore, be it

Resolved, That the Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute, in the name of the City and County of San Francisco, a deed conveying to Herbert Edward Law, Hartland Law, Virginia Vanderbilt, A. O. Stewart, Edward G. Ring, Pacific Gas and Electric Company, a corporation, James Moffitt Estate Company, a corporation, and Panama-Pacific International Exposition Company, a corporation, all of the right, title and interest of the City and County of San Francisco, in and to the real property hereinafter described; and be it further

Resolved, That upon receipt of a proper conveyance from the parties last hereinabove named, conveying to the City and County of San Francisco all of the land to be dedicated as and for public streets, as in said petition particularly set forth and described, to which reference is hereby made, the Mayor and Clerk of the Board of Supervisors deliver said deed of said City and County, covering the property described in said Resolution No. 14427 (New Series) to the grantees named in said deed. Be it further

Resolved, That the City Attorney be and he is hereby authorized and directed to prepare the necessary conveyances to carry out the provisions of this resolution and to give the necessary legal supervision to said exchange of instruments so as to insure the vesting of a proper title in said City and County of San Francisco to all lands acquired by it as public streets. Be it further

Resolved, That this Board deems that equity requires that each of the property owners respectively hereinabove named to whom said abandoned public streets as described in said Resolution No. 14427 (New Series) are to be conveyed by the deed hereby authorized to be executed shall therein each be granted and vested with title to that part of said public streets so to be abandoned, to the center line thereof, immediately fronting upon the land now owned in fee by each of the said

grantees respectively and fronting upon said abandoned public streets.

Spur Track Permit.

Supervisor Welch presented:

Bill No. —, Ordinance No. — (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors, to M. J. Brandenstein & Co. to construct, maintain and operate a spur track as follows:

1. Commencing at a point in the center line of the existing spur track of the Southern Pacific Company in Block 368, running from Townsend street; thence northeasterly to a point on the southwesterly line of Crook street that is 250 feet more or less at right angles northwesterly from the northwesterly line of Townsend street; thence continuing northeast-

erly and across Crook street; thence into private property and crossing Ritch street; thence into property.

2. Commencing at a connection with the existing spur track of the Southern Pacific Company, which serves the Continental Warehouse at a point 75 feet westerly from the westerly line of Third street; running thence easterly and parallel with the northerly line of Townsend street, crossing Third street and entering private property a distance of 362 feet, to a point; thence continuing easterly over private property curving to the right and reversing to the left a distance of 190 feet, to a point; said point being 166.5 feet northerly from the northerly line of Townsend street and 80 feet easterly from the easterly line of Stanford street; thence easterly parallel with the northerly line of Townsend street 80 feet to the easterly line of Stanford street, as more fully described in the bill on the calendar.

Provided that no car or cars shall be moved across Third street between the hours of 6 a. m. and 12 m. and 1 p. m. and 8 p. m. and that no switching train or freight car shall stand on Third street, except during the switching of said cars, and then for not more than five minutes.

The Ordinance will permit the operation of cars over Third street between the hours 12 m. and 1 p. m.

Privilege of the Floor.

R. P. Troy, representing himself and the Third Street Improvement Club, protested the granting of the privilege.

John O'Connell, Secretary San Francisco Labor Council and Teamsters' Union, also opposed the privilege.

E. B. Leavitt, representing Southern Pacific, agreed to station a flagman at crossing during switching.

Refused Passage.

Whereupon, the question being taken, the above bill was refused passage by the following vote:

Ayes—Supervisors Brandon, Gallagher, Hayden, Hilmer, Kortick, McLeran, Nolan—Welch, Wolfe—9.

Noes—Supervisors Deasy, Hynes, Nelson, Walsh—4.

Absent—Supervisors Hocks, Lahaney, Mulvihill, Power, Suhr—5.

Notice of Reconsideration.

Thereupon, Supervisor Welch changed his vote from *Aye* to *No* and gave notice that he would move for a reconsideration at the next meeting.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Street Lighting.

Supervisor Nolan presented:

Resolution No. — (New Series), as follows:

Resolved, That the following amounts be and the same are hereby set aside, appropriated and authorized to be expended out of "Lighting Streets," Budget Item No. 48, and "Lighting Public Buildings," Budget Item No. 49, fiscal year 1916-1917, for the following purposes, to-wit:

(1) For installation of lighting fixtures and lighting the Civic Center, \$2000.

(2) For installation of lighting fixtures and lighting Lotta's Fountain at Kearny, Geary and Market streets, \$1000.

(3) For the expense of a survey of the lighting system throughout the city, to secure more efficient lighting at a reduced cost, \$600.

Passed for printing under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, McLeran, Nelson, Nolan, Walsh, Welch, Wolfe—13.

Absent—Supervisors Hocks, Lahaney, Mulvihill, Power, Suhr—5.

Extension of Time.

Supervisor Welch presented:

Resolution No. 14555 (New Series), as follows:

Resolved, That A. E. Buckman is hereby granted an extension of ninety days' time from July 12, 1917, within which to complete contract for the improvement of Judah street, between Forty-first and Forty-third avenues, including the crossings.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the contractor has just started the grading on this contract, but gives no reason for his delay. However, he has done considerable grading work on Forty-second and Forty-third avenues at Judah street, which work was preliminary to the grading on this contract. There is every reason to believe that no further delays will be experienced.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, McLeran, Nelson, Nolan, Walsh, Welch, Wolfe—13.

Absent—Supervisors Hocks, Lahaney, Mulvihill, Power, Suhr—5.

BOARD OF PUBLIC WORKS.

By F. J. Churchill, Secretary.

Leave of Absence, Superintendent of Schools.

The following was presented and read by the Clerk:

Communication—From Mayor, recommending leave of absence for Alfred Roncovieri, Superintendent of Schools, with permission to leave State, for a period not exceeding thirty days from July 5, 1917.

Whereupon the following resolution was presented and *adopted*:

Resolution No. 14557 (New Series), as follows:

Resolved, that in accordance with the recommendation of his Honor the Mayor, Hon. Alfred Roncovieri, Superintendent of Schools of the City and County of San Francisco, is hereby granted leave of absence for a period of thirty days, commencing July 5, 1917, with permission to leave the State.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, McLeran, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

Absent—Supervisor Lahaney, Mulvihill—2.

Appeals From Street Assessments.

Railroad Avenue.

The hearing of appeal of property owners from assessment issued for street work on Railroad avenue, between Yosemite avenue and Hollister avenues, fixed for 3 p. m. this day, was on motion of Supervisor Welch *laid over one week*:

RECONSIDERATION.

Brandenstein's Spur Track.

In accordance with notice given by Supervisor Welch at the last meeting, the vote whereby Bill No. — relating to spur track permit with daylight switching privileges to M. J. Brandenstein was refused passage, was reconsidered and the subject matter again taken up.

Communications.

Communications—From San Francisco Chamber of Commerce and Southern Promotion Association, endorsing above mentioned bill, were read by the Clerk; also *communication* from Robert P. Troy in opposition to the granting of the permit.

Privilege of the Floor.

Michael Casey, President of the Teamsters' Union, was granted the

privilege of the floor and addressed the Board. He opposed the proposed permit on the ground that the operation of freight cars across Third street during the noon hour would be a serious menace to the teamsters whose vocation required their presence in that vicinity constantly. He said that he was not opposed to commercial progress and development, but that in his opinion humanity and the public welfare came first.

Robt. Troy, protesting property owner, also addressed the Board. He opposed the proposed permit and suggested that M. J. Brandenstein & Co., use the spur track coming in from Second street, the permit for which he said had already been granted.

Chas. Adams, representing the Chamber of Commerce, also addressed the Board, endorsing the proposed permit.

Passed for Printing.

Whereupon the following Bill was passed for printing:

Bill No. 4600, Ordinance No. — (New Series), as follows:

Granting permission to M. J. Brandenstein & Co., its successors and assigns, revocable at will of the Board of Supervisors, to lay down, construct, maintain and operate a spur track over, along and upon the following described route, to-wit:

Beginning on the westerly line of Fourth street near the center of Townsend street; thence easterly on a curve to the left across Fourth street to a point in the easterly line thereof 18 feet more or less northerly from the northerly line of Townsend street; thence on a curve to the left and right across private property to the westerly line of Crook street 251 feet northerly from northerly line of Townsend street; thence continuing easterly across Crook street and Lusk alley to a point in northerly line of Lusk alley 80 feet easterly from westerly line of Crook street; thence across private property to a point in the westerly line of Ritch street 292 feet northerly from northerly line of Townsend street; thence easterly crossing Ritch street at right angles; thence across private property to a point in the westerly line of Third street 283.53 feet northerly from the northerly line of Townsend street; thence easterly crossing Third street at right angles; thence across private property to westerly line of Stanford street.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to M. J. Brandenstein & Co., its successors and assigns, to lay down, construct, maintain and op-

erate a spur track over, along and upon the following described route, to-wit:

Beginning on the westerly line of Fourth street near the center of Townsend street; thence easterly on a curve to the left across Fourth street to a point in the easterly line thereof 18 feet, more or less, northerly from the northerly line of Townsend street; thence on a curve to the left and right across private property to the westerly line of Crook street 251 feet northerly from northerly line of Townsend street; thence continuing easterly across Crook street and Lusk alley to a point in northerly line of Lusk alley 80 feet easterly from westerly line of Crook street; thence across private property to a point in the westerly line of Ritch street 292 feet northerly from northerly line of Townsend street; thence easterly crossing Ritch street at right angles; thence across private property to a point in the westerly line of Third street 283.53 feet northerly from the northerly line of Townsend street; thence easterly crossing Third street at right angles; thence across private property to westerly line of Stanford street.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted, and shall be construed as a part thereof as completely as though the same were written in this Ordinance.

Provided, that said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office, and that any and all expense connected with the installation of the track, restoration of pavement and any additional requirements for the surface drainage be paid for by M. J. Brandenstein & Co.

Provided, M. J. Brandenstein & Co. shall erect and maintain one all night lighted arc lamp, to be placed where directed by the Lighting Committee of the Board of Supervisors.

Provided, no car shall be moved across Third street between the hours of 6 a. m. and 12 m. and between 1 p. m. and 8 p. m.

Provided, M. J. Brandenstein & Co. shall have a flagman stationed at the crossing when cars are moved across the Third street spur track.

Section 2. This Ordinance shall take effect immediately.

The ordinance will permit the operation of cars over Third street between the hours 12 m. and 1 p. m.

Ayes—Supervisors Brandon, Gallagher, Hayden, Hilmer, Hocks, Kor-

Rodeo at Salinas.

His Honor Mayor Rolph presented M. Zavali and Committee of Salinas, Monterey County, who addressed the Board at length regarding the attractions of the "Rodeo" to be held in Salinas July 16 to 22, 1917, and inviting the city officials and the people of San Francisco to partake of the hospitality of the town of Salinas on that occasion.

His Honor Mayor Rolph spoke of the assistance rendered by Salinas during our Exposition in omitting its rodeo during 1915 and in other ways and he urged every one who could do so to show San Francisco's appreciation.

Adopted.

Whereupon the following resolution was presented and *adopted*:

Resolution No. 14558 (New Series). Whereas, In 1915, the citizens of the City of Salinas magnanimously refrained from holding the Rodeo annually held in that city in order that there might be no detracting from the Exposition held in that year in San Francisco; and

Whereas, It is fitting that the generous spirit evinced by the people of Salinas should be recognized and a like spirit manifested on the part of San Francisco; therefore

Resolved, That the Mayor be authorized to appoint a committee of five Supervisors and such a committee of citizens as he may deem proper to represent the City of San Francisco on the occasion of the annual 1917 Rodeo at Salinas, and to bespeak for this City the appreciation felt by its citizens for the friendly attitude and acts of the citizens of Salinas.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, McLeran, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

Absent—Supervisors Lahaney, Mulvihill—2.

REPORTS OF COMMITTEES.

The following committees, by their respective chairmen, presented reports on various matters referred, which reports were received, read and *ordered placed on file*:

Streets Committee, by Supervisor Suhr, Acting Chairman.

Supplies Committee, by Supervisor Gallagher, Chairman.

Health Committee, by Supervisor Lahaney, Chairman.

Report of Finance Committee on Purchase of Liberty Bonds.

Supervisor Power presented:

San Francisco, July 9, 1917.

Board of Supervisors.

Gentlemen: In response to the appeal of the United States Government, the Board of Supervisors recently, in the name of the City and County of San Francisco, subscribed for one million dollars of Liberty Bonds and instructed the Treasurer to purchase the same. Under date of July 6th Treasurer McDougald, in a communication to the Board, states that acting upon the Board's instructions he purchased through the Anglo & London Paris National Bank, one million dollars of the Liberty Bonds calling for 3½ per cent interest from June 15, 1917, this being the date fixed by the Government for the issuance of the bonds, and deposited in the said bank one million dollars in gold coin, taking their receipt for the same. The Treasurer also states that he is now in receipt of a letter informing him that only 30 per cent of the amount subscribed has been allotted to this city by the United States Treasury Department, and asks for instructions as to the over subscription of seven hundred thousand dollars.

Inasmuch as the United States Government recommends that only three hundred thousand worth of Liberty Bonds be purchased by the City and County and in view of the fact that the city may be called upon to subscribe for future bond issues to carry on the war, your Finance Committee recommends that the Treasurer, John E. McDougald, be instructed to arrange for the immediate return to the City Treasury of the seven hundred thousand dollars over subscription to the Liberty Bonds deposited with the Anglo & London Paris National Bank.

Respectfully submitted,

JAMES E. POWER,

ANDREW J. GALLAGHER,

E. L. NOLAN,

Report of Finance Committee on Demand for Janitor Service at Public Library.

Supervisor Power presented:

San Francisco, July 9, 1917.

Board of Supervisors.

Gentlemen: Your Finance Committee respectfully reports that there is included in the demands passed by the Finance Committee, one for the sum of \$355 for janitorial services rendered in the Public Library. The Committee is passing this demand, realizing that the Board of Library Trustees has the authority to do practically as they wish with the money appropriated to them, but in view of the fact that this action on

their part means the dismissal of certain janitors and the doing of the janitorial work by contract, the Committee deemed it advisable to let the Board know the situation before the demand was passed.

This action of the Library Trustees seems to uphold the position of this Committee, wherein we have made the statement that work for the city can be done much cheaper by contract than by the city employing its own help.

The Committee is rather surprised to find that no one has entered any serious protest to the laying off of these men, notwithstanding the fact that at least one of the very close advisers of this administration is a member of the Library Trustees.

Respectfully submitted,

JAMES E. POWER

(Chairman),

ANDREW J. GALLAGHER,

E. L. NOLAN.
